BGWPL has submitted all required documents to RRECL (nodal agency) for Renewal of PPA and even RRECL has also sent its recommendation to RUVNL for Renewal of PPA.

However, the Discom has not yet executed the extension of the PPA.

The matter related to PPA is presently sub-judice with Rajasthan High Court. In the meantime, BG Wind has filed Interim Application with High court for interim relief for direction to Discom to make payment @ ₹ 3.14/ kwh for energy already injected and continue to make payment till disposal of the case.

To the extent of RERC Amendment Regulation dated 05th March, 2019 and probable High Court Order, it will have impact on the company's revenue and future.

16. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information with regard to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo in accordance with the provisions of Section 134(3) (m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure III** forming part of this Report.

3.	Mr. Riju Jhunjhunwala	Member	1	0

The Company Secretary acts as the Secretary to the Committee.

(v) INDEPENDENT DIRECTORS' MEETING

The Independent Directors met on 05th February, 2021 without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Executive Directors and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

19. GENERAL MEETINGS

The Annual General meeting of the members of the Company for the Financial Year 2019-20 was held on 30th September, 2020.

One (1) Extra Ordinary General Meeting was held on 08th March, 2021 during the year under review.

20. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the related party transactions entered into during the financial year were on an arm's length basis and were in the ordinary course of business. Your Company has not entered into any transaction with related parties which could be considered material in terms of section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under section 134(3) (h) of the Companies Act, 2013 in form AOC-2 is not applicable.

21. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Provision of section 186 of the Companies Act, 2013 with respect to loans, guarantees and security is not applicable since the Company is engaged in providing Infrastructural Facilities and is exempt under section 186 of the Companies Act, 2013. The details of the loans, guarantee and investments are disclosed in the notes to the financial statement of the Company.

22. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

23. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect stakeholder's value by minimizing threats or losses and identifying & maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the

organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

24. CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Company has constituted a Corporate Social Responsibility Committee (CSR Committee) and on the recommendation of the CSR committee framed a CSR Policy and the same may be accessed on the website www.bhilwaraenergy.com.

During the last three financial years, the company on cumulative basis had suffered losses and hence was not required to make any expenditure towards Corporate Social Responsibility activity. The statement is annexed as **Annexure IV** hereto with this report.

25. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the Companies Act, 2013, the Board of Directors on the recommendation of the Nomination and Remuneration Committee has framed a policy for the appointment of Directors and Senior Management and KMP's of the Company and their remuneration. The Policy forms part of the Board Report as **Annexure V** and has also been available on the website of the Company www.bhilwaraenergy.com.

26. STATUTORY AUDITORS

At the Annual General Meeting held on 29th September, 2017, M/s Doogar & Associates, Chartered Accountants, (ICAI Firm Registration No. 000561N), were appointed as the Statutory Auditors of the Company to hold office till the conclusion of the 16th Annual General Meeting to be held in the Calendar Year, 2022.

Your Directors inform the members that in accordance with the amendment notified by MCA on 7th May, 2018, the requirement of ratification of the appointment of Statutory Auditors at every Annual General Meeting has been done away with.

Further the Auditors have confirmed their eligibility u/s 141 of Companies Act, 2013 and the rules made there under.

The observations of the Auditors, if any, are explained wherever necessary, in the appropriate notes to the accounts.

27. REPORTING OF FRAUD BY AUDITORS'

During the year under review, neither the Statutory Auditors nor the Secretarial Auditor and the Internal Auditor had reported any matter under Section 143 (12) of the Companies Act, 2013, therefore, no detail is required to be disclosed under 134(3) (ca) of the Companies Act, 2013.

28. AUDITORS' REMARKS

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments.

The Auditors Report does not contain any qualification, reservation adverse remarks or disclaimer.

29. SECRETARIAL AUDITOR

The Company had appointed M/s M.L. Sharma & Co., Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2020-21, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed herewith as **Annexure VI** for kind attention of the Members. The Secretarial Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

30. INTERNAL AUDITOR

Based on the recommendations of the Audit Committee, the Board had re-appointed M/s BGJC & Associates LLP, Chartered Accountants (ICAI Firm Registration No.003304N/N500056) as its Internal Auditor for the financial year 2021-22. During the year under review, the Company continued to implement the suggestions and recommendations made by the Internal Auditors to improve the control environment.

31. VIGIL MECHANISM/WHISTLE BLOWER POLICY

Your Board Reports to the members that with the objective of pursuing the business in a fair and transparent manner by adopting the highest standards of professionalism, honesty, integrity, and ethical behavior and to encourage and protect the employees who wish to raise and report their genuine concerns about any unethical behavior, actual or suspected fraud or violation of Company's Code of Conduct, the Company on the recommendation of the Audit Committee has adopted a Whistle Blower Policy. The policy adopted by the Company contains a framework whereby the identity of complainant is not disclosed. The Policy has been disclosed on the website of the Company www.bhilwaraenergy.com.

32. EXTRACT OF ANNUAL RETURN

As required pursuant to section 92(3) of the Companies Act, 2013 and rule 12(1) of the Companies (Management and Administration) Rules, 2014, an extract of annual return in form **MGT 9** is annexed to this annual report as **Annexure-VI**. Further the Annual Return in form MGT-7 and extract of Annual Return in form MGT-9 is also available on the website of the company www.bhilwaraenergy.com.

33. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge state the following:

- that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit and loss of the company of that period;
- that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- that the annual financial statement has been prepared on a going concern basis;

- that proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- that the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

34. GENERAL DISCLOSURE

- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment.

The Company has complied with the provisions relating to constitution of Internal Complaints Committee under sexual harassment of women at workplace (Prevention, Prohibition & Redressal) Act, 2013.

No complaints were received during the financial year 2020-21.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported in the Company, during the financial year 2020-21.
- During the year, there was no change in the issued share capital of the company.
- The Company is in compliance of all applicable secretarial standards issued by the Institute of Company Secretaries of India (ICSI) from time to time.
- The Company is not required to maintain the cost records as specified by the Central Government under sub section (1) of section 148 of the Companies Act, 2013, and accordingly such Accounts and records are not made and maintained by the Company.

35. ACKNOWLEDGEMENTS

Your Directors would like to express sincere gratitude to all valuable stakeholders of the Company for their excellent support and co-operation extended by them during the financial year under review.

The Board of Directors also places on record its appreciation for the significant contribution made by the employees of the Company through their dedication, hard work and unstinted commitment

For and on behalf of the Board of Directors

ANNEXURE V TO THE DIRECTORS REPORT

NOMINATION & REMUNERATION POLICY

Pursuant to Section 178 of the Companies Act, 2013, the Company is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company has already a Remuneration Committee with three Non-Executive Independent Directors. In order to align the same with the provisions of the Companies Act, 2013, the Board of Directors in their meeting held on 30th June, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

"Key Managerial personnel (KMP) means and comprise-

- Managing Director & Chief Executive officer;
- Whole-time Director;
- Company Secretary;
- Chief Financial Officer;
- Such other Officer as may be prescribed.

Senior Management comprise the personnel of the Company who are members of its core management team, excluding the Board of Directors, so also, that would also include all members of management one level below the Executive Directors, including Functional Heads.

Role and Objective of Committee:

1. To formulate the criteria for determining qualifications, positive attributes and independence of a Director.
2. Identify persons who are qualified to become Directors and who may be appointed in senior management positions in accordance with the criteria laid down in the policy.
3. Recommend to the Board the appointment and removal of Directors and Senior Management.
4. Carry out evaluation of every Director's performance.
5. Formulate criteria for evaluation of Independent Directors and the Board.
6. Recommend to the Board a Policy, relating to the remuneration for the directors, key managerial personnel and Senior Management.
7. To devise a policy on Board diversity
8. To ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run Company successfully.
9. To ensure the relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
10. To develop a Succession Plan for the Board and to review it regularly.
11. To perform such other functions as may be referred by the Board or be necessary in view of the provisions of the Companies Act, 2013 and Rules made thereunder.

Membership:

1. The Committee shall comprise at least three (3) Directors, all of whom shall be non-executive Directors and at least half of them shall be independent.
2. Minimum two (2) members shall constitute a Quorum for a Committee meeting.
3. Term of the Committee shall be continued unless terminated by the Board of Directors.

Chairman:

1. Chairman of the Committee shall be an Independent Director.
2. Chairperson of the Company may be appointed as a member of the Committee but shall not Chair the Committee.
3. In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
4. Chairman of the Nomination and Remuneration Committee could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

Frequency of Meetings:

The meeting of the Committee shall be held at such regular intervals as may be required.

Committee Member's Interests:

1. A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
2. The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

Voting:

1. Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall, for all purposes, be deemed to be a decision of the Committee.
2. In the case of equality of votes, the Chairman of the meeting will have a casting vote.

Annual Report 2020-21

Appointment of Directors/KMP/Senior Officials:

While recommending a candidate for appointment, the Committee shall have regard to:

- Assessing the appointee against a range of criteria which includes but not limited to qualifications, skills, experience, background and other qualities required to operate successfully;
- The experience and knowledge that the appointee brings to the role of KMP/Senior Officials, which, in turn, will enhance the skill sets and experience of the Board as a whole;
- The nature of existing positions held by the appointee including directorship and such other relationship and the impact of the same on the Company's welfare.

Letter of Appointment:

The letter of appointment issued by the Company, should contains the terms and conditions of his/her appointment.

Policy on Board Diversity:

The Nomination and Remuneration Committee shall ensure that the Board of Directors have the combination of Directors from different areas/fields or as may be considered appropriate in the best interests of the Company.

Remuneration of Directors, Key Managerial Personnel and Senior Management:

The salaries of Directors, Key Management Personnel and other senior officials shall be based and determined on the individual person's responsibilities and performance and in accordance with the limits as prescribed statutorily, if any. The level and composition of remuneration/fee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management to run the company successfully. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Fixed Pay :

Managerial Person, KMP and Senior Management shall be eligible for a monthly remuneration in accordance with the statutory provisions of the Companies Act, 2013, and the rules made thereunder for the time being in force. The salary paid need to be competitive and reflective of the individual's role, responsibility and experience in relation to performance of day-to-day activities to be usually reviewed on an annual basis;

2. Minimum Remuneration :

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managerial Person in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the prior approval of the Central Government.

3. Provision for excess remuneration :

If any Managerial Person draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Companies Act, 2013 or without the prior sanction of the Central Government, where required, he/she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it, unless permitted by the Central Government.

4. Increment :

Increments to the existing remuneration/compensation structure may be recommended by the Committee to the Board, which should be within the slabs approved by the Shareholders in the case of Managerial Person.

Remuneration to Non-Executive/Independent Director:

1. Remuneration/Commission:

The remuneration/commission shall be in accordance with the statutory provisions of the Companies Act, 2013, and the Rules made there under for the time being in force.

2. Sitting Fees:

The Non- Executive/Independent Director may receive remuneration by way of fees for attending meetings of Board or Committee(s) thereof. Provided that the amount of such fees shall not exceed the maximum amount as provided in the Companies Act, 2013, per meeting of the Board or Committee or such amount as may be prescribed by the Central Government from time to time.

Directors' and Officers' Insurance

- Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel, Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to such personnel.

Other Provisions:

- The Independent Directors shall not be entitled to any Stock Option.

Evaluation/ Assessment of Directors of the Company

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis.

The following criteria may assist in determining how effective the performance of the Directors have been:

- Contributing to clearly define corporate objectives & plans
- Obtain adequate, relevant & timely information.
- Assess policies, structures & procedures

- Regular monitoring of corporate results against projections
- Review achievement of strategic and operational plans, objectives, budgets
- Identify, monitor & mitigate significant corporate risks
- Review management's Succession Plan
- Effective meetings
- Clearly defining role & monitoring activities of Committees
- Review of ethical conduct

Additionally, for evaluation/assessment of the Performances of Managing Director(s) / Whole Time Directors (s) of the Company, following criteria may also be considered.

- Leadership & stewardship abilities
- Communication of expectations & concerns clearly with subordinates
- Direct, monitor & evaluate KMPs, senior officials.

Evaluation following the aforesaid parameters, will be conducted by the Independent Directors for each of the Executive/Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors relative to the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

DEVIATIONS FROM THIS POLICY:

Deviations on elements of this policy, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case.

ANNEXURE VI TO THE DIRECTORS REPORT

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2021

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel Rules), 2014]

To
The Members,
BHILWARA ENERGY LIMITED,
(CIN: U31101DL2006PLC148862)
New Delhi-110025

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **BHILWARA ENERGY LIMITED** (hereinafter called the Company). Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, documents, minutes books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period, covering **the financial year ended on March 31, 2021** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder **(Not applicable to the Company during the financial year under review)**;
- (iii) The Depositories Act, 1996 and the Regulations and bye laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) **(All the following Regulations including amendments, if any, from time to time are not applicable to the Company during the Audit period)**:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011);
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client **(Company is not registered as Registrar to an Issue and Share Transfer Agent during the financial year under review)**;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.
- (vi) Other laws applicable specifically to the company, as identified and on the basis of representation given by the management:
 - (a) The Electricity Act, 2003 and rules and regulations made thereunder;
 - (b) The Sexual Harassment of Women at workplace (Prevention, Prohibition & Redressal) Act, 2013.
- (vii) We have also examined compliance with the applicable clauses of the following:
 - (a) Secretarial Standards issued by *The Institutes of Company Secretaries of India* **(Notified and effective from 1st July, 2015)**;
 - (b) The SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 **(Not Applicable to the company during the financial year under review)**.

During the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent within stipulated time and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of the Directors or committee of the Board, as the case may be. There was no dissenting vote for any matter.

We further report that we have relied on the representation made by the company and its officers for systems and mechanism formed by the Company for compliances under other applicable Acts and regulations to the Company. Therefore, we are of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report, during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the company affairs.

This report is to be read with our letter of even date which is **Annexure I** and forms an integral part of this report.

INDEPENDENT AUDITORS' REPORT (Standalone)

To the Members of Bhilwara Energy Limited Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of **Bhilwara Energy Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors

is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position as per note-26 of financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company

ANNEXURE 'A' TO AUDITORS' REPORT

(Annexure referred to in our report of even date)

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section of our report of even date

- i. (a) The Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no major discrepancy has been noticed on such verification as compared to book records.

- (c) According to the information and explanations given by the management, the title deeds of immovable properties are held in the name of the company. These title deeds have been given as security (mortgage and charge) against the term loans taken from financial institutions and accordingly the original title deeds are kept with financial institution.
- ii. According to the information and explanation given to us and the records examined by us, the company is not having any inventory, therefore the provisions of clause 3(ii) of the said CARO 2016 Order are not applicable to the Company.
- iii. According to the information and explanation given to us, the Company has granted unsecured interest free loans to its Subsidiaries viz. Chango Yangthang Hydro Power Limited, NJC Hydro Power Limited and B G Wind Power Limited covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:
- The terms and conditions of the grants of such loans are, in our opinion, not prejudicial to the Company's interest.
 - The Company has granted tenure-based loans as well as loans re-payable on demand as agreed, to parties covered in the register maintained under section 189 of the Act. In respect of tenure-based loans, the loans have been appropriately rolled forward. The repayments of loans are as per tenure only. In respect of loans which are granted as repayable on demand, we are informed that the Company has not demanded repayment of any such loan during the year and thus there has been no default on the part of the parties to whom the money has been lent.
 - There are no amounts of loans granted to companies, firms or other parties listed in the register maintained under section 189 of the Companies Act, 2013 which are overdue for more than ninety days.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of sections 185 and 186 of Companies Act, 2013 are applicable and hence not commented upon.
- v. The Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.
- vi. The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.
- vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, service tax, and other material statutory dues as applicable to the appropriate authorities. Further, there were no undisputed amounts outstanding at the yearend for a period of more than six months from the date they became payable as at 31st March, 2021.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.
- viii. According to the information and explanations given to us and as per the books and records examined by us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders.
- ix. According to the information and explanations given by the management, the company has not raised any money of initial public offer/further public offer. Further in our opinion and according to the information and explanations given by the management the company has utilized the monies raised by way of debt instruments in the nature of debentures/term loans for the purposes for which those were raised.
- x. Based upon the audit procedures performed for the purpose of reporting the true and fair view of financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the company by the officers and employees of the company has been noticed or reported during the year.
- xi. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xii. In our Opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the order is not applicable to the company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with related parties are in compliance with section 177 & 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to company and, not commented upon.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- xvi. According to the information and explanations given to us, the provisions of section 45- IA of Reserve Bank of India Act, 1934 are not applicable to the Company.

ANNEXURE B

Annexure B to the Independent Auditor's Report to the Members of Bhilwara Energy Limited on financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Bhilwara Energy Limited** ("the Company") as of 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021 (Standalone)

1. CORPORATE INFORMATION

Bhilwara Energy Limited (the 'Company'), is a public limited company incorporated on 17th May, 2006 under the erstwhile Companies Act, 1956 situated in the NCT of Delhi. The company is engaged in the establishment, operation and maintenance of power generating stations and tie-lines, sub-stations and main transmission lines connected therewith. Currently, the company is engaged in generation of wind power through 14 MW wind power project situated in Maharashtra which had become operational during the year 2013-14.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1. Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. These financial statements have been prepared in accordance with Ind-AS.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2. Summary of significant accounting policies

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (IndAS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

i. Service Concession Arrangements

Management has assessed applicability of Appendix-D of Ind-AS 115: Service Concession Arrangements to power distribution arrangements entered into by the company. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

ii. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

iii. Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

Sale of Electricity

Revenue from sale of electricity is recognized on the basis of billable electricity actually transmitted to customers.

Generation Based Incentive

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment is recognized when the right to receive payment is established.

d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on tangible fixed assets is provided on the straight line method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing 5,000 or below are fully depreciated in the year of addition.

Sr. No.	Asset description	Useful life
1	Plant & machinery	22 years
2	Other equipment	5-10 years
3	Computers and Equipment's	3-6 years
4	Vehicle	8 years
5	Furniture & fixtures	10 years

The depreciation was provided in accordance with the Schedule II to the Companies Act, 2013.

e) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Impairment of Non-Financial Assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Financial assets

i. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

ii. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:-

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:-

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Equity investments at (FVTOCI)

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL.

For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iii. Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement~ and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

iv. Impairment of financial assets

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 17
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18
- e) Loan commitments which are not measured as at FVTPL
- f) Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and

- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

2. Financial liabilities

i. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below.

iii. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

iv. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

v. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

h) Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

i) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Foreign currency translation

Transactions in foreign currencies are initially recorded by the company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

k) Retirement and other employee benefits

a. Provident fund

Retirement benefits in the form of provident fund are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund.

b. Gratuity

The Company's liabilities on account of gratuity on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

c. Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

d. Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

l) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period.

Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

n) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

o) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

p) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends

relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

r) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level1** Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level2** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- **Level3** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

25. SEGMENT REPORTING

The Company's activities during the year involved power generation (Refer Note 1). Considering the nature of Company's business and operations, there are no separate reportable segments (business and/or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Operating Segments'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

Revenue of the company is majorly from sale of power to only one customer.

26. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTENT NOT PROVIDED FOR)

(₹ in Lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
(a) Claims against the Company not acknowledged as debt	-	-
(b) Guarantees excluding financial guarantees and	-	-
(c) other money for which the company is contingently liable:-		
Guarantee in favour of International Finance Corporation-(IFC) for loan availed by AD Hydro Power Limited*	600.00	600.00
Corporate Guarantee in favour of Raghav Commercial Limited for the term loan availed by BG Wind Power Limited **	2,850.00	2,850.00
Corporate Guarantee in favour of Purvi Vanijya Niyojan Limited for term loan availed by BG Wind Power Limited ***	4,300.00	4,300.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in Bhilwara Green Energy Limited (BGEL) ****	3,000.00	3,000.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in LNJPV Limited (LNJPVL) *****	1,000.00	1,000.00

* The Company has provided Guarantee in favour of International Finance Corporation (IFC) along with HEG Limited and RSWM Limited on joint and several basis on behalf of AD Hydro Power Limited (step down subsidiary) for ₹ 600.00 Lakhs (previous year ₹ 600.00 Lakhs).

** The Company has provided corporate guarantee in favour of Raghav Commercial Limited for the term loan of ₹ 2,850.00 Lakhs (previous year ₹ 2,850.00) availed by wholly owned subsidiary M/s BG Wind Power Limited.

*** The Company has provided corporate guarantee in favour of Purvi Vanijya Niyojan Limited for the term loan of ₹ 4,300.00 Lakhs (previous year ₹ 4,300.00) availed by wholly owned subsidiary M/s BG Wind Power Limited.

Share Purchase Agreement of the Company with M/s Hero Wind Energy Private Limited

**** The company has signed Share Purchase Agreement (SPA) on 25th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s Bhilwara Green Energy Limited (BGEL). In SPA, company has given indemnity to Hero for losses imposed on, sustained, incurred or suffered by or asserted against Hero, BGEL, its directors, officers or agents due to (a) any inaccuracy in or any breach of any warranty, (b) any non-fulfillment or breach or any covenants of BEL as mentioned in SPA, (c) due to petition filed by MSEDCL for reclassification of wind zone, or (d) specific indemnity for power failure as mention in SPA.

The liability of company towards indemnity is subject to the aggregate cap of ₹ 7,500.00 Lakhs (except for fraud or willful misrepresentation). Within aggregate cap, the liability of BEL for (a) and (b) shall not exceed ₹ 3,000.00 Lakhs and for (c) and (d) to ₹ 5,500.00 Lakhs. Further, if liability under item (c) does not crystallized within 2 years from closing date i.e. 25th October 2017, then the aggregate cap shall be reduced to ₹ 3,000.00 Lakhs.

Since liability under (c) is not crystallized within two year from the closing date i.e. up to 25th October 2019, so aggregate indemnity is reduced to ₹ 3,000.00 Lakhs.

The company shall not be liable to make payment of losses (except for fundamental warranty and fraud or willful misrepresentation) under indemnity unless and until such amount exceeds ₹ 40.00 Lakhs in respect of single incidence of loss.

The Indemnity shall survive (i) for warranties for taxation matters- for 7 years (ii) BEL fundamental warranties or fraud or willful misrepresentation— indefinitely (iii) for breach of covenants or warranties not covered by (i) or (ii) — for 3 years.

***** The company has signed Share Purchase Agreement (SPA) on 18th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s LNJPV Limited (LNJPVL). In SPA, company has given indemnity to Hero for losses imposed on, sustained, incurred or suffered by or asserted against Hero, LNJPVL, its directors, officers or agents due to (a) any inaccuracy in or any breach of any warranty or (b) any non-fulfillment or breach or any covenants of BEL as mentioned in SPA.

The liability of company towards indemnity under SPA and CCD Purchase Agreement executed on 18th October 2017 amongst Hero, RSWM Limited and LNJPVL is subject to the aggregate cap of ₹ 1,000.00 Lakhs (except for fraud or willful misrepresentation). The company shall not be liable to make payment of losses (except for fundamental warranty and fraud or willful misrepresentation) under indemnity unless and until such amount exceeds ₹ 15.00 Lakhs in respect of single incidence of loss.

The Indemnity shall survive (i) for warranties for taxation matters- for 7 years (ii) BEL fundamental warranties or fraud or willful misrepresentation — indefinitely (iii) for breach of covenants or warranties not covered by (i) or (ii) — for 3 years.

Note- Since the loss allowance was estimated to be nil, the financial guarantee is not recognized in the books.

27. OTHER DISCLOSURES

- a) Balephi Jalvidhyut Company Limited, overseas subsidiary of the company incorporated to erect Balephi HEP 50 MW (down sized to 23.52 MW) hydro power plant in Nepal. During the year 2017-2018, the company has entered into share purchase agreement with its joint venture partner M/s Triveni Hydro Power Private Limited, Nepal dated 8th January 2018 to sell its entire 25,60,000 equity shares for consideration of ₹ 625.00 Lakhs (Nepali 100,093,750) as against its total investment of ₹ 1,600.00 Lakhs. The due date for sale was 30th June 2018, which was extended till 30th June 2019, subject to receipt of requisite approval by Nepali Party.

Therefore, the Company has made a total impairment of ₹ 1,471.61 Lakhs (Earlier total impairment of ₹ 975.00 Lakhs) for diminution in value of investments as on March 31, 2020. The impairment of ₹ 496.61 Lakhs is debited in statement of profit & loss during the year 2019-2020.

- b) The Company has given undertaking to IDFC Infrastructure Finance Limited, India Infradebt Limited and ICICI Bank Limited for loan of ₹ 8,500.00 Lakhs and ₹ 5,900.00 Lakhs and ₹ 3,700.00 Lakhs respectively availed by Malana Power Company Limited (one of the subsidiary company) to keep the management control and ownership of Malana Power Company Limited (MPCL) at all times during the currency of the facility which would mean (i) holding at least 51% of the issued and paid up equity share capital of MPCL and (ii) the ability to appoint the majority directors on the Board of Directors of MPCL.

The Company has also given undertaking to the lenders of MPCL that it will ensure that Mr. Ravi Jhunjhunwala, his family and associates companies will maintain minimum 51% equity shareholding in the company. The Company has also given undertaking to the lenders of MPCL that it will ensure that MPCL is provided with requisite technical, financial and managerial expertise to perform/ discharge its obligations.

- c) The Company has given undertaking to IDFC Infrastructure Finance Limited, India Infra Debt Fund Limited and IndusInd Bank Limited for loan of ₹ 4,400.00 Lakhs, ₹ 11,700.00 Lakhs and ₹ 16,000.00 Lakhs respectively availed by M/s AD Hydro Power Limited (one of the Subsidiary company) to ensure that Mr. Ravi Jhunjhunwala, his family and associate companies maintain a minimum of 51% equity shareholding in the company i.e. Bhilwara Energy Limited and the company continue to hold at least 51% management control and ownership in Malana Power Company Limited.

28. The company is operating 14 MW (7 WTGs of 2 MW each) wind power project in Maharashtra. The Power generated from this project is being sold to Maharashtra State Distribution Company Limited (MSEDCL) on long term Power Purchase Agreement (PPA) for 13 years. The agreement can be renewed or extended only by mutual written agreement with the parties.

c) Defined Benefit Obligation – Salary Escalation Rate +100 Basis Points	3.93	
d) Defined Benefit Obligation – Salary Escalation Rate -100 Basis Points	(3.37)	

31. FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:-

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020.

1) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

i. Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

(₹ in Lakhs)		
Particulars	As at March 31, 2021	As at March 31, 2020
Variable rate borrowings	3,985.31	4,545.54
Fixed rate borrowings	-	-
Total	3,985.31	4,545.54

ii. Sensitivity*

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant.

The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2021 and March 31, 2020.

(₹ in Lakhs)		
Particulars	As at March 31, 2021	As at March 31, 2020
Effect on Profit if Interest Rate - increases by 25 basis points	(6.52)	(7.43)
Effect on Profit if Interest Rate - decrease by 25 basis points	6.52	7.43

*Not considered fixed rate borrowings for sensitivity and the sensitivity is net of tax.

2) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there are no material transactions in foreign currency. Hence, no further disclosure is required under this section.

3) Price risk

The company is not exposed to any material price risk as there is no investment in equities outside the group except investment of ₹ 0.59 Lakhs (previous year ₹ 0.59 Lakhs) (which is insignificant commensurate with size of the Company) and the company doesn't deal in commodities.

4) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020

The company is in the power generation sector. The company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customer which is state government run power utility majors. Hence company has not provided for any discounting on time value of money.

b) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments as on March 31, 2021

(i) Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

- The following methods and assumptions were used to estimate the fair values:-

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying value largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates evaluated by the Company based on the parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liability

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

(₹ in Lakhs)

Loan to body corporate	-	-	-	-
Total	0.05	-	-	0.05
Financial liabilities				
Borrowings	4,545.54	-	-	4,545.54
Total	4,545.54	-	-	4,545.54

(ii) **Assumptions and valuation technique used to determine fair value**

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

33. CAPITAL MANAGEMENT**a) Risk management**

The Company's objective when managing capital is to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during the year 2020-21 and 2019-20 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Net Debt	3,888.35	3,292.75
Total equity	33,195.72	32,206.11
Net Debt to Equity Ratio	0.12	0.10

Loan covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

34. DEFERRED TAX

In accordance with Ind-AS 12 "Income Taxes" Deferred tax assets are recognised only if there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In view of lack of reasonable certainty of sufficient future taxable income against which net deferred tax asset can be realised, the Company has not recognized deferred tax asset to the extent of ₹ 15,894.09 Lakhs (previous year ₹ 17,178.55 Lakhs) as on March 31, 2021.

(₹ in Lakhs)		
Particulars	As at March 31, 2021	As at March 31, 2020
Tax effects constituting deferred tax assets

Less: Valuation Allowance	(15,894.09)	(17,178.55)
Net Deferred tax assets	-	-

35. During the current year, the Company has reclassified below mentioned account balances related to previous year March 31, 2020. The detail of the same is as under:- NIL
36. The Board of Directors of the Company has reviewed the realisable value of all the Current Assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognised in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets including long term Loans in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on May 19, 2021.

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Bhilwara Energy Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding and its subsidiaries together referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2021, and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Material Uncertainty Related to Going Concern

In Subsidiary Chango Yangthang Hydro Power Limited

We draw attention to Note-34(vii)(b) regarding the Board of directors decision to surrender the Chango Yangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to delay and uncertainty in project execution and long delay in Government approvals and licenses lapse, the company has written off Capital Work in progress during the previous year amounting to INR 2,713.18 lakhs. These events or conditions, along with other matters as set forth in Note-35(vii)(d), indicate that there exists material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern since the company was incorporated as a Special Purpose Vehicle for this particular project.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

In Subsidiary ChangoYangthang Hydro Power Limited

We draw attention to Note-34(vii)(b), the company has surrendered Chango Yangthang HEP (180MW) project in Himachal Pradesh and asked for the refund of Upfront premium of INR 3789.45 lakhs and Security Deposit of INR 180 lakhs with interests since the project is not executable purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities.

GoHP has formed a committee to deal with the issues of various projects which includes ChangoYangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed, in which the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project. During the meeting called for by the committee, CHYPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same.

In View of this, the company has reiterated its demand for refund of money along with the Interest and the management is confident of recovering the Upfront Fees and Security Deposit paid on account of surrender of project, in full. The upfront fee and security deposit as mentioned above have been grouped under Other Non-Current Assets (Note-12) and Non-Current Loans- Security Deposit (Note-7) respectively.

In Subsidiary NJC Hydro Power Limited

We draw attention to Note 34(vi)(a) and (b) to the Ind AS financial statement, which describes the uncertainty relating to the effects of outcome of petition filed by the company with Hon'ble Guwahati High Court for seeking refund of upfront premium as per provisions of MoA, in view of the WII report recommending no construction of Nyamjnag Chhu HEP at site and arbitration notice sent by the company for invoking arbitration as per the directions of the Hon'ble Supreme Court. We are unable to comment on the financial implications and future operations of the company till the final outcome.

In Subsidiary BG Wind Power Limited

We draw attention to 'Note-34(iv)(a)' to the accompanying statement, where the Power Purchase Agreement (PPA) with DISCOM has expired on March 31, 2019. BG Wind Power Limited, Subsidiary is pursuing for Power Purchase Agreement (PPA) with DISCOM @ INR 3.14 per Kwhs per RERC third amendment regulation dated 5th March 2019 for the entire duration of the project. The Discom has yet not renewed the PPA. The Company has continued to recognise Revenue from Sale of Power of INR 554.64 lakhs and Generation Based Incentive (GBI) of INR 89.35 lakhs and shown under Unbilled Revenue as the management of the company believes that PPA will be signed. The company has filed the writ petition with Rajasthan High Court, Jaipur in this regard and the matter is still undecided as hearing is continued.

In Subsidiary Malana Power Company Limited

We draw attention to Note 33(iii)(b) of the financial statements, which describes the uncertainty relating to the effects of

outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL)

In Subsidiary AD Hydro Power Limited

We draw attention to Note 33(iii)(b) of the financial statements, which describes the uncertainty relating to the effects of outcome of litigation with parties using the transmission line.

Our opinion is not modified in respect of matters stated above.

Other Matters

We did not audit the Ind AS financial statements of 4 Subsidiaries including a step-down subsidiary, whose financial statements reflect total assets of INR 2,65,941.30 Lakhs as at 31st March, 2021, total revenues of INR 25,484.75 Lakhs and net cash flows amounting to INR (2755)Lakhs for the year ended on March 31, 2021, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and financial statements certified by the Management.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the consolidated financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The Board of Directors of the companies of the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the

Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, Holding Company's Board of Directors is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The Board of Directors of the companies of the group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue

as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books:
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under

Section 133 of the Act.

- e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2021 taken on record by the Board of Directors of the Holding Company, none of the directors of the Holding company incorporated in India is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of Group.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer Note-33 to the Consolidated Ind AS financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Our reporting on the internal financial controls over financial reporting is not applicable in respect of one audited subsidiary incorporated outside India.

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting **Bhilwara Energy Limited** (hereinafter referred to as “the Holding Company”) and its six subsidiaries companies (including one step-down subsidiary, which are the Company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company which is the company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary company which is the company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary company which is the company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and the subsidiary company, which is the company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 3 subsidiaries (including a step-down subsidiary), which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021 (Consolidated)

1. CORPORATE INFORMATION

Bhilwara Energy Limited-(BEL) is a public limited company incorporated on 17th May, 2006 under the Companies Act, 1956. BEL (holding company) together with its subsidiaries is hereinafter referred to as the 'Group'. Group is engaged in the establishment, operation and maintenance of power generating stations and tie- lines, sub-stations and main transmission lines connected therewith. Operation and maintenance of such power generating stations, tie-lines, sub- stations and main transmission lines as are assigned to it by the competent Government or Governments. Group has various projects under operation including 14 MW wind power project in Kolhapur (BEL), 86 MW hydro power project (MPCL), 192 MW Hydro power project (ADHPL), 20 MW wind project (BGWPL).

The subsidiaries considered in the consolidated financial statements are:

Name of subsidiary/ step down subsidiaries	Legend	Country of Incorporation	Proportion of ownership as on March 31, 2021 (%)	Proportion of ownership as on March 31, 2020 (%)
1. Malana Power Company Limited	MPCL	India	51.00%	51.00%
2. AD Hydro Power Limited (ADHPL) (88% subsidiary of MPCL)	ADHPL	India	44.88%	44.88%
3. BG Wind Power Limited	BGWPL	India	100.00%	100.00%
4. Indo Canadian Consultancy Services Limited	ICCSL	India	75.50%	75.50%
5. NJC Hydro Power Limited	NJCHPL	India	100.00%	100.00%
6. Chango Yangthang Hydro Power Limited	CYHPL	India	100.00%	100.00%
7. Balephi Jalvidhyut Company Limited, Nepal	BJCL	Nepal	95.86%	95.86%

2. Significant accounting policies

2.1 Basis of preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, Group, with effect from 1st April 2016, has adopted Indian Accounting Standards (the 'Ind AS') notified under the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) (Amended) Rules, 2016. The Group has prepared its consolidated financial statements in accordance with accounting standards as prescribed under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (referred to as 'Indian GAAP').

The consolidated financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

These consolidated financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair value, as explained in accounting policies.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group and its subsidiary as at March 31, 2021. Control is achieved when Group is exposed, or has right, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Group re-assesses whether or not it controls an investee if facts and circumstances indicates that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when Group obtains control over the subsidiary and ceases when Group loses control of the subsidiary. Assets, Liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date Group gains control until the date Group ceases to control the subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statement in preparing the consolidated financial statements to ensure conformity with Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Group, i.e. year ended on March 31. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of Group and to the non-controlling interests, even if the results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with Group accounting policies. All intra-Group assets and liabilities, equity,

income, expenses and cash flows relating to transactions between members of Group are eliminated in full on consolidation.

Consolidation Procedure

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows to the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combination policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statement. Ind AS 12 Income tax applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Amendments in IND AS

Amendments to Ind AS 116- Covid-19 related rent concessions

The amendment provide practical relief to lessors in accounting for rent concessions occurring as a direct consequence of Covid-19, by introducing a practical expedient to Ind AS 116. The practical expedient permits a lessee to introduce an optional practical expedient that simplifies how a lessee accounts for rent concessions that are a direct consequence of Covid-19. A lessee that applies the practical expedient is not required to assess whether eligible rent concessions are lease modifications. A lessee that makes this election shall account for any change in lease payments resulting from Covid-19 related rent concession the same way it would account for the change applying Ind AS 116 if the change were not a lease modification.

The practical expedient will only apply if:

- a) The revised consideration is substantially the same or less than the original consideration;
- b) The reduction in lease payments relates to payments due on or before 30 June 2021; and
- c) No other substantive changes have been made to the terms of the lease.

Lessees applying the practical expedient are required to disclose:

- a) That fact, if they have applied the practical expedient to all eligible rent concessions and, if not, the nature of the contracts to which they have applied the practical expedient; and
- b) The amount recognised in profit or loss for the reporting period arising from application of the practical expedient.

No practical expedient is provided for lessors. Lessors are required to continue to assess if the rent concessions are lease modifications and account for them accordingly.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

Amendment to Ind AS 109 and Ind AS 107 - Interest Rate Benchmark Reform

These amendments modify specific hedge accounting requirements to allow hedge accounting to continue for affected hedges during the period of uncertainty before the hedged items or hedging instruments affected by the current interest rate benchmarks are amended as a result of the on-going interest rate benchmark reforms.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

In cash of ADHPL

Amendments in IND AS

Amendments to Ind AS 116- Covid-19 related rent concessions

The amendment provide practical relief to lessors in accounting for rent concessions occurring as a direct consequence of Covid-19, by introducing a practical expedient to Ind AS 116. The practical expedient permits a lessee to introduce an optional practical expedient that simplifies how a lessee accounts for rent concessions that are a direct consequence of Covid-19. A lessee that applies the practical expedient is not required to assess whether eligible rent concessions are lease modifications. A lessee that makes this election shall account for any change in lease payments resulting from Covid-19 related rent concession the same way it would account for the change applying Ind AS 116 if the change were not a lease modification.

The practical expedient will only apply if:

- a) The revised consideration is substantially the same or less than the original consideration;
- b) The reduction in lease payments relates to payments due on or before 30 June 2021; and
- c) No other substantive changes have been made to the terms of the lease.

Lessees applying the practical expedient are required to disclose:

- a) That fact, if they have applied the practical expedient to all eligible rent concessions and, if not, the nature of the contracts to which they have applied the practical expedient; and

- b) The amount recognised in profit or loss for the reporting period arising from application of the practical expedient. No practical expedient is provided for lessors. Lessors are required to continue to assess if the rent concessions are lease modifications and account for them accordingly.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

Amendments to Ind AS 1 and Ind AS 8 - Definition of "material"

The Company has adopted the amendments to Ind AS 1 and Ind AS 8. The amendments make the definition of material in Ind AS 1 easier to understand and are not intended to alter the underlying concept of materiality in Ind AS 8. The concept of 'obscuring' material information with immaterial information has been included as part of the new definition.

The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'. The definition of material in Ind AS 8 has been replaced by a reference to the definition of material in Ind AS 1. In addition, the MCA amended other standards that contain the definition of 'material' or refer to the term 'material' to ensure consistency.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

Amendment to Ind AS 109 and Ind AS 107 - Interest Rate Benchmark Reform

These amendments modify specific hedge accounting requirements to allow hedge accounting to continue for affected hedges during the period of uncertainty before the hedged items or hedging instruments affected by the current interest rate benchmarks are amended as a result of the on-going interest rate benchmark reforms.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

2.3 Summary of significant accounting policies

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least
- e) twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:-

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

i. Service Concession Arrangements

Management has assessed applicability of Appendix-A of Ind AS 11: Service Concession Arrangements to power distribution arrangements entered into by the Group. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on

detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

ii. Arrangement to be classified as lease

Management has assessed applicability of Appendix-C of Ind AS-17 Arrangement to be classified as Lease. In assessing the applicability to arrangements entered into by the company, management has exercised the judgment to evaluate the right to use the underlying asset, substance of the transaction including legally enforced arrangements and other significant terms and conditions of the arrangement to conclude whether the arrangement meets the criteria under Appendix-C to Ind AS-17.

iii. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Group believes that the useful life best represents the period over which the Group expects to use these assets.

iv. Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the amount can be reliably measured.

Sale of Electricity

Revenue from sale of electricity is recognised on the basis of billable electricity (over and above free supply to HP State Government) scheduled to be transmitted to the customers, which approximates the actual electricity transmitted.

Consultancy services

Revenue comprises income received on account of consultancy fees for the services rendered and recognised on accrual basis.

Voluntary Emission Rights (VER)

Revenue is recognised as and when the VERs is sold and it is probable that the economic benefits will flow to the Group.

Carbon Credit Entitlement / Certified Emission Reductions (CER)

In process of generation of hydro-electric power, the Group also generates carbon emission reduction units which may be negotiated for price in international market under Clean Development Mechanism (CDM) subject to completing certain formalities and obtaining certificate of Carbon Emission Reduction (CER) as per Kyoto Protocol. Revenue from CER is recognised as and when the CER's are certified and ultimate collections are made for the same.

Generation Based Incentive

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Renewable Energy Certificate (REC)

Gross proceeds from sale of Renewable Energy Certificates (RECs) are recognized when all the significant risks and rewards of ownership of RECs have been passed to the buyer, usually on delivery of the RECs at actual rate of realization.

Sale of scrap

Revenue in respect of sale of scrap is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer.

Transmission lines

Revenue from transmission income is recognized on accrual basis

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment with mutual funds and others is recognized when the right to receive payment is established.

d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

i. In case of holding company

Depreciation on tangible fixed assets is provided on the straight-line-method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing 5,000 or below are fully depreciated in the year of addition.

Asset description	Useful Life
Plant & machinery	22 Years
Other equipment	05-10 Years
Computers and Equipment's	03-06 Years
Vehicle	08 Years
Furniture & fixtures	10 Years

ii. In case of MPCL & ADHPL

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013 except in case of roads which has been taken as 7 years based on technical evaluation. The Group has used the following rates to provide depreciation on its fixed assets.

Asset description	Useful Life
Other buildings	60 Years
Plant and machinery used in generation, transmission and distribution of power.	40 Years
Transmission lines	40 Years
Factory buildings	30 Years
Plant and equipment	15 Years
Furniture and fixtures	10 Years
Electrical installations	10 Years
Vehicles	08 Years
Computers and data processing equipment	03-06 Years
Office equipment	05 Years
Roads	10 Years
Software	03 Years

iii. In case of BG Wind

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013.

On Plant and Machineries (Wind Turbine Generator)

Since the company is registered with Indian Renewable Energy Development Agency Ltd. (IREDA) under Generation Based Incentive (GBI) Scheme depreciation has been provided on SLM basis @7.69% as prescribed under Operational Guidelines issued by IREDA, the Nodal Agency of Ministry of New & Renewable Energy (MNRE).

e) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years, except in case of BG wind where the expected useful life does not exceed 5years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Inventory Valuation

Inventories comprising of components of stores and spares are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Company is the lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

h) Impairment of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b. The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Equity investments

All equity investments in scope of Ind AS-109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS-103 applies are classified as at FVTPL. For all other equity instruments, the group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from Group's consolidated balance sheet) when:

- a. The rights to receive cash flows from the asset have expired, or
- b. Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement. And either (a) Group has transferred substantially all the risks and rewards of the asset, or (b) Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Financial assets that are debt instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS 17
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

- e. Loan commitments which are not measured as at FVTPL
- f. Financial guarantee contracts which are not measured as at FVTPL

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis. The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial Guarantee Contracts

Financial Guarantee Contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of debt instrument. Financial Guarantee Contracts are recognised initially as a liability at fair value, adjusted for transactions cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations.

If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Foreign currency translation

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

k) Retirement and other employee benefits

i. Provident fund and superannuation plans

Retirement benefits in the form of provident fund and superannuation plans are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

ii. Gratuity

Group's liabilities on account of gratuity on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund.

The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

iii. Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

iv. Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

The Company presents its leave, gratuity as current and non-current based on the actuarial valuation.

l) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. In the situations where the Group is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period.

Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Non-Current Asset held for Sale

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned.

The group treats sale/ distribution of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

n) Preoperative Expenses

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/ debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

o) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

p) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

q) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

r) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

s) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset.

The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

t) Fair Value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

Notes :**In case of BGWPL**

*Impairment: The management has provided impairment of ₹ 1,000.00 Lakhs during the financial year 2017-18, based on fair market value determined by independent valuer.

In case of MPCL

All the assets are owned by the Company except as mentioned otherwise.

- 1) Building, bridges and roads includes cost of road ₹ 1,228.38 Lakhs (Previous year ₹ 1,228.38 Lakhs) and written down value of ₹ 61.42 Lakhs (previous year ₹ 61.42 Lakhs) constructed on forest land diverted for the project under irrevocable right to use.
- 2) Transmission Lines includes ₹ 41.81 Lakhs (Previous year ₹ 41.81 Lakhs) and accumulated depreciation of ₹ 20.50 Lakhs as on March 31, 2021 (including depreciation charged during the period is of ₹ 1.05 Lakhs) towards cost of land and compensation paid to Forest Department for construction of Transmission towers under irrevocable right to use.
- 3) Refer note #14 (MPCL Stand-alone) for the information on Property, Plant and Equipment pledged as security.

In case of ADHPL

All the assets are owned by the Company except as mentioned otherwise.

1. Building and roads includes cost of roads ₹ 129.03 Lakhs constructed on land acquired for the project under irrevocable right to use.
2. Gross block of transmission line includes payment for 'Right to use' amounting to ₹ 5,253.98 Lakhs and accumulated depreciation of ₹ 1,384.39 Lakhs as on March 31, 2021 (including depreciation charged during the period is of ₹ 131.35 Lakhs). Right to use' is a irrevocable perpetual right of use of land, but the ownership of land does not vest with the Company.
3. Land includes ₹ 2,999.04 Lakhs paid for 12.43 hectares land, out of which mutation for execution of 9.70 hectares in favour of Company has been completed. Apart from notified land, 2.73 hectares land has been acquired directly from the villagers amounting ₹ 705.75 Lakhs and the mutation is in progress.

Nature and Description of Reserve :

(i) Capital Reserve:-

Capital reserve is defined as a reserve of a corporate enterprise which is not available for distribution as dividend.

(ii) Securities Premium:-

Securities Premium is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

(iii) Debenture Redemption Reserve:-

Where a company issues debentures, it is required to create a debenture redemption reserve for the redemption of such debentures. On redemption of the debentures for which the reserve is created, the amounts no longer necessary to be retained in this account need to be transferred to the General Reserve.

(iv) Retained earnings:-

Retained earnings constitute the accumulated profits earned by the company till date, less dividend (including dividend distribution tax) and other distribution made to shareholders.

*During FY 2020-21, One of the subsidiary has transfer depreciation of 5.90 Lakhs from Reserve and Surplus pertaining to FY 2014-2015.

33. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTENT NOT PROVIDED FOR)**I. Contingent Liabilities****(i) In case of holding company****(₹ in Lakhs)**

Particulars	As at March 31, 2021	As at March 31, 2020
(a) Claims against the company not acknowledged as debt:	-	-
(b) Guarantees excluding financial guarantees and	-	-
(c) other money for which the company is contingently liable		
Guarantee in favour of International Finance Corporation-(IFC) for loan availed by AD Hydro Power Limited*	600.00	600.00
Corporate Guarantee in favour of Raghav Commercial Limited for the term loan availed by BG Wind Power Limited**	2,850.00	2,850.00
Corporate Guarantee in favour of Purvi Vanijya Niyojan Limited for term loan availed by BG Wind Power Limited ***	4,300.00	4,300.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in Bhilwara Green Energy Limited (BGEL) ****	3,000.00	3,000.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in LNJ Power Venture Limited (LNJPVL) *****	1,000.00	1,000.00

*The Company has provided Guarantee in favour of International Finance Corporation (IFC) along with HEG Limited and RSWM Limited on joint and several basis on behalf of AD Hydro Power Ltd. (step down subsidiary) for 600.00 Lakhs (previous year ₹ 600.00 Lakhs).

**The Company has provided corporate guarantee in favour of Raghav Commercial Limited for the term loan of ₹ 2,850.00 Lakhs (previous year ₹ 2,850.00) availed by wholly owned subsidiary M/s BG Wind Power Limited.

***The Company has provided corporate guarantee in favour of Purvi Vanijya Niyojan Limited for the term loan of ₹ 4,300.00 Lakhs (previous year ₹ 4,300.00) availed by wholly owned subsidiary M/s BG Wind Power Limited.

Share Purchase Agreement of the Company with M/s Hero Wind Energy Private Limited

****The company has signed Share Purchase Agreement (SPA) on 25th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s Bhilwara Green Energy Limited (BGEL). In SPA, company has given indemnity to Hero for losses imposed on, sustained, incurred or suffered by or asserted against Hero, BGEL, its directors, officers or agents due to (a) any inaccuracy in or any breach of any warranty, (b) any non-fulfillment or breach or any covenants of BEL as mentioned in SPA, (c) due to petition filed by MSEDCL for reclassification of wind zone, or (d) specific indemnity for power failure as mention in SPA.

The liability of company towards indemnity is subject to the aggregate cap of ₹ 7,500.00 Lakhs (except for fraud or willful misrepresentation). Within aggregate cap, the liability of BEL for (a) and (b) shall not exceed ₹ 3,000.00 Lakhs and for (c) and (d) to ₹ 5,500.00 Lakhs. Further, if liability under item (c) does not crystallized within 2 years from closing date i.e. 25th October 2017, then the aggregate cap shall be reduced to ₹ 3,000.00 Lakhs. Since liability under (c) is not crystallized within two year from the closing date i.e. up to 25th October 2019, so aggregate indemnity is reduced to ₹ 3,000.00 Lakhs.

The company shall not be liable to make payment of losses (except for fundamental warranty and fraud or willful misrepresentation) under indemnity unless and until such amount exceeds ₹ 40.00 Lakhs in respect of single incidence of loss.

The Indemnity shall survive (i) for warranties for taxation matters- for 7 years (ii) BEL fundamental warranties or fraud or willful misrepresentation— indefinitely (iii) for breach of covenants or warranties not covered by (i) or (ii) — for 3 years.

*****The company has signed Share Purchase Agreement (SPA) on 18th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s LNJ Power Ventures Limited (LNJPVL). In SPA, company has given indemnity to Hero for losses imposed on, sustained, incurred or suffered by or asserted against Hero, LNJPVL, its directors, officers or agents due to (a) any inaccuracy in or any breach of any warranty or (b) any non-fulfillment or breach or any covenants of BEL as mentioned in SPA. The liability of company towards indemnity under SPA and CCD Purchase Agreement executed on 18th October 2017 amongst Hero, RSWM Limited and LNJPVL is subject to the aggregate cap of ₹ 1,000.00 Lakhs (except for fraud or willful misrepresentation). The company shall not be liable to make payment of losses (except for fundamental warranty and fraud or willful misrepresentation) under indemnity unless and until such amount exceeds ₹ 15.00 Lakhs in respect of single incidence of loss.

The Indemnity shall survive (i) for warranties for taxation matters- for 7 years (ii) BEL fundamental warranties or fraud or willful misrepresentation — indefinitely (iii) for breach of covenants or warranties not covered by (i) or (ii) — for 3 years.

Note- Since the loss allowance was estimated to be nil, the guarantee is not recognized in the books.

(ii) In case of MPCL

- a) In respect of assessment years 2009-10 to 2014-15, the Assessing Officer (AO) had raised demands aggregating to ₹ 213.87 Lakhs. The demand was based on disallowance of expenses under section 14A of the Income-tax Act, 1961 under MAT computation. The AO disallowed proportionate amount of deduction under section 80-IA stating that the investments made by MPCL in the subsidiary is capable to earn exempted dividend income. Further, AO

disallowed and denied MPCL claim to treat the income from carbon credit as capital receipts. Based upon the favorable order passed by the Income tax authorities in the past in certain assessment year's appeal proceedings at the level of High court and ITAT, MPCL is of the view that the above said demands are not tenable and hence no provision is required in the financial statements.

- b) On April 27, 2019, MPCL received a provisional net demand of ₹ 8,069.00 Lakhs in relation to wheeling charges for the period April 01, 2008 to March 31, 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC), which in the opinion of MPCL is not in accordance with the agreement entered between the Company and HPSEB (now HPSEBL) in August 1999. In this regard, MPCL has paid under protest an amount of ₹ 2,817.00 Lakhs. Based on the legal opinion obtained, MPCL is of the view that demand is not legally tenable and would not result in any material liability on MPCL for the period on or before March, 2019 and accordingly has filed an appeal before Appellate tribunal (APTEL), Electricity at New Delhi, which is pending adjudication with APTEL. The next date for hearing is scheduled for May 24, 2021.
- c) Based upon the legal opinion obtained by the management, there are various interpretation issues and thus is in the process of evaluating the impact of the recent Supreme Court Judgment in the case of "Vivekananda Vidyamandir Vs Regional Provident Fund Commissioner (II), West Bengal in relation to non-exclusion of certain allowances from the definition of "basis wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provisions Act, 1952.
- Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on MPCL for the previous periods, if any, cannot be ascertained.

d) Financial Guarantee

MPCL has provided Corporate/Default Guarantee to Fls/Banks for the loans extended by them to AD Hydro Power Limited (subsidiary company).

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
a) The amount of outstanding loans covered by such guarantees	18,866.61	22,283.22
b) Under the terms of the said guarantee the maximum amount for which the company may be contingently liable during the next 12 months	3,309.47	3,416.66

(iii) In case of ADHPL

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Claims against ADHPL not acknowledged as debt:*		
- Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	1,459.58	1,459.58
- Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	1,427.00	1,427.00
- Demand raised by Directorate of fisheries. Himachal Pradesh (refer note (c) below)	99.75	99.75

*ADHPL believes that these claims/demands are not probable to be decided against ADHPL and therefore, no provision for the above is required.

- a) During the financial year 2012-2013, the Assessing Officer through its order dated January 23, 2013 has raised a demand of ₹ 1,459.58 Lakhs under the Building & Other Construction Workers Welfare Cess Act, 1996 ("BOCW Act") for the period from January 1, 2005 to July 31, 2012. ADHPL is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 8, 2008 to July 1, 2010 (i.e from the date when the rules were notified and up to the date when factory license was granted). Based upon this, ADHPL had filed a writ petition before the High Court of Himachal Pradesh for the above said amount. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand. The matter is presently pending for adjudication with no fixed date.

Pending any further directions by the High Court and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

- b) During 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹ 1,427.00 Lakhs towards local area development fund (LADF) @ 1.5% of the final cost of the project of ₹ 160,700.00 Lakhs (after considering the expenses already incurred by the ADHPL of ₹ 984.00 Lakhs). The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed @ 1.5% of the total capital cost as reflected in Detailed Project Report of ADHPL i.e. ₹ 92,200.00 Lakhs in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by ADHPL aggregating to ₹ 1423.00 Lakhs. Had there been considered/ computed appropriately, the above said demand would not arise.

Management is of the view that ADHPL has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal

Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.

- c) The Department of Fisheries vide letter dated January 4, 2013 directed ADHPL to pay an amount of ₹ 99.75 Lakhs for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. Management is of the view that the Company is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required.

AD Hydro Power Limited has filed a writ petition in High Court of Shimla and is contesting the same on the ground that the streams identified in respect of ADHPL project are not covered in the negative list issued by Fisheries Department. ADHPL has deposited under protest an amount of ₹ 35.00 Lakhs as per interim order of High Court of Himachal Pradesh. The Hon'ble High Court of Himachal Pradesh has granted stay on the said demand.

- d) ADHPL is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against ADHPL is remote and thus these cases will not have any material impact on the financial statements and no provision is required.
- e) Based upon the legal opinion obtained by the management, there are various interpretation issues and thus is in the process of evaluating the impact of the recent Supreme Court Judgment in the case of "Vivekananda Vidyamandir Vs Regional Provident Fund Commissioner (II), West Bengal in relation to non-exclusion of certain allowances from the definition of "basis wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provisions Act, 1952.

Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on ADHPL for the previous periods, if any, cannot be ascertained.

(iv) In case of BGWPL

- a) BG Wind Power Limited has provided a bank guarantee for ₹ 8.00 Lakhs through Manikaran Analytics Limited - QCA to SLDC for Deviation Settlement Mechanism (DSM) as per RERC regulation for Forecasting and scheduling.
- b) There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard-37 as it is not probable that an outflow of resources embodying economic benefit will be required.

(v) In case of ICCS

As per information available with the management there is no contingent liability as at March 31, 2021.

(vi) In case of NJCHPL

As per the information available from the management, as certified by them, there is no contingent liability as at March 31, 2021 (previous year NIL).

(vii) In case of CHYPL

As per information available with the management there is no contingent liability as at March 31, 2021.

II. Commitments

(i) In case of MPCL

- a) Malana Power Company Limited has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura substation to Nalagarh (i.e. interstate point-substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- b) At March 31, 2021, Malana Power Company Limited has committed for non-disposal of its investment in subsidiary AD Hydro Power Limited to its lenders (similar commitment was there in the previous year also).

Apart from the above, Malana Power Company Limited does not have any long term commitments of material non-cancellable contractual commitments/contracts including derivatives contract for which there were any material foreseeable losses.

(ii) In case of ADHPL

- a) AD Hydro Power Limited has entered into Bulk Power Transmission Agreement with Power Grid Corporation of India Limited (Power grid) to avail long term open access to the transmission system of Power grid for transfer of power from Allain Duhangan HEP to Northern Region Constituents. ADHPL has agreed to share and pay all the transmission charges of Power grid for a period of 40 years from Commercial Operation Date i.e. July 29, 2010. This is being a firm commitment, recognized as an expense on receipt of monthly bills from Power grid, under the head 'Bulk power transmission charges' in the Statement of profit and loss.

Besides, in accordance with implementation agreement with Government of Himachal Pradesh (GOHP), ADHPL shall provide 12% of its deliverable energy free of cost to GOHP.

- b) AD Hydro Power Limited has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. AD Hydro Power Limited does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.

(iii) **In case of ICCS**

- a) There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard-39 as it is not probable that an outflow of resources embodying economic benefit will be required.

(iv) **In case of NHPL**

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for as on the date of balance sheet (net of advances) are ₹ NIL (previous year ₹ NIL).
- b) Estimated amount of contracts remaining to be executed on other than capital account and not provided for (net of advance) ₹ NIL (previous year ₹ NIL).

(v) **In case of CHYPL**

Chango Yangthang Hydro Power Limited has filed application to surrender the Chango Yangthang HEP 180MW to Directorate of Energy, Government of Himachal Pradesh. Therefore, Capital contracts remaining to be executed on capital account and not provided for as on the date of Balance Sheet (net of advances) are ₹ NIL (previous year ₹ NIL).

34. OTHER DISCLOSURES:

(i) **In case of holding company**

- a) Balephi Jalvidhyut Company Limited, overseas subsidiary of the company incorporated to erect Balephi HEP 50 MW (down sized to 23.52 MW) hydro power plant in Nepal. During the year 2017-2018, the company has entered into share purchase agreement with its joint venture partner M/s. Triveni Hydro Power Private Limited, Nepal dated 8th January 2018 to sell its entire 25,60,000 equity shares for consideration of ₹ 625.00 Lakhs (Nepali 100,093,750) as against its total investment of ₹ 1,600.00 Lakhs. The due date for sale was 30th June 2018, which was extended till 30th June 2019, subject to receipt of requisite approval by Nepali Party.
- Therefore, the Company has made a total impairment of ₹ 1,471.61 Lakhs (Earlier total impairment of ₹ 975.00 Lakhs) for diminution in value of investments as on March 31, 2020. The impairment of ₹ 496.61 Lakhs is debited in statement of profit & loss during the year 2019-2020.
- b) The Company has given undertaking to IDFC Infrastructure Finance Limited, India Infradebt Limited and ICICI Bank Limited for loan of ₹ 8,500.00 Lakhs and ₹ 5,900.00 Lakhs and ₹ 3,700.00 Lakhs respectively availed by Malana Power Company Limited (one of the subsidiary company) to keep the management control and ownership of Malana Power Company Limited (MPCL) at all times during the currency of the facility which would mean (i) holding at least 51% of the issued and paid up equity share capital of MPCL and (ii) the ability to appoint the majority directors on the Board of Directors of MPCL. The Company has also given undertaking to the lenders of MPCL that it will ensure that Mr. Ravi Jhunjhunwala, his family and associates companies will maintain minimum 51% equity shareholding in the company. The Company has also given undertaking to the lenders of MPCL that it will ensure that MPCL is provided with requisite technical, financial and managerial expertise to perform/ discharge its obligations.
- c) The Company has given undertaking to IDFC Infrastructure Finance Limited, India Infra Debt Fund Limited and IndusInd Bank Limited for loan of ₹ 4,400.00 Lakhs, ₹ 11,700.00 Lakhs and ₹ 16,000.00 Lakhs respectively availed by M/s AD Hydro Power Limited (one of the Subsidiary company) to ensure that Mr. Ravi Jhunjhunwala, his family and associate companies maintain a minimum of 51% equity shareholding in the company i.e. Bhilwara Energy Limited and the company continue to hold at least 51% management control and ownership in Malana Power Company Limited.

(ii) **In case of MPCL:**

- a) In respect of 200 MW Bara Banghal project in state of Himachal Pradesh for which the Malana Power Company Limited had bid and paid an upfront premium of ₹ 6,120.00 Lakhs, Malana Power Company Limited has decided to shelve off the project as the State Hydro Power Policy is not aligned with Ministry of Environment and Forest (MOEF) Policy of Government Of India which prohibits the implementation of a hydro power project in wild life / eco sensitive zone areas. In view of this, Malana Power Company Limited has filed a full amount of refund claim along with interest as per the terms and conditions of the pre-implementation agreement. Based upon the management's assessment, the amount is fully recoverable and Malana Power Company Limited is regularly following up with the Government of Himachal Pradesh. The provision of 50% of ₹ 3,060.00 Lakhs has been recorded out of abandoned caution in earlier years. However, the same shall be written back at the time of receipt of refund by Malana Power Company Limited. No further provision is considered necessary by the management.

Investment in Subsidiary and Loan to Subsidiary (ADHPL)

- b) Malana Power Company Limited has an investments amounting to ₹ 104,471.45 Lakhs (including Deemed Equity investment) in AD Hydro Power Limited (subsidiary company) and has also unsecured loan receivables amounting to ₹ 14,600.00 Lakhs as on March 31, 2021, total balance recoverable from AD Hydro Power Limited (subsidiary company) aggregating to ₹ 119,071.45 Lakhs as on March 31, 2021. As against this, net assets of AD Hydro Power Limited (subsidiary company) as on March 31, 2021 is ₹ 116,111.12 Lakhs (excluding outstanding balance of unsecured loan from Malana Power Company Limited). In view of this, Malana Power Company Limited has carried out an evaluation of AD Hydro Power Limited financial performance after taking into account the future projections and expected future cash flows. Based on such evaluation, the management is of the view that there is no impairment in the value of investments and the unsecured loans given to AD Hydro Power Limited.
- c) In 2009, Malana Power Company Limited had given sub debt to ADHPL amounting to ₹ 46,380.00 Lakhs at market interest rate and this sub debt was classified as Loans on transition to Ind AS based on the substance of

the transaction and intention of the parties at that point of time. Subsequent to the year end, on May 12, 2021, Malana Power Company Limited and ADHPL have mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780.00 Lakhs and accumulated interest of ₹ 23,395.89 Lakhs on total debt as follows:

Interest on sub debt of ₹ 31,780.00 Lakhs out of total sub debt of ₹ 46,380.00 Lakhs will be Nil from April 01, 2020. At the discretion of ADHPL, ADHPL can repay ₹ 31,780.00 Lakhs and ₹ 23,395.89 Lakhs out of distributable profits of ADHPL or as per the agreement signed between Malana Power Company Limited, ADHPL and IFC.

Based on the above modification, Malana Power Company Limited has derecognized the loan asset and accumulated interest receivable and transferred the balances to investment in ADHPL (subsidiary) and presented under "Deemed Equity Investment." The waiver of interest and modification of terms of the sub debt are not prejudicial to the interest of Malana Power Company Limited considering the parent and subsidiary relationship. The balance sub debt amounting to ₹ 14,600.00 Lakhs carry interest rate of @9.55% per annum.

(iii) In case of ADHPL:

a) Impairment of Property, Plant and Equipment's

As on March 31, 2021, ADHPL has net worth of ₹ 101,511.12 Lakhs (Previous Year ₹ 44,131.60 Lakhs) and has accumulated losses of ₹ 9,680.05 Lakhs as at March 31, 2021. Based on nancial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel, management believes that prots will continue to accrue on account of expected increase in tariff and hence no adjustments are required to the carrying amount of property, plant and equipment on account of impairment and ADHPL will have sufficient cash flow to meets its future obligations.

b) Dispute related to parties using the transmission line

On October 17, 2019, the Central Electricity Regulatory Commission (CERC) passed an Order on the Dedicated Transmission System of ADHPL for three parties using the transmission line for transmitting the energy in which CERC stated the following:-

With regards to transmission charges, CERC approved the capital cost of Dedicated Transmission System at ₹ 23,892.00 Lakhs as against the capital cost submitted by ADHPL of ₹ 41,661.00 Lakhs (on the date of COD)/ ₹ 45,284.00 Lakhs (with additional capitalization) and accordingly determined the annual fixed cost (Transmission Tariff) for using transmission line for the period 2011-2012 to 2018-2019. ADHPL has estimated an amount aggregating to ₹ 9,668.08 Lakhs being additional amount invoiced over and above the amount which should have been invoiced based on capital cost and fixed cost determined by CERC for the above stated period. The management is of the view that the methods used to derive the capital cost by the CERC are not in accordance with the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations ("regulations") for the period 2009-2014 and 2014-2019 and Electricity Act, 2003.

With respect to matter detailed in (a) above, ADHPL had filed an appeal against the CERC Order before Appellate Tribunal for Electricity (APTEL) in October 2019. APTEL vide Order dated October 17, 2019 stayed the CERC's order so far as raising adjustment of previously raised bills were concerned along with the direction to continue to issue the future bills in accordance with the CERC Order till the appeal is finally disposed-off. The Respondents were directed to pay charges in terms of the order for use of the transmission line of ADHPL. ADHPL has accordingly started raising the invoices based on the CERC order effective 18th October, 2019 and recognized as transmission income. Accordingly, trade receivables aggregating to ₹ 3,504.85 Lakhs are considered good and fully recoverable and in the opinion of the Management no provision is required towards amount already collected from the users of Dedicated Transmission Line till March 31, 2021 aggregating to ₹ 6,163.23 Lakhs.

Pending litigation and final decision on the appeal by APTEL, the Management, based on the legal opinion, is of the view that the above CERC Order is not legally tenable and would not have any material liability on ADHPL.

With regards to transmission losses, CERC directed to share the losses between the parties using the transmission line on the basis of weekly average losses in proportion to the scheduled energy on weekly basis instead of a flat charge of 4.75% charged by ADHPL as per the Interim Power Transmission Agreement (IPTA) signed between parties and accordingly directed the Northern Regional Load Dispatch Centre (NRLDC) to re-compute the same. However, the management is confident that the actual transmission losses to be computed by NRLDC would not be materially different in comparison with current flat charge of 4.75% and there would not be any material impact on the financial statements.

c) Dispute with Himachal Pradesh State Electricity Board Limited (HPSEBL)

Himachal Pradesh State Electricity Board Limited (HPSEBL) had withheld an amount of ₹ 316.68 Lakhs on account of energy not supplied to them because of shut down of plant on date August 20, 2010. In the previous year ADHPL initiated the arbitration proceedings to the recover the said amount. In 2015, the Hon'ble Arbitrator had decided the matter in favour of HPSEBL against which ADHPL has preferred an appeal before the Hon'ble High Court of Shimla. Currently the matter is under adjudication. The management is of the view that it had already informed HPSEB about the shut down as the schedule was given of NIL power for the period of shut down, therefore the claim of HPSEB is not legally tenable. However the entire receivable of ₹ 316.68 Lakhs has been provided by ADHPL in the earlier years.

d) Sub debt received from Malana Power Company Limited (MPCL)

In 2009, ADHPL had received sub debt from MPCL amounting to ₹ 46,380.00 Lakhs at market interest rate and this sub debt was classified as Loans on transition to Ind AS based on the substance of the transaction and intention of the parties at that point of time. Subsequent to the year end, on May 12, 2021, ADHPL and MPCL

have mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780.00 Lakhs out of total sub debt of ₹ 46,380.00 Lakhs and accumulated interest of ₹ 23,395.89 Lakhs on total debt as follows:-

Interest on sub debt of ₹ 31,780.00 Lakhs will be NIL from April 01, 2020. At the discretion of ADHPL, ADHPL can repay ₹ 31,780.00 Lakhs and ₹ 23,395.89 Lakhs out of distributable profits of ADHPL or as per the agreement signed between ADHPL, MPCL and IFC.

Based on the above modification, ADHPL has derecognized the loan liability and accumulated interest payable and transferred the balances to Deemed Equity Contribution and presented under "Deemed Equity Contribution" under Other Equity.

The balance sub debt amounting to ₹ 14,600.00 Lakhs carry interest rate of @9.55% per annum.

(iv) In case of BGWPL:

- a) Pending execution of the PPA expired on March 31, 2019, the Company has recognised revenue @3.14/- kWh based on the order issued by RERC vide its third amendment regulation dated 5th March 2019 for execution of the PPA to DISCOM for entire balance project life. GBI also has taken at applicable rate @0.50/- kWh.
- b) The term loans are secured by a First pari-passu charge by way of mortgage on all present and future immovable properties and by way of Hypothecation of all movable, tangible and intangible assets, receivables, cash, investments and bank accounts, operating cash flows, book debts and receivables, commissions and any other revenues of whatsoever nature and wherever arising, present and future, of the borrower.

(v) In case of ICCS:

- a) Retention and Earnest money deposit amounting to ₹ 28.58 Lakhs (previous year ₹ 8.84 Lakhs) is outstanding for recovery from various parties since long. However, the management is hopeful to recover this amount and no provision has been considered at present.
- b) Security Deposit amounting to ₹ 4.10 Lakhs (previous year ₹ 4.10 Lakhs) was given to a party is outstanding for recovery / adjustment since 2012. However, the management is hopeful to recover this amount and no provision has been considered at present.
- c) In the opinion of the Management and to the best of their knowledge and believe, the value on realization of current assets, Loan & Advances in the ordinary course of business would not be less than the amount at which they are stated in the Balance Sheet.
- d) Balance of Trade Receivable / Payable Loans / Advances are subject to confirmation.
- e) In F.Y 2011-12, PF Deposit systems were shifted to online mode from Manual submission mode. During March'12 & April'12, Company has deposited the Employee's Contribution as well as its own contribution in EPFO but due to some technical issues those contributions were not reflected in the respective employees EPFO accounts. Company raised the matter continuously with the EPFO authorities, as a result during financial year 2018-19, PF authorities returned the amount pertaining to above said period to company with stipulation that the company will redeposit the amount in respective employee's EPFO A/c.

Further, the Company has created the liability in its books of account against the amount of EPF received from PF authority and redeposited the contribution to the extent it can trace the retrenched employees. In addition to above, there is Contribution amounting to ₹ 2.44 Lakhs which is still pending to deposit on account of non-traceability of past employees.

- f) ICCS is in process of reconciling the GST Input credit taken in Books with GSTR-2A.
- g) Due Date of Last Quarter of TDS return submission is 30th June 2021 due to which TDS receivable pertaining to last quarter are not appearing in the Form 26AS due to which TDS receivable reconciliation as on 31st March 2021 has not been done.
- h) ICCS Assessment for A.Y. 2011-12 to A.Y. 2016-17 U/s 153(A) and A.Y. 2017-18 U/s 143(3) has been completed during the year under consideration. ICCS has filed the appeal with Commissioner Appeal for A.Y. 2012-13, A.Y. 2013-14, A.Y. 2014-15 & A.Y. 2017-18 against the impugned order of the Deputy Commissioner of Income Tax passed u/s 153(A) of the Income Tax Act. As the matters are still under consideration with Commissioner Appeal and in other cases assessment order effect is yet to be passed on my income tax department, TDS receivable amount pertaining to these assessment years are not adjusted by ICCS in the books of accounts.

(vi) In case of NJCHPL:

- a) Environmental Clearance (EC) of Nyamjang Chhu HEP (6X130 MW) was challenged in National Green Tribunal (NGT) by NGO. NGT in their order dated 7th April, 2016 suspended the Environment Clearance granted to the project till the directions as given in the order are complied. NGT also directed MOEF&CC to make a separate study of E-Flow requirement for protection of Habitat of the Black Neck Crane and for the conservation of the Black Neck Crane through the Wildlife Institute of India (WII).

While the studies were in progress, Government of Arunachal Pradesh issued instant notice for termination on 22nd March, 2019 invoking its right to take over the project on "AS IS WHERE IS BASIS" and allotting the same to third party. The Company filed petition challenging instant notice for termination under section 9 of Arbitration Act in District Courts of Itanagar for immediate relief to maintain the status quo which was granted vide their order dated 30th April, 2019 and the termination notice was also suspended. WII submitted its report to GoAP and the same was submitted to court on pursuance of the company. In the report, WII has recommended no construction of Nyamjnag Chhu HEP at site. The project being not viable as per WII report, an application u/s 9 was filed seeking refund of upfront premium as per provisions of MoA. District Court vide their order dated 18th March,

2020 disposed of the petition and advised to invoke arbitration within 45 days. Due to Covid 19 pandemic lockdown the company approached District Court for extension of the interim protection by another 90 days which was turned down by them. The company filed an appeal with Gauhati High Court u/s 37 of the Arbitration Act challenging the earlier orders of District Courts. An appeal was admitted by The Hon'ble High Court but interim extension was not granted.

Interim order of the Gauhati High court in this regard was challenged in Supreme Court by filing Special Leave petition. Hon'ble Supreme Court vide its order dated 08th May, 2020 granted the relief for extension with notice to the other party. The Hon'ble Supreme Court disposed off the SLP vide its order dated 17th June, 2020 and granted to the company four weeks times to take appropriate steps in respect of commencing of Arbitral proceedings and also extended the benefit of interim relief granted by District Court, if steps are taken for commencing Arbitral proceedings. Pursuant to the direction of the Hon'ble Supreme Court, the company sent legal notice for invocation of Arbitration on 10th July, 2020 through legal Counsel. GOAP vide letter dated 03rd August, 2020 replied to the company notice for invocation of arbitration and also suggested about negotiations. Thus, a short rejoinder was sent to GoAP on 10th August 2020 wherein company agreed for the negotiations as mentioned in the GoAP notice. Subsequently, a letter was received from GoAP for the negotiations and asked us to approach Chief Engineer (Monitoring), DHPD. The company has replied to GoAP and has agreed for discussion on the resolution of the issue. Recently on 5th April 2021, GoAP has advised company to take necessary action as mentioned in its previous letter. The matter relating to refund of upfront Premium is still sub-judice with Gauhati High Court.

- b) The company has license to implement a hydroelectric power project in the state of Arunachal Pradesh. Presently all activities are being carried out in process of project implementation and all direct and indirect expenditure is related to the project and, hence, forms part of capital work in progress. Preliminary expenses/ROC expenses are charged off to statement of profit & loss as period cost & other relevant details have been furnished in the note no.4 'Project & Pre-operative expenditure (pending allocation). Balance standing in this account at this of project commissioning will be allocated to the relevant assets.

c) **Micro, Small and Medium**

The Information as required to be disclosed under The Micro, Small and Medium Enterprises Development Act, 2006 ("The Act") have been determined to the extent such parties have been identified by the company, on the basis of information and records available with them. The information has been relied upon by the auditors.

d) **Impairment review**

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets.

The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations:-

- Operating margins (Earnings before interest and taxes)
- Discount rate
- Growth rates
- Capital expenditures

(vii) **In case of CHYPL:**

- a) The management is of the view that there is no reasonable or virtual certainty to recognise the deferred tax asset as the company has surrendered the project therefore as on date there is no probability of any taxable profit in future that will be available for the deferred tax assets to be utilised. Therefore, the company has not recognised deferred tax assets.
- b) Due to various socio-legal issues and non-availability of the clearances from the appropriate authorities, the Board of Directors decided to surrender the project. Accordingly, the company submitted its letter dated 11th July 2017 to Directorate of Energy, Govt. of Himachal Pradesh for surrender of the project and refund of the entire upfront premium and security deposit paid on the project.

Directorate of Energy vide letter dated 03rd May 2018 had advised the company to make a presentation on 08th Jun 2018 with complete status followed by the meeting dated 12th Jun 2018. In the said meeting, it was decided that current situation at project site and concerned villages shall be assessed jointly by team of officers from DoE, Sr. Project Authority and District Administration to ascertain the ground realities with regard to the opposition of the local people towards implementation of Chango Yangthang HEP and to gather their views in this regard.

GoHP vide Notification dated 03rd Nov, 2018 has formed a committee to deal with the issues of various projects which includes Chango Yangthang Hydro Power Limited (CYHPL).

On the direction of GoHP, a public meeting was conveyed on 14th November 2018 which was attended by various villagers of the project affected area, officials of DoE, District administration and CYHPL. During the meeting, the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project. The said committee discussed the Sutlej Valley projects on 18th Feb 2019 which included CYHPL. During the meeting

CYHPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same. In view of this, CYHPL has reiterated its demand for refund of money along with interest. The management in confident of recovering fully the upfront premium and security deposit.

- c) The Board, in order to realign the relation between assets and share capital of the Company and to accurately and fairly reflect the assets and liabilities of the Company in its books of accounts and for better presentation of the financial position of the Company, decided to reduce its share capital from ₹ 10 per share to ₹ 5 per share and accordingly filed an application with NCLT after getting requisite approval from the shareholders in the Extra Ordinary General Meeting held on 15th December, 2017.

The Hon'ble NCLT vide its order dated 08th August, 2018 approved the reduction of paid up share capital ₹ 6,000.00 Lakhs divided into 600.00 Lakhs share of ₹ 10 each to ₹ 3,000.00 Lakhs divided into 600.00 Lakhs share of ₹ 5 each.

- d) **Material Uncertainties relating to going concern**

The company has written off Capital Work in progress during the financial year 2017-2018 ₹ 2,713.18 Lakhs on account of board decision to surrender the Chango Yangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to the below main reasons/events.

Delay and uncertainty in project execution

Local Unrest - The Company has closed the project office and stop all site activities again due to continuous unrest from the local villagers and habitants from the villages of Project Area. Security and safety issues of the employees and other assets of the company have also become important now.

Protests & representations by the local panchayats and Sangharsh Samiti are continued.

The State Pollution Control Board has not been able to conduct the public hearing for the project in last two years despite the completion of all formalities from our side.

Long Delay in Government Approvals and licenses lapse

The proposal for forest clearance lying pending with the office of the Nodal Officer, State Forest Department, Shimla for want of FRA Certificates for almost two & half years.

The applications for NOC from Ministry of Home Affairs was submitted by us to Government of Himachal Pradesh vide our letter dated 27th July 2011.

It's a border area project and requires the clearance from Ministry of Defence, Government of India. The application for NOC from Ministry of Defence was filed on 20th December 2012 TEC and TOR from MoEF has expired or is expiring shortly.

Since the project is not to be executed purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities, the company requested for refund of security deposit and upfront premium paid for the project amounting to ₹ 3,969.45 Lakhs.

In response to the request dated 1 February, 2018 the Government has not considered the request of Company for surrender of the Project and refund of the Premium and Security. However, GoHP mentioned that the company can apply for the extension in time lines without levy of the extension fees till the ground situation become favorable towards implementation of Hydro Electric Projects.

The Company on 16th February, 2018 has reaffirmed their intention and asked the Authorities for their decision on application of surrender of the project since the project is not to be executed purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities.

GoHP vide Notification dated 03rd Nov 2018 has formed a committee to deal with the issues of various projects which includes Chango Yangthang Hydro Power Limited (CYHPL).

On the direction of GoHP, a public meeting was conveyed on 14th November 2018 which was attended by various villagers of the project affected area, officials of DoE, District administration and CYHPL. During the meeting, the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project.

The said committee discussed the Sutlej Valley projects on 18th Feb 2019 which included CYHPL. During the meeting CYHPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same.

This company was incorporated as a Special Purpose Vehicle for above said 180MW HEP project and is a wholly owned subsidiary of Bhilwara Energy Limited (BEL) with no external debt.

(viii) In case of BJCL, Nepal:

- a) **Going Concern**

The Financial Statements are prepared on the assumption that the Company is a going concern.

- b) **Current (Income) Tax**

Provision for current (income) tax is recognised as per applicable provisions of Income Tax Act 2058 & Rules, 2059 along with amendments that are applicable in particular income year.

- c) **Exchange rate**

Transactions in foreign currency are recognized at the exchange rates prevailing on the date of transactions. All monetary items in balance sheet which are required to be settled in foreign currency are translated applying exchange rates prevailing on the balance sheet date.

- d) Pre-operating expenses have been booked in expenses pertaining to capitalization since the company is in construction phase and it will be capitalized accordingly at the same time as the power production will commence.
- e) Mr. Trilock Chandra Agrawal, Mr. Subhash Chandra Sanghai & Mr. Ashok Kumar Agrawal has given personal Bank Guarantee of ₹ 88.50 Lakhs through Sunrise Bank to Nepal Electricity Authority on behalf of company for the PPA purpose.

(ix) Operating Leases arrangements

a) In case of BGWPL:

Operating lease relate to lease (Sublease in process) of land (Wind farm for 20 MW) with a term of 19 years 11 months. During the year Company has recognize lease rent expense of ₹ 2.34 Lakhs (previous year ₹ 2.34 Lakhs).

35. The company is operating 14 MW (7 WTGs of 2 MW each) wind power project in Maharashtra. The Power generated from this project is being sold to Maharashtra State Distribution Company Limited (MSEDCL) on long term Power Purchase Agreement (PPA) for 13 years. The agreement can be renewed or extended only by mutual written agreement with the parties.

36. RELATED PARTY DISCLOSURES

a) Enterprises that directly or indirectly through one or more intermediaries, control or are controlled by or are under common control with the reporting enterprise (this includes holding companies, subsidiaries and fellow subsidiaries).

i.	Malana Power Company Limited (MPCL)	- Subsidiary
ii.	AD Hydro Power Limited (ADHPL)	- Subsidiary of a fellow Subsidiary (MPCL)
iii.	Indo Canadian Consultancy Services Limited (ICCSL)	- Subsidiary
iv.	BG Wind Power Limited (BGWPL)	- Subsidiary
v.	NJC Hydro Power Limited (NHPL)	- Subsidiary
vi.	Chango Yangthang Hydro Power Limited (CYHPL)	- Subsidiary
vii.	Balephi Jalvidhyut Company Limited, Nepal (BJCL)	- Subsidiary

b) Associates and joint ventures of the reporting enterprise and the investing party or venture in respect of which the reporting enterprise is an associate or a joint venture;

- i. HEG Limited
- ii. Statkraft Holding Singapore PTE Limited
- iii. Statkraft Market Private Limited, India
- iv. Statkraft Invest Asia Pte. Limited, Singapore
- v. Statkraft India Private Limited
- vi. RSW Inc.

c) Individuals owning directly or indirectly, an interest in the voting power of the reporting enterprise that gives them control or significant influence over the enterprise, and relatives of any such individual.

- i. Mr. Ravi Jhunjunwala

38. DEFINED CONTRIBUTION PLAN**I. In case of holding company****(₹ in Lakhs)**

Particulars	As at March 31, 2021	As at March 31, 2020
Employer's Contribution to provident fund	11.88	12.85
Total	11.88	12.85

II. In case of MPCL:**i. Defined contribution plan****a. Superannuation Fund**

The Company makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Company. The Company is generally liable for annual contributions and any shortfall in the fund assets based on the government specified minimum rates of return and recognizes such contributions and shortfall, if any, as an expense in the year it is incurred. Having regard to the assets of the fund and the return on the investments, the Company does not expect any shortfall in the foreseeable future. The Company recognized ₹ 5.62 Lakhs (previous year ₹ 5.37 Lakhs) in the statement of profit and loss account.

b. Provident Fund

The Company makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 45.57 Lakhs (previous year ₹ 52.22 Lakhs) in the statement of profit and loss account (Refer Note 24 of MPCL Standalone).

ii. Details of defined benefit plan and long term employee benefit plan**a. Gratuity Fund**

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

b. Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

III. In case of ADHPL:**i. Defined contribution plan****a. Superannuation Fund**

The Company makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Company. The Company is generally liable for annual contributions and any shortfall in the fund assets based on the government specified minimum rates of return and recognizes such contributions and shortfall, if any, as an expense in the year it is incurred. Having regard to the assets of the fund and the return on the investments, the Company does not expect any shortfall in the foreseeable future. The Company recognized ₹ 3.69 Lakhs (previous year ₹ 4.75 Lakhs) in the statement of profit and loss account.

b. Provident Fund

The Company makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 67.58 Lakhs (previous year ₹ 68.11 Lakhs) in the statement of profit and loss account. (Refer Note 22 of ADHPL Standalone).

ii. Details of defined benefit plan and long term employee benefit plan**a. Gratuity Fund**

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

b. Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

IV. In case of ICCS:

Defined benefit plan

Disclosures including sensitivity analysis in respect of gratuity and leave encashment have been made as per the valuation of employee benefit done for the year ended March 31, 2021.

40. FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

i. Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

		(₹ in Lakhs)	
Particulars	As at March 31, 2021	As at March 31, 2020	
Variable rate borrowings	14,013.92	15,041.26	
Fixed rate borrowings	23,512.02	33,206.33	
Total	37,525.94	48,247.59	

ii. Sensitivity*

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2021 and March 31, 2020.

(₹ in Lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Effect on Profit if Interest Rate - decrease by 25 basis points	24.83	26.65
Effect on Profit if Interest Rate - increases by 25 basis points	(24.83)	(26.65)

*Not considered fixed rate borrowings for sensitivity and the sensitivity is net of tax.

II. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there is no material transaction in foreign currency. Hence, no further disclosure is required under this section.

- a) Foreign currency exposure outstanding as at Balance Sheet date: - NIL.
- b) Un-hedged foreign currency exposures as at Balance Sheet date: - NIL.

III. Price risk

The company is not exposed to any material price risk as there is no investment in equities outside the company and the company doesn't deal in commodities

b) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Loss allowance is measured using 12 months Expected credit loss (ECL)

The company is in the power generation sector. The company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers which are state government run power utility majors. Hence company has not provided for any discounting on time value of money.

c) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management.

In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:-

I. Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:-

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying value largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates evaluated by the Company based on the parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liability

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Particulars	Carrying amount (₹ in Lakhs)	Fair value As at March 31, 2021		
		Level 1	Level 2	Level 3
Financial assets				
Investment (quoted)	0.09	-	-	0.09
Loan to body corporate	-	-	-	-

Borrowings-from other party	1,031.21	-	-	1,031.21
Total	38,557.15	-	-	38,557.15

Particulars	Carrying amount (₹ in Lakhs)	Fair value As at March 31, 2020		
		Level 1	Level 2	Level 3
Financial assets				
Investment (quoted)	0.05	-	-	0.05
Loan to body corporate	-	-	-	-
Total	0.05	-	-	0.05
Financial liabilities				
Borrowings	48,247.60	-	-	48,247.60
Borrowings-from other party	966.59	-	-	966.59
Total	49,214.19	-	-	49,214.19

II. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

42. DEFERRED TAX

i. In case of holding company:-

In accordance with Ind-AS 12 "Income Taxes" Deferred tax assets are recognised only if there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In view of lack of reasonable certainty of sufficient future taxable income against which net deferred tax asset can be realised, the Company has not recognized deferred tax asset to the extent of ₹ 15,894.09 Lakhs (previous year ₹ 17,178.55 Lakhs) as on March 31, 2021.

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Tax effects constituting deferred tax assets		
Business loss brought/carried forward	16,587.94	16,587.94
Unabsorbed depreciation brought/carried forward	1,873.88	2,863.51
Provision for Leave encashment	25.27	25.56
Provision for Gratuity	50.12	46.07
Total deferred tax assets (a)	18,537.22	19,523.08
Tax effects constituting deferred tax liabilities		
Difference between tax base and book base of Property, plant and Equipment	2,643.12	2,344.53
Total deferred tax liabilities (b)	2,643.12	2,344.53
Net Deferred Tax Asset (a-b)	15,894.09	17,178.55
Less: Valuation Allowance	(15,894.09)	(17,178.55)
Net Deferred tax assets	-	-

ii. In case of BGWPL:-

In accordance with Ind AS-12 "Income Taxes" Deferred tax assets are recognised only if there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In view of lack of reasonable certainty of sufficient future taxable income against which net deferred tax asset can be realised, the Company has not recognized deferred tax asset to the extent of ₹ 6,090.23 Lakhs (previous year ₹ 5,319.98 Lakhs) as on March 31, 2021.

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Tax effects constituting deferred tax assets		
Unabsorbed Losses	548.13	548.13
Brought Forward Depreciation	3,471.92	2,728.43
Provision for Leave Encashment	2.98	3.04
Provision for Gratuity	2.64	2.44
Deferred Interest	64.62	-
Difference between tax base and book base of Property, plant and Equipment	1,902.07	2,037.95
Total deferred tax assets (a)	6,090.23	5,319.98
Tax effects constituting deferred tax liabilities	-	-
Total deferred tax liabilities (b)	-	-
Net Deferred Tax Asset (a-b)	6,090.23	5,319.98
Less: Valuation Allowance	(6,090.23)	(5,319.98)
Net Deferred tax assets	-	-

iii. In case of ADHPL:-

In accordance with Ind AS-12 "Income Taxes" Deferred tax assets are recognized only if there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In view of lack of reasonable certainty of sufficient future taxable income against which net deferred tax assets can be realized, the Company has not recognized deferred tax asset to the extent of ₹ 7,979.67 Lakhs (previous year ₹ 7,421.15 Lakhs) as on March 31, 2021.

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Tax effects constituting deferred tax assets		
Unabsorbed losses	-	-
Brought forward depreciation	28,946.27	29,403.45
Provision for employee benefits	47.86	72.55
MAT credit entitlement (also refer note 26 of ADHPL)	1,809.87	1,320.64
Total Deferred tax assets (a)	30,804.00	30,796.64
Tax effects constituting deferred tax liabilities		
Difference between tax base and book base of Property, plant and Equipment	(22,824.33)	(23,375.49)
Total Deferred tax liabilities (b)	(22,824.33)	(23,375.49)
Net deferred tax asset (a) +(b)	7,979.67	7,421.15
Less: Valuation Allowance	(7,979.67)	(7,421.15)
Net Deferred tax asset	-	-

i. In case of BJCL:-

Deferred taxes are recognized on temporary differences that arise among financial accounts and tax accounts. A deferred tax asset is recognized on future deductible difference whereas deferred tax liability is recognized on future taxable difference arising as on balance sheet date. In current financial year deferred tax has not been recognized as the company is in construction phase.

43. CAPITAL MANAGEMENT

a) Risk management

The Company's objectives when managing capital are to:-

- Safeguard their ability to continue as a going concern , so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during 2019-2020 and 2020-2021 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Net Debt	37,518.87	43,695.13
Total equity	137,279.08	134,707.94
Net Debt to Equity Ratio	0.27	0.32

Loan covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

44. INTEREST IN OTHER ENTITIES:

The Group's subsidiaries as at 31 March, 2021 are set out below:-

(a) Subsidiaries

In case of MPCL

46. The Board of Directors of the Company in its meeting held on February 02, 2021 had declared an interim dividend of ₹ 1.40 per equity share of face value 10 per share. During the year, MPCL had declared total dividend of ₹ 2,065.36 Lakhs.
47. Subsequent to the year end, on May 12, 2021, MPCL and ADHPL have mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780.00 Lakhs out of total sub debt of ₹ 46,380.00 Lakhs and accumulated interest of ₹ 23,395.89 Lakhs on total debt. Refer Note 35 (ii)-(MPCL Stand-alone).
48. Effective April 01, 2019, MPCL adopted Ind AS 116 "Leases", applied to all lease contracts existing on April 01, 2019, on the date of transition, using modified retrospective approach and has taken the cumulative adjustment to retained earnings on the date of initial application. The cumulative effect of applying the standard on retained earnings as of April 1, 2019 and on the profit for the current period and earnings per share is insignificant. Certain assets which are classified under Property, Plant and Equipment, includes Right-of-use asset (ROU) aggregating to 23.18 Lakhs as at April 01, 2019 as disclosed in Note 3. (MPCL Stand-alone)
49. The Ministry of home affairs issued Order No.40-3/2020 dated March 24, 2020, notified electricity among the essential services in its guidelines which continued to operate during lock down in the crises situation of Covid-19, declared as pandemic by World Health Organization. Malana Power Company Limited business being generation and sale of electricity is covered under essential services which is least impacted due to Covid-19. MPCL believes that thus far, there is no significant impact of Covid-19 pandemic on the financial position and performance of MPCL. Further, MPCL is not expecting any significant change in estimates as of now as MPCL is running its business and operations as usual without any major disruptions.

In case of ADHPL

50. Subsequent to the year end, on May 12, 2021, ADHPL and MPCL have mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780.00 Lakhs out of total sub debt of ₹ 46,380.00 Lakhs and accumulated interest of ₹ 23,395.89 Lakhs on total debt. Refer Note 29.3(iv)-(ADHPL Stand-alone).
51. Effective April 01, 2019, ADHPL adopted Ind AS 116 "Leases", applied to all lease contracts existing on April 01, 2019, on the date of transition, using modified retrospective approach and has taken the cumulative adjustment to retained earnings on the date of initial application. The cumulative effect of applying the standard on retained earnings as of April 1, 2019 and on the profit for the current period and earnings per share is insignificant. Certain assets which are classified under Property, Plant and Equipment, includes Right-of-use asset (ROU) aggregating to ₹ 4,132.29 Lakhs as at April 01, 2019 as disclosed in Note 3-(ADHPL Stand-alone).
52. The Ministry of home affairs issued Order No.40-3/2020 dated March 24, 2020, notified electricity among the essential services in its guidelines which continued to operate during lock down in the crises situation of Covid-19, declared as pandemic by World Health Organization. The Company's business being generation and sale of electricity is covered under essential services which is least impacted due to Covid-19. The Company believes that so far, there is no significant impact of Covid-19 pandemic on the financial position and performance of ADHPL. Further, ADHPL is not expecting any significant change in estimates as of now as ADHPL is running its business and operations as usual without any major disruptions.
53. Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.

54. The Board of Directors of the Company has reviewed the realisable value of all the Current Assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognised in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets including long term in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on May 19, 2021.

OVERALL PERFORMANCE AND THE STATEMENTS OF AFFAIRS OF THE COMPANY ARE AS UNDER:

Standalone financial performance:

The Company recorded revenue from operations of ₹ 734.80 million during the financial year 2020-21 as

compared to ₹ 925.56 million in the previous financial year 2019-20. The other income during the financial year 2020-21 was ₹ 175.30 million vis-a-vis ₹ 500.77 million in the financial year 2019-20, out of which ₹ 139.43 million other income is attributable to the interest on sub-debt provided to AD Hydro Power Limited (subsidiary company). Based on the request from the subsidiary company given to AD Hydro Power Limited (ADHPL), the interest on part sub-debt of ₹ 3,178 million is waived off and on the remaining sub debt loan amount of ₹ 1,460 million, interest is charged at 9.55% p.a.

The Net profit during the financial year 2020-21 was at ₹ 224.57 million as compared to ₹ 609.37 million in the previous financial year. The lower profitability in FY 2020-21 is because of reduced generation due to lower hydrology and lower realized tariff. The generation during the financial year 2020-21 stood at 337.92 Million Kwh as compared to 367.93 Million kWh in the previous year.

Consolidated financial performance:

The key performance of your Company's Consolidated Financial Statement for the Financial Year 2020-21 is as follows:

The Company recorded total consolidated revenue of ₹ 2,496.80 million during the financial year 2020-21 as compared to ₹ 3,265.54 million in the previous financial year. The consolidated Net profit during the financial year 2020-21 was at ₹ 998.28 million as compared to ₹ 927.35 million in the previous financial year. The Consolidated Financial Statements have been prepared by the Company in accordance with the applicable Accounting Standards. The audited consolidated financial statement together with Auditors' Report is attached herewith and forms part of this Annual Report.

NOTE ON COVID-19

The World Health Organization (WHO) had officially declared the outbreak of COVID-19 a pandemic in March 2020, after the disease caused by the new coronavirus spread to more than 100 countries and led to tens of thousands of cases within a few months.

The Members may kindly take note that the Ministry of Home Affairs, Government of India had issued Order No.40-3/2020 dated 24.03.2020, notifying electricity among the essential services in its guidelines. This allowed power companies in India to operate during lock down in the crisis situation of COVID-19, declared as pandemic by World Health Organization.

Therefore, MPCL Plant continued its operation at all times during lockdown period after complying with the guidelines issued by the Central and State Govt. Also the Company also did not expect any significant change in the accounting estimates as the Company continued to run its business and operations as usual without any major disruptions. The Members may kindly take note of this.

2. PROJECT: BARA BHANGAL HEP

The Members are aware that the Company was allotted 200 MW Bara Bhangal Hydro-electric Project (HEP) on River Ravi in Indus Basin located in District Chamba of Himachal Pradesh. As apprised to the members in the previous Report, some part of project falls under

Dhauladhar Wild Life Sanctuary (DWLS). After approval of the Govt. of Himachal Pradesh (GoHP) to implement Bara Bangahal Hydro-electric Project (200 MW) in two stages, a Supplementary Pre-Implementation Agreement (SPIA) was signed with the State Government on 03.02.2014 to implement Bara Bangahal Stage – I HEP (92 MW) which was also subsequently found in eco zone of wild life area. The Company had mentioned the difficulty due to wildlife norms, and had written to the Directorate of Energy, Government of Himachal Pradesh vide letter dated 09.12.2015, and expressed its inability in doing project. In this regard, the Company had also requested for refund of the entire amount of upfront premium of ₹ 612.00 million paid by MPCL for allotment of the project along with interest @ 12%. The Company has received communication from the Directorate of Energy, vide its letter dated 20th March 2018 stating that the request of the Company is under consideration and the decision shall accordingly be conveyed.

The Government of Himachal has so far not taken any decision in this regard. In view of this, besides constant follow up with the GoHP, the Board of Directors of the company has decided to take alternate legal recourses.

3. SUBSIDIARY, ASSOCIATE COMPANIES OR JOINT VENTURES

AD Hydro Power Limited, is the only subsidiary of your Company, is engaged in operation, maintenance and generation of 192MW hydro electric project in the state of Himachal Pradesh.

In terms of the provisions of section 136(1) of the Companies Act, 2013, the audited financial statements of AD Hydro Power Limited, subsidiary company of Malana Power Company Limited are being annexed in this Annual Report and have also been placed on the website of the Company. The financial statements of the subsidiary Company are kept for inspection by the shareholders at the registered office and corporate office of the Company.

The subsidiary Company has reported net profit of ₹ 216.87 million in the financial year 2020-21 as compared to net profit of ₹ 285.67 million in the financial year 2019-20. The generation at Allain Duhangan 192MW during the year stood at 640.51 Million kWh in the financial year 2020-21 as compared to 758.67 Million kWh in the previous financial year 2019-20.

A report on the performance and financial position of the subsidiary Company as per the Companies Act, 2013 in the Form AOC- 1 is annexed to the Consolidated Financial Statement and hence not repeated for the sake of brevity. There are no other associate or joint ventures of the Company.

4. DIVIDEND

- Your Directors do not propose any final dividend for the financial year under review.
- An interim dividend of ₹ 1.40 per share for FY 2020-21, aggregating to ₹ 206.54 million on equity share capital of the company was paid out of the profits of company to the equity shareholders whose name appeared in the Register of Members as on 2nd February 2021.

5. TRANSFER TO RESERVES

The Company has not transferred any amount to the General Reserve for the financial year 2020-21.

6. MATERIAL CHANGES AND COMMITMENTS

No material changes and commitments, affecting the

financial positing of the Company have occurred between the end of the financial year of the Company to which the financial statements relate and the date of the report.

7. INDUSTRY POTENTIAL & DEVELOPMENT

India has now become the third largest producer as well as consumer of electricity in the world with all India installed power generation capacity as on 31.03.2021 stood at 3,82,151 MW comprising of 2,34,728 MW from Thermal, 46,209 MW from Hydro, 6,780 MW from Nuclear and 94,434 MW from Renewable.

During the fiscal year 2020-21, the energy availability was 1,271 BU as against requirement of 1,276 BU kWh with a marginal shortfall of 0.4% and peak load was 189 GW as against peak demand of 190 GW with a marginal shortfall of 0.4%. The average monthly market clearing price at the Indian Energy Exchange (IEX) remained moderate taking the average price to ₹ 2.82/kWh in 2020-21 @ Regional Periphery. During 2020-21, total short term power transactions were approximately 12% of yearly generation.

The slowdown caused by first and second wave of Covid-19 is now slowly opening up and all India power consumption is showing an increasing trend. Peak power demand has touched the milestone figure of 200 GW in July 2021 itself and it can be ascertained that the peak power demand will increase further in near future thereby creating more opportunities for Merchant Power Plants in catering such increased demand for power. However, any resurgence in infections leading to lockdown restrictions would remain a key downside risk for the demand.

In order to speed up the development of hydro power, from time to time, the Govt. of India has been taking policy initiatives. Recently Ministry of Power (MoP), vide its notification dated 8th March 2019, has declared large hydropower projects including pumped storage projects as renewable energy source and in its order dated 29th January, 2021, ministry also announced the trajectory for Hydro Purchase Obligation (HPO) from eligible Large Hydro Projects.

Renewable Energy being the major thrust area under power sector development, has seen a consistent and significant capacity addition over the years. Renewable Energy currently constitutes 24.7% (Mar'21) of the overall installed capacity compared to 3.3% share in 2002. During 2020-21. As of March 2021, India's Renewable Energy installed capacity stood at 94.43 GW.

Going forward, energy dynamics are changing with the increasing share of renewable power. This may lead to voltage & frequency fluctuations as well as demand – supply mismatch. Thus energy demand and supply dynamics, transmission system capabilities and grid balancing mechanism need to be addressed. Energy Storage System (ESS) could play a significant role to act as ancillary reserves for managing fluctuations in renewable power generation at the grid level.

The country's power sector is witnessing a shift from fossil fuels to clean energy and today we are in the middle of an energy transition. The role of power sector is now extended to facilitate the growth of new technologies through strong policies and programs in addition to mere generation & supply of power.

8. CORPORATE GOVERNANCE

Your Company is committed to maintain the highest standards of corporate governance and adhere to the corporate governance requirements set out by under the Companies Act, 2013.

Your Company is committed to achieving the higher standard of Corporate Governance by application of the best management practices, compliance with law, adherence to ethical standards and discharge of social responsibilities. Your Company has in all spheres of its activities adequate checks and balances to ensure protection of interest of all stakeholders. Your Company also endeavors to share, with its stakeholders' openly and transparently, information on matters which have a bearing on their economic and reputational interest.

The majority of the Board comprises of Non-Executive Directors including Independent Directors appointed under the Companies Act, 2013, who play a critical role in imparting balance to the Board processes, by bringing an independent judgment to decide on issues of strategy, performance, resources, standards of Company's conduct, etc. The Audit Committee of the Board provides assurance to the Board on the adequacy of Internal Control Systems and Financial Systems.

9. INTERNAL CONTROL SYSTEMS AND ADEQUACY THEREOF

The Company has an adequate internal control system commensurate with the size and nature of its business. An internal audit program covers various activities and periodical reports are submitted to the management. The Audit Committee reviews financial statements, internal audit reports along with internal control systems. The Company has a well-defined organizational structure, authority levels, delegation of powers and internal rules and guidelines for conducting business transactions.

7.	Mr. Rahul Varshney (entitled to attend only 1 meeting as Director)	Additional Director	1	1

17. MEETINGS OF THE COMMITTEES

At present, the Board has three Committees: (i) Audit committee, (ii) Nomination and Remuneration Committee, (iii) Corporate Social Responsibility Committee.

According to requirements under the Companies Act, 2013, the meetings of the Committees of the Board were

conducted as and when required and their decisions and recommendations were duly accepted by the Board.

The following are the compositions and attendance of the above mentioned committees.

(i) AUDIT COMMITTEE

As per section 177 of the Companies Act, 2013, your Board has constituted an Audit Committee whose roles and responsibilities are to review the Company's financial results, review Internal Control Systems, Risk and Internal Audit Reports. The proceedings of the Committee have been in accordance with the provisions of the Companies Act, 2013 and Rules made thereunder. All the recommendations of the Audit Committee were duly accepted by the Board during the financial year 2020-21.

The composition as well as the Audit Committee meetings held in the financial year 2020-21 is as below:

Composition of the Committee

All the Members of the Committee possess knowledge of corporate finance, accounts and corporate laws. The Statutory Auditors, Internal Auditors and Senior Executives of the Company were invited to attend the respective meetings of the Committee. The Company Secretary acts as the Secretary to the Committee.

S. No.	Name of Member	Designation	Category
1	Ms. Tima Iyer Utne	Member	Non-Executive Director
2	Dr. Kamal Gupta	Member	Non-Executive Independent Director
3	Mr. Tantra Narayan Thakur	Member	Non-Executive Independent Director

• Meetings and attendance

The Audit Committee had met four times during the financial year to review the financial statements and the Internal Audit Reports of the Company. The meetings were held on 4th June 2020, 31st July 2020, 29th October 2020 and 2nd February 2021 respectively.

The attendance for the above mentioned meetings are as below:

S. No.	Name of Member	Category	No. of Meetings held	No. of Meetings Attended
1.	Ms. Tima Iyer Utne	Chairperson	4	4
2.	Dr. Kamal Gupta	Member	4	4
3.	Mr. Tantra Narayan Thakur	Member	4	4

(ii) NOMINATION AND REMUNERATION COMMITTEE

As per section 178 of the Companies Act, 2013, your Board had constituted Nomination and Remuneration Committee. The proceedings of the Committee have been in accordance with the provisions of the Companies Act, 2013 and Rules made thereunder. The NRC policy may be accessed on the Company's website.

The Composition of the Committee is as under:

For the financial year 2020-21, the composition of

the Nomination and remuneration Committee was as follows:

S. No.	Name of Member	Designation	Category
1	Ms. Tima Iyer Utne	Member	Non-Executive Director
2	Dr. Kamal Gupta	Member	Non-Executive Independent Director
3	Mr. Tantra Narayan Thakur	Member	Non-Executive Independent Director

The Company Secretary acts as the Secretary of the Committee.

• **Meetings and attendance**

The Nomination and Remuneration Committee had met two times during the financial year. The meetings were held on 31st July 2020 and 2nd February 2021 respectively.

The attendance for the above mentioned meetings are as below:

S. No.	Name of Member	Category	No. of Meetings held	No. of Meetings Attended
1.	Ms. Tima Iyer Utne	Member	2	2
2.	Dr. Kamal Gupta	Member	2	2
3.	Mr. Tantra Narayan Thakur	Member	2	2

(iii) **CORPORATE SOCIAL RESPONSIBILITY COMMITTEE**

Your Company has been diligently following the Corporate Social Responsibility policies. As part of its initiatives under Corporate Social Responsibility (CSR), the Company had undertaken projects in the areas of promotion of Education, taking initiatives towards Community Service and rural development, Healthcare, Plantation & Environmental Development, Protection of art, culture etc. These projects were in accordance with the CSR Policy of the Company and Schedule VII of the Companies Act, 2013 and Rules made thereunder.

As per the Companies Act, 2013, all the companies which having net worth of ₹ 500 crore or more, or a turnover of ₹ 1000 crore or more, or a net profit of ₹ 5 crore or more are required to constitute CSR Committee of the Board of Directors comprising three or more Directors out of which atleast one should be the Independent Director. All such Companies are required to spend atleast 2% of its average net profit on the three preceding financial years on the CSR related activities.

During the financial year 2020-21, the amount for CSR expenditure was ₹ 18.65 Million (being 2% of average net profit before tax of last three financial years) as per the provisions of Companies Act, 2013 and rules made there under plus ₹ 0.22 million Carry forward of Unspent CSR amount from previous financial year 2019-20, aggregating to ₹ 18.87 million. The Company had spent ₹ 6.07 million on CSR in the financial year 2020-21 and ₹ 12.80 million remained unspent.

The Company had obtained the approval of the Board

to transfer the unspent CSR amount of approx. ₹ 12.80 million for FY 2020-21 into a separate escrow bank account maintained with ICICI Bank Limited. The account was opened with ICICI Bank and the unspent CSR funds were transferred to this account. All the expenditures on the following two ongoing projects only would be routed through the Board approved escrow bank account only:

- Construction of "Government school building" for Gram Panchayat at Village Prini: ₹ 11.80 million, and
- Construction of Sarwati Vidya Mandir School : ₹ 1.00 million

The Company shall keep on taking the endeavors to meet the expenditure planned for CSR activities. The CSR policy may be accessed on the Company's website at the link mentioned below: http://malanapower.com/docs/MPCL_CSR_Policy.pdf

The Annual Report on CSR activities is enclosed as **Annexure VI**, forming part of this report.

The composition of the Corporate Social Responsibility Committee is as under:

S. No.	Name of Member	Designation	Category
1	Mr. Ravi Jhunjhunwala	Member	Chairman & Managing Director
2	Ms. Tima Iyer Utne	Member	Non-Executive Director
3	Dr. Kamal Gupta	Member	Non-Executive Independent Director

• **Meetings and attendance**

The committee had met four times on 4th June 2020, 31st July 2020, 29th October 2020 and 2nd February 2021 respectively. The attendance for the committee is as follows:

S. No.	Name of Member	Category	No. of Meetings held	No. of Meetings Attended
1.	Mr. Ravi Jhunjhunwala	Chairman & Managing Director	4	3
2.	Ms. Tima Iyer Utne	Non-Executive Director	4	3
3.	Dr. Kamal Gupta	Non-Executive Independent Director	4	4

(iv) **INDEPENDENT DIRECTORS' MEETING**

During the financial year 2020-21, the Independent Directors met on 19th March 2021, without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Managing Director and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

(v) BOARD EVALUATION:

The Board is responsible for undertaking a formal annual evaluation of its own performance, committees and individual Directors with a view to review their functioning and effectiveness and to determine whether to extend or continue the term of appointment of the independent directors. During the year, the Board carried out the performance evaluation of itself, Committees and each of the executive directors/non-executive directors/independent directors excluding the director being evaluated. The evaluation of performance of Independent Director is based on the criteria laid down in the Nomination and Remuneration policy which includes knowledge and experience in the field of power sector, legal, finance and CSR activities. Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its committee and its member individually was adjudged satisfactorily.

18. MEETING OF THE MEMBERS

The Annual General meeting of the members was held on 24th September 2020.

19. VIGIL MECHANISM /WHISTLE BLOWER

The Board on the recommendation of Audit Committee has adopted a Whistle Blower Policy. The details of the same are disclosed on the website of the Company and a web link thereto is as under:

http://malanapower.com/docs/MPCL_Whistle_Blower_Policy.pdf

20. INTERNAL FINANCIAL CONTROL (IFC) SYSTEM AND THEIR ADEQUACY:

The Directors are responsible for laying down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively. As per Section 134(5) (e) of the Companies Act, 2013, the Directors' Responsibility Statement shall state the same.

Your Company has adopted the IFC framework as guidance, for ensuring adequate controls and its effectiveness within the company. The process of assessment of IFC would require setting up of an internal controls function in the organization. The Accounts & Finance Team has been trained to implement and evaluate the design and operating effectiveness of the IFC framework. The framework also focuses on internal controls over financial reporting (ICFR) that are put in place to develop and maintain reliable financial data, and to accurately present the same in a timely and appropriate manner. The framework refers to the policies and procedures adopted by the company for ensuring, orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, timely preparation of reliable financial information.

The IT controls provide reasonable assurance of achieving the control objectives related to the processing of financial information within the computer processing environment. IT controls ensures appropriate functioning of IT applications and systems built by the organization to enable accurate and timely processing of financial data.

Your Company deploys best in class applications and systems which streamline business processes, to improve

performance and reduce costs. These systems provide seamless integration across modules and functions resulting into strong MIS platform and informed decision-making by the Management.

The company has adequate and effective internal financial control in place which is being periodically evaluated. The Company has put in place strong internal control systems and best in class processes commensurate with its size and scale of operations. Internal Financial Control is a continuous process operating at all levels within the Company.

The ICFR is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable accounting principles and policies & procedures.

21. CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES

All the related party transactions entered into during the financial year were on an arm's length basis and were in the ordinary course of business. Your Company had not entered into any transactions with related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC 2 is not applicable.

22. STATUTORY AUDITORS

The members had appointed **M/s Deloitte Haskins & Sells LLP**, (Firm Registration Number is 117366W /W-100018), Chartered Accountants, as the Statutory Auditors of the Company on 28th September 2017 for a term of 5 years, to hold office from the conclusion of the 20th Annual General Meeting until the conclusion of the 25th Annual General Meeting of the Company. Further the statutory auditors had confirmed that the said appointment, when made, was within the prescribed limits under Section 141(3)(g) of the Companies Act, 2013 and also the statutory auditor is not disqualified under section 141(3) of the Companies Act 2013.

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Statutory Auditors expressed an unmodified opinion in the audit reports with respect to audited financial statements for the financial year ended March 31, 2021. The Auditors' Report does not contain any qualification, reservation adverse remark or disclaimer which requires any explanation from the Board of Directors.

23. COST AUDITORS

The Cost Audit for financial year ended March 31, 2020 was conducted by M/s K.G. Goyal & Co., Cost Accountants (Firm Registration No. 0017). The Cost Audit Report in XBRL mode for financial year ended March 31, 2020 was filed within the due date. The Cost Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

Based on the Audit Committee recommendations at its meeting held on 2nd February 2021, the Board has approved the re-appointment of M/s K.G. Goyal & Co., Cost Accountants (Firm Registration No. 0017), as the Cost Auditors of the Company for the financial year 2021-22 at a remuneration of ₹ 0.45 lakhs plus service tax and out of pocket expenses that may be incurred by them

during the course of audit. As required under the Companies Act, 2013, the remuneration payable to the cost auditor is required to be placed before the Members in a general meeting for their ratification. Accordingly, a Resolution seeking Member's ratification for the remuneration payable to M/s K.G. Goyal & Co., Cost Auditors is included in the Notice convening the Annual General Meeting.

24. SECRETARIAL AUDITORS

The Company had appointed M/s. P. Kathuria & Associates, Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2020-21, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed herewith as **Annexure IV** for kind attention of the Members. The Secretarial Audit Report does not contain any qualification, reservation adverse remark or disclaimer.

25. INTERNAL AUDITORS

Based on the Audit Committee recommendations, the Board had appointed M/s. BGJC & Associates LLP, Chartered Accountants as the Internal Auditors of the Company for a period of three years i.e. FY 2020-21, FY 2021-22 and FY 2022-23, subject to review of their performance from time to time.

26. REPORTING OF FRAUD BY THE AUDITORS'

During the year under review, the Statutory Auditor, Secretarial Auditor, Cost Auditor and Internal Auditor of the Company have not reported any matter under section 143(12) of the Companies Act, 2013. Therefore, no detail regarding reporting of fraud is required to be disclosed under section 134(3)(ca) of the Companies Act, 2013.

27. RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. Further, to manage the Risk, the Company has in place Operations & Steering Committee (OSC) and a Policy thereto, which inter alia includes the Risk Management Policy including mitigation plans. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The annual strategic planning done by OSC provides platform for identification, analysis, treatment and documentation of key risks. It is through this annual planning process that key risks and risk management strategies are communicated to the Board. The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

28. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors confirm that:

- i. In preparation of the annual accounts, the applicable accounting standards have been followed and there are no material departures from the same;
- ii. They have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year ended 31st March, 2021 and of the profit of the Company for the year under review;
- iii. They have taken proper and sufficient care for maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities;
- iv. They have prepared the annual accounts on a going concern basis;
- v. That proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- vi. They have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

29. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

30. EXTRACT OF ANNUAL RETURN

The details forming part of the extract of the Annual Return inform MGT-9 is annexed herewith as **Annexure V**. The Annual Return and also the extract of Annual Return in form MGT-9 is also placed on the website of the Company www.malanapower.com

31. GENERAL DISCLOSURE

- The company has maintained the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013, and accordingly such accounts and records are made and maintained by the company.
- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. The company has complied with provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. No complaints were received during the financial year 2020-21.
- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- During the year, there was no change in the issued share capital of the company.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported during the Financial Year 2020-21.

Annual Report 2020-21

- The Company is in compliance of all the applicable secretarial standards issued by The Institute of Company Secretaries of India, issued from time to time.

32. ACKNOWLEDGEMENT

Your Directors' place on record their sincere appreciation for the co-operation and support received by your Company from the Ministry of Power, Government of Himachal Pradesh, Ministry of Corporate Affairs, Central and State Government and other government agencies, Lenders, Banks, Financial Institutions, PTC India Limited, Statkraft Markets Private Limited, India Energy Exchange and our valued customers, who have continued their valuable support and encouragement during the year under review. Board also thanks the employees at all levels, for the dedication, commitment and hard work put in by them for Company's achievements.

Your involvement as shareholders is greatly valued and appreciated. The Directors look forward to your continuing support.

ANNEXURE III TO THE DIRECTORS' REPORT

NOMINATION & REMUNERATION POLICY

Pursuant to Section 178 of the Companies Act, 2013 and Rules made thereunder, Malana Power Company Limited is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company already had a Remuneration Committee with three Non-Executive Directors. In order to align the same with the provisions of the Companies Act, 2013, and Rules made thereunder from time to time, the Board of Directors at their meeting held on the 16th March, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules made thereunder, applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

1. OBJECTIVE

The Key Objectives of the Committee would be:

- a) to advise the Board in relation to appointment, appraisal and removal of Directors, Key Managerial Personnel and Senior Management of the Company.
- b) to evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation of the Board.
- c) to recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

2. DEFINITIONS

- (a) "Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.
- (b) "Board" means Board of Directors of the Company.
- (c) Key Managerial Personnel (KMP), means:
 - i. Chief Executive Officer or the managing director or the manager;
 - ii. Company Secretary,
 - iii. Whole-time Director;
 - iv. Chief Financial Officer; and
 - v. such other officer as may be prescribed.
- (d) Senior Management: Senior Management means personnel of the company who are members of its core management team excluding the Board of Directors. This would also include all members of management one level below the executive directors including all functional heads.

3. ROLE OF COMMITTEE

The role of the Committee inter alia will be the following:

- a) reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy, with the objective to diversify the Board;
- b) to recommend to the Board the appointment and removal of Director or Key Managerial Personnel or Senior Management Personnel.
- c) to carry out evaluation of Director's performance.
- d) assessing the independence of independent directors;
- e) to make recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract;
- f) making recommendations to the Board on the remuneration/fee payable to the Directors/ KMPs/Senior Officials so appointed/re-appointed;
- g) ensure that level and composition of remuneration of Directors, KMP's and Senior Management is reasonable and sufficient. The relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- h) to devise a policy on Board diversity;
- i) to develop a succession plan for the Board and Senior Management and to regularly review the plan;
- j) such other key issues/matters as may be referred by the Board or as may be necessary in view of the provision of the Companies Act, 2013 and Rules made thereunder.

4. MEMBERSHIP

- a) The Committee shall consist of a minimum 3 non-executive directors, majority of them being independent. However, the Chairperson of the Company (whether executive or non-executive) may be appointed as a member of the Nomination and Remuneration Committee, but shall not chair such Committee.
- b) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

5. CHAIRMAN

- a) Chairman of the Committee shall be a Non-executive Director.
- b) Chairperson of the Company may be appointed as a member of the Committee but shall not be a Chairman of the Committee.
- c) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- d) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

6. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

7. COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

8. SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

9. VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

10. POLICY ON BOARD DIVERSITY

The Nomination and Remuneration Committee shall ensure that Board of Directors have the combination of Directors from different areas /fields or as may be considered appropriate in the best interest of the Company. The Board shall have atleast one Board member who has accounting/ financial management expertise.

11. NOMINATION DUTIES

The duties of the Committee in relation to nomination matters include:

1. Ensuring that there is an appropriate induction & training Program in place for new Directors and members of Senior Management and reviewing its effectiveness;
2. Ensuring that on appointment to the Board, Non-Executive Directors receive a formal letter of appointment in accordance with the Guidelines provided under the Companies Act, 2013;
3. Determining the appropriate size, diversity and composition of the Board;
4. Follow a formal and transparent procedure for selecting new Directors for appointment to the Board, Key Managerial Personnel's and Senior Management Personnel;
5. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
6. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
7. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
8. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
9. Considering any other matters as may be requested by the Board;

12. REMUNERATION DUTIES

The Committee will recommend the remuneration/fee to be paid to the Managing Director, Whole-time Director, other Directors, Key Managerial Personnel and Senior Management Personnel to the Board for their approval.

The level and composition of remuneration/fee so determined by the Committee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management of the quality required to run the Company successfully. The relationship of remuneration/fee to performance should be clear and meet appropriate performance benchmarks. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Director/ Managing Director

Besides the above Criteria, the Remuneration/ compensation/ commission/fee to be paid to Director/ Managing Director/ Whole Time Director shall be governed as per provisions of the Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

2. Non-executive Independent Directors

The Non-Executive Independent Director may receive remuneration by way of sitting fees for attending meetings of Board or Committee thereof. Provided that the amount of such fees shall be subject to ceiling/ limits as provided under Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

3. Key Managerial Personnel's /Senior Management Personnel etc

The Remuneration to be paid to Key Managerial Personnel's/ Senior Management Personnel shall be based on the experience, qualification, performance and expertise of the related personnel and governed by the limits, if any prescribed under the Companies Act, 2013 and Rules made thereunder or any other enactment for the time being in force.

4. Directors' and Officers' Insurance

Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel's/ Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

13. EVALUATION/ ASSESSMENT OF DIRECTORS OF THE COMPANY

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis.

The following criteria may assist in determining how effective the performances of the Directors have been:

- Contributing to clearly defined corporate objectives & plans
- Obtain adequate, relevant & timely information from external sources
- Review of strategic and operational plans, objectives and budgets
- Regular monitoring of corporate results against projections
- Identify, monitor & take steps for mitigation of significant corporate risks
- Assess policies, structures & procedures
- Review management's succession plan
- Effective meetings
- Assuring appropriate board size, composition, independence, structure
- Clearly defining roles & monitoring activities of committees

Additionally, for the evaluation/assessment of the performances of Managing Director(s)/Whole Time Director(s) of the Company, following criteria may also be considered:

- Leadership abilities
- Communication of expectations & concerns clearly with subordinates
- Direct, monitor & evaluate KMPs, senior officials

Evaluation on the aforesaid parameters will be conducted by the Independent Directors for each of the Executive/Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors on the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

14. DISCLOSURE

The Remuneration policy and the evaluation criteria shall be disclosed in the Board's Report.

15. MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.

16. DEVIATIONS FROM THIS POLICY

Deviations on elements of this policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case. However, this shall be subject to the approval of Board of Directors on the recommendation of Nomination and Remuneration Committee of the Company.

ANNEXURE IV TO THE DIRECTORS' REPORT

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
Malana Power Company Limited (CIN: U40101HP1997PLC019959)
Himachal Pradesh

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Malana Power Company Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter: I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; **(Not applicable to the Company during the Audit period)**
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): **(All the following Regulations including amendments, if any, from time to time are not applicable to the Company during the Audit period)**
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) Other law applicable specifically to the Company, as identified and on the basis of representation given by the management:
 - The Indian Electricity Act, 2003 and the Rules/ Regulations made thereunder; and
 - The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India. (Notified and effective from 1st July, 2015 and the revised version effective from October 1st, 2017).
- (ii) The SEBI (Listing Obligations and Disclosure Requirement) Regulation, 2015.

(Not Applicable to the Company during the Audit period)

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. -The changes in the composition of the Board of Directors during the period under review were carried out in compliance with the provisions of this Act.

Normally adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaning full participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be. There was no dissenting vote for any matter.

I further report that I have relied on the representation made by the Company and its officers for system and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. Therefore, I am of the opinion that the management has adequate systems and processes in the company commensurate with

the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report, during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the Company's affairs.

This report is to be read with my letter of even date which is annexed as "Annexure I" and forms an integral part of this report.

'Annexure I'

To
The Members,
Malana Power Company Limited (CIN: U40101HP1997PLC019959)
Himachal Pradesh

My report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. I believe that the processes and practices I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial record and Books of Accounts of the company since the same have been subject to review by Statutory Auditor.
4. Where ever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The Compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of documents perused by us.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITORS' REPORT (Standalone)

To the Members of Malana Power Company Limited Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Malana Power Company Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 31.1 (ii) of the standalone financial statements, which describes the uncertainty relating to the effects of outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL).

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the standalone financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism

throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required

by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements; Refer note 31.1 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer note 31.2 to the standalone financial statements.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. Refer note 19 to the standalone financial statements.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Malana Power Company Limited** (“the Company”) as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

(i) In respect of Property, plant and equipment’s:

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.

- (b) The Property, Plant and Equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the Property Plant and Equipment at reasonable intervals. According to the information and explanation given to us, no discrepancy was noticed on such verification.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the award letter and certificate of mutation provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings, are held in the name of the Company as at the balance sheet date. Further, immovable properties of land and buildings whose title deeds have been pledged as security for term loans are held in the name of the Company based on the confirmation received from IDBI Trusteeship Services Limited (the security trustee).
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.
- (iii) According to the information and explanations given to us, the Company had granted unsecured loans amounting to Rs. 46,380 Lakhs to a subsidiary Company in earlier years, in respect of which:
- (a) The terms and conditions of the grant of such loans are, in our opinion, *prima facie*, not prejudicial to the Company's Interest.
- (b) The schedule of repayment of principal and payment of interest has not been stipulated and in the absence of such schedule, we are unable to comment on the regularity of the repayments or receipts of principal amounts and interest.
- (c) Since, there is no schedule of repayment as stated in (b) above, there is no overdue amount as at the balance sheet date.
- According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 other than those stated above.
- (iv) According to the information and explanations given to us, clause (iv) of the Order is not applicable to the Company.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit from the public during the year. The Company does not have any unclaimed deposits and accordingly the provisions of Section 73 to 76 or any other relevant provision of the Companies Act 2013 are not applicable to the Company.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company is regular in depositing undisputed statutory dues including Provident Fund, Goods and Services Tax, cess and other statutory dues applicable to it to appropriate authorities and is generally been regular in depositing the Income Tax with the appropriate authorities. The provisions related to Customs Duty and Employee State Insurance is not applicable to the Company. Also, refer to the Note No.31.1(iii) in the financial statement regarding management assessment on certain matters relating to the provident fund.
- (b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and Services Tax, cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
- (c) There are no dues of Goods and Services Tax, Services tax, Excise duty, Sales tax, Customs duty and Value added tax as on March 31, 2021 on account of disputes. Details of dues of Income-tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

Name of the Statute	Nature of the Dues	Amount involved (₹ in lacs)	Amount unpaid (₹ in lacs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income-tax	102.82	102.82	(A/Y) 2009-10, 2011-12	High Court
Income Tax Act, 1961	Income-tax	71.19	60.51	(A/Y) 2013-14	CIT (Appeals)
Income Tax Act, 1961	Income-tax	39.87	39.87	(A/Y) 2012-13, 2014-15	Income Tax Appellate Tribunal

- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks and Government. The Company has not issued any debentures.
- (ix) In our opinion and according to the information and explanations given to us, money raised by way of term loans have been applied by the Company during the year for the purposes for which they were raised. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments).

- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013 and rule 7 of the Companies (Appointment and remuneration of Managerial personnel) rules, 2014.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of the Order is not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 CORPORATE INFORMATION

Malana Power Company Limited (hereinafter referred to as 'the Company') is engaged in the generation of hydroelectric power and development of hydro power projects. The Company has set up 86 MW hydroelectric power generation project. The Company has the necessary permission from the Government of Himachal Pradesh to own, operate & maintain the project and sell power for a period of forty years from the date of commercial operation i.e. July 5, 2001 with the option to avail a further extension for a maximum period of twenty years after renegotiation of terms and conditions. The Company is a company limited by shares incorporated in India. Its parent and ultimate holding Company is Bhilwara Energy Limited.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of financial statement

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The financial statements have been prepared on the historical cost basis, except where different basis is mentioned in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Amendments to Ind AS 1 and Ind AS 8 - Definition of "material"

The Company has adopted the amendments to Ind AS 1 and Ind AS 8. The amendments make the definition of material in Ind AS 1 easier to understand and are not intended to alter the underlying concept of materiality in Ind ASs. The concept of 'obscuring' material information with immaterial information has been included as part of the new definition.

The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'. The definition of material in Ind AS 8 has been replaced by a reference to the definition of material in Ind AS 1. In addition, the MCA amended other standards that contain the definition of 'material' or refer to the term 'material' to ensure consistency.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

2.2 Summary of significant accounting policies

a. Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future period if the revision affects both current and future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

I Service Concession Arrangements

Management has assessed applicability of Appendix D of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Company. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

II Useful lives and residual value of property, plant and equipment, intangible assets and Investment Properties

Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc and same is reviewed periodically, including at each financial year end.

III Deferred tax assets

The Company reviews the carrying amount of deferred tax assets including MAT credit at the end of each reporting period and recognized to the extent that it is probable that sufficient taxable profits will be available to utilize the deferred tax asset including MAT.

IV Claims and Litigations

The Company is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Company reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Company establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Company's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Company evaluates, among other factors, the degree of probability of an unfavourable outcome and the ability to make a reasonable estimate of the amount of the loss. The Company does not record liabilities when the likelihood that the liability has been incurred is probable, but the amount cannot be reasonably estimated. Based upon present information, the Company determined that there were no matters that required an accrual as of March 31, 2021 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

V Impairment Assessment

At each reporting date, the Company reviews the carrying amounts of its PPE, investment in subsidiary and loan to subsidiary to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with an indefinite useful life are tested for impairment at least annually and whenever there is an indication at the end of a reporting period that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount.

b. Revenue Recognition

The Company recognise revenue at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Company's sales revenue is divided into following categories:

Revenue from generation and supply of Power ("Revenue from Power Supply"):

Revenue from sale of power is recognised when persuasive evidence of an arrangement exists, the fee is fixed or determinable, energy is supplied (i.e. performance obligation is satisfied) and collectability is reasonably assured. The revenues from generation and supply of power is recognised at the amount of which the entity has a right to invoice which coincides with the electricity scheduled to be transmitted to the customers. The difference between scheduled and actual transmitted energy is recognized as Unscheduled Interchange (U/I) charges and are adjusted with the revenue recognized on accrual basis. In an arrangements where the Company sells power on an exchange, the exchange is determined to be the customer. This is based on the fact that the Company has enforceable contracts with the exchanges.

Revenue from sharing of Transmission line ("Transmission Income"):

Revenue is recognized on the basis of periodic billing to consumers / state transmission utility and is measured based on the consideration to which the Company expects to be entitled from a customer, net of returns and allowances, discounts, volume rebates and cash discounts excluding taxes or duties collected on behalf of the government.

Voluntary emission rights (VER) and I-REC

Revenue is recognized on registration and successful authentication of carbon emission reductions.

Other Income

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

c. Inventory Valuation

Inventories comprising of components, stores and spares are valued at lower of cost and net realizable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

d. Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation:

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has used the following useful life to provide depreciation on its Property, Plant and Equipment.

Assets	Useful life (Years)
Buildings other than factory buildings	60
Plant and Machinery used in generation, transmission and distribution of power	40
Hydraulic Works (Dam, Reservoir, Barrage etc)	40
Factory Buildings	30
Plant and Machinery	15
Electrical Installations	10
Furniture and Fixtures	10
Roads	10
Vehicles	8
Computers and Data processing equipment's	3-6
Office equipment's	5

e. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years. The Company has considered the useful life of 3 years to provide amortization on Software.

The intangible assets are assessed for impairment whenever there is indication that the intangible assets may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

f. Leases

The Company assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (1) The contract involves the use of an identified asset,

- (2) The Company has substantially all of the economic benefits from use of the identified asset, and
- (3) The Company has the right to direct the use of the identified asset.

Company as a lessee

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

Leases where the Company does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

g. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using weighted average cost of capital that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations cover the useful life of the project.

Impairment losses (if any) are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount.

h. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Equity instrument in subsidiary carried at cost.

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in the finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

As at March 31, 2021, the Company does not have any debt instrument measured at FVTPL or FVTOCI.

Equity investments

All equity investment (other than equity investment in subsidiary) in scope of Ind AS 109 are measured at fair value. Equity instruments in subsidiary are carried at cost in financial Statements less impairments, if any. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's standalone balance sheet) when:

- The contractual rights to receive cash flows from the asset have expired, or
- When the Company transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in a separate component of equity is reclassified to profit or loss. In contrast, on derecognition of an investment in an equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in a separate component of equity is not reclassified to profit or loss, but is transferred to retained earnings.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Trade receivables or any contractual right to receive cash or another financial asset

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a

financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

Financial guarantee contracts

Financial guarantees issued by the Company on behalf of subsidiary company are integral part of the debt instrument. Hence, no accounting has been done separately in the standalone financial statements.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i. Foreign currency

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss

arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

j. Retirement and other employee benefits

1 Defined Contribution Plan:

1. Provident Fund: Contribution are made to the regulatory authorities and are recognised as employee benefits expense in the statement of profit and loss as and when due. This benefits is classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.
2. Superannuation Fund: Contribution towards Superannuation Fund is administered by a trust set up by the Company, which is recognized by the Income Tax authorities. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

2 Defined Benefit Plan:

Gratuity

The Employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with ICICI Prudential Life Insurance company Limited and Bajaj Allianz. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Company contributes to the Company Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with ICICI Prudential Life Insurance company Limited and Bajaj Allianz is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in notes to standalone financial statements. The Company recognises the following changes in the net defined benefit obligation under Employee benefit expense in statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

3 Other Long Term Employee Benefits:

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

k. Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

i. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

m. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

n. Contingent Liability

A Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

o. Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p. Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

q. Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

As on the reporting date, the Company does not have any financial instrument which has been measured either through FVTPL or FVTOCI.

r. Current versus Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- 1 Expected to be realised or intended to be sold or consumed in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Expected to be realised within twelve months after the reporting period, or
- 4 Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- 1 It is expected to be settled in normal operating cycle
- 2 It is held primarily for the purpose of trading
- 3 It is due to be settled within twelve months after the reporting period, or
- 4 There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

s. Going Concern

The directors here, at the time of approving the standalone financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the standalone financial statements.

t. Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

Basic and diluted earning per share (A/B)	1.52	4.13

30. SEGMENT REPORTING

The Company's activities during the year involved generation of the hydro power (Refer Note 1). Also, the Company generates income from usage of its owned transmission line. Considering the nature of Company's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Segment Reporting'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

31. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTENT NOT PROVIDED FOR)**31.1 Contingent Liabilities**

- (i) In respect of assessment years 2009-10 to 2014-15, the Assessing Officer (AO) had raised demands aggregating to ₹ 213.87 lakhs. The demand was based on disallowance of expenses under section 14A of the Income-tax Act, 1961 under MAT computation. The AO disallowed proportionate amount of deduction under section 80-IA stating that the investments made by the Company in the subsidiary is capable to earn exempted dividend income. Further, AO disallowed and denied Company's claim to treat the income from carbon credit as capital receipts. Based upon the favourable order passed by the Income tax authorities in the past in certain assessment year's appeal proceedings at the level of High court and ITAT, the Company is of the view that the above said demands are not tenable and hence no provision is required in the financial statements.
- (ii) On April 27, 2019, the Company received a provisional net demand of ₹ 8,069 lakhs in relation to wheeling charges for the period April 01, 2008 to March 31, 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC), which in the opinion of the Company is not in accordance with the agreement entered between the Company and HPSEB (now HPSEBL) in August 1999. In this regard, the Company has paid under protest an amount of ₹ 2,817 lakhs. Based on the legal opinion obtained, the Company is of the view that demand is not legally tenable and would not result in any material liability on the Company for the period on or before March, 2019 and accordingly has filed an appeal before Appellate tribunal (APTEL), Electricity at New Delhi, which is pending adjudication with APTEL. The next date for hearing is scheduled for May 24, 2021.

- (iii) Based upon the legal opinion obtained by the management, there are various interpretation issues and thus is in the process of evaluating the impact of the recent Supreme Court Judgment in the case of "Vivekananda Vidyamandir vs Regional Provident Fund Commissioner (II), West Bengal in relation to non-exclusion of certain allowances from the definition of "basis wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provisions Act, 1952. Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on the Company for the previous periods, if any, cannot be ascertained.

(iv) Financial Guarantee

The Company has provided Corporate/Default Guarantee to FIs/Banks for the loans extended by them to AD Hydro Power Limited (subsidiary company).

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
a) The amount of outstanding loans covered by such guarantees	18,866.61	22,283.22
b) Under the terms of the said guarantee the maximum amount for which the company may be contingently liable during the next 12 months	3,309.47	3,416.66

31.2 Commitments

- a) The Company has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura sub station to Nalagarh (i.e. interstate point - substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- b) At March 31, 2021, the Company has committed for non-disposal of its investment in subsidiary AD Hydro Power Limited to its lenders (similar commitment was there in the previous year also).
- The Company does not have any long term commitments of material non-cancellable contractual commitments/ contracts including derivatives contract for which there were any material foreseeable losses.

33 EMPLOYEE BENEFIT PLAN**33.1 Defined contribution plan****i) Superannuation Fund**

The Company makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Company. The Company does not carry any further obligations, apart from the contributions made on a monthly basis. The Company recognized ₹ 5.62 lakhs (previous year ₹ 5.37 lakhs) in the statement of profit and loss account. (refer note 24)

ii) Provident Fund

The Company makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 45.57 lakh (previous year ₹ 52.22 lakh) in the statement of profit and loss account. (refer note 24)

33.2 Details of defined benefit plan and long term employee benefit plan**i) Gratuity Fund**

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for defining the investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

ii) Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

33.3 Disclosure required for Gratuity and Compensated absence in accordance with Ind AS-19 "Employee Benefits" are set out in the table below:**i) Current and Non – Current classification in Balance Sheet****(₹ in Lakhs)**

vii) Principal Actuarial Assumptions (₹ in Lakhs)

Particulars	Gratuity		Compensated absences	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
i) Discounting Rate	6.80	6.75	6.80	6.75
ii) Future salary Increase	5.50	5.50	5.50	5.50
i) Retirement Age (Years)	60	60	60	60
ii) Mortality rates inclusive of provision for disability	100 % of IALM (2012-14)		100 % of IALM (2012-14)	
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)
18 to 30 Years	3.00	3.00	3.00	3.00
30 to 45 years	2.00	2.00	2.00	2.00
Above 45 years	1.00	1.00	1.00	1.00

Note:

- (a) Discount rate is based on the prevailing market yields of Govt. of India Securities as at Balance Sheet date for the estimated term of the obligations.
- (b) The estimate of future salary increased considered, takes into account the inflation, seniority, promotion, increment and other relevant factors.

viii) Sensitivity Analysis of the defined benefit obligation

Sensitivity of gross defined benefit obligation as mentioned above, in case of change of significant assumptions would be as under:

		(₹ in Lakhs)
Particulars	Gratuity	
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	383.76	
Impact due to increase of 0.50%	(10.41)	
Impact due to decrease of 0.50%	11.13	
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	383.76	
Impact due to increase of 0.50%	11.22	
Impact due to decrease of 0.50%	(10.58)	

Note:

- (a) Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- (b) Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

ix) Maturity Profile of defined benefit obligation (₹ in Lakhs)

Expected cash flows for the next 10 years	Gratuity
0 to 1 Year	165.01
1 to 2 Year	6.36
2 to 3 Year	38.09
3 to 4 Year	4.04
4 to 5 Year	6.40
5 to 6 Year	3.50
6 Year onwards	160.37

- 34** In respect of 200 MW Bara Banghal project in state of Himachal Pradesh for which the Company had bid and paid an upfront premium of ₹ 6,120 lakhs, the Company has decided to shelve off the project as the State Hydro Power Policy is not aligned with Ministry of Environment and Forest (MOEF) Policy of Government Of India which prohibits the implementation of a hydro power project in wild life /eco sensitive zone areas. In view of this, the Company has filed a full amount of refund claim along with interest as per the terms and conditions of the pre-implementation agreement. Based upon the management's assessment, the amount is fully recoverable and the Company is regularly following up with the Government of Himachal Pradesh. The provision of 50% of ₹ 3,060 lakhs has been recorded out of abandoned caution in earlier years. However, the same shall be written back at the time of receipt of refund by the company. No further provision is considered necessary by the management.

35 INVESTMENT IN SUBSIDIARY AND LOAN TO SUBSIDIARY (ADHPL)

- (i) The Company has an investments amounting to ₹ 1,04,471.45 lakhs (including Deemed Equity investment) in AD Hydro Power Limited (subsidiary company) and has also unsecured loan receivables amounting to ₹ 14,600 lakhs as on March 31, 2021, total balance recoverable from subsidiary company aggregating to ₹ 119,071.45 lakhs as on March 31, 2021. As against this, net assets of the subsidiary company as on March 31, 2021 is ₹ 1,16,111.12 lakhs (excluding outstanding balance of unsecured loan from the Company). In view of this, the Company has carried out an evaluation of the subsidiary company's financial performance after taking into account the future projections and expected future cash flows. Based on such evaluation, the management is of the view that there is no impairment in the value of investments and the unsecured loans given to the subsidiary Company.
- (ii) In 2009, the Company had given sub debt to ADHPL amounting to ₹ 46,380 lakhs at market interest rate and this sub debt was classified as Loans on transition to Ind AS based on intention of the parties at that point of time. Subsequent to the year end, on May 12, 2021, the Company and ADHPL have mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780 lakhs and accumulated interest of ₹ 23,395.89 lakhs on total debt as follows: Interest on sub debt of ₹ 31,780 lakhs out of total sub debt of ₹ 46,380 lakhs will be Nil from April 01, 2020. At the discretion of ADHPL, ADHPL can repay ₹ 31,780 lakhs and ₹ 23,395.89 lakhs out of distributable profits of ADHPL and can be paid only after making dividend payments to the equity shareholders or as per the agreement signed between the Company, ADHPL and IFC. Based on the above modification, the Company has derecognized the loan asset and accumulated interest receivable and transferred the balances to investment in subsidiary and presented under "Deemed Equity Investment." The waiver of interest and modification of terms of the sub debt are not prejudicial to the interest of the Company considering the parent and subsidiary relationship. The balance sub debt amounting to ₹ 14,600 lakhs carry interest rate of 9.55% per annum.

36 FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020.

I Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

(i) Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Variable rate borrowings	3,593.61	3,703.22
Fixed rate borrowings	4,666.48	10,958.25
Total	8,260.09	14,661.47

(ii) Sensitivity

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarises the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2021 and March 31, 2020.

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Effect on Profit if Interest Rate - decrease by 25 basis points	2.28	9.45
Effect on Profit if Interest Rate - increases by 25 basis points	(2.28)	(9.45)

II Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there is no material transactions in foreign currency. Hence, no further disclosure is required under this section.

III Price risk

The company is not exposed to any price risk as there is no investment in equities outside the Company and the company doesn't deal in commodities.

(b) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

(i) Financial assets to which loss allowance is measured using lifetime /12 months Expected Credit Loss (ECL) as on March 31, 2021.

(₹ in Lakhs)

Financial assets to which loss allowance is measured using lifetime / 12 months Expected credit loss(ECL)	As at March 31, 2021			As at March 31, 2020		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision
Long term loans and advances to Subsidiary Company	14,600.00	-	14,600.00	46,380.00	-	46,380.00

Interest accrued on bank deposit	15.12	-	15.12	9.30	-	9.30
Security deposit	4.02	-	4.02	4.02	-	4.02

The Company is in the power generation sector. The Company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers.

(a) Liquidity risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligation on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the Company has maintained loan covenants as per the terms decided by the lenders.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Lakhs)

As at March 31, 2021	Less than 12 months	12 months to 3 years	More than 3 years	Total

Trade payables	211.08	-	-	211.08
Sundry deposit	28.78	-	-	28.78
Interest accrued but not due on loan from financial institution	3.78	-	-	3.78

37 CAPITAL MANAGEMENT

(a) Risk management

The Company's objective when managing capital are to:

- (i) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during 2020-21 and 2019-20 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet)

The gearing ratios were as follows:

(₹ in lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Net Debt	8,021.28	13,480.23
Total Equity	128,446.68	128,252.21
Net Debt to Equity Ratio	0.06	0.11

CONSOLIDATED FINANCIAL STATEMENTS
OF

MALANA POWER COMPANY LIMITED

CIN : U40101HP1997PLC019959

INDEPENDENT AUDITOR'S REPORT (Consolidated)

To the Members of Malana Power Company Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Malana Power Company Limited (hereinafter referred to as "the Parent") and its subsidiary, (the Parent and its subsidiary together referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31, 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 31 (A)(i)(b) and Note 35(A)(ii) to the consolidated financial statements, which describes the uncertainty relating to the effects of outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL) in case of the Parent and with three parties using the transmission line in case of a subsidiary, respectively.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Director's report is expected

to be made available to us after the date of this Auditor's report.

- Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The Board of Directors of the companies of the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are

free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative

materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Group as on March 31, 2021 taken on record by the Board of Directors of the respective companies in India, none of the directors of the Group companies in India incorporated in India is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**" which is based on the auditor's report of the Parent and its subsidiary company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the

impact of pending litigations on the consolidated financial position of the Group. <Refer Note 31 A (i) and 31 B (i) to the consolidated financial statements>

- ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts. <Refer Note 31 A (ii) and 31 B (ii) to the consolidated financial statements>
- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its subsidiary company incorporated in India. <Refer Note 18 to the consolidated financial statements>

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting Malana Power Company Limited (hereinafter referred to as "Parent") and its subsidiary company, which is the Company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary company which is the company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its

subsidiary company, which is a company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiary company which is a company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to

the explanations given to us, the Parent and its subsidiary company, which is a company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021 (Consolidated)

1 CORPORATE INFORMATION

The consolidated financial statements comprises Malana Power Company Limited (MPCL) (Holding Company) and its one subsidiary i.e. AD Hydro Power Limited (ADHPL) (together referred to as "Group") for the year ended March 31, 2021.

The Group is engaged in the generation of hydro- electric power and development of hydro power projects. The subsidiary Company considered in the consolidated financial statements is 'AD Hydro Power Limited' with proportion of 88% ownership as on March 31, 2021.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. The financial statements have been prepared on the historical cost basis, except where different basis is mentioned in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Amendments to Ind AS 1 and Ind AS 8 - Definition of "material"

The Group has adopted the amendments to Ind AS 1 and Ind AS 8. The amendments make the definition of material in Ind AS 1 easier to understand and are not intended to alter the underlying concept of materiality in Ind ASs. The concept of 'obscuring' material information with immaterial information has been included as part of the new definition.

The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'. The definition of material in Ind AS 8 has been replaced by a reference to the definition of material in Ind AS 1. In addition, the MCA amended other standards that contain the definition of 'material' or refer to the term 'material' to ensure consistency.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these consolidated financial statements.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiary as at March 31, 2021. Control is achieved when the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicates that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, Liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statement in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e. year ended on March 31, 2021. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if the results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group accounting policies. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Consolidation Procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows to the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statement. Ind AS 12 Income tax applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

2.3 Summary of significant accounting policies

(a) Use of estimates

The preparation of consolidated financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future period if the revision affects boths current and future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

I. Service Concession Arrangements

Management has assessed applicability of Appendix D of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Group. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

II. Useful lives and residual value of property, plant and equipment and intangible assets

Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc and same is reviewed periodically, including at each financial year end.

III. Deferred tax assets

The Group reviews the carrying amount of deferred tax assets including MAT credit at the end of each reporting period and recognized to the extent that it is probable that sufficient taxable profits will be available to utilize the deferred tax asset including MAT.

IV. Claims and Litigations

The Group is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Group reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Group establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Group's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Group evaluates, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of the loss. The Group does not record liabilities when the likelihood that the liability has been incurred is probable, but the amount cannot be reasonably estimated. Based upon present information, the Group determined that there were no matters that required an accrual as of March 31, 2021 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

V. Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its PPE to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise

they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with an indefinite useful life are tested for impairment at least annually and whenever there is an indication at the end of a reporting period that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount.

(b) Revenue Recognition

The Group recognise revenue at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Group's sales revenue is divided into following categories:

Revenue from generation and supply of Power ("Revenue from Power Supply"):

Revenue from sale of power is recognised when persuasive evidence of an arrangement exists, the fee is fixed or determinable, energy is supplied (i.e. performance obligation is satisfied) and collectibility is reasonably assured. The revenues from generation and supply of power is recognised at the amount of which the entity has a right to invoice which coincides with the electricity scheduled to be transmitted to the customers. The difference between scheduled and actual transmitted energy is recognized as Uncheduled Interchange (U/I) charges and are adjusted with the revenue recognized on accrual basis.

In an arrangements where the Group sells power on an exchange, the exchange is determined to be the customer. This is based on the fact that the Group has enforceable contracts with the exchanges.

Revenue from sharing of Transmission line ("Transmission Income"):

Revenue is recognized on the basis of periodic billing to consumers / state transmission utility and is measured based on the consideration to which the Group expects to be entitled from a customer, net of returns and allowances, discounts, volume rebates and cash discounts excluding taxes or duties collected on behalf of the government.

Voluntary emission rights (VER), Carbon Credit Entitlement / Certified Emission Reductions ("CER")

Revenue is recognized on registration and successful authentication of carbon emission reductions.

Other Income

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

(c) Inventory Valuation

Inventories comprising of components, stores and spares are valued at lower of cost and net realizable value. Scrap is valued at net realisable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively

Depreciation:

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets	Useful life (Years)
Buildings other than factory buildings	60
Plant and Machinery used in generation, transmission and distribution of power	40
Hydraulic Works (Dam, Reservoir, Barrage etc)	40
Factory Buildings	30
Plant and Machinery	15
Electrical Installations	10
Furniture and Fixtures	10
Roads	10
Vehicles	8
Computers and Data processing equipments	3-6
Office equipments	5

(e) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years. The Group has considered the useful life of 3 years to provide amortization on Software.

The intangible assets are assessed for impairment whenever there is indication that the intangible assets may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

(f) Leases

The Group assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (1) The contract involves the use of an identified asset,
- (2) The Group has substantially all of the economic benefits from use of the identified asset, and
- (3) The Group has the right to direct the use of the identified asset.

Group as a lessee

The Group recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group adopts the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Group as a lessor

Leases where the Group does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

(g) Impairment of Non-Financial Assets

The group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations cover the useful life of the project.

Impairment losses are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount.

(h) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Equity instrument in subsidiary carried at cost.

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in the finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

As at March 31, 2021, the Group does not have any debt instrument measured at FVTPL or FVTOCI.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- When the Group transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in a separate component of equity is reclassified to profit or loss. In contrast, on derecognition of an investment in an equity instrument which the Group has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in a separate component of equity is not reclassified to profit or loss, but is transferred to retained earnings.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Trade receivables or any contractual right to receive cash or another financial asset.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Consolidated statement of profit and loss (P&L).

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Consolidated statement of profit and loss.

This category generally applies to borrowings.

Financial guarantee contracts

Financial guarantees issued by the Group on behalf of subsidiary company are integral part of debt instruments. Hence, no accounting for the same has been done separately.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(i) Foreign currency

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

(j) Retirement and other employee benefits

1 Defined Contribution Plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

2 Defined Benefit Plan:

Gratuity

The Employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with ICICI Prudential Life Insurance company Limited and Bajaj Allianz. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Group contributes to the Group Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with ICICI Prudential Life Insurance Company Limited and Bajaj Allianz is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in notes to accounts to the consolidated financial statements.

The Group recognises the following changes in the net defined benefit obligation under Employee benefit expense in Consolidated statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Consolidated Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

3 Other Long Term Employee Benefits:

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

(k) Taxes Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the Consolidated statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

In the situations where the Group is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(l) Non-Current Asset Held for Sale

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The group treats sale/ distribution of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),

- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

(m) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

(n) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(o) Contingent Liability

A Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

(p) Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(q) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

(r) Fair Value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

As on reporting date, the Group doesnot have any financial instrument which has been measured either through FVTPL or FVTOCI.

(s) Current versus Non-Current

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- 1 Expected to be realised or intended to be sold or consumed in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Expected to be realised within twelve months after the reporting period, or
- 4 Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- 1 It is expected to be settled in normal operating cycle
- 2 It is held primarily for the purpose of trading
- 3 It is due to be settled within twelve months after the reporting period, or
- 4 There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

(t) Going concern

The directors here, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

(u) Subsequent events

Based on the nature of the event, the Group identifies the events occurring between the consolidated balance sheet date and the date on which the consolidated financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the consolidated balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Group may provide a disclosure in the consolidated financial statements considering the nature of the transaction.

29. SEGMENT REPORTING

The Group's activities involves generation of hydro power. Also, the Group generates income from usage of its owned transmission line. Considering the nature of Group's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Segment Reporting'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the consolidated financial statements.

30. THE DETAILS OF SUBSIDIARY COMPANY I.E. AD HYDRO POWER LIMITED IS AS FOLLOWS :

Name of the entity	Country of Incorporation	Nature	Net Assets		Share in profit or loss		Share in OCI		Share in Total Comprehensive Income	
			% of Consolidated Net Assets	Amount (₹ in lakhs)	% of Consolidated profit or loss	Amount (₹ in lakhs)	% of Consolidated Comprehensive Income	Amount (₹ in lakhs)	% of Consolidated Comprehensive Income	Amount (₹ in lakhs)
Malana Power Company Limited	India	Parent	19.12%	23,977.34	19.29%	851.35	28.83%	14.18	19.39%	865.53
AD Hydro Power Limited	India	Subsidiary	76.46%	95,950.89	74.82%	3,302.68	62.63%	30.80	74.68%	3,333.48
International Finance Corporation	USA	Minority Interest	4.43%	5,560.23	5.90%	260.23	8.54%	4.20	5.92%	264.43
Total			100%	125,488.46	100%	4,414.26	100%	49.18	100%	4,463.44

31 CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTEND NOT PROVIDED FOR)**A. With respect to the Parent :****(i) Contingent Liabilities**

- (a) In respect of assessment years 2009-10 to 2014-15, the Assessing Officer (AO) had raised demands aggregating to ₹ 213.87 lakhs. The demand was based on disallowance of expenses under section 14A of the Income-tax Act, 1961 under MAT computation. The AO disallowed proportionate amount of deduction under section 80-IA stating that the investments made by the Company in the subsidiary is capable to earn exempted dividend income. Further, AO disallowed and denied Company's claim to treat the income from carbon credit as capital receipts. Based upon the favourable order passed by the Income tax authorities in the past in certain assessment year's appeal proceedings at the level of High court and ITAT, the Company is of the view that the above said demands are not tenable and hence no provision is required in the financial statements.
- (b) On April 27, 2019, the Company received a provisional net demand of ₹ 8,069 lakhs in relation to wheeling charges for the period April 01, 2008 to March 31, 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC), which in the opinion of the Company is not in accordance with the agreement entered between the Company and HPSEB (now HPSEBL) in August 1999. In this regard, the Company has paid under protest an amount of ₹ 2,817 lakhs. Based on the legal opinion obtained, the Company is of the view that demand is not legally tenable and would not result in any material liability on the Company for the period on or before March, 2019 and accordingly has filed an appeal before Appellate tribunal (APTEL), Electricity at New Delhi, which is pending adjudication with APTEL. The next date for hearing is scheduled for May 24, 2021.
- (c) Based upon the legal opinion obtained by the management, there are various interpretation issues and thus is in the process of evaluating the impact of the recent Supreme Court Judgment in the case of "Vivekananda Vidyamandir vs Regional Provident Fund Commissioner (II), West Bengal in relation to non-exclusion of certain allowances from the definition of "basis wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provisions Act, 1952. Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on the Company for the previous periods, if any, cannot be ascertained.

(d) Financial Guarantee

The Company has provided Corporate/Default Guarantee to FIs/Banks for the loans extended by them to AD Hydro Power Limited (subsidiary company).

(₹ in Lakhs)		
Particulars	As at March 31, 2021	As at March 31, 2020
a) The amount of outstanding loans covered by such guarantees	18,866.61	22,283.22
b) Under the terms of the said guarantee the maximum amount for which the company may be contingently liable during the next 12 months	3,309.47	3,416.66

(ii) Commitments

- a) The Company has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura sub station to Nalagarh (i.e. interstate point - substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- b) At March 31, 2021, the Company has committed for non-disposal of its investment in subsidiary AD Hydro Power Limited to its lenders (similar commitment was there in the previous year also).
The Company does not have any long term commitments of material non-cancellable contractual commitments/ contracts including derivatives contract for which there were any material foreseeable losses.

B. With respect to the Subsidiary Company:**(i) Contingent Liabilities**

(₹ in Lakhs)		
Particulars	As at March 31, 2021	As at March 31, 2020
Claims against the Company not acknowledged as debt:		
Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	1,459.58	1,459.58
Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	1,427.00	1,427.00
Demand raised by Directorate of fisheries. Himachal Pradesh (refer note (c) below)	99.75	99.75
Demand of lease rentals by Himachal Pradesh Govt. for diverted forest land (refer note (d) below)	-	-

* Company believes that these claims/demands are not probable to be decided against the Company and therefore, no provision for the above is required.

Notes:

- (a) During the financial year 2012-2013, the Cess Assessing Officer vide order dated January 23, 2013 had raised a demand of ₹ 1,459.58 lakhs on the Company under the Building & Other Construction Workers Welfare Cess Act, 1996 ("BOCW Act") for the period from January 01, 2005 to July 31, 2012. The Company is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 08, 2008 to July 01, 2010 (i.e from the date when the rules were notified and up to the date when factory license was granted to the Company). In view of this, there is no question of payment of Cess prior to December 8, 2008 as demand has no justification or legal sanctity. The amount so determined based on the Company's view has been already paid. The Company had filed a writ petition before the High Court of Himachal Pradesh for the above said demand. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand. The matter is presently pending for adjudication with no fixed date.

Pending any further directions by the High Court and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

- (b) During 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹ 1,427 lakhs on the Company towards local area development fund (LADF). The amount was determined considering 1.5% of the final cost of the project of the Company of ₹ 1,60,700 lakhs (after considering the expenses already incurred by the Company of ₹ 984 lakhs). The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed @ 1.5% of the total capital cost as reflected in Detailed Project Report of the Company i.e. ₹ 92,200 lakhs in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by the Company aggregating to ₹ 1,423 lakhs. Had these been considered/computed appropriately, the above demand would not arise. Management is of the view that the Company has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.

- (c) The Department of Fisheries vide letter dated January 04, 2013 directed the Company to pay an amount of ₹ 99.75 lakhs for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. Management is of the view that the Company is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required.

The Company has filed a writ petition in High Court of Himachal Pradesh and is contesting the same on the ground that the streams identified in respect of ADHPL project are not covered in the negative list issued by Fisheries Department. The Company has deposited under protest an amount of ₹ 35 lakhs as per interim order of High Court of Himachal Pradesh. The Hon'ble High Court of Himachal Pradesh has granted stay on the said demand.

- (d) The Company is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against the Company is remote and thus these cases will not have any material impact on the financial statements and no provision is required.

- (e) Based upon the legal opinion obtained by the management, there are various interpretation issues and thus is in the process of evaluating the impact of the recent Supreme Court Judgment in the case of "Vivekananda Vidyamandir vs Regional Provident Fund Commissioner (II), West Bengal in relation to non-exclusion of certain allowances from the definition of "basis wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provisions Act, 1952.

Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on the Company for the previous periods, if any, cannot be ascertained.

(ii) Commitments

- a) The Company had entered into Bulk Power Transmission Agreement with Power Grid Corporation of India Limited (Power grid) to avail long term open access to the transmission system of Power grid for transfer of power from Allain Duhangan HEP to Northern Region Constituents. The Company has agreed to share and pay all the transmission charges of Power grid for a period of 40 years from Commercial Operation Date i.e. July 29, 2010. This is being a firm commitment, recognized as an expense on receipt of monthly bills from Power grid, under the head 'Bulk power transmission charges' in the Statement of profit and loss. Besides, in accordance with implementation agreement with Government of Himachal Pradesh (GOHP), the company shall provide 12% of its deliverable energy free of cost to GOHP.
- b) The Company has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. The Company does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.

32 RELATED PARTY DISCLOSURES

Disclosures as required by Ind AS 24 – “Related Party Disclosures” are as follow:

a) Names of related parties and description of relationship

Description of relationship	Name of related party
Holding Company	Bhilwara Energy Limited
Enterprise having significant influence over the company	Statkraft Holding Singapore PTE Limited
Fellow Subsidiary Companies	Indo Canadian Consultancy Services Limited
Key Management Personnel*	i) Mr. Ravi Jhunjhunwala (Director) ii) Mr. R.P. Goel, Whole Time Director (Cessation w.e.f. November 28, 2019) iii) Pankaj Kapoor (Manager) (Appointed w.e.f. February 04, 2020)
Relatives of key management personnel	i) Mrs. Rita Jhunjhunwala (wife of the Chairman & Managing Director) ii) Mr. Riju Jhunjhunwala (son of the Chairman & Managing Director) iii) Mr. Rishabh Jhunjhunwala (son of the Chairman & Managing Director)
Enterprises owned or significantly influenced by key management personnel or their relatives	i) HEG Limited, ii) Rajasthan Spinning & Weaving Mills Limited (“RSWM Limited”) iii) Statkraft Markets Private Limited
Employee benefit funds	i) Malana Power company Limited Employees Gratuity Trust ii) Malana Power company Limited Sr. Executive Company Superannuation Scheme Trust iii) AD Hydro Power Limited Employees Gratuity Trust iv) AD Hydro Power Limited Sr. Executive Company Superannuation Scheme Trust

* Additional related parties identified as per Companies Act, 2013

Executive Director, CEO and CFO	Mr. O P Ajmera
Company Secretary	Mr. Arvind Gupta

excludes post-employment benefits and other long term employee benefits which is provided in the financial statements on the basis of actuarial valuation.

33 EMPLOYEE BENEFIT PLAN

33.1 Defined contribution plan

i) Superannuation Fund

The Group makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Group. The Group does not carry any further obligations, apart from the contributions made on a monthly basis. The Group has recognized ₹ 9.31 lakhs (previous year ₹ 10.12 lakhs) in the Consolidated statement of profit and loss account. (Refer Note 23)

ii) Provident Fund

The Group makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme the group is required to contribute a specified percentage of the payroll costs to fund the benefits. The group recognized ₹ 116.84 lakhs (previous year ₹ 125.08 lakhs) in the Consolidated statement of profit and loss account. (Refer note 23)

33.2 Details of defined benefit plan and long term employee benefit plan

i) Gratuity Fund

The Group has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the group. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognized insurer managed funds in India. The group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

ii) Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

33.3 Disclosure required for Gratuity and Compensated absence in accordance with Ind AS-19 "Employee Benefits" are set out in the table below:

i) Current and Non – Current classification in Balance Sheet (₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020		
	Current	Non-current	Total	Current	Non-current	Total
Compensated absence obligation	59.92	275.14	335.06	14.57	312.33	326.90
Gratuity:

Total	100%	100%

* In the absence of detailed information regarding plan assets which is funded with Insurance Companies, the composition of each major category of plan assets, the percentage or amount of each category to the fair value of plan assets has not been disclosed.

vii) Principal Actuarial Assumptions (₹ in Lakhs)

Particulars	Gratuity		Compensated absences	
	As at March 31, 2021	As at March 31, 2020	As at March 31, 2021	As at March 31, 2020
i) Discounting Rate	6.80	6.75	6.80	6.75
ii) Future salary Increase	5.50	5.50	5.50	5.50
i) Retirement Age (Years)	60.00	60.00	60.00	60.00
ii) Mortality rates inclusive of provision for disability	100% of IALM (2012 - 14)		100% of IALM (2012 - 14)	
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)
Up to 30 Years	3.00	3.00	3.00	3.00
From 31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

Note:

- (a) Discount rate is based on the prevailing market yields of Govt. of India Securities as at Balance Sheet date for the estimated term of the obligations.
- (b) The estimate of future salary increased considered, takes into account the inflation, seniority, promotion, increment and other relevant factors.

viii) Sensitivity Analysis of the defined benefit obligation

Sensitivity of gross defined benefit obligation as mentioned above, in case of change of significant assumptions would be as under:

(₹ in Lakhs)	
Particulars	Gratuity
a) Impact of the change in discount rate	
Present Value of Obligation at the end of the period	647.98
Impact due to increase of 0.50%	(25.10)
Impact due to decrease of 0.50%	27.04
b) Impact of the change in salary increase	
Present Value of Obligation at the end of the period	647.98
Impact due to increase of 0.50%	27.26
Impact due to decrease of 0.50%	(25.52)

Note:

- (a) Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- (b) Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

ix) Maturity Profile of defined benefit obligation

(₹ in Lakhs)	
Expected Cash flows for next 10 years	Gratuity
0 to 1 Year	171.24
1 to 2 Year	16.23
2 to 3 Year	44.19
3 to 4 Year	8.90
4 to 5 Year	22.20
5 to 6 Year	9.70
6 Year onwards	375.51

34 In respect of 200 MW Bara Banghal project in state of Himachal Pradesh for which the Company had bid and paid an upfront premium of ₹ 6,120 lakhs, the Group has decided to shelve off the project as the State Hydro Power Policy is not aligned with Ministry of Environment and Forest (MOEF) Policy of Government Of India which prohibits the implementation of a hydro power project in wild life /eco sensitive zone areas. In view of this, the Group has filed a full amount of refund claim along with interest as per the terms and conditions of the pre-implementation agreement. Based upon the management's assessment, the amount is fully recoverable and the Group is regularly following up with the Government of Himachal Pradesh. The provision of 50% of ₹ 3,060 lakhs has been recorded out of abandoned caution in earlier years. However, the same shall be written back at the time of receipt of refund by the company. No further provision is considered necessary by the management.

35 OTHER MATTERS

A. With respect to the Subsidiary Company:

(i) Impairment of Property, Plant and Equipment's

As on March 31, 2021, the Company has net worth of ₹ 1,01,511.12 lakhs (Previous Year ₹ 44,131.60 lakhs) and has accumulated losses of ₹ 9,680.05 lakhs as at March 31, 2021. Based on nancial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel, management believes that prots will continue to accrue on account of expected increase in tariff and hence no adjustments are required to the carrying amount of property, plant and equipment on account of impairment and the Company will have sufficient cash flow to meets its future obligations.

(ii) Dispute related to parties using the transmission line

On October 17, 2019, the Central Electricity Regulatory Commission (CERC) passed an Order on the Dedicated Transmission System of AD Hydro Power Limited (subsidiary company) for using the transmission line for transmitting the energy in which CERC stated the following:(a) With regards to transmission charges, CERC approved the capital cost of Dedicated Transmission System at ₹ 23,892 lakhs as against the capital cost submitted by the Company of ₹ 41,661 lakhs (on the date of COD)/ ₹ 45,284 lakhs (with additional capitalization) and accordingly determined the annual fixed cost (Transmission Tariff) for using transmission line for the period 2011-12 to 2018-19. The Company has estimated an amount aggregating to ₹ 9,668.08 lakhs being additional amount invoiced over and above the amount which should have been invoiced based on capital cost and fixed cost

determined by CERC for the above stated period for three parties using the transmission line. The management is of the view that the methods used to derive the capital cost by the CERC are not in accordance with the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations ("regulations") for the period 2009-14 and 2014-19 and Electricity Act, 2003.

With respect to matter detailed in (a) above, the Company had filed an appeal against the CERC Order before Appellate Tribunal for Electricity (APTEL) in October 2019. APTEL vide Order dated October 17, 2019 stayed the CERC's order so far as raising adjustment of previously raised bills were concerned along with the direction to continue to issue the future bills in accordance with the CERC Order till the appeal is finally disposed-off. The Respondents were directed to pay charges in terms of the order for use of the transmission line of ADHPL. The Company has accordingly started raising the invoices based on the CERC order effective 18th October, 2019 and recognized as transmission income. Accordingly, trade receivables aggregating to ₹ 3,504.85 lakhs are considered good and fully recoverable and in the opinion of the Management no provision is required towards amount already collected from the users of Dedicated Transmission Line till March 31, 2021 aggregating to ₹ 6,163.23 lakhs.

Pending litigation and final decision on the appeal by APTEL, the Management, based on the legal opinion, is of the view that the above CERC Order is not legally tenable and would not have any material liability on the Company. (b) With regards to transmission losses, CERC directed to share the losses between the parties using the transmission line on the basis of weekly average losses in proportion to the scheduled energy on weekly basis instead of a flat charge of 4.75% charged by the Company as per the Interim Power Transmission Agreement (IPTA) signed between parties and accordingly directed the Northern Regional Load Despatch Centre (NRLDC) to re-compute the same which is presently under stay. However, the management is confident that the actual transmission losses to be computed by NRLDC would not be materially different in comparison with current flat charge of 4.75% and there would not be any material impact on the financial statements.

(iii) Dispute with Himachal Pradesh State Electricity Board Limited (HPSEBL)

Himachal Pradesh State Electricity Board Limited (HPSEBL) had withheld an amount of ₹ 316.68 lakhs on account of energy not supplied to them because of shut down of plant on date August 20, 2010. The Company initiated the arbitration proceedings to the recover the said amount. In 2015, the Hon'ble Arbitrator had decided the matter in favour of HPSEBL against which the Company has preferred an appeal before the Hon'ble High Court of Shimla. Currently the matter is under adjudication. The management is of the view that it had already informed HPSEB about the shut down as the schedule was given of Nil power for the period of shut down, therefore the claim of HPSEB is not legally tenable. However the entire receivable of ₹ 316.68 lakhs has been provided by the Company in the earlier years.

36 FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020.

II Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

(i) Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Variable rate borrowings	3,593.61	3,703.22
Fixed rate borrowings	23,508.45	33,200.94
Total	27,102.06	36,904.16

(ii) Sensitivity

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarises the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2021 and March 31, 2020.

Particulars	(₹ in Lakhs)	
	As at March 31, 2021	As at March 31, 2020
Effect on Profit if Interest Rate - decrease by 25 basis points	2.28	9.45
Effect on Profit if Interest Rate - increases by 25 basis points	(2.28)	(9.45)

b) Price risk

The Group is not exposed to any price risk as there is no investment in equities outside the Group and the Group doesn't deal in commodities.

(c) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the group. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Group considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

Expected Credit Loss (ECL) for financial assets

(₹ in Lakhs)

Financial assets to which loss allowance is measured using lifetime / 12 months Expected credit loss(ECL)	As at March 31, 2021			As at March 31, 2020		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision
Loan to Employees	65.95	-	65.95	87.45	-	87.45
Security deposit	11.36	-	11.36	11.36	-	11.36
Advance for Bara Banghal project	6,801.84	3,741.84	3,060.00	6,801.84	3,741.84	3,060.00
Advance recoverable from HPSEBL	1,863.14	-	1,863.14	1,866.92	-	1,866.92
Trade receivables	4,440.17	316.68	4,123.49	3,931.87	316.68	3,615.19
Cash and Cash Equivalents	1,446.18	-	1,446.18	4,204.59	-	4,204.60
Bank Balance	6,473.78	-	6,473.78	5,254.03	-	5,254.03
Others	226.87	-	226.87	371.18	-	371.18
Total	21,329.29	4,058.52	17,270.77	22,529.24	4,058.52	18,470.73

The group is in the power generation sector. The group on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers which are state government run power utility majors. Hence the group has not provided for any discounting on time value of money.

Movement in expected Credit loss allowance

(₹ in lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Balance at the beginning of the year - Trade receivable	316.68	316.68
- Advance for Bara Banghal project	3,741.84	3,741.84
Add : Provision for expected credit loss recognize during the year	-	-
Less : Provision reverse during the year	-	-
Balance at the end of the year	4,058.52	4,058.52

(d) Liquidity risk

Liquidity risk is defined as the risk that group will not be able to settle or meet its obligation on time or at a reasonable price. The Group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the group's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Lakhs)

37 CAPITAL MANAGEMENT**(a) Risk management**

The Company's objective when managing capital are to:

- (i) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during 2018-19 and 2019-20 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet)

The gearing ratios were as follows:

(₹ in lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Net Debt	11,514.01	32,699.56
Total Equity	125,488.46	117,794.58

- 39 The Board of Directors of the Company in its meeting held on February 02, 2021 had declared an interim dividend of ₹ 1.40 per equity share of face value ₹ 10 per share amounting to ₹ 2,065.36 lakhs.
- 40 Effective April 01, 2019, the Group adopted Ind AS 116 “Leases”, applied to all lease contracts existing on April 01, 2019, on the date of transition, using modified retrospective approach and has taken the cumulative adjustment to retained earnings on the date of initial application. The cumulative effect of applying the standard on retained earnings as of April 1, 2019 and on the profit for the current period and earnings per share is insignificant. Certain assets which are classified under Property, Plant and Equipment, includes Right-of-use asset (ROU) aggregating to ₹ 4,155.47 lakhs as at April 01, 2019 as disclosed in Note 3.
- 41 The Ministry of home affairs issued Order No.40-3/2020 dated March 24, 2020, notified electricity among the essential services in its guidelines which continued to operate during lock down in the crises situation of COVID-19, declared as pandemic by World Health Organization. The Group’s business being generation and sale of electricity is covered under essential services which is least impacted due to COVID-19. The Group believes that so far, there is no significant impact of COVID-19 pandemic on the financial position and performance of the Group. Further, the Group is not expecting any significant change in estimates as of now as the Group is running its business and operations as usual without any major disruptions.
- 42 Previous year’s figures have been regrouped / reclassified wherever necessary to correspond with the current year’s classification / disclosure.

OVERALL PERFORMANCE AND THE STATEMENTS OF AFFAIRS OF THE COMPANY ARE AS UNDER:

The Company recorded revenue from operations of ₹ 1,761.99 million during the financial year 2020-21 as compared to ₹ 2,339.98 million in the previous financial year. The Net profit during the financial year 2020-21 was at ₹ 216.86 million as compared to net profit of ₹ 285.67 million in the previous financial year. The generation during the year stood at 640.51 Million kWh in the financial year 2020-21 as compared to 758.67 Million kWh in the previous financial year 2019-20.

NOTE ON COVID-19

The World Health Organization (WHO) had officially declared the outbreak of COVID-19 a pandemic in March 2020, after the disease caused by the new coronavirus

spread to more than 100 countries and led to tens of thousands of cases within a few months.

The Members may kindly take note that the Ministry of Home Affairs, Government of India had issued Order No.40-3/2020 dated 24.03.2020, notifying electricity among the essential services in its guidelines. This allowed power companies in India to operate during lock down in the crisis situation of COVID-19, declared as pandemic by World Health Organization.

Therefore, ADHPL Plant continued its operation at all times during lockdown period after complying with the guidelines issued by the Central and State Govt. Also the Company also did not expect any significant change in the accounting estimates as the Company continued to run its business and operations as usual without any major disruptions. The Members may kindly take note of this.

2. DIVIDEND

Keeping in view the accumulated losses and financial position of the Company, your Directors are unable to propose any dividend for the financial year under review.

3. TRANSFER TO RESERVES

The Company has not transferred any amount to the General Reserve for the financial year 2020-21.

4. SUBSIDIARY, ASSOCIATE COMPANIES OR JOINT VENTURES

There is no subsidiary or associate or joint venture of the Company.

5. MATERIAL CHANGES AND COMMITMENTS

No material changes and commitments, affecting the financial positing of the Company have occurred between the end of the financial year of the Company to which the financial statements relate and the date of the report.

6. INDUSTRY POTENTIAL & DEVELOPMENT

India has now become the third largest producer as well as consumer of electricity in the world with all India installed power generation capacity as on 31.03.2021 stood at 3,82,151 MW comprising of 2,34,728 MW from Thermal, 46,209 MW from Hydro, 6,780 MW from Nuclear and 94,434 MW from Renewable.

During the fiscal year 2020-21, the energy availability was 1,271 BU as against requirement of 1,276 BU kWh with a marginal shortfall of 0.4% and peak load was 189 GW as against peak demand of 190 GW with a marginal shortfall of 0.4%. The average monthly market clearing price at the Indian Energy Exchange (IEX) remained moderate taking the average price to ₹ 2.82/kWh in 2020-21 @ Regional Periphery. During 2020-21, total short term power transactions were approximately 12% of yearly generation.

The slowdown caused by first and second wave of Covid-19 is now slowly opening up and all India power consumption is showing an increasing trend. Peak power demand has touched the milestone figure of 200 GW in July 2021 itself and it can be ascertained that the peak power demand will increase further in near future thereby creating more opportunities for Merchant Power Plants in catering such increased demand for power. However, any

resurgence in infections leading to lockdown restrictions would remain a key downside risk for the demand.

In order to speed up the development of hydro power, from time to time, the Govt. of India has been taking policy initiatives. Recently Ministry of Power (MoP), vide its notification dated 8th March 2019, has declared large hydropower projects including pumped storage projects as renewable energy source and in its order dated 29th January, 2021, ministry also announced the trajectory for Hydro Purchase Obligation (HPO) from eligible Large Hydro Projects.

Renewable Energy being the major thrust area under power sector development, has seen a consistent and significant capacity addition over the years. Renewable Energy currently constitutes 24.7% (Mar'21) of the overall installed capacity compared to 3.3% share in 2002. During 2020-21. As of March 2021, India's Renewable Energy installed capacity stood at 94.43 GW.

Going forward, energy dynamics are changing with the increasing share of renewable power. This may lead to voltage & frequency fluctuations as well as demand – supply mismatch. Thus energy demand and supply dynamics, transmission system capabilities and grid balancing mechanism need to be addressed. Energy Storage System (ESS) could play a significant role to act as ancillary reserves for managing fluctuations in renewable power generation at the grid level.

The country's power sector is witnessing a shift from fossil fuels to clean energy and today we are in the middle of an energy transition. The role of power sector is now extended to facilitate the growth of new technologies through strong policies and programs in addition to mere generation & supply of power.

7. CORPORATE GOVERNANCE

Your Company is committed to maintain the highest standards of corporate governance and adhere to the corporate governance requirements set out by under the Companies Act, 2013.

Your Company is committed to achieving the higher standard of Corporate Governance by application of the best management practices, compliance with law, adherence to ethical standards and discharge of social responsibilities. Your Company has in all spheres of its activities adequate checks and balances to ensure protection of interest of all stakeholders. Your Company also endeavors to share, with its stakeholders' openly and transparently, information on matters which have a bearing on their economic and reputational interest.

The majority of the Board comprises of Non-Executive Directors including Independent Directors appointed under the Companies Act, 2013, who play a critical role in imparting balance to the Board processes, by bringing an independent judgment to decide on issues of strategy, performance, resources, standards of Company's conduct, etc. The Audit Committee of the Board provides assurance to the Board on the adequacy of Internal Control Systems and Financial Systems.

8. INTERNAL CONTROL SYSTEMS AND ADEQUACY THEREOF

The Company has an adequate internal control system commensurate with the size and nature of its business. An internal audit program covers various activities and periodical reports are submitted to the management. The Audit Committee reviews financial statements, internal

audit reports along with internal control systems. The Company has a well-defined organizational structure, authority levels, delegation of powers and internal rules and guidelines for conducting business transactions.

9. PERSONNEL

a) Industrial relations

b) Particulars of employees

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure - I**.

10. PUBLIC DEPOSITS

The details in regard to deposits, covered under Chapter V of the Companies Act, 2013 are mentioned hereunder:

- | | |
|--|--------------|
| a) Amount accepted during the year | Nil |
| b) Amount remained unpaid or unclaimed as at the end of the year | Nil |
| c) Default in repayment of deposits or payment of interest thereon during the year and if so, number of such cases and the total amount involved | |
| i) at the beginning of the year | -N/A- |
| ii) maximum during the year | -N/A- |
| iii) at the end of the year | -N/A- |

The company does not have deposits which are in contradiction of Chapter V of the Act.

Your Company has not invited any deposits from public/shareholders in accordance with Chapter V of the Companies Act, 2013.

11. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS

There are no significant and material orders passed by the regulators or courts or tribunals during the financial year 2020-21, impacting the going concern status and company's operations in future.

12. ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS & OUTGO

The information with regard to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and outgo in accordance with the provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure II** forming part of this Report.

13. DIRECTORS AND KEY MANAGERIAL PERSONNEL

During the year, the Board made the following appointments/re-appointments:

Re-appointments

- During the year, Mr. Knut Leif Bredo Erichsen (DIN: 07270992) would have retired by rotation at the ensuing Annual General Meeting and, being eligible, had offered himself for re-appointment and the members had approved his re-appointment.
- Mr. Om Prakash Ajmera (DIN: 00322834) was appointed as Director. He is also the CEO & CFO of the company.

Your Directors further inform the members that

declarations have been taken from the Independent Directors at the beginning of the financial year stating that they meet the criteria of independence as specified under sub-section (6) of Section 149 of Companies Act, 2013.

A declaration on compliance with Rule 6(3) of the Companies (Appointment and Qualification of Directors) Rules, 2014, along with a declaration as provided in the Notification dated October 22, 2019, issued by the Ministry of Corporate Affairs (MCA), regarding the requirement relating to enrolment in the Data Bank for Independent Directors, has been received from all the Independent Directors, along with declaration made under Section 149(6) of the Act. In the opinion of the Board, Independent Directors possesses integrity, expertise and vast experience including proficiency.

Appointments & Resignations

(iii) CORPORATE SOCIAL RESPONSIBILITY COMMITTEE

Your Company has been diligently following the Corporate Social Responsibility policies. As part of its initiatives under Corporate Social Responsibility (CSR), the Company had undertaken projects in the areas of promotion of Education, taking initiatives towards Community Service and rural development, Healthcare, Plantation & Environmental Development, Protection of art, culture etc. These projects were in accordance with the CSR Policy of the Company and Schedule VII of the Companies Act, 2013 and Rules made thereunder.

As per the Companies Act, 2013, all the companies which having net worth of ₹ 500 crore or more, or a turnover of ₹ 1000 crore or more, or a net profit of ₹ 5 crore or more are required to constitute CSR Committee of the Board of Directors comprising three or more Directors out of which atleast one should be the Independent Director. All such Companies are required to spend atleast 2% of its average net profit on the three preceding financial years on the CSR related activities. The CSR policy may be accessed on the Company's website at the following link: http://adhydropower.com/docs/ADHPL_CSR_Policy.pdf.

The Annual Report on CSR activities is enclosed as **Annexure VI**, forming part of this report. The following is the composition mentioned for the CSR committee of the Company.

The composition of the Corporate Social Responsibility Committee is as under:

S. No.	Name of Member	Designation	Category
1	Mr. Ravi Jhunjhunwala	Member	Chairman & Director
2	Ms. Tima Iyer Utne	Member	Non-Executive Director
3	Dr. Kamal Gupta	Member	Non-Executive Independent Director

Meetings and attendance

The committee had met four times on 4th June 2020, 31st July 2020, 29th October 2020 and 2nd February 2021 respectively. The attendance for the committee is as follows:

S. No.	Name of Member	Category	No. of Meetings held	No. of Meetings Attended
1.	Mr. Ravi Jhunjhunwala	Chairman & Director	4	3
2.	Ms. Tima Iyer Utne	Non-Executive Director	4	4
3.	Dr. Kamal Gupta	Non-Executive Independent Director	4	4

(iv) INDEPENDENT DIRECTORS' MEETING

During the financial year 2020-21, the Independent Directors met on 19th March 2021, without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Managing Director and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

(v) BOARD EVALUATION:

The Board is responsible for undertaking a formal annual evaluation of its own performance, committees and individual Directors with a view to review their functioning and effectiveness and to determine whether to extend or continue the term of appointment of the independent directors. During the year, the Board carried out the performance evaluation of itself, Committees and each of the executive directors/non-executive directors/independent directors excluding the director being evaluated. The evaluation of performance of Independent Director is based on the criteria laid down in the Nomination and Remuneration policy which includes knowledge and experience in the field of power sector, legal, finance and CSR activities. Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its committee and its member individually was adjudged satisfactorily.

17. MEETING OF THE MEMBERS

The Annual General meeting of the members was held on 24th September 2020.

18. VIGIL MECHANISM /WHISTLE BLOWER

The Board on the recommendation of Audit Committee has adopted a Whistle Blower Policy. The details of the same are disclosed on the website of the Company and a weblink thereto is as under:

http://www.adhydropower.com/docs/ADHPL_Whistle_Blower_Policy.pdf

19. INTERNAL FINANCIAL CONTROL (IFC) SYSTEM AND THEIR ADEQUACY:

The Directors are responsible for laying down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively. As per Section 134(5) (e) of the Companies Act, 2013, the Directors' Responsibility Statement shall state the same.

Your Company has adopted the IFC framework as guidance, for ensuring adequate controls and its effectiveness within the company. The process of assessment of IFC would require setting up of an internal controls function in the organization. The Accounts & Finance Team has been trained to implement and evaluate the design and operating effectiveness of the IFC framework. The framework also focuses on internal controls over financial reporting (ICFR) that are put in place to develop and maintain reliable financial data, and to accurately present the same in a timely and appropriate

manner. The framework refers to the policies and procedures adopted by the company for ensuring , orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, timely preparation of reliable financial information.

The IT controls provide reasonable assurance of achieving the control objectives related to the processing of financial information within the computer processing environment. IT controls ensures appropriate functioning of IT applications and systems built by the organization to enable accurate and timely processing of financial data.

Your Company deploys best in class applications and systems which streamline business processes, to improve performance and reduce costs. These systems provide seamless integration across modules and functions resulting into strong MIS platform and informed decision-making by the Management.

The company has adequate and effective internal financial control in place which is being periodically evaluated. The Company has put in place strong internal control systems and best in class processes commensurate with its size and scale of operations. Internal Financial Control is a continuous process operating at all levels within the Company.

The ICFR is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable accounting principles and policies & procedures.

20. CONTRACTS AND ARRANGEMENTS WITH RELATEDPARTIES

All the related party transactions entered into during the financial year were on an arm's length basis and were in the ordinary course of business. Your Company had not entered into any transactions with related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC 2 is not applicable.

21. STATUTORY AUDITORS

The members had appointed **M/s Deloitte Haskins & Sells LLP**, (Firm Registration Number is 117366W /W-100018), Chartered Accountants, as the Statutory Auditors of the Company on 27th September 2017 for a term of 5 years, to hold office from the conclusion of the 14th Annual General Meeting until the conclusion of the 19th Annual General Meeting of the Company. Further the statutory auditors have further confirmed that the said appointment, when made, was within the prescribed limits under Section 141(3)(g) of the Companies Act, 2013 and also the statutory auditor is not disqualified under section 141(3) of the Companies Act 2013.

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Statutory Auditors expressed an unmodified opinion in the audit reports with respect to audited financial statements for the financial year ended March 31, 2021. The Auditors' Report does not contain any qualification, reservation adverse remark or disclaimer which requires any explanation from the Board of Directors.

22. COST AUDITORS

The Cost Audit for financial year ended March 31, 2020 was conducted by M/s K.G. Goyal & Co., Cost Accountants (Firm Registration No. 0017). The Cost Audit Report in XBRL mode for financial year ended March 31, 2020 was filed within the due date. The Cost Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

Based on the Audit Committee recommendations at its meeting held on 2nd February 2021, the Board has approved the re-appointment of M/s K.G. Goyal & Co., Cost Accountants (Firm Registration No. 0017), as the Cost Auditors of the Company for the financial year 2021-22 at a remuneration of Rs. 0.50 lakhs plus service tax and out of pocket expenses that may be incurred by them during the course of audit. As required under the Companies Act, 2013, the remuneration payable to the cost auditor is required to be placed before the Members in a general meeting for their ratification. Accordingly, a Resolution seeking Member's ratification for the remuneration payable to M/s K.G. Goyal & Co., Cost Auditors is included in the Notice convening the Annual General Meeting.

23. SECRETARIAL AUDITORS

The Company had appointed M/s. P. Kathuria & Associates, Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2020-21, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed herewith as **Annexure IV** for kind attention of the Members. The Secretarial Audit Report does not contain any qualification, reservation adverse remark or disclaimer.

24. INTERNAL AUDITORS

Based on the Audit Committee recommendations, the Board had appointed M/s. Ashim & Associates, Chartered Accountants as the Internal Auditors of the Company for a period of three years i.e. FY 2020-21, FY 2021-22 and FY 2022-23, subject to review of their performance from time to time.

25. REPORTING OF FRAUD BY THE AUDITORS'

During the year under review, the Statutory Auditor, Secretarial Auditor, Cost Auditor and Internal Auditor of the Company have not reported any matter under section 143(12) of the Companies Act, 2013. Therefore, no detail regarding reporting of fraud is required to be disclosed under section 134(3)(ca) of the Companies Act, 2013.

26. RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. Further, the Company has in place Operations & Steering Committee (OSC) and a Policy thereto, which inter alia includes the Risk Management Policy including mitigation plans. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in

establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The annual strategic planning done by OSC provides platform for identification, analysis, treatment and documentation of key risks. It is through this annual planning process that key risks and risk management strategies are communicated to the Board. The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

27. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors confirm that:

- i. In preparation of the annual accounts, the applicable accounting standards have been followed and there are no material departures from the same;
- ii. They have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year ended 31st March, 2021 and of the profit of the Company for the year under review;
- iii. They have taken proper and sufficient care for maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safe guarding the assets of the Company and for preventing and detecting frauds and other irregularities;
- iv. They have prepared the annual accounts on a going concern basis;
- v. that proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- vi. They have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

28. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

29. EXTRACT OF ANNUAL RETURN

The details forming part of the extract of the Annual Return inform MGT - 9 is annexed herewith as **Annexure V**. The Annual Return and extract of Annual Return in form MGT-9 is also placed on the website of the Company www.adhydropower.com

30. GENERAL DISCLOSURE

- The company has maintained the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013, and accordingly such accounts and records are made and maintained by the company.
- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. The company has complied with provisions relating to the

constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. No complaints were received during the financial year 2020-21.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- During the year, there was no change in the issued share capital of the company.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported during the Financial Year 2020-21.
- The Company is in compliance of all the applicable secretarial standards issued by The Institute of Company Secretaries of India, issued from time to time.

31. ACKNOWLEDGEMENT

Your Directors' place on record their sincere appreciation for the co-operation and support received by your Company from the Ministry of Power, Government of Himachal Pradesh, Ministry of Corporate Affairs, Central and State Government and other government agencies,

Lenders, Banks, Financial Institutions, CERC, HPERC, HPSEBL, PTC India Limited, Statkraft Markets Private Limited India Energy Exchange and our valued customers, who have continued their valuable support and encouragement during the year under review. The Board also thanks the employees at all levels, for the dedication, commitment and hard work put in by them for Company's achievements.

Your involvement as shareholders is greatly valued and appreciated. The Directors look forward to your continuing support.

ANNEXURE III TO THE DIRECTORS' REPORT

NOMINATION & REMUNERATION POLICY

Pursuant to Section 178 of the Companies Act, 2013 and Rules made thereunder, AD Hydro Power Limited is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company already had a Remuneration Committee with three Non-Executive Directors. In order to align the same with the provisions of the Companies Act, 2013, and Rules made thereunder from time to time, the Board of Directors at their meeting held on the 16th March, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules made thereunder, applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

1. OBJECTIVE

The Key Objectives of the Committee would be:

- a) to advise the Board in relation to appointment, appraisal and removal of Directors, Key Managerial Personnel and Senior Management of the Company.
- b) to evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation of the Board.
- c) to recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

2. DEFINITIONS

- (a) "Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.
- (b) "Board" means Board of Directors of the Company.
- (c) Key Managerial Personnel (KMP), means:
 - i. Chief Executive Officer or the managing director or the manager;
 - ii. Company Secretary,
 - iii. Whole-time Director;
 - iv. Chief Financial Officer; and
 - v. such other officer as may be prescribed.
- (d) Senior Management: Senior Management means personnel of the company who are members of its core management team excluding the Board of Directors. This would also include all members of management one level below the executive directors including all functional heads.

3. ROLE OF COMMITTEE

The role of the Committee inter alia will be the following:

- a) reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy, with the objective to diversify the Board;
- b) to recommend to the Board the appointment and removal of Director or key management personnel or Senior Management Personnel.
- c) to carry out evaluation of Director's performance.
- d) assessing the independence of independent directors;
- e) to make recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract;
- f) making recommendations to the Board on the remuneration/fee payable to the Directors/ KMPs/Senior Officials so appointed/re-appointed;
- g) ensure that level and composition of remuneration of Directors, KMP's and Senior Management is reasonable and sufficient. The relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- h) to devise a policy on Board diversity;
- i) to develop a succession plan for the Board and Senior Management and to regularly review the plan;
- j) such other key issues/matters as may be referred by the Board or as may be necessary in view of the provision of the Companies Act, 2013 and Rules made thereunder.

4. MEMBERSHIP

- a) The Committee shall consist of a minimum 3 non-executive directors, majority of them being independent. However, the Chairperson of the Company (whether executive or non-executive) may be appointed as a member of the Nomination and Remuneration Committee, but shall not chair such Committee.
- b) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

5. CHAIRMAN

- a) Chairman of the Committee shall be a Non-executive Director.
- b) Chairperson of the Company may be appointed as a member of the Committee but shall not be a Chairman of the Committee.
- c) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- d) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

6. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

7. COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

8. SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

9. VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

10. POLICY ON BOARD DIVERSITY

The Nomination and Remuneration Committee shall ensure that Board of Directors have the combination of Directors from different areas /fields or as may be considered appropriate in the best interest of the Company. The Board shall have atleast one Board member who has accounting/ financial management expertise.

11. NOMINATION DUTIES

The duties of the Committee in relation to nomination matters include:

1. Ensuring that there is an appropriate induction & training program in place for new Directors and members of Senior Management and reviewing its effectiveness;
2. Ensuring that on appointment to the Board, Non-Executive Directors receive a formal letter of appointment in accordance with the Guidelines provided under the Companies Act, 2013;
3. Determining the appropriate size, diversity and composition of the Board;
4. Follow a formal and transparent procedure for selecting new Directors for appointment to the Board, Key Managerial Personnel's and Senior Management Personnel;
5. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
6. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
7. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
8. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
9. Considering any other matters as may be requested by the Board;

12. REMUNERATION DUTIES

The Committee will recommend the remuneration/fee to be paid to the Managing Director, Whole-time Director, other Directors, Key Managerial Personnel and Senior Management Personnel to the Board for their approval.

The level and composition of remuneration/fee so determined by the Committee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management of the quality required to run the Company successfully. The relationship of remuneration/fee to performance should be clear and meet appropriate performance benchmarks. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Director/ Managing Director

Besides the above Criteria, the Remuneration/ compensation/ commission/fee to be paid to Director/ Managing Director/ Whole Time Director shall be governed as per provisions of the Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

2. Non-executive Independent Directors

The Non-Executive Independent Director may receive remuneration by way of sitting fees for attending meetings of Board or Committee thereof. Provided that the amount of such fees shall be subject to ceiling/ limits as provided under Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

3. Key Managerial Personnel's /Senior Management Personnel etc

The Remuneration to be paid to Key Managerial Personnel's/ Senior Management Personnel shall be based on the experience, qualification, performance and expertise of the related personnel and governed by the limits, if any prescribed under the Companies Act, 2013 and Rules made thereunder or any other enactment for the time being in force.

4. Directors' and Officers' Insurance

Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel's/ Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

13. EVALUATION/ ASSESSMENT OF DIRECTORS OF THE COMPANY

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis.

The following criteria may assist in determining how effective the performances of the Directors have been:

- Contributing to clearly defined corporate objectives & plans
- Obtain adequate, relevant & timely information from external sources
- Review of strategic and operational plans, objectives and budgets
- Regular monitoring of corporate results against projections
- Identify, monitor & take steps for mitigation of significant corporate risks
- Assess policies, structures & procedures
- Review management's succession plan
- Effective meetings
- Assuring appropriate board size, composition, independence, structure
- Clearly defining roles & monitoring activities of committees.
- Additionally, for the evaluation/assessment of the performances of Managing Director(s)/Whole Time Director(s) of the Company, following criteria may also be considered:
 - Leadership abilities
 - Communication of expectations & concerns clearly with subordinates
 - Direct, monitor & evaluate KMPs, senior officials

Evaluation on the aforesaid parameters will be conducted by the Independent Directors for each of the Executive/Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors on the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

14. DISCLOSURE

The Remuneration policy and the evaluation criteria shall be disclosed in the Board's Report.

15. MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.

16. DEVIATIONS FROM THIS POLICY

Deviations on elements of this policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case. However, this shall be subject to the approval of Board of Directors on the recommendation of Nomination and Remuneration Committee of the Company.

ANNEXURE IV TO THE DIRECTORS' REPORT

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members,

AD Hydro Power Limited (CIN: U40101HP2003PLC026108)

Himachal Pradesh

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by AD Hydro Power Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the AD Hydro Power Limited's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by AD Hydro Power Limited ('the company') for the financial year ended on March 31, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; **(Not applicable to the Company during the Audit period)**
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and External Commercial Borrowings.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): **(All the following Regulations including amendments, if any, from time to time are not applicable to the Company during the Audit period)**
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) Other law applicable specifically to the Company, as identified and on the basis of representation given by the management,:
 - The Electricity Act, 2003.
 - The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India. (Notified and effective from 1st July, 2015 and the revised version effective from October 1st, 2017).
- (ii) The SEBI (Listing Obligations and Disclosure Requirement) Regulation, 2015.

(Not Applicable to the Company during the Audit period)

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. -

Normally adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be. There was no dissenting vote for any matter.

I further report that I have relied on the representation made by the Company and its officers for system and mechanism formed

Annual Report 2020-21

by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. Therefore, I am of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report, during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the Company's affairs.

This report is to be read with my letter of even date which is annexed as "**Annexure I**" and forms an integral part of this report.

'Annexure I'

To
The Members,
AD Hydro Power Limited (CIN: U40101HP2003PLC026108)
Himachal Pradesh

My report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. I believe that the processes and practices I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial record and Books of Accounts of the company since the same have been subject to review by Statutory Auditor.
4. Where ever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The Compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITORS' REPORT

To the Members of AD Hydro Power Limited Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **AD Hydro Power Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note 29.3 (ii) of the financial statements, which describes the uncertainty relating to the effects of outcome of litigation with three parties using the transmission line.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so,

consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, no remuneration has been paid to personnel covered under section 197 of the Act during the year. Hence, reporting under this section is not applicable to the Company.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements; Refer note 29.1 to the financial statements
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer note 29.2 to the financial statements
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. Refer note 18 to the financial statements
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (l) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **AD Hydro Power Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's

internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) In respect of Property, plant and equipment's:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.
 - (b) The property, plant and equipment were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the Property, plant and equipment at reasonable

Annual Report 2020-21

- intervals. According to the information and explanations given to us, no discrepancy was noticed on such verification.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the award letter and certificate of mutation provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings, are held in the name of the Company as at the balance sheet date other than the lands located at village Prini, District Kullu, Himachal Pradesh measuring 2.73 hectares amounting to Rs 705.75 lakhs, which are pending for registration/mutation in favour of the Company. *<Refer Note 3 to the financial statements>* Further, immovable properties of land and buildings whose title deeds have been pledged as security for term loans are held in the name of the Company based on the confirmation received from IDBI Trusteeship Services Limited (the security trustee). In respect of immovable properties of land and buildings that have been taken on lease and disclosed as Property, Plant and Equipment in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.
- (ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed in physical verification.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.
- (iv) According to the information and explanations given to us, clause (iv) of the Order is not applicable to the Company.
- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year. The Company does not have any unclaimed deposits and accordingly the provisions of Section 73 to 76 or any other relevant provision of the Companies Act 2013 are not applicable to the Company.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- (a) The Company is regular in depositing undisputed statutory dues including Provident Fund, Goods and Services Tax, cess and other statutory dues applicable to it to appropriate authorities and is generally been regular in depositing the Income Tax with the appropriate authority. The provisions related to Customs duty and Employee State Insurance is not applicable to the Company. Also, refer to the Note No. 29.1(e) in the financial statement regarding management assessment on certain matters relating to the provident fund.
- (b) There were no undisputed amounts payable in respect of Provident Fund, Income-tax, Goods and services Tax, cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
- (c) There are no dues of Goods and Services Tax, Services tax, Income Tax, Excise duty, Sales tax, Customs duty and Value added tax as on March 31, 2021 on account of disputes.
- (viii) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks and Government. The Company has not issued any debentures.
- (ix) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Further, according to the information and explanations given to us, the Company does not have unutilized money raised by way of term loans during the year, hence reporting under clause (ix) of the Order is not applicable.
- (x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanations given to us the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013 and rule 7 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence reporting under clause (xiv) of is not applicable to the Company.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 CORPORATE INFORMATION

AD Hydro Power Limited (hereinafter referred to as 'the Company') is engaged in the generation of hydroelectric power. The Company has set up 192 MW hydroelectric power generation project, out of which, part of the project (Allain side) has started commercial production in 2010-11 and balance portion of the project on Duhangan side has started commercial production in 2011-12.

The Company has the necessary permission from the Government of Himachal Pradesh to own, operate & maintain the project and sell power for a period of forty years from the date of commercial operation i.e. July 29, 2010 with the option to avail a further extension for a maximum period of twenty years after renegotiation of terms and conditions.

The Company is a company limited by shares incorporated in India. Its parent Company is Malana Power Company Limited.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. The financial statements have been prepared on the historical cost basis, except where different basis is mentioned in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Amendments to Ind AS 1 and Ind AS 8 - Definition of "material"

The Company has adopted the amendments to Ind AS 1 and Ind AS 8. The amendments make the definition of material in Ind AS 1 easier to understand and are not intended to alter the underlying concept of materiality in Ind ASs. The concept of 'obscuring' material information with immaterial information has been included as part of the new definition.

The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'. The definition of material in Ind AS 8 has been replaced by a reference to the definition of material in Ind AS 1. In addition, the MCA amended other standards that contain the definition of 'material' or refer to the term 'material' to ensure consistency.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these financial statements.

2.2 Summary of significant accounting policies

a. Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future period if the revision affects both current and future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

I Service Concession Arrangements

Management has assessed applicability of Appendix D "Service Concession Arrangements" to Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Company. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

II Useful lives and residual value of property, plant and equipment, intangible assets and Investment Properties

Useful life and residual value are determined by the management based on a technical evaluation considering nature of asset, past experience, estimated usage of the asset, vendor's advice etc and same is reviewed periodically, including at each financial year end.

III Claims and Litigations

The Company is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Company reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Company establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Company's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Company evaluates, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of the loss. The Company does not record liabilities when the likelihood that the liability has been incurred is probable, but the amount cannot be reasonably estimated. Based upon present information, the Company determined that there were no matters that required an accrual as of March 31, 2021 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

IV Deferred tax assets

The Company reviews the carrying amount of deferred tax assets including MAT credit at the end of each reporting period and recognized to the extent that it is probable that sufficient taxable profits will be available to utilize the deferred tax asset including MAT credit.

V Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its PPE to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with an indefinite useful life are tested for impairment at least annually and whenever there is an indication at the end of a reporting period that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount.

b. Revenue Recognition

The Company recognise revenue at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The Company's sales revenue is divided into following categories:

Revenue from generation and supply of Power ("Revenue from Power Supply"):

Revenue from sale of power is recognised when persuasive evidence of an arrangement exists, the fee is fixed or determinable, energy is supplied (i.e. performance obligation is satisfied) and collectability is reasonably assured. The revenues from generation and supply of power is recognised at the amount of which the entity has a right to invoice which coincides with the electricity scheduled to be transmitted to the customers. The difference between scheduled and actual transmitted energy is recognized as Unscheduled Interchange (U/I) charges and are adjusted with the revenue recognized on accrual basis.

In an arrangements where the Company sells power on an exchange, the exchange is determined to be the customer. This is based on the fact that the Company has enforceable contracts with the exchanges.

Revenue from sharing of Transmission line ("Transmission Income"):

Revenue is recognized on the basis of periodic billing to consumers / state transmission utility and is measured based on the consideration to which the Company expects to be entitled from a customer, net of returns and allowances, discounts, volume rebates and cash discounts excluding taxes or duties collected on behalf of the government.

Voluntary emission rights (VER), Carbon Credit Entitlement / Certified Emission Reductions ("CER")

Revenue is recognized on registration and successful authentication of carbon emission reductions.

Other Income

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

c. Inventory Valuation

Inventories comprising of components and stores and spares are valued at lower of cost and net realizable value. Scrap is valued at net realizable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

d. Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in Statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the Statement of profit and loss when incurred. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation:

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has used the following useful life to provide depreciation on its Property, Plant and Equipment.

Assets	Useful life (Years)
Buildings other than factory buildings	60
Plant and Machinery used in generation, transmission and distribution of power	40
Hydraulic Works (Pressure shaft, Head Race Tunnel, Upstream etc related to civil work)	40
Factory Buildings	30
Plant and Machinery	15
Electrical Installations	10
Furniture and Fixtures	10
Roads	10
Vehicles	8
Computers and Data processing equipment's	3-6
Office equipment's	5

e. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years. The Company has considered the useful life of 3 years to provide amortization on Software.

The intangible assets are assessed for impairment whenever there is indication that the intangible assets may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

f. Leases

The Company assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (1) The contract involves the use of an identified asset,

- (2) The Company has substantially all of the economic benefits from use of the identified asset, and
- (3) The Company has the right to direct the use of the identified asset.

Company as a lessee

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company adopts the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

Leases where the Company does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

g. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations cover the useful life of the project.

Impairment losses are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount.

h. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- Equity instrument in subsidiary carried at cost.

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in the finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

As at March 31, 2021, the Company does not have any debt instrument measured at FVTPL or FVTOCI.

Equity investments

All equity investment (other than equity investment in subsidiary) in scope of Ind AS 109 are measured at fair value. Equity instruments in subsidiary are carried at cost in financial Statements less impairments, if any. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's standalone balance sheet) when:

- The contractual rights to receive cash flows from the asset have expired, or
- When the Company transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in a separate component of equity is reclassified to profit or loss. In contrast, on derecognition of an investment in an equity instrument which the Company has elected on initial recognition to measure at FVTOCI, the cumulative gain or loss previously accumulated in a separate component of equity is not reclassified to profit or loss, but is transferred to retained earnings.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Trade receivables or any contractual right to receive cash or another financial asset.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i. Foreign currency

Transactions in foreign currencies are initially recorded by the company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

j. Retirement and other employee benefits

1 Defined Contribution Plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

2 Defined Benefit Plan:

The Employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with ICICI Prudential Life Insurance company Limited and Bajaj Allianz. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Company contributes to the Company Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with ICICI Prudential Life Insurance company Limited and Bajaj Allianz is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in Note no 31.3

The Company recognises the following changes in the net defined benefit obligation under Employee benefit expense in the statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

3 Other Long Term Employee Benefits:

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

k. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences

originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

i. Non Current Assets held for sale

The Company classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The company treats sale/ distribution of the asset or disposal company to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

m. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

n. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

o. Contingent Liability

A Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

p. Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q. Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

r. Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

As on the reporting date, the Company does not have any financial instrument which has been measured either through FVTPL or FVTOCI.

s. Current versus Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- 1 Expected to be realised or intended to be sold or consumed in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Expected to be realised within twelve months after the reporting period, or
- 4 Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- 1 It is expected to be settled in normal operating cycle
- 2 It is held primarily for the purpose of trading
- 3 It is due to be settled within twelve months after the reporting period, or
- 4 There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

t. Going concern

The directors here, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

u. Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

Basic and Diluted earning per share (in ₹) [(a) / (b)]	0.39	0.51
Diluted earning per share	0.39	0.51

28. SEGMENT REPORTING

The Company's activities involves generation and sale of hydro power. Also, the Company generates income from usage of its owned transmission line. Considering the nature of Company's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Segment Reporting'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

Revenue of the Company is majorly from sale of electricity to two major customers.

29. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTENT NOT PROVIDED FOR)

29.1 Contingent Liabilities* (₹ in Lakhs)

Particulars	March 31, 2021	March 31, 2020
Claims against the Company not acknowledged as debt:		
Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	1,459.58	1,459.58
Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	1,427.00	1,427.00
Demand raised by Directorate of fisheries. Himachal Pradesh (refer note (c) below)	99.75	99.75
Demand of lease rentals by Himachal Pradesh Govt. for diverted forest land (refer note (d) below)	-	-

* Company believes that these claims/demands are not probable to be decided against the Company and therefore, no provision for the above is required.

Notes:

- (a) During the financial year 2012-2013, the Cess Assessing Officer vide order dated January 23, 2013 had raised a demand of ₹ 1,459.58 lakhs on the Company under the Building & Other Construction Workers Welfare Cess Act, 1996

Annual Report 2020-21

("BOCW Act") for the period from January 01, 2005 to July 31, 2012. The Company is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 08, 2008 to July 01, 2010 (i.e from the date when the rules were notified and up to the date when factory license was granted to the Company). In view of this, there is no question of payment of Cess prior to December 8, 2008 as demand has no justification or legal sanctity. The amount so determined based on the Company's view has been already paid. The Company had filed a writ petition before the High Court of Himachal Pradesh for the above said demand. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand. The matter is presently pending for adjudication with no fixed date.

Pending any further directions by the High Court and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

- (b) During 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹ 1,427 lakhs on the Company towards local area development fund (LADF). The amount was determined considering 1.5% of the final cost of the project of the Company of ₹ 1,60,700 lakhs (after considering the expenses already incurred by the Company of ₹ 984 lakhs). The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed @ 1.5% of the total capital cost as reflected in Detailed Project Report of the Company i.e. ₹ 92,200 lakhs in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by the Company aggregating to ₹ 1,423 lakhs. Had these been considered/computed appropriately, the above demand would not arise. Management is of the view that the Company has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.
- (c) The Department of Fisheries vide letter dated January 04, 2013 directed the Company to pay an amount of ₹ 99.75 lakhs for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. Management is of the view that the Company is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required.

The Company has filed a writ petition in High Court of Himachal Pradesh and is contesting the same on the ground that the streams identified in respect of ADHPL project are not covered in the negative list issued by Fisheries Department. The Company has deposited under protest an amount of Rs. 35 lakhs as per interim order of High Court of Himachal Pradesh. The Hon'ble High Court of Himachal Pradesh has granted stay on the said demand.

- (d) The Company is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against the Company is remote and thus these cases will not have any material impact on the financial statements and no provision is required.
- (e) Based upon the legal opinion obtained by the management, there are various interpretation issues and thus is in the process of evaluating the impact of the recent Supreme Court Judgment in the case of "Vivekananda Vidyamandir vs Regional Provident Fund Commissioner (II), West Bengal in relation to non-exclusion of certain allowances from the definition of "basis wages" of the relevant employees for the purpose of determining contribution to provident fund under the Employees Provident Fund & Miscellaneous provisions Act, 1952. Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on the Company for the previous periods, if any, cannot be ascertained.

29.2 Commitments

- (a) The Company had entered into Bulk Power Transmission Agreement with Power Grid Corporation of India Limited (Power grid) to avail long term open access to the transmission system of Power grid for transfer of power from Allain Duhangan HEP to Northern Region Constituents. The Company has agreed to share and pay all the transmission charges of Power grid for a period of 40 years from Commercial Operation Date i.e. July 29, 2010. This is being a firm commitment, recognized as an expense on receipt of monthly bills from Power grid, under the head 'Bulk power transmission charges' in the Statement of profit and loss. Besides, in accordance with implementation agreement with Government of Himachal Pradesh (GOHP), the company shall provide 12% of its deliverable energy free of cost to GOHP.
- (b) The Company has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. The Company does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.

29.3 Other matters

(i) Impairment of Property, Plant and Equipment's

As on March 31, 2021, the Company has net worth of ₹ 1,01,511.12 lakhs (Previous Year ₹ 44,131.60 lakhs) and has accumulated losses of ₹ 9,680.05 lakhs as at March 31, 2021. Based on nancial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel,

management believes that profits will continue to accrue on account of expected increase in tariff and hence no adjustments are required to the carrying amount of property, plant and equipment on account of impairment and the Company will have sufficient cash flow to meet its future obligations.

(ii) Dispute related to parties using the transmission line

On October 17, 2019, the Central Electricity Regulatory Commission (CERC) passed an Order on the Dedicated Transmission System of the Company for using the transmission line for transmitting the energy in which CERC stated the following:

- (a) With regards to transmission charges, CERC approved the capital cost of Dedicated Transmission System at ₹ 23,892 lakhs as against the capital cost submitted by the Company of ₹ 41,661 lakhs (on the date of COD)/ ₹ 45,284 lakhs (with additional capitalization) and accordingly determined the annual fixed cost (Transmission Tariff) for using transmission line for the period 2011-12 to 2018-19. The Company has estimated an amount aggregating to ₹ 9,668.08 lakhs being additional amount invoiced over and above the amount which should have been invoiced based on capital cost and fixed cost determined by CERC for the above stated period for three parties using the transmission line. The management is of the view that the methods used to derive the capital cost by the CERC are not in accordance with the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations ("regulations") for the period 2009-14 and 2014-19 and Electricity Act, 2003.

With respect to matter detailed in (a) above, the Company had filed an appeal against the CERC Order before Appellate Tribunal for Electricity (APTEL) in October 2019. APTEL vide Order dated October 17, 2019 stayed the CERC's order so far as raising adjustment of previously raised bills were concerned along with the direction to continue to issue the future bills in accordance with the CERC Order till the appeal is finally disposed-off. The Respondents were directed to pay charges in terms of the order for use of the transmission line of ADHPL. The Company has accordingly started raising the invoices based on the CERC order effective 18th October, 2019 and recognized as transmission income.

Accordingly, trade receivables aggregating to ₹ 3,504.85 lakhs are considered good and fully recoverable and in the opinion of the Management no provision is required towards amount already collected from the users of Dedicated Transmission Line till March 31, 2021 aggregating to ₹ 6,163.23 lakhs.

Pending litigation and final decision on the appeal by APTEL, the Management, based on the legal opinion, is of the view that the above CERC Order is not legally tenable and would not have any material liability on the Company.

- (b) With regards to transmission losses, CERC directed to share the losses between the parties using the transmission line on the basis of weekly average losses in proportion to the scheduled energy on weekly basis instead of a flat charge of 4.75% charged by the Company as per the Interim Power Transmission Agreement (IPTA) signed between parties and accordingly directed the Northern Regional Load Despatch Centre (NRLDC) to re-compute the same which is presently under stay. However, the management is confident that the actual transmission losses to be computed by NRLDC would not be materially different in comparison with current flat charge of 4.75% and there would not be any material impact on the financial statements.

(iii) Dispute with Himachal Pradesh State Electricity Board Limited (HPSEBL)

Himachal Pradesh State Electricity Board Limited (HPSEBL) had withheld an amount of ₹ 316.68 lakhs on account of energy not supplied to them because of shut down of plant on date August 20, 2010. The Company had initiated the arbitration proceedings to recover the said amount. In 2015, the Hon'ble Arbitrator had decided the matter in favour of HPSEBL against which the Company has preferred an appeal before the Hon'ble High Court of Shimla. Currently the matter is under adjudication. The management is of the view that it had already informed HPSEBL about the shut down as the schedule was given of Nil power for the period of shut down, therefore the claim of HPSEBL is not legally tenable. However the entire receivable of ₹ 316.68 lakhs has been provided by the Company in the earlier years.

(iv) Sub debt received from Malana Power Company Limited (MPCL)

In 2009, the Company had received sub debt from MPCL amounting to ₹ 46,380 lakhs at market interest rate and this sub debt was classified as Loans on transition to Ind AS based on intention of the parties at that point of time. Subsequent to the year end, on May 12, 2021, the Company and MPCL have mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780 lakhs out of total sub debt of ₹ 46,380 lakhs and accumulated interest of ₹ 23,395.89 lakhs on total debt as follows:

Interest on sub debt of ₹ 31,780 lakhs will be Nil from April 01, 2020. At the discretion of the Company, the Company can repay ₹ 31,780 lakhs and ₹ 23,395.89 lakhs out of distributable profits of the Company and it can be paid only after making dividend payments to the equity shareholders of the Company or as per the agreement signed between the Company, MPCL and IFC.

Based on the above modification, the Company has derecognized the loan liability and accumulated interest payable and transferred the balances to Deemed Equity Contribution and presented under "Deemed Equity Contribution" under Other Equity.

The balance sub debt amounting to ₹ 14,600 lakhs carry interest rate of 9.55% per annum.

30 RELATED PARTY DISCLOSURES

does not include post-employment benefits and other long term employee benefits as these employee benefits are lump sum amounts provided on the basis of actuarial valuation.

31 EMPLOYEE BENEFIT PLAN**31.1 Defined contribution plan****i) Superannuation Fund**

The Company makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Company. The Company does not carry any further obligations, apart from the contributions made on a monthly basis. The Company recognized ₹ 3.69 lakhs (previous year ₹ 4.75 lakhs) in the statement of profit and loss account. (Refer note 22)

ii) Provident Fund

The Company makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 67.58 lakhs (previous year ₹ 68.11 lakhs) in the statement of profit and loss account. (Refer note 22)

31.2 Details of defined benefit plan and long term employee benefit plan**i) Gratuity Fund**

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

ii) Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

31.3 Disclosure required for Gratuity and Compensated absence in accordance with Ind AS-19 "Employee Benefits" are set out in the table below:**i) Current and Non – Current classification in Balance Sheet** (₹ in Lakhs)

vii) Principal Actuarial Assumptions (₹ in Lakhs)

Particulars	Gratuity		Compensated absences	
	March 31, 2021	March 31, 2020	March 31, 2021	March 31, 2020
i) Discounting Rate	6.80	6.75	6.80	6.75
ii) Future salary Increase	5.50	5.50	5.50	5.50
i) Retirement Age (Years)	60	60	60	60
ii) Mortality rates inclusive of provision for disability	100 % of IALM (2012-14)		100 % of IALM (2012-14)	
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)
18 to 30 Years	3.00	3.00	3.00	3.00
30 to 45 years	2.00	2.00	2.00	2.00
Above 45 years	1.00	1.00	1.00	1.00

Note:

- (a) Discount rate is based on the prevailing market yields of Govt. of India Securities as at Balance Sheet date for the estimated term of the obligations.
- (b) The estimate of future salary increased considered, takes into account the inflation, seniority, promotion, increment and other relevant factors.

viii) Sensitivity Analysis of the defined benefit obligation

Sensitivity of gross defined benefit obligation as mentioned above, in case of change of significant assumptions would be as under:

		(₹ in Lakhs)
Particulars		Gratuity
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period		264.22
Impact due to increase of 0.50%		(14.70)
Impact due to decrease of 0.50%		15.91
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period		264.22
Impact due to increase of 0.50%		16.04
Impact due to decrease of 0.50%		(14.94)

Note:

- (a) Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- (b) Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

viii) Maturity Profile of defined benefit obligation (₹ in Lakhs)

Expected cash flow for next 10 years	Gratuity
0 to 1 Year	6.24
1 to 2 Year	9.87
2 to 3 Year	6.10
3 to 4 Year	4.86
4 to 5 Year	15.81
5 to 6 Year	6.20
6 Year onwards	215.14

32 FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The Company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analyses in the following sections relate to the position of financial assets and financial liabilities as at March 31, 2021 and March 31, 2020.

I Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not exposed to any foreign currency risk as there is no material transaction in foreign currency.

II Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

III Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

(₹ in Lakhs)		
Particulars	March 31, 2021	March 31, 2020
Variable rate borrowings	-	-
Fixed rate borrowings	33,441.97	68,622.69
Total	33,441.97	68,622.69

(a) Sensitivity

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarises the impact of increase and decrease of profit before tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2021 and March 31, 2020.

(₹ in Lakhs)		
Particulars	March 31, 2021	March 31, 2020
Impact on Profit due to:		
Effect on Profit if Interest Rate - decrease by 25 basis points	-	-
Effect on Profit if Interest Rate - increases by 25 basis points	-	-

(b) Price risk

The company is not exposed to any price risk as there is no investment in equities outside the Company and the company doesn't deal in commodities.

(c) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

(i) Financial assets to which loss allowance is measured using lifetime /12 months Expected Credit Loss (ECL) as on March 31, 2021.

(₹ in Lakhs)

Financial assets to which loss allowance is measured using lifetime/ 12 months Expected credit loss(ECL)	March 31, 2021			March 31, 2020		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision
Loans to employees	34.84	-	34.84	36.21	-	36.21
Security Deposits	7.34	-	7.34	7.34	-	7.34
Trade Receivables	3,905.76	316.68	3,589.07	3,499.98	316.68	3,183.30
Cash and Cash Equivalents	1,207.37	-	1,207.37	3,023.35	-	3,023.35
Bank Balances	4,378.60	-	4,378.60	5,223.85	-	5,223.85
Others	211.75	-	211.75	361.88	-	361.88
Total	9,745.66	316.68	9,428.97	12,152.61	316.68	11,835.93

The Company is in the power generation sector. The Company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers. Hence, the Company has not provided for any discounting on time value of money.

(ii) Movement in expected credit loss allowance on trade receivables

The following table summarizes the change in the loss allowances measured using life-time expected credit loss model:

(₹ in Lakhs)

Particulars	March 31, 2021	March 31, 2020
Balance at the beginning of the year	316.68	316.68
Add : Provision for expected credit loss recognize during the year	-	-
Less : Provision reverse during the year	-	-
Balance at the end of the year	316.68	316.68

(d) Liquidity risk

Liquidity risk is defined as the risk that Company will not be able to settle or meet its obligation on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Lakhs)

As at March 31, 2021	Less than 12 months	12 months to 3 years	More than 3 years	Total
Borrowings	3,295.77	5,293.45	24,852.75	33,441.97
Trade payables	883.79	-	-	883.79
Capital Creditors	6.74	-	-	6.74
Interest accrued but not due on loan from financial institution	121.77	-	-	121.77
Sundry Deposits	9.42	-	-	9.42

(₹ in Lakhs)

As at March 31, 2020	Less than 12 months	12 months to 3 years	More than 3 years	Total
Borrowings	3,400.78	7,409.71	57,812.20	68,622.69
Trade payables	844.56	-	-	844.56
Interest Accrued but not due from holding company	4,278.56	9,183.24	16,144.37	29,606.17
Capital Creditors	12.81	-	-	12.81
Interest accrued but not due on loan from financial institution	188.98	-	-	188.98
Sundry Deposits	8.78	-	-	8.78

(I) Capital management

(a) Risk management

The Company's objective when managing capital are to:

- (i) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet)

The gearing ratios were as follows:

(₹ in Lakhs)

Particulars	March 31, 2021	March 31, 2020
Net Debt	32,234.60	65,599.34
Total Equity	101,511.12	44,131.60
Net Debt to Equity Ratio	0.32	1.49

(ii) Financial instruments- accounting classification and fair value measurement

3.	Mr. Vimal Banka	Director	Non-Executive Director	4	2
4.	Mr. Ajay Uppal	Nominee Director	Nominee Director	4	4
5.	Mr. Gopalakrishnan Lakshminarayanan	Nominee Director	Nominee Director	4	4

16. MEETING OF THE MEMBERS

The Annual General Meeting of the members of the Company was held on 29th September, 2020.

There was no Extra Ordinary General Meeting held during the year under review.

17. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the contracts/arrangements/transactions entered into by the Company during the financial year with the related parties were on arm's length basis and were in the ordinary course of the business. Your company has not entered into any transaction with the related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC-2 is not applicable.

18. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Company has not done any transactions in terms of Section 186 of the Companies Act, 2013.

19. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aid in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

20. STATUTORY AUDITORS

At the Annual General Meeting held on 24th September, 2018, M/s KRA & Associates, Chartered Accountants, (ICAI Firm Regn. No. 002352N), were appointed as the Statutory Auditors of the Company to hold office till the conclusion of the 28th Annual General Meeting to be held in the Calendar Year, 2023.

Your Directors inform the members that in accordance with the amendment notified by MCA on 7th May, 2018, the requirement of ratification of the appointment of

Statutory Auditors at every Annual General Meeting has been done away.

Further the Auditors have confirmed their eligibility u/s 141 of the Companies Act, 2013 and rules made thereunder.

During the year under review, the Auditors had not reported any matter under Section 143 (12) of the Companies Act, 2013; therefore, no detail is required to be disclosed under Section 134 (3) (ca) of the Companies Act, 2013.

21. AUDITORS' REMARKS

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Auditor's Report does not contain any qualification, reservation or adverse remarks.

22. ANNUAL RETURN

As required pursuant to section 92(3) of the Companies Act, 2013 and rule 12(1) of the Companies (Management and Administration) Rules, 2014, an extract of annual return in form MGT 9 is annexed to this annual report as Annexure-III. Further the Annual Return in form MGT-7 and extract of Annual Return in form MGT-9 is also available on the website of the company www.iccspower.com.

23. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge states the following:

1. that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
2. that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit and loss of the company for that year;
3. that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
4. That the annual accounts have been prepared on a going concern basis;
5. that the Company had laid down internal financial controls to be followed by the company and that such internal financial controls were adequate and were operating effectively;
6. That the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

24. GENERAL DISCLOSURES

- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment.

The Company has complied with the provisions relating to constitution of Internal Complaints Committee under sexual harassment of women at workplace (Prevention, Prohibition & Redressal) Act, 2013.

No complaints were received during the financial year 2020-21.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported in the Company, during the financial year 2020-21.
- During the year, there was no change in the issued share capital of the company.
- The Company is in compliance of all applicable secretarial standards issued by The Institute of Company Secretaries of India from time to time.
- The Company is not required to maintain the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013, and accordingly such Accounts and records are not made and maintained by the Company.
- The Company has made the necessary disclosure as per rule 8(5) of Companies Accounts Rules 2014

25. ACKNOWLEDGEMENTS

Your Directors would like to express sincere gratitude to all valuable stakeholders of the Company for their excellent support and co-operation extended by them during the financial year under review.

The Board of Directors also places on record its appreciation for the significant contribution made by the employees of the Company through their dedication, hard work and unstinted commitment.

For and on Behalf of The Board of Directors
Indo Canadian Consultancy Services Limited

INDEPENDENT AUDITORS' REPORT

To The Members of Indo Canadian Consultancy Services Limited

Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of **Indo Canadian Consultancy Services Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the **Profit** (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report, but does not include the financial statements and our auditor's report thereon. The Board's Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read Board's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

Responsibility of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Change in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on

record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
3. With respect to the matter to be included in the Auditors' report under Section 197(16) :
In our opinion and according to the information and explanation given to us, the Company has not paid or provided any managerial remuneration to any director during the year.

Annexure A referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Indo Canadian Consultancy Services Ltd for the year ended 31st March, 2021

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) During the current financial year 2020-21, the fixed assets of the Company have been physically verified by the management and material discrepancies identified on such verification have been properly dealt with in the books of account. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The Company does not have any Immovable property. Accordingly, paragraph 3(i) (c) of the Order is not applicable to the Company.
- (ii) The Company does not hold any inventory. Accordingly, paragraph 3 (ii) of the Order is not applicable to the Company.

- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3 (iii) (a), 3 (iii) (b) and 3 (iii) (c) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us, there are no loans, investments, guarantees, and securities. Accordingly, paragraph 3 (iv) of the Order is not applicable to the Company.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the provisions of Sections 73 to 76 of the Act and the rules framed there under.
- (vi) As per information & explanations available to us, the Central Government of India has not prescribed the maintenance of cost records for any of the products/ activities of the Company under sub-section (1) of Section 148 of the Act and the rules framed there under.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities, undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, value added tax, customs duty, excise duty, cess, GST and any other material statutory dues applicable to it, however, there have been slight delay in few cases. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, sales tax, service tax, value added tax, customs duty, excise duty, cess, GST and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable, except for the EPFO liability mentioned in Para 39 of Notes to Financial statements.
- (b) According to the information and explanation given to us, there are no dues with respect to income tax, sales tax, service tax, value added tax, customs duty, excise duty and GST which have not been deposited on account of any dispute.
- (viii) According to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to bank.
- (ix) The Company has neither raised money by way of public issue offer nor has obtained any term loans except vehicle loan. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.
- (x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or any fraud on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such instance by the management.
- (xi) According to the information and explanations given to us, the Company has not paid / provided for any managerial remuneration. Accordingly, paragraph 3(xi) of the Order is not applicable to the Company.
- (xii) In our opinion and according to the information and

explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

- (xiii) According to the information and explanation given to us, all transactions entered into by the Company with the related parties are in compliance with Sections 177 and 188 of Act, where applicable and the details have been disclosed in the Financial Statements etc., as required by the applicable accounting standards.
- (xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him.
- (xvi) According to the information and explanation given to us the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE B INDEPENDENT AUDITOR'S REPORT on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Indo Canadian Consultancy Ltd on the financial statements for the year ended 31st March, 2021

We have audited the internal financial controls over financial reporting of Indo Canadian Consultancy Services Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. CORPORATE INFORMATION

Indo Canadian Consultancy Services Limed (hereinafter referred to as "The company") is engaged in consultancy services, including comprehensive engineering consultancy for hydro-electric, thermal and non-conventional energy power projects.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company, with effect from 1st April 2016, has adopted Indian Accounting Standards (Ind AS) notified under the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) (Amended) Rules, 2016. For all periods up to and including the year ended 31st March 2016, the Company had prepared its financial statements in accordance with accounting standards as prescribed under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (referred to as 'Indian GAAP').

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments

The areas involving critical estimates and judgments are:

(i) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

(ii) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

c) Revenue Recognition

Revenue is recognized as per guiding principal specified under Ind AS - 115. The company is a service company; revenue is recognized on billing basis which is billed with achievement of defined milestones i.e. 'Contract milestones'

Other Income

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

d) Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on fixed assets is calculated on a Straight Line Method (SLM) using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013.

Depreciation is provided on pro-rata basis from the date on which assets are ready to use in case of addition and provided up to the date of sale/disposal in case of sale/disposal.

e) Intangible Assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Software assets are amortized on a straight line basis over the estimated useful economic life of 5 years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Financial Instruments

Financial Assets

i. Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

ii. Subsequent Measurement

Non-derivative financial instruments

- **Debt instrument at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

- **Equity instrument at fair value through other comprehensive income**

All equity investments in scope of Ind AS 109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

- **Equity instrument at fair value through profit or loss**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Impairment of Financial Assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- (i) The rights to receive cash flows from the asset have expired, or
- (ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii. Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations.

Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations.

If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

iv. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

g) Foreign currency translation

Financial statements are presented in Rupees, which is company's functional currency.

Initial recognition

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

h) Taxation

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it

is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

i) Employees Benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard Ind AS-19 'Employee Benefits'.

Provident Fund

The company makes contribution to statutory contribution fund in accordance with Employees Provident Fund and Miscellaneous Provision Act, 1952 which is defined contribution plan and contribution paid or payable is recognized as an expense in the period in which services are rendered by the employee.

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of defined benefit/obligation at the balance sheet date less the fair value of plan assets, together with adjustment for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Gratuity liability which is expected to payable within next 12 months from Balance sheet (as per estimates made by actuary) is treated as Current liability and balance liability has been considered as long term liability.

Leave Encashment

Liability in respect of leave encashment becoming due or expected after the balance sheet is estimated on the basis of an actuarial valuation performed by an independent actuary using projected unit credit method.

Leave liability which is expected to be utilized within next 12 months from Balance sheet (as per estimates made by actuary) is treated as Current liability and balance liability has been considered as long term liability.

Superannuation Benefit

The Company makes contribution to superannuation fund which is a post employment benefit in the nature of a defined contribution plan & contribution paid or payable is recognized as expenses in the period in which services are rendered by the employee.

Other short term benefits

Expenses in respect of other short term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

j) Provisions & Contingent Liabilities/ Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement

k) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

l) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

1. In the principal market for the asset or liability, or
2. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or Liabilities

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

27. SEGMENT REPORTING

The Company is engaged in consultancy services, including comprehensive engineering consultancy for hydro-electric, thermal and non-conventional energy power projects. Considering the nature of Company's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Operating Segments'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

28. COMMITMENTS AND CONTINGENCIES

As per information available with the management there is no contingent liability as at March 31, 2021.

29. There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard - 39 as it is not probable that an outflow of resources embodying economic benefit will be required.

30. RELATED PARTY DISCLOSURES

36. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analyses in the following sections relate to the position as at March 31, 2021 and March 31, 2020.

i. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there is no material transaction in foreign currency. Particulars of un-hedged foreign currency exposures as at the Balance Sheet date are NIL (previous year NIL). Hence, no further disclosure is required under this section.

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company is not exposed to any interest rate risk as there is no long term borrowing in the company. Hence, no disclosure is required under this section.

b) Price Risk

The company is not exposed to any price risk as there is no investment in equities outside the group and the company doesn't deal in commodities.

c) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2021		As at March 31, 2020	
	Gross Carrying Amount	Carrying amount net of impairment provision	Gross Carrying Amount	Carrying amount net of impairment provision

Financial assets to which loss allowance is measured using lifetime Expected credit loss (ECL) for the year ended as at March 31, 2020

Particulars	Within 6 Months	6 Months to 1 Year	1 Year to 3 Year	More than 3 Year	Total (₹ in Lakhs)
Trade Receivables- Gross Carrying amount	209.24	74.82	172.51	11.26	467.83
Expected Loss Rate	0%	0%	2%	100%	-
Expected Credit Losses	-	-	3.45	11.26	14.71
Carrying amount of Trade receivables	209.24	74.82	169.06	-	453.12

d) Liquidity Risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

As at March 31, 2021	0-12 months	12 months to 3 years	More than 3 years	Total (₹ in Lakhs)

Employee benefit expenses payable	132.97	-	-	132.97
Other payable	6.00	-	-	6.00

37. CAPITAL MANAGEMENT

a. Risk Management

The group's objectives when managing capital are:-

- Safeguard their ability to continue as a going concern , so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares.

38. FINANCIAL INSTRUMENTS- ACCOUNTING CLASSIFICATION AND FAIR VALUE MEASUREMENT

(₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020		
	FVPL	FVOCI	Amortised cost	FVPL	FVOCI	Amortised cost

Other Financial Liabilities	-	-	64.01	-	-	138.97
Total Financial Liabilities	-	-	427.44	-	-	508.11

i. Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liabilities

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

(₹ in Lakhs)

Particulars	Carrying amount	Fair value		
	As at March 31, 2021	Level 1	Level 2	Level 3
Financial Assets at amortised cost:				
Security Deposits	4.10	-	-	4.10
Others	649.44	-	-	649.44
Total	653.54	-	-	653.54
Financial Liabilities at amortised cost:				
Borrowings	3.57	-	-	3.57
Others	423.87	-	-	423.87
Total	427.44	-	-	427.44

(₹ in Lakhs)

Particulars	Carrying amount	Fair value		
	As at March 31, 2020	Level 1	Level 2	Level 3
Financial Assets at amortised cost:				
Security Deposits	4.10	-	-	4.10
Others	563.50	-	-	563.50
Total	567.60	-	-	567.60
Financial Liabilities at amortised cost:				
Borrowings	5.39	-	-	5.39
Others	502.72	-	-	502.72
Total	508.11	-	-	508.11

ii. **Assumptions and valuation technique used to determine fair value**

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

39. In F.Y 2011-12, PF Deposit systems were shifted to online mode from Manual submission mode. During March'12 & April'12, Company has deposited the Employee's Contribution as well as its own contribution in EPFO but due to some technical issues those contributions were not reflected in the respective employees EPFO accounts. Company raised the matter continuously with the EPFO authorities, as a result during financial year 2018-19, PF authorities returned the amount pertaining to above said period to company with stipulation that the company will redeposit the amount in respective employee's EPFO A/c.

Further, the Company has created the liability in its books of account against the amount of EPF received from PF authority and redeposited the contribution to the extent it can trace the retrenched employees. In addition to above, there is Contribution amounting to ₹ 2.44 Lakhs which is still pending to deposit on account of non-traceability of past employees.

40. Company is in process of reconciling the GST Input credit taken in Books with GSTR-2A.
41. Due date of last quarter of TDS return submission is 30th June 2021 due to which TDS receivable pertaining to last quarter are not appearing in the form 26AS due to which TDS receivable reconciliation as on 31st March 2021 has not been done.
42. The Company Assessment for A.Y. 2011-12 to A.Y. 2016-17 u/s 153(A) and A.Y. 2017-18 u/s 143(3) has been completed during the year under consideration. The company has filed the appeal with Commissioner Appeal for A.Y. 2012-13, A.Y. 2013-14, A.Y. 2014-15 & A.Y. 2017-18 against the impugned order of the Deputy Commissioner of Income Tax passed u/s 153(A) of the Income Tax Act. As the matters are still under consideration with Commissioner Appeal and in other cases assessment order effect is yet to be passed on by income tax department, TDS receivable amount pertaining to these assessment years are not adjusted by the company in the books of accounts.
43. During the current year, the Company has reclassified below mentioned account balances related to previous year March 31, 2020. The detail of the same is as under:- NIL
44. The Board of Directors of the Company has reviewed the realisable value of all the Current Assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognised in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on May 14, 2021.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR 2020-21

Dear Members,

Your Directors have pleasure in presenting their Seventh (7th) Annual Report along with the Audited Financial Statement for the Financial Year ended March 31, 2021 along with the Auditors' Report.

1. FINANCIAL SUMMARY OR HIGHLIGHTS/ PERFORMANCE OF THE COMPANY

(Amount in ₹ Millions)

Particulars	2020-21	2019-20
Total Revenue	70.95	59.22
Less: Total Expenses	155.09	162.57
Profit/(Loss) Before Tax	(84.14)	(103.35)
Less: Tax Expenses	-	-
Profit/ (Loss) after Tax	(84.14)	(103.35)
Earnings Per share Basic/ Diluted in ₹	(3.82)	(4.69)

2. STATEMENT OF COMPANY AFFAIRS

20 MW WIND POWER PROJECT IN DISTT. JAISALMER, RAJASTHAN

Your Company is a wholly owned subsidiary of M/s Bhilwara Energy Limited and is engaged in generation of Power through it's 20 MW Wind power project in Distt. Jaisalmer, Rajasthan.

The power generated from this project was being sold to Jodhpur Vidyut Vitran Nigam Limited (JdVVNL) through PPA (valid till 31st March, 2019) on Average Power Purchase Cost (APPC) mode. The PPA has till date not renewed by DISCOM. The matter related to PPA is presently sub judice.

The generation during the current financial year 2020-21 is 18.82 MUs as compared to 12.44 MUs in the previous year 2019-20.

The total revenue from operations during the current financial year 2020-21 is ₹ 70.90 Million as compared to Rs. 59.07 Million in the previous financial year 2019-20.

The Company suffered loss of ₹ 84.11 million in the financial year 2020-21 as against loss of ₹ 103.42 Million during the previous year financial year 2019-20. The Company has recognized revenue on provisional basis based on tariff as mentioned in RERC (REC) Third Amendment Regulations, 2019.

The reason for the loss is lower tariff, non-issuance of REC and lower generation due to evacuation constraint at Akal substation, feeder constraint & RoW by local/Inox vendors at site & Lower wind speed as compared to expected. REC could not be issued for generation as Company was not able to raise invoice due to non-renewal of PPA.

3. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

The Power Purchase Agreement expired on 31st March, 2019 and is not revaluated by DISCOM till date. The power

is being continued to be supplied to DISCOM without PPA. The matter relating to the extension of PPA is presently sub judice with Rajasthan High Court.

In the meantime, BG Wind has filed Interim Application with High court for interim relief for direction to Discom to make payment @ ₹ 3.14/ kwh for energy already injected and continue to make payment till disposal of the case.

Except above, no material changes and commitments, affecting the financial position of the Company have occurred during the end of the financial year of the Company to which the Financial Statements relate and the date of the report.

4. DIVIDEND

In the view of the accumulated losses, your Director's could not propose any dividend for the financial year under review.

5. INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS

The Company has adequate internal financial controls in place with reference to the Financial Statements commensurate with the size and nature of its business. The Audit Committee reviews financial statements along with internal control systems. During the year under review, these controls were evaluated and no significant weakness was identified in the operations of control. The Company has a well-defined organizational structure, internal rules and guidelines for conducting business transactions.

6. PERSONNEL

(a) **Industrial Relation**

The Company has not employed any employee at project site since comprehensive operation and maintenance was given to third party on long term basis. However, the Industrial Relations during the period under review remained cordial without any untoward incidents.

(b) **Particulars of Employees**

The information as required under section 197 (12) read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is annexed herewith with as **Annexure I**.

7. PUBLIC DEPOSITS

Your Company has not invited any deposits from public/ shareholders under the provisions of section 73 of the Companies Act, 2013, read with Companies (Acceptance of Deposits) Rules, 2014. There were no deposits which were outstanding as on 31st March, 2021.

8. CORPORATE SOCIAL RESPONSIBILITY

The company does not fit into the criteria as mention under section 135 of the Companies Act, 2013 for making investment in CSR Activities. So, the disclosures as per Rule 9 of Companies (Corporate Social Responsibility Policy) Rules, 2014 is not applicable.

9. SHARE CAPITAL

(a) **Issue of equity shares with differential rights**

During the financial year 2020-21, no equity shares have been issued with differential rights.

b) Issue of sweat equity shares

During the financial year 2020-21, no sweat equity shares which have been issued.

c) Issue of employee stock options

During the financial year 2020-21, no equity shares have been issued under employee stock option scheme/ employee stock purchase scheme.

d) Provision of money by company for purchase of its own shares by employees or by trustees for the benefit of employees

During the Financial Year 2020-21 no provision of money was made by the company for purchase of its own shares by employees or by trustees for the benefit of employees. So the provisions as provided in rule 16 (4) of Companies (Share Capital and Debentures) Rules, 2014 are not applicable.

10. RESERVES

No amount was required to be transferred to Reserve.

11. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE

The Power Purchase Agreement expired on 31st March, 2019. RERC vide amendment regulation dated 05th March, 2019 has capped the price of electricity component to average of pooled cost for JdVVNL i.e. ₹ 3.14/kwh with discretion of DISCOM to execute the PPA for entire balance life of the project.

Your Company has submitted all required documents to RRECL (nodal agency) for renewal of PPA and even RRECL has also sent its recommendation to RUVNL for Renewal of PPA.

However, the Discom has not yet executed the extension of the PPA.

The matter is presently sub-judice with Rajasthan High Court. In the meantime, BG Wind has filed Interim Application with High court for interim relief for direction to Discom to make payment @ ₹ 3.14/ kwh for energy already injected and continue to make payment till disposal of the case. To the extent of RERC Amendment Regulation dated 05th March, 2019 and probable High Court Order it will have impact on the Company revenue.

12. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information required to be disclosed pursuant to the provisions of section 134 (3) (m) of the Companies Act, 2013 read with the Rules, 8(3) of the Companies (Accounts) Rule, 2014 is given as **Annexure II** forming part of this report.

13. DIRECTORS AND KEY MANAGERIAL PERSONNEL

• DIRECTORS RETIRE BY ROTATION IN THE ENSUING AGM

During the year, Mr. Rishabh Jhunjunwala (DIN: 03104458) and Mr. Om Prakash Ajmera (DIN: 00322834) Director retire by rotation in the forthcoming Annual General Meeting and being eligible offer themselves for re-appointment.

The Board recommends their reappointment.

DURING THE FINANCIAL YEAR 2020-21, THE FOLLOWING CHANGES OCCURRED IN THE DIRECTORS & KMP'S

• DIRECTORS RETIRE BY ROTATION

(II) AUDIT COMMITTEE

During the financial year 2020-21, the Audit Committee reviewed the Company's financial results, Internal Control Systems and Risk. The proceedings of the Committee have been in accordance with the provisions of the Companies Act, 2013 and Rules made thereunder. All the recommendations of the Audit Committee were accepted by the Board during the financial year 2020-21.

Majority of the Members of the Committee possess knowledge of corporate finance, accounts and corporate laws. The Statutory Auditors and Senior Executives of the Company were invited to attend the meetings of the Committee. The Company Secretary acts as the Secretary of the Committee.

During the financial year 2020-21, Four (4) Audit Committee Meetings were held on 5th June, 2020, 27th July, 2020, 29th October, 2020, 28th January, 2021.

The Composition & Attendance of the Audit Committee meetings held in the financial year 2020-21 is as below:

COMPOSITION & ATTENDANCE OF THE AUDIT COMMITTEE MEETING HELD DURING THE YEAR:

S. No.	Name of Member	Designation	No. of Meetings entitled to attend	No. of Meetings Attended
1	Mr. Om Prakash Ajmera	Chairman & Member	4	4
2	Ms. Niharika Bindra	Member	4	2
3	Mr. Pradeep Agarwal	Member	4	4

The Company Secretary acts as the Secretary of the Committee.

(III) NOMINATION & REMUNERATION COMMITTEE MEETING

During the financial year 2020-21, no Nomination & Remuneration Committee Meeting was held.

The Current Composition of the Committee is as under:

S. No.	Name of Member	Designation
1	Mr. Om Prakash Ajmera	Chairman & Member
2	Mr. Rishabh Jhunjhunwala	Member
3	Ms. Niharika Bindra	Member
4	Mr. Pradeep Agarwal	Member

(D) INDEPENDENT DIRECTORS MEETING

During the year under review, One Independent Director Meeting was held on 28th January, 2021. Independent Directors met without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Executive Directors and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

(E) MEETING OF MEMBERS

The 6th Annual General Meeting of the company was held on 29th September, 2020.

During the Financial Year under review, no Extra Ordinary General Meeting of the members was held.

15. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTY

All the related party transactions entered into during the financial year were on arm's length basis and were in the ordinary course of business. Your Company has not entered into any transaction with related parties which could be considered material in terms of section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under section 134(3) (h) of the Companies Act, 2013 in form AOC-2 is not applicable.

16. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Provision of section 186 of the Companies Act, 2013 with respect to loans, guarantees and security is not applicable since the Company is engaged in providing Infrastructural Facilities and is exempt under section 186 of the Companies Act, 2013. The Company has not made any investment.

17. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

18. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

19. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the Companies Act, 2013 the Board of Directors on the recommendation of the Nomination and Remuneration Committee has framed a policy for the appointment of directors and Senior Management of the Company and their remuneration. The Policy forms part of the Board Report as **Annexure III** and has been disclosed on the website of the holding company, the link of which is www.bhilwaraenergy.com.

20. STATUTORY AUDITORS

At The Annual General Meeting Held on 29th September, 2020 **M/s Doogar & Associates, Chartered Accountants, (ICAI Firm Registration No. 000561N)**, were re-appointed as the statutory auditors of the Company to hold office for a period of 5 consecutive years from the conclusion of the 6th (Sixth) Annual General Meeting of the Company till the conclusion of 11th (Eleventh) Annual General Meeting to be held in the Calendar Year 2025.

Your Directors inform the members that in accordance with the amendment notified by MCA on 7th May, 2018, the requirement of ratification of the appointment of Statutory Auditors at every Annual General Meeting has been done away with.

Further the Auditors have confirmed their eligibility u/s 141 of Companies Act, 2013 and the rules made there under.

The observations of the Auditors, if any, are explained wherever necessary, in the appropriate notes to the accounts.

21. REPORTING OF FRAUD BY AUDITOR

During the year under review, the statutory Auditor had not reported any matter under Section 143 (12) of the Companies Act, 2013; therefore, no detail is required to be disclosed under Section 134 (3) (ca) of the Companies Act, 2013.

22. AUDITORS' REMARK

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments.

The Auditors Report does not contain any qualification, reservation or adverse remarks.

- b) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

5. CHAIRMAN

- a) Chairperson of the Company may be appointed as a member of the Committee but shall not be a Chairman of the Committee.
- b) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- c) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

6) FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

7) COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

8) SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

9) VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

10) NOMINATION DUTIES OF COMMITTEE

The duties of the Committee in relation to nomination matters include:

- i. Ensuring that there is an appropriate induction & training programme in place for new Directors and members of Senior Management and reviewing its effectiveness;
- ii. Ensuring that on appointment to the Board, Non-Executive Directors receive a formal letter of appointment in accordance with the Guidelines provided under the Companies Act, 2013;
- iii. Identifying and recommending Directors who are to be put forward for retirement by rotation.
- iv. Determining the appropriate size, diversity and composition of the Board;
- v. Setting a formal and transparent procedure for selecting new Directors for appointment to the Board;
- vi. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
- vii. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
- viii. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
- ix. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
- x. Recommend any necessary changes to the Board.
- xi. Considering any other matters as may be requested by the Board; and

11) REMUNERATION DUTIES OF COMMITTEE

The duties of the Committee in relation to remuneration matters include:

- i. to consider and determine the Remuneration Policy, based on the performance and also bearing in mind that the remuneration is reasonable and sufficient to attract retain and motivate members of the Board and such other factors as the Committee shall deem appropriate all elements of the remuneration of the members of the Board.
- ii. to approve the remuneration of the Senior Management including key managerial personnel of the Company maintaining a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company.
- iii. to delegate any of its powers to one or more of its members or the Secretary of the Committee.
- iv. to consider any other matters as may be requested by the Board.
- v. Professional indemnity and liability insurance for Directors and senior management.

12) MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.

INDEPENDENT AUDITORS' REPORT

To the Members of BG Wind Power Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **BG Wind Power Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to 'Note-16' to the accompanying statement, where the Power Purchase Agreement (PPA) with DISCOM has expired on March 31, 2019. BG Wind Power Limited, Subsidiary is pursuing for Power Purchase Agreement (PPA) with DISCOM @ INR 3.14 per Kwh as per RERC third amendment regulation dated 5th March 2019 for the entire duration of the project. The Discom has yet not renewed the PPA. The Company has continued to recognise Revenue from Sale of Power of INR 554.64 lakhs and Generation Based Incentive (GBI) of INR 89.35 lakhs and shown under Unbilled Revenue as the management of the company believes that PPA will be signed. The company has filed the writ petition with Rajasthan High Court, Jaipur in this regard and the matter is still undecided as hearing is continued.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's

report is expected to be made available to us after the date of this Auditor's report.

- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise

professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and according to the information and explanation given to us the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations as confirmed by the Management; therefore, there is no impact on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'A' TO AUDITORS' REPORT

(Annexure referred to in our report of even date)

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section of our report of even date

- i. (a) The Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no discrepancy has been noticed on such verification as compared to book records.
- (c) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no immovable properties as on 31st March, 2021.
- ii. According to the information and explanation given to us and the records examined by us, the company is not having any inventory; therefore, the provisions of clause 3(ii) of the said CARO 2016 Order are not applicable to the Company.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms or other parties covered by section 189 of the Companies Act, 2013. Accordingly, clauses 3(iii) (a), (b) and (c) are not applicable.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of sections 185 and 186 of companies Act, 2013 are applicable and hence not commented upon.
- v. The Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.
- vi. The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.
- vii (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the year end for a period of more than six months from the date they became payable as at 31st March, 2021.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.

- viii. According to the information and explanations given to us and as per the books and records examined by us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders.
- ix. According to the information and explanations given by the management, the company has not raised any money of initial public offer/further public offer. Further in our opinion and according to the information and explanations given by the management the company has utilized the monies raised by way of debt instruments in the nature of debentures/term loans for the purposes for which those were raised.
- x Based upon the audit procedures performed for the purpose of reporting the true and fair view of financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the company by the officers and employees of the company has been noticed or reported during the year.
- xi According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xii. In our Opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the order is not applicable to the company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with related parties are in compliance with section 177 & 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to company and, not commented upon.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure B to the Independent Auditor's Report to the Members of BG Wind Power Limited on financial statements**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section**

We have audited the internal financial controls over financial reporting of **BG Wind Power Limited** ("the Company") as of 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient

and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. CORPORATE INFORMATION

BG Wind Power Limited (the 'company'), is a closely held public limited company incorporated on 27th October, 2014 under the Companies Act, 2013 having its Corporate office at Noida (UP). The company is in generation of wind power through 20 MW wind power project in Distt. Jaisalmer, Rajasthan. The Company has started commercial operation during the financial year 2016-17 w.e.f 24th January, 2017.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind-AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. These financial statements have been prepared in accordance with Ind-AS.

These financial statements have been prepared under the historical cost convention on the accrual basis, the financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. Since the company is registered with Indian Renewable Energy Development Agency Ltd. (IREDA) under Generation Based Incentive (GBI) Scheme depreciation has been provided on SLM basis @7.69% as prescribed under Operational Guidelines issued by IREDA, the Nodal Agency of Ministry of New & Renewable Energy (MNRE).

The useful lives and residual values of property, plant and equipment are determined by the management accordingly. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

c) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the

revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, net of returns or allowance, trade discount and volume rebate taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The following specific recognition criteria must also be met before revenue recognized:

Sale of Electricity

Revenue from sale of electricity is recognized on the basis of billable electricity actually transmitted to customers in terms of the Power Purchase Agreements (PPA). Such Revenue is measured at the value of the consideration received or receivable.

Revenue is taken on the basis of tariff determined by RERC based on actual energy transmitted. However PPA is not being renewed by Discom and matter is presently in High Court).

Generation Based Incentives (GBI)

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Renewable Energy Certificate (REC)

Gross proceeds from sale of Renewable Energy Certificates (RECs) are recognized when all the significant risks and rewards of ownership of RECs have been passed to the buyer, usually on delivery of the RECs at actual rate of realization.

Interest on delayed payment

Interest on overdue receivables of energy bills, and other claims, casual income etc. are accounted on grounds of prudence, as and when recovered.

Other Interest

Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Dividend are recognised in profit and loss only when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the company and the amount of dividend can be measured reliably.

d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Depreciation

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013.

On Plant and Machineries (Wind Turbine Generator)

Since the company is registered with Indian Renewable Energy Development Agency Ltd. (IREDA) under Generation Based Incentive (GBI) Scheme depreciation has been provided on SLM basis @7.69% as prescribed under Operational Guidelines issued by IREDA, the Nodal Agency of Ministry of New & Renewable Energy (MNRE).

e) Intangible Assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment

testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

The company has the policy to assess at each reporting date for impairment required for each of its non-financial assets.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the company is lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

Where the company is lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

h) Financial Instruments

Financial Assets

i. Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

ii. Subsequent Measurement

Non-derivative financial instruments

• **Debt instrument at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

• **Debt instrument at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**
A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.
- **Equity instrument at fair value through other comprehensive income**
All equity investments in scope of Ind-AS 109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.
If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.
There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.
- **Equity instrument at fair value through profit or loss**
Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L

Impairment of Financial Assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii. Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities.

For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations.

If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

iv. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Preoperative Expenses:

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/ debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

j) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

k) Valuation of Inventories

Inventories are valued at lower of cost and net realizable value. Cost is determined on weighted average basis. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

l) Taxes On Income

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it

is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Retirement and other employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 - 'Employee Benefits'.

Provident fund

The Company is not covered under Employees Provident Fund and Miscellaneous Provisions Act, 1952 as the number of employees is less than minimum number of employees on which provident fund is mandatory.

Gratuity

The Company's liabilities on account of gratuity are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS)-19- 'Employee Benefits'. Gratuity liability is non-funded. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Leave Encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

n) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

o) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

p) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

Nature and Description of Reserve :
(i) Capital Reserve:-

Capital reserve is defined as a reserve of a corporate enterprise which is not available for distribution as dividend.

(ii) Retained earnings:-

Retained earnings constitute the accumulated profits earned by the company till date, less dividend (including dividend distribution tax) and other distribution made to shareholders.

24. SEGMENT REPORTING

The Company's activities during the year involved power generation (Refer Note 1). Considering the nature of Company's business and operations, there are no separate reportable segments (business and/or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Operating Segments'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

Revenue of the company is majorly from sale of power to only one customer.

25. CONTINGENT LIABILITIES AND COMMITMENTS

The company has provided a bank guarantee for ₹ 8.00 Lakhs through Manikaran Analytics Ltd. - QCA to SLDC for Deviation Settlement Mechanism (DSM) as per RERC regulation for Forecasting and scheduling.

There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard - 37 as it is not probable that an outflow of resources embodying economic benefit will be required.

26. RELATED PARTY DISCLOSURES

28. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings; deposits. The company is exposed to interest rate risk at variable rate on long term borrowings.

The sensitivity analyses in the following sections relate to the position as at 31 March 2021 and 31 March 2020.

i. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there is no transaction in foreign currency. Particulars of un-hedged foreign currency exposures as at the Balance Sheet date are NIL (previous year NIL). Hence, no further disclosure is required under this section.

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

(₹ in Lakhs)		
Particulars	As at March 31, 2021	As at March 31, 2020
Variable Rate Borrowings	6,435.00	6,792.50
Fixed Rate Borrowings	-	-
Total	6,435.00	6,792.50

iii. Sensitivity*

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant.

The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on 31 March 2021 and 31 March 2020.

(₹ in lakhs)		
Particulars	Impact on profit after tax	
	As at March 31, 2021	As at March 31, 2020
Interest Rate - increase by 25 basis points	11.61	12.26
Interest Rate - decrease by 25 basis points	(11.61)	(12.26)

*Not considered fixed rate borrowings for sensitivity and the sensitivity is net of tax.

b) Price risk

The company is not exposed to any price risk as there is no investment in equities.

c) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision

Cash & Cash Equivalents	37.13	-	37.13	4.72	-	4.72

d) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Lakhs)

As at March 31, 2021	0-3 months	3-6 months	6-12 months	12 months to 3 years	More than 3 years	Total

Total Financial Liabilities	10,206.89	10,206.89	9,485.53	9,485.53

I. Fair Value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liabilities.

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly.

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

(₹ in Lakhs)

Particulars	Carrying amount	Fair value As at March 31, 2021		
	As at March 31, 2021	Level 1	Level 2	Level 3
Financial assets				
Total	-	-	-	-
Financial liabilities				
Borrowings-from financial institutions	6,435.00	-	-	6,435.00
Borrowings-from other party	1,640.00	-	-	1,640.00
Loan to related party (from holding company)	2,084.83	-	-	2,084.83
Total	10,159.83	-	-	10,159.83

(₹ in Lakhs)

Particulars	Carrying amount	Fair value As at March 31, 2020		
	As at March 31, 2020	Level 1	Level 2	Level 3
Financial assets				
Total	-	-	-	-
Financial liabilities				
Borrowings-from financial institutions	6,792.50	-	-	6,792.50
Borrowings-from other party	1,640.00	-	-	1,640.00
Loan to related party (from holding company)	1,004.61	-	-	1,004.61
Total	9,437.11	-	-	9,437.11

II. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values:-

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

30. DEFERRED TAX

In accordance with Ind AS-12 "Income Taxes" Deferred tax assets are recognised only if there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In view of lack of reasonable certainty of sufficient future taxable income against which net deferred tax asset can be realised, the Company has not recognized deferred tax asset to the extent of ₹ 6,090.23 Lakhs (previous year ₹ 5,319.98 Lakhs) as on March 31, 2021.

(₹ in Lakhs)

Particulars	As on March 31, 2021	As on March 31, 2020
Tax effects constituting deferred tax assets		
Unabsorbed Losses	646.01	548.13
Brought Forward Depreciation	3,471.92	2,728.43
Provision for Leave Encashment	2.98	3.04
Provision for Gratuity	2.64	2.44
Deferred Interest	64.62	-
Difference between tax base and book base of Property, plant and Equipment	1,902.07	2,037.95
Total deferred tax assets (a)	6,090.23	5,319.98
Tax effects constituting deferred tax liabilities	-	-
Total deferred tax liabilities (b)	-	-
Net Deferred Tax Asset (a-b)	6,090.23	5,319.98
Less: Valuation Allowance	(6,090.23)	(5,319.98)
Net Deferred tax assets	-	-

31. CAPITAL MANAGEMENT

a. Risk Management

The group's objectives when managing capital are:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2021	As at March 31, 2020
Net Debt	6,397.88	6,787.78
Total equity	(1,893.71)	(1,052.57)
Net Debt to Equity Ratio	*	*

*As on 31st March, 2021 and in previous year total equity is negative therefore net debt to equity ratio cannot be derived.

Loan Covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

32. ASSETS PLEDGED AS SECURITY

The term loans are secured by a First pari-passu charge by way of mortgage on all present and future immovable properties and by way of Hypothecation of all movable, tangible and intangible assets, receivables, cash, investments and bank accounts, operating cash flows, book debts and receivables, commissions and any other revenues of whatsoever nature and wherever arising, present and future, of the borrower.

33. OPERATING LEASES ARRANGEMENTS

Operating lease relate to lease (Sublease in process) of land (Wind farm for 20 MW) with a term of 19 years 11 months. During the year Company has recognize lease rent expense of ₹ 2.34 Lakhs (previous year ₹ 2.34 Lakhs).

- During the current year, the Company has reclassified below mentioned account balances related to previous year March 31, 2020. The detail of the same is as under:- NIL

- The Board of Directors of the Company has reviewed the realisable value of all the Current Assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognised in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on May 06, 2021.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR 2020-21

Dear Members,

Your Directors have pleasure in presenting their twelfth (12th) Annual Report along with the Audited Financial Statement for the Financial Year ended 31st March, 2021 along with the Auditors' Report.

1. FINANCIAL SUMMARY OR HIGHLIGHTS/ PERFORMANCE OF THE COMPANY

The Financial data for the current year and previous year are stated as following:

(Amt. in ₹ Lacs)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Total Income	-	-
Total Expenditure	2.35	2.41
Profit/(Loss) Before Tax	(2.35)	(2.41)
Taxes	-	-
Profit/(Loss) after Tax	(2.35)	(2.41)
Other Comprehensive Income	-	-
Total Comprehensive Income for the year	(2.35)	(2.41)
Basic EPS/Diluted EPS in ₹	(0.00235)	(0.00241)

The Company has not yet started its commercial activities

The Audited Financial Statements together with the Annual Reports forms part of the Annual Report. The Financial Statement of the Company has been placed on the website of the holding company, the link of which is www.bhilwaraenergy.com and of the Company the link of which is www.njchhydropower.com

2. OVERALL PERFORMANCE

During the financial year 2020-21 the Company incurred a loss of ₹ 2.35 lacs as against loss of ₹ 2.41 Lacs during the previous financial year. The company has not yet started its activities due to which no operational income was generated during the year.

3. STATEMENT OF COMPANY AFFAIRS/ PROJECT STATUS AND INFORMATION

Your Company, a wholly owned subsidiary of Bhilwara Energy Limited, is having license to develop of 780 MW Nyamjang Chhu Hydro Electric Project in the state of Arunachal Pradesh.

Government of Arunachal Pradesh (GoAP) has issued the instant notice for termination of Memorandum of Agreement (MoA). The matter is presently sub-judice in Itanagar Bench of Guwahati High Court. As per directions of Hon'ble Supreme Court, the process of arbitration has also started. The company has also initiated the process of negotiation with GoAP for settlement within the ambit of Memorandum of Agreement.

Wildlife Institute of India (WII) has also recommended that the project is not to be constructed to protect the habitat of Black Neck crane.

4. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

No material changes and commitments, if any, affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report.

5. SUBSIDIARIES/ ASSOCIATES/ JOINT VENTURES

The Company does not have any Subsidiary/ Associate or Joint Venture. Hence, this clause is not applicable. Accordingly, Company is not required to prepare consolidated Financial Statements and Form AOC-1 as prescribed in section 129(3) of the Companies Act, 2013.

6. DIVIDEND

In the view of the accumulated losses, your Director's could not propose any dividend for the financial year under review.

7. INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS.

The Company has internal financial controls in place with reference to the Financial Statements commensurate with the size and nature of its business. An internal audit program covers various activities and periodical reports are submitted to the management. The Audit Committee reviews financial statements, internal audit reports along with internal control systems. During the year under review, these controls were evaluated and no significant weakness was identified in the operations of control. The Company has a well-defined organizational structure, internal rules and guidelines for conducting business transactions.

8. PERSONNEL

(a) Industrial Relation

The Industrial Relations during the period under review generally remained cordial without any untoward incidents.

(b) Particulars of Employees

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure - I**.

9. PUBLIC DEPOSITS

Your Company has not invited any deposits from public/ shareholders under the provisions of section 73 of the Companies Act, 2013, read with Companies (Acceptance of Deposits) Rules, 2014. There were no deposits which were outstanding as on 31st March, 2021.

10. RESERVES

No amount was required to be transferred to Reserve.

11. CORPORATE SOCIAL RESPONSIBILITY

The company does not fit into the criteria as specified under section 135 for making investment in CSR Activities

so the disclosures as per Rule 9 of Companies (Corporate Social Responsibility Policy) Rules, 2014 is not applicable.

12. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE

Government of Arunachal Pradesh (GoAP) has issued the instant notice for termination of Memorandum of Agreement (MoA). The matter is presently sub-judice in Itanagar Bench of Guwahati High Court. As per directions of Hon'ble Supreme Court, the process of arbitration has also started. The company has also initiated the process of negotiation with GoAP for settlement within the ambit of Memorandum of Agreement.

Wildlife Institute of India (WII) has also recommended that the project is not to be constructed to protect the habitat of Black Neck crane.

13. SHARE CAPITAL

A) Issue of equity shares with differential rights

During the financial year 2020-21, no equity shares have been issued with differential rights.

B) Issue of sweat equity shares

During the financial year 2020-21, no sweat equity have been issued.

C) Issue of employee stock options

During the financial year 2020-21, no equity shares have been issued under employee stock option scheme/employee stock purchase scheme.

D) Provision of money by company for purchase of its own shares by employees or by trustees for the benefit of employees

During the Financial Year 2020-21 no provision of money was made by the company for purchase of its own shares by employees or by trustees for the benefit of employees. So the provisions as provided in rule 16 (4) of Companies (Share Capital and Debentures) Rules, 2014 are not applicable.

14. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information with regard to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo in accordance with the provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure II** forming part of this Report.

15. DIRECTORS AND KEY MANAGERIAL PERSONNEL

• DIRECTORS RETIRE BY ROTATION DURING ENSUING AGM

The Board recommends their reappointment.

DURING THE YEAR, THE FOLLOWING CHANGES OCCURRED IN THE DIRECTORS & KMP's

• RETIRE BY ROTATION

During the year, Mr. Riju Jhunjhunwala (DIN: 00061060), Director and Mr. Om Prakash Ajmera (DIN: 00322834) retired by rotation at the 11th Annual General Meeting of the Company and being eligible,

offered themselves for re-appointment. Their appointment was approved by the shareholders at the 11th Annual General Meeting of the Company held on 29th September, 2020.

• RE-APPOINTMENT OF MR. PRADEEP AGARWAL AS AN INDEPENDENT DIRECTOR

The first term of office of Mr. Pradeep Agarwal (DIN: 02370420), as an Independent Director expired on 20th March, 2021. The Board in their meeting held on 28th July, 2020 on the recommendation of the Nomination & Remuneration Committee has re-appointed Mr. Pradeep Agarwal (DIN: 02370420) as an Independent Director of the Company, for the second term of 5(five) consecutive years for the period commencing from 21st March, 2021 to 20th March, 2026

His appointment was further approved by the shareholders at the 11th Annual General Meeting of the Company held on 29th September, 2020.

• RE-APPOINTMENT OF MANAGER (KMP)

During the Financial Year under review, Mr. Jainender Kardam was re-appointed as the Manager in terms of Section 2(53) of the Companies Act, 2013 by the Board in their meeting held on 19th March, 2020 and subsequently approved by the members at an Extra Ordinary General Meeting held on 19th March, 2020 at shorter notice for a period of one year commencing from 01st April, 2020 to 31st March, 2021 and was designated as the Key Managerial Personnel of the Company as required under Section 2(51) of the Companies Act, 2013.

Since the tenure of appointment of Mr. Jainender Kardam as the Manager of the Company in terms of section 2(53) of the Companies Act, 2013 expired on 31st March, 2021, therefore he was re-appointed as the Manager in terms of Section 2(53) of the Companies Act, 2013 by the Board in their meeting held on 15th April, 2021 and subsequently approved by the members at an Extra Ordinary General Meeting held on 15th April, 2021 for a period of one year commencing from 01st April, 2021 to 31st March, 2022 and was designated as the Key Managerial Personnel of the Company as required under Section 2(51) of the Companies Act, 2013.

DECLARATION OF INDEPENDENCE

Your Directors further inform the members that the Company has received necessary declaration from each Independent Director/s under section 149(7) at the beginning of the financial year stating that they meet the criteria of Independence as specified under sub-section (6) of Section 149 of Companies Act, 2013 and there has been no change in the circumstances which may affect their status as Independent Director during the year.

KEY MANAGERIAL PERSONNEL (KMPs)

In accordance with the provisions of Section 2 (51), 203 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 the following acted as the Key Managerial Personnel of the Company):

- Mr. Ravi Gupta, Company Secretary
- Mr. Krishna Prasad, Chief Financial Officer (CFO)
- Mr. Jainender Kardam, Manager

16. MEETINGS OF THE BOARD

The Board of Directors met four (4) times during the

financial year 2020-21. The meetings were held on 08th June, 2020, 28th July, 2020, 29th October, 2020 and 29th January, 2021 respectively.

The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

The composition and the attendance for the above mentioned meetings are as follows:

S. No.	Name of the Director	Designation	Category	No. of Meetings entitled to attend	No. of Meetings Attended
1	Mr. Riju Jhunjunwala	Director	Non-Executive Director	4	4
2	Mr. Rishabh Jhunjunwala	Director	Non-Executive Director	4	4
3	Mr. Om Prakash Ajmera	Director	Non-Executive Director	4	4
4	Ms. Niharika Bindra	Director	Non-Executive Independent Director	4	4
5	Mr. Pradeep Agarwal	Director	Non-Executive Independent Director	4	4

17. AUDIT COMMITTEE

During the financial year 2020-21, the Audit Committee reviewed the Company's financial results, Internal Control Systems, Risk and Internal Audit Reports. The proceedings of the Committee have been in accordance with the provisions of the Companies Act, 2013 and Rules made thereunder.

All the recommendations of the Audit Committee were accepted by the Board during the financial year 2020-21. Majority of the members of the Committee possess knowledge of corporate finance, accounts and corporate laws.

During the year Four Audit Committee Meetings were held on 08th June, 2020, 28th July, 2020, 29th October, 2020 and 29th January, 2021 respectively

The Company Secretary acts as the secretary to the Committee.

The composition and attendance of Audit Committee held during the year is mentioned as below:

S. No.	Name of the member	Designation	Category	No. of Meetings entitled to attend	No. of Meetings Attended
1.	Mr. Om Prakash Ajmera	Chairperson, Member	Non-Executive Director	4	4
2.	Ms. Niharika Bindra	Member	Non-Executive Independent Director	4	4
3.	Mr. Pradeep Agarwal	Member	Non-Executive Independent Director	4	4

18. NOMINATION AND REMUNERATION COMMITTEE MEETING

No Nomination and Remuneration Committee meeting was held during the year under review.

The Company Secretary acts as the Secretary to the Committee.

The composition and attendance of Nomination and

Remuneration Committee meetings held during the year is mentioned as below:

S. No.	Name of the member	Designation	Category
1.	Mr. Om Prakash Ajmera	Chairperson, Member	Non-Executive Director
2.	Mr. Riju Jhunjunwala	Member	Non-Executive Director
3.	Ms. Niharika Bindra	Member	Non-Executive Independent Director
4.	Mr. Pradeep Agarwal	Member	Non-Executive Independent Director

19. MEETING OF THE MEMBERS

The Eleventh (11th) Annual General meeting of the members was held on 29th September, 2020.

No Extra Ordinary General Meeting was held during the year.

20. MEETING OF THE INDEPENDENT DIRECTORS

During the year under review, One Independent Director Meeting was held on 29th January, 2021. Independent Directors met without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Executive Directors and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

21. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the contracts/arrangements/transactions entered into by the Company during the financial year with the related parties were on arm's length basis and were in the ordinary course of the business. Your company has not entered into any transaction with the related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC-2 is not applicable.

22. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Provision of section 186 of the Companies Act, 2013 with respect to loans, guarantees and security is not applicable since the Company is engaged in providing Infrastructural Facilities and is exempt under section 186 of the Companies Act, 2013. The Company has not made any investments in terms of Section 186 of the Companies Act, 2013.

23. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

24. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to

protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

25. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the companies act, 2013 the board of directors on the recommendation of the nomination and remuneration committee has framed a policy for the appointment of directors and senior management of the company and their remuneration. The policy forms part of the board report as **Annexure-III** and has been placed on the website of the holding company, the link of which is www.bhilwaraenergy.com and of the Company the link of which is www.njchhydropower.com

26. STATUTORY AUDITORS

At the Annual General Meeting held on 5th August, 2019, M/s Doogar & Associates, Chartered Accountants, (ICAI Firm Registration No. 000561N), were appointed as the Statutory Auditors of the Company to hold office till the conclusion of the 15th Annual General Meeting to be held in the Calendar Year, 2024.

Your Directors inform the members that in accordance with the amendment notified by MCA on 7th May, 2018, the requirement of ratification of the appointment of Statutory Auditors at every Annual General Meeting has been done away with.

Further the Auditors have confirmed their eligibility u/s 141 of Companies Act, 2013 and the rules made there under.

The observations of the Auditors, if any, are explained wherever necessary, in the appropriate notes to the accounts.

27. REPORTING OF FRAUDS BY AUDITORS

During the year under review, neither the Statutory Auditors nor the Secretarial Auditor and the Internal Auditor had reported any matter under Section 143 (12) of the Companies Act, 2013, therefore, no detail is required to be disclosed under 134(3) (ca) of the Companies Act, 2013.

28. AUDITORS' REMARKS

The Auditors' Report for the FY 2020-21 contains following qualification.

"The Project of the company is currently on hold for the fulfillment of the directive of NGT and termination notice issued by Govt of Arunachal Pradesh which is sub-judice, the expenses incurred for the year ended March 31, 2021 amounting to INR 173.19 lakhs should have been recognised as revenue expenses and not as additions to the Capital Work In Progress and also the CWIP amount standing as on 31st March'2021

should have been tested for impairment and accordingly been provided for but no such exercise has been done by the company. This accounting treatment has resulted into understatement of loss by an even amount for the year ended March 31, 2021 and its consequential impact on EPS."

Board of Directors' Comments on the above qualification:

As the matter is presently sub-judice and hence no impairment/impairment testing is required and accordingly, there is no need to recognise the expense of Rs. 173.19 Lacs incurred during the year as revenue expense.

Except above, the Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments.

29. SECRETARIAL AUDITOR

In terms of Section 204 of the Act and Rules made there under, M/s. M. L. Sharma & Company, Company Secretaries have been re-appointed as Secretarial Auditors of the Company by the Board in their meeting held on 15th April, 2021 for the financial year 2020-21. The Secretarial Auditor has given their report for the financial year 2020-21.

The report of the Secretarial Auditors is annexed to this report as **Annexure IV**.

The Secretarial Audit Report does not contain any qualification, reservation or adverse remarks.

30. INTERNAL AUDITOR

The Board, based on the recommendation of the Audit Committee appointed **Mr. Krishna Prasad, Chief Financial Officer (PAN: AKGPP2698M)** as its Internal Auditor in terms of section 138 of the Companies Act, 2013 read with Rule 13 of Companies Accounts (Rules) 2014 in the meeting held on 26th March, 2019.

31. EXTRACT OF THE ANNUAL RETURN

As required pursuant to section 92(3) of the Companies Act, 2013 and rule 12(1) of the Companies (Management and Administration) Rules, 2014, an extract of annual return in form **MGT- 9** is annexed to this annual report as **Annexure-V**. Further the Annual Return in form MGT-7 and extract of Annual Return in form MGT-9 is also placed on the website of the holding company M/s Bhilwara Energy Limited (www.bhilwaraenergy.com)

32. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge states the following:

- that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable & prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the Profit & Loss of the company of that period;
- that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;

- iv. that the annual financial statement has been prepared on a going concern basis;
- v. That proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- vi. that the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

33. GENERAL DISCLOSURES

- The Company has a group policy in the name and in place against Sexual Harassment in line with the requirements of the Sexual Harassment of women at workplace (Prevention, Prohibition and redressal) Act, 2013. Internal Complaints Committee has been set up to redress complaints received regarding the sexual harassment.
- The Company has complied with the provisions relating to constitution of Internal Complaints Committee under sexual harassment of women at workplace (Prevention, Prohibition & Redressal) Act, 2013.
- No complaints were received during the financial year 2020-21.
- The financial year of the Company was same as of previous year.
- The Company has not change the name and its nature of business since last year.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported in the Company, during the financial year 2020-21.

- The Company is in compliance of all applicable secretarial standards issued by The Institute of Company Secretaries of India from time to time.
- The Company is not required to maintain the cost records as specified by the Central Government under sub section (1) of section 148 of the Companies Act, 2013, and accordingly such Accounts and records are not made and maintained by the Company.
- The Company has made the necessary disclosure as per rule 8(5) of companies' accounts rules 2014.

34. ACKNOWLEDGEMENTS

Your Directors would like to express sincere gratitude to all valuable stakeholders of the Company for their excellent support and co-operation extended by them during the financial year under review.

The Board of Directors also places on record its appreciation for the significant contribution made by the employees of the Company through their dedication, hard work and unstinted commitment.

For and on Behalf of The Board of Directors

ANNEXURE-IV TO THE BOARD'S REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31st MARCH, 2021

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel Rules), 2014]

To

**The Members,
NJC HYDRO POWER LIMITED,
(CIN: U40101DL2009PLC196998)
New Delhi-110025**

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **NJC HYDRO POWER LIMITED** (hereinafter called the Company). Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, documents, minutes books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period, covering **the financial year ended on March 31, 2021** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder **(Not applicable to the Company during the financial year under review)**;
- (iii) The Depositories Act, 1996 and the Regulations and bye laws framed thereunder; **(Not applicable to the Company during the financial year under scrutiny)**;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment and Overseas Direct Investment **(Not applicable to the Company as there are no reportable transactions during the financial year under review)**;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) **(All the following Regulations including amendments, if any, from time to time are not applicable to the Company during the Audit period)**:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011);
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993.
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.
- (vi) Other laws applicable specifically to the company, as identified and on the basis of representation given by the management:
 - (a) The Electricity Act, 2003 and rules and regulations made thereunder;
 - (b) The Sexual Harassment of Women at workplace (Prevention, Prohibition & Redressal) Act, 2013.
- (vii) We have also examined compliance with the applicable clauses of the following:
 - (a) Secretarial Standards issued by *The Institutes of Company Secretaries of India* **(Notified and effective from 1st July, 2015)**;
 - (b) The SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 **(Not Applicable to the company during the financial year under review)**.

During the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent within stipulated time and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of the Directors or committee of the Board, as the case may be. There was no dissenting vote for any matter.

We further report that we have relied on the representation made by the company and its officers for systems and mechanism formed by the Company for compliances under other applicable Acts and regulations to the Company. Therefore, we are of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report, during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the company affairs.

This report is to be read with our letter of even date which is **Annexure I** and forms an integral part of this report.

ANNEXURE 'I'

To
The Members,
NJC HYDRO POWER LIMITED,
(CIN: U40101DL2009PLC196998)
New Delhi-110025

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial record and Books of Accounts of the Company since the same have been subject to review by statutory Auditor.
4. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, Rules regulations, standards is the responsibility of management. Our examination was limited to the verification of practices on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Punishment					
Compounding					
C. OTHER OFFICERS IN DEFAULT					
Penalty			NONE		
Punishment					
Compounding					

INDEPENDENT AUDITORS' REPORT

To the Members of NJC Hydro Power Limited

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of **NJC Hydro Power Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, **except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report**, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

The Project of the company is currently on hold for the fulfillment of the directive of NGT and termination notice issued by Govt of Arunachal Pradesh which is sub-judice, the expenses incurred for the year ended March 31, 2021 amounting to INR 173.18 lakhs should have been recognised as revenue expenses and not as additions to the Capital Work In Progress and also the CWIP amount standing as on 31st March 2021 should have been tested for impairment and accordingly been provided for but no such exercise has been done by the company. This accounting treatment has resulted into understatement of loss by an even amount for the year ended March 31, 2021 and its consequential impact on EPS.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note-20 to the Ind AS financial statement, which describes the uncertainty relating to the effects of outcome of petition filed by the company with Hon'ble Guwahati High Court and Hon'ble Supreme Court challenging the instant notice issued by Government of Arunachal Pradesh (GoAP) for termination of the Project and invoking its right to take over

the project on "AS IS WHERE IS BASIS" and allotting the same to third party. The company's prayer is for seeking refund of upfront premium as per provisions of MoA, in view of the WII report recommending no construction of Nyamjing Chhu HEP at site.

We are unable to comment on the financial implications and future operations of the company till the final outcome.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IND AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. **Except for the effects of matter described in the Basis of Qualified Opinion paragraph above**, in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. **Except for the effects of matter described in the Basis of Qualified Opinion paragraph above**, in our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e. On the basis of written representations received from the directors as on March, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021, from being appointed as a director in terms of section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations as confirmed by the Management; therefore there is no impact on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'A' TO AUDITORS' REPORT

(Annexure referred to in our report of even date)

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section of our report of even date

- i. (a) The Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no discrepancy has been noticed on such verification as compared to book records.
- (c) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no immovable properties as on 31st March, 2021.
- ii. According to the information and explanation given to us and the records examined by us, the company is not having any inventory, therefore the provisions of clause 3(ii) of the said CARO 2016 Order are not applicable to the Company
- iii. The Company has not granted any loans, secured or unsecured to companies, firms or other parties covered by section 189 of the Companies Act, 2013. Accordingly, clauses 3(iii) (a), (b) and (c) are not applicable.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of sections 185 and 186 of companies Act, 2013 are applicable and hence not commented upon.
- v. The Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.
- vi. The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are

not being maintained.

- vii (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the year end for a period of more than six months from the date they became payable as at 31st March, 2021.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.
- viii. According to the information and explanations given to us and as per the books and records examined by us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders.
- ix. According to the information and explanations given by the management, the company has not raised any money of initial public offer/further public offer. Further in our opinion and according to the information and explanations given by the management the company has utilized the monies raised by way of debt instruments in the nature of debentures/term loans for the purposes for which those were raised.
- x Based upon the audit procedures performed for the purpose of reporting the true and fair view of financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the company by the officers and employees of the company has been noticed or reported during the year.
- xi According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xii. In our Opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the order is not applicable to the company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with related parties are in compliance with section 177 & 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to company and, not commented upon.
- xv In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

Annual Report 2020-21

xvi According to the information and explanations given to us, the provisions of section 45-IA of Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure B to the Independent Auditor's Report to the Members of NJC Hydro Power Limited on financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **NJC Hydro Power Limited** ("the Company") as of 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. CORPORATE INFORMATION

NJC Hydro Power Limited (the "Company") is a closely held public limited company incorporated on 16th December, 2009 under the Companies Act 1956 (superseded by Companies Act, 2013). The Company is engaged in the business of establishing, commissioning, setting up, operating and maintaining hydro power generating stations, tie-lines, sub-stations and transmission lines on build, own, operate (BOO), and /or built, own and transfer (BOT), and /or build, own, lease and transfer (BOLT) and/or build, own, operate and transfer (BOOT) basis and/or any other formats/methods used in the power business. Currently the Company has license for the development of 780 MW hydro power project in the state of Arunachal Pradesh, India, the development of which is on hold.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company, with effect from 1st April 2016, has adopted Indian Accounting Standards (Ind AS) notified under the Rule 3 of the Companies (Ind AS) Rules, 2015 as amended thereof.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

a) Current versus non-current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue recognition

Revenue is recognised upon transfer of control of promised goods or services to customers at transaction price (net of taxes and duties), arrived at by determining the fair value of the consideration received or receivable after adjusting returns, allowances, trade discounts, volume discounts etc. in exchange of goods or services.

For applying above principle the Company adopts five step model, which are: a) Identify the contract(s) with customer(s); b) Identify the performance obligations under the contract(s) c) Determine the transaction price d) Allocate the transaction price to the performance obligations in the contract(s) e) recognise revenue, when or as the entity satisfies a performance obligation.

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment with mutual funds and others is recognized on declaration basis .When the right to receive payment is established

d) Inventory valuation

Inventories comprising of explosive stocks are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

e) Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/implementation, interest on term loans/debentures to finance PPE and expenditure on start-up/commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on fixed assets is calculated on straight line method (SLM) is using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013. The Company has used the following useful lives to provide depreciation on its PPE.

Asset description	Useful Life (Years)
Plant & machinery	22
Other equipment	5-10
Computers and equipment	3-6
Vehicle	8
Furniture & fixtures	10

f) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Where the Company is the lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

Where the company is lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

h) Impairment of non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

The company has the policy to assess at each reporting date for impairment required for each of its non-financial assets.

i) Financial instruments

Financial assets

a) Initial recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

b) Subsequent measurement

Non-derivative financial instruments

• **Debt instrument at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model

whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

- **Equity instrument at fair value through other comprehensive income**

All equity investments in scope of Ind AS 109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

- **Equity instrument at fair value through profit or loss**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Impairment of financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially

different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

a) Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent.

The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

b) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Foreign currency translation

Financial statements are presented in Rupees, which is company's functional currency.

- **Initial recognition**

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

- **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

- **Exchange differences**

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

k) Retirement and other employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 'Employee Benefits'.

Gratuity

The Company's liabilities on account of gratuity are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS) -19 'Employee Benefits'. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end.

Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

Provident fund

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee

l) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period.

Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

n) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

o) Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

p) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Borrowing cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

r) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

20. Environmental Clearance (EC) of Nyamjang Chhu HEP (6X130 MW) was challenged in National Green Tribunal (NGT) by NGO. NGT in their order dated 7th April, 2016 suspended the Environment Clearance granted to the project till the directions as given in the order are complied. NGT also directed MOEF&CC to make a separate study of E-Flow requirement for protection of Habitat of the Black Neck Crane and for the conservation of the Black Neck Crane through the Wildlife Institute of India (WII).

While the studies were in progress, Government of Arunachal Pradesh issued instant notice for termination on 22nd March, 2019 invoking its right to take over the project on “AS IS WHERE IS BASIS” and allotting the same to third party. The Company filed petition challenging instant notice for termination under section 9 of Arbitration Act in District Courts of Itanagar for immediate relief to maintain the status quo which was granted vide their order dated 30th April, 2019 and the termination notice was also suspended. WII submitted its report to GoAP and the same was submitted to court on pursuance of the company. In the report, WII has recommended no construction of Nyamjnag Chhu HEP at site. The project being not viable as per WII report, an application u/s 9 was filed seeking refund of upfront premium as per provisions of MoA. District Court vide their order dated 18th March, 2020 disposed of the petition and advised to invoke arbitration within 45 days. Due to Covid 19 pandemic lockdown the company approached District Court for extension of the interim protection by another 90 days which was turned down by them. The company filed an appeal with Gauhati High Court u/s 37 of the Arbitration Act challenging the earlier orders of District Courts. An appeal was admitted by The Hon’ble High Court but interim extension was not granted. Interim order of the Gauhati High court in this regard was challenged in Supreme Court by filing Special Leave petition. Hon’ble Supreme Court vide its order dated 08th May, 2020 granted the relief for extension with notice to the other party. The Hon’ble Supreme Court disposed off the SLP vide its order dated 17th June, 2020 and granted to the company four weeks times to take appropriate steps in respect of commencing of Arbitral proceedings and also extended the benefit of interim relief granted by District Court, if steps are taken for commencing Arbitral proceedings. Pursuant to the direction of the Hon’ble Supreme Court, the company sent legal notice for invocation of Arbitration on 10th July, 2020 through legal Counsel. GOAP vide letter dated 03rd August, 2020 replied to the company notice for invocation of arbitration and also suggested about negotiations. Thus, a short rejoinder was sent to GoAP on 10th August 2020 wherein company agreed for the negotiations as mentioned in the GoAP notice. Subsequently, a letter was received from GoAP for the negotiations and asked us to approach Chief Engineer (Monitoring), DHPD. The company has replied to GoAP and has agreed for discussion on the resolution of the issue. Recently on 5th April 2021, GoAP has advised company to take necessary action as mentioned in its previous letter. The matter relating to refund of upfront Premium is still sub-judice with Gauhati High Court.

21. The company has license to implement a hydroelectric power project in the state of Arunachal Pradesh. Presently all activities are being carried out in process of project implementation and all direct and indirect expenditure is related to the project and, hence, forms part of capital work in progress. Preliminary expenses/ROC expenses are charged off to statement of profit & loss as period cost & other relevant details have been furnished in the note no.4 ‘Project & Pre-operative expenditure (pending allocation). Balance standing in this account at this of project commissioning will be allocated to the relevant assets.
22. The Information as required to be disclosed under The Micro, Small and Medium Enterprises Development Act, 2006 (“The Act”) have been determined to the extent such parties have been identified by the company, on the basis of information and records available with them. The information has been relied upon by the auditors.

23. FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company’s senior management oversees the management of these risks. It is the Company’s policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as

equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020

i. Interest rate risk

There is no long term debt obligation of the company as on March 31, 2021

ii. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there are no transactions in foreign currency. Hence, no further disclosure is required under this section.

iii. Price risk

The company is not exposed to any price risk as there is no investment in equities outside the Company and the company doesn't deal in commodities.

b) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is not exposed to any credit risk as there are no trade receivable and borrowing from bank

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision
FDR with VAT Department	0.50	-	0.50	0.50	-	0.50
Deposit with NSDL	1.50	-	1.50	1.50	-	1.50
Cash and Cash Equivalents	5.99	-	5.99	2.42	-	2.42
Total	7.99	-	7.99	4.42	-	4.42

c) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's board is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Lakhs)

As at March 31, 2021	0-12 months	12 months to 3 years	More than 3 years	Total
Loans & advances from related parties	6,522.33	-	-	6,522.33
Payables to employees	2.13	-	-	2.13
Other payables	4.71	-	-	4.71

(₹ in Lakhs)

As at March 31, 2020	0-12 months	12 months to 3 years	More than 3 years	Total
Loans & advances from related parties	6,341.29	-	-	6,341.29
Payables to employees	4.12	-	-	4.12
Other payables	4.86	-	-	4.86

24. CAPITAL MANAGEMENT

a) Risk management

The Company's objective when managing capital is to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

- (ii) Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

25. FINANCIAL INSTRUMENTS- ACCOUNTING CLASSIFICATION AND FAIR VALUE MEASUREMENT (₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020		
	FVPL	FVOCI	Amortised cost	FVPL	FVOCI	Amortised cost
Financial assets						
FDR with VAT department	-	-	0.50	-	-	0.50
Deposits with NSDL	-	-	1.50	-	-	1.50
Cash and Cash Equivalents	-	-	5.99	-	-	2.42
Total Financial Assets	-	-	7.99	-	-	4.42
Financial Liabilities						
Loans & Advances from Related Parties	-	-	6,522.33	-	-	6,341.29
Payable to employees	-	-	2.13	-	-	4.12
Other payables	-	-	4.71	-	-	4.86
Total Financial Liabilities	-	-	6,529.17	-	-	6,350.28

i. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

26. IMPAIRMENT REVIEW

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets. The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations:

- Operating margins (Earnings before interest and taxes)
- Discount rate
- Growth rates
- Capital expenditures

27. During the current year, the Company has reclassified below mentioned account balances related to previous year March 31, 2020. The detail of the same is as under:- NIL

28. The Board of Directors of the Company has reviewed the realisable value of all the Current Assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognised in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets including long term Security Deposits and Upfront premium in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on May 06, 2021.

As per our report of even date.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR 2020-21

Dear Members,

Your Directors have pleasure in presenting their Tenth (10th) Annual Report along with the Audited Financial Statement for the Financial Year ended March 31, 2021 along with the Auditors' Report.

1. FINANCIAL SUMMARY OR HIGHLIGHTS/ PERFORMANCE OF THE COMPANY

The Financial data for the current year and previous year are stated as following:

(Amount in ₹ Lac)

Particulars	For the year ended 31st March, 2021	For the year ended 31st March, 2020
Total Income	0.08	1.50
Total Expenditure	33.93	36.01
Profit/(Loss) Before Tax	(33.85)	(34.52)
Taxes	0	0
Profit/(Loss) after Tax	(33.85)	(34.52)
Other Comprehensive Income	0.28	(0.25)
Total Comprehensive Income for the year	(33.57)	(34.77)
Basic EPS/Diluted EPS in ₹	(0.06)	(0.06)

The Company has not yet started its commercial activities.

The Audited Financial Statements forms part of the Annual Report. The Financial Statement of the Company has been placed on the website of the holding company, the link of which is www.bhilwaraenergy.com.

2. OVERALL PERFORMANCE

During the financial year 2020-21, the company incurred a loss of ₹ 33.85 Lacs as compared to ₹ 34.52 Lacs loss during the previous financial year 2019-20.

Due to various socio legal issues not in the control of the company, the company has filed application with Govt. of H.P. for refund of upfront premium and security deposit of ₹ 3,969.45 Lakhs along with interest @10%. The Company is constantly following up with the State Government for the refund of the said amount with interest.

3. STATEMENT OF COMPANY AFFAIRS/ PROJECT STATUS AND INFORMATION

Your Company, a wholly owned subsidiary of M/s Bhilwara Energy Limited, was having license to develop 180 MW Chango Yangthang Hydro Electric Project in the state of Himachal Pradesh.

Due to various socio legal issues not in the control of the company, the company has filed application with Govt. of H.P. for refund of upfront premium and security deposit of ₹ 3,969.45 Lakhs along with interest @10%. The Company is constantly following up with the State Government for the refund of the said amount with interest.

4. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

There were no material changes and commitments, if any, affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report.

5. SUBSIDIARIES/ ASSOCIATES/ JOINT VENTURES

The Company does not have any Subsidiaries/ Associate or Joint Venture. Hence, this clause is not applicable. Accordingly, Company is not required to prepare consolidated Financial Statements and Form AOC-1 as prescribed in section 129(3) of the Companies Act, 2013.

6. DIVIDEND

In the view of the accumulated losses, your Director's could not propose any dividend for the financial year under review.

7. ADEQUACY OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS.

The Company has adequate internal financial controls in place with reference to the Financial Statements commensurate with the size and nature of its business. The Audit Committee reviews financial statements along with internal control systems. During the year under review, these controls were evaluated and no significant weakness was identified in the operations of control. The Company has a well-defined organizational structure, internal rules and guidelines for conducting business transactions.

8. PERSONNEL**(a) Industrial Relation**

The Industrial Relations during the period under review generally remained cordial without any untoward incidents.

(b) Particulars of Employees

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure –I**.

9. PUBLIC DEPOSITS

Your Company has not invited any deposits from public/ shareholders under the provisions of section 73 of the Companies Act, 2013, read with Companies (Acceptance of Deposits) Rules, 2014. There were no deposits which were outstanding as on 31st March, 2021.

10. RESERVES

No amount was required to be transferred to Reserve.

11. CORPORATE SOCIAL RESPONSIBILITY

The company does not fit into the criteria as specified under section 135 for making expenditure in CSR Activities so the disclosures as per Rule 9 of Companies (Corporate Social Responsibility Policy) Rules, 2014 is not applicable

12. SHARE CAPITAL

- a) **Issue of equity shares with differential rights**

14. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information with regard to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo in accordance with the provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure-II** forming part of this Report.

15. DIRECTORS AND KEY MANAGERIAL PERSONNEL

- **DIRECTORS RETIRE BY ROTATION IN THE ENSUING AGM**
Pursuant to the provisions of Companies Act, 2013 Mr. Rishabh Jhunjhunwala (DIN: 03104458) and Mr. Om Prakash Ajmera (DIN:00322834) shall retire by rotation at the forthcoming Annual General Meeting and being eligible, offers themselves for re-appointment.
The Board recommends their re-appointment.
DURING THE FINANCIAL YEAR 2020-21, THE FOLLOWING CHANGES OCCURRED IN THE DIRECTORS & KMP'S
- **RESIGNATION OF COMPANY SECRETARY**
Your Directors informs the members that, Ms. Priyanshi Garg resigned from the post of Company Secretary w.e.f 25th June, 2020.
- **APPOINTMENT OF COMPANY SECRETARY**
Your Directors informs the members that based on the recommendation of Nomination & Remuneration Committee, Mr. Amit Chauhan was appointed as Company Secretary of the Company w.e.f from 21st December, 2020 and was designated as the Key Managerial Personnel of the Company as required under Section 2(51) of the Companies Act, 2013.

• **RETIRE BY ROTATION**

During the year, Mr. Riju Jhunjhunwala (DIN: 00061060) and Mr. Om Prakash Ajmera (DIN: 00322834), Director retired by rotation at the 9th Annual General Meeting of the Company and being eligible, offered themselves for re-appointment. Their appointment was approved by the shareholders at the 9th Annual General Meeting of the Company held on 29th September, 2020.

• **RE-APPOINTMENT OF MR. PRADEEP AGARWAL AS AN INDEPENDENT DIRECTOR**

The first term of office of Mr. Pradeep Agarwal (DIN: 02370420), as an Independent Director expired on 13th March, 2021. The Board in their meeting held on 08th June, 2020 on the recommendation of the Nomination & Remuneration Committee has re-appointed Mr. Pradeep Agarwal (DIN: 02370420) as an Independent Director of the Company, for the second term of 5(five) consecutive years for the period commencing from 14th March, 2021 to 13th March, 2026.

His appointment was further approved by the shareholders at the 9th Annual General Meeting of the Company held on 29th September, 2020.

• **RE-APPOINTMENT OF MANAGER (KMP)**

During the Financial Year under review, Mr. Pradeep Kumar Sharma was re-appointed as the Manager in terms of Section 2(53) of the Companies Act, 2013 by the Board in their meeting held on 19th March, 2020 and subsequently approved by the members at an Extra Ordinary General Meeting held on 19th March, 2020 at shorter notice for a period of one year commencing from 01st April, 2020 to 31st March, 2021 and was designated as the Key Managerial Personnel of the Company as required under Section 2(51) of the Companies Act, 2013.

Since the tenure of appointment of Mr. Pradeep Kumar Sharma as the Manager of the Company in terms of section 2(53) of the Companies Act, 2013 expired on 31st March, 2021, therefore he was re-appointed as the Manager in terms of Section 2(53) of the Companies Act, 2013 by the Board in their meeting held on 15th April, 2021 and subsequently approved by the members at an Extra Ordinary General Meeting held on 15th April, 2021 for a period of one year commencing from 01st April, 2021 to 31st March, 2022 and was designated as the Key Managerial Personnel of the Company as required under Section 2(51) of the Companies Act, 2013.

DECLARATION OF INDEPENDENCE

Your Directors further inform the members that the Company has received necessary declaration from each Independent Director/s under section 149(7) at the beginning of the financial year stating that they meet the criteria of Independence as specified under sub-section (6) of Section 149 of Companies Act, 2013 and there has been no change in the circumstances which may affect their status as Independent Director during the year.

3.	Mr. Pradeep Agarwal	Member	Non-Executive Independent Director	1	1
4.	Ms. Niharika Bindra	Member	Non-Executive Independent Director	1	1

19. MEETING OF THE MEMBERS

The Ninth (9th) Annual General Meeting of the members of the Company was held on 29th September, 2020.

20. MEETING OF THE INDEPENDENT DIRECTORS

During the year under review, One Independent Director Meeting was held on 29th January, 2021. Independent Directors met without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Executive Directors and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

21. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the contracts/arrangements/transactions entered into by the Company during the financial year with the related parties were on arm's length basis and were in the ordinary course of the business. Your company has not entered into any transaction with the related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC-2 is not applicable.

22. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Provision of section 186 of the Companies Act, 2013 with respect to loans, guarantees and security is not applicable since the Company is engaged in providing Infrastructural Facilities and is exempt under section 186 of the Companies Act, 2013. The Company has not made any investments in terms of Section 186 of the Companies Act, 2013.

23. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the

Annual Report 2020-21

Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

24. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wise risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

25. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the companies act, 2013 the board of directors on the recommendation of the nomination and remuneration committee has framed a policy for the appointment of directors and senior management of the company and their remuneration. The policy forms part of the board report as **Annexure-III** has been disclosed on the website of the holding company, the link of which is www.bhilwaraenergy.com.

26. STATUTORY AUDITORS

At the 8th Annual General Meeting held on 27th September, 2019, M/s Doogar & Associates, Chartered Accountants, (ICAI Firm Registration No. 000561N), were re-appointed as the Statutory Auditors of the Company to hold office till the conclusion of the 10th Annual General Meeting to be held in the Calendar Year, 2021.

M/s Doogar & Associates, Chartered Accountants, Auditors of the Company, will mandatorily retire from their office at the ensuing Annual General Meeting. They are, however, not eligible for re-appointment in terms of provisions of Section 139 of the Companies Act, 2013 and rules thereunder.

During the year under review, the Auditors had not reported any matter under Section 143 (12) of the Companies Act, 2013; therefore, no detail is required to be disclosed under Section 134 (3) (ca) of the Companies Act, 2013.

Your Directors have recommended the appointment of M/s Jain Raj & Associates, Chartered Accountants (Firm Registration No.007535N) as Statutory Auditors of the Company to hold office for a period of 5 consecutive years from the conclusion of the 10th Annual General Meeting of the Company scheduled to be held in the year 2021 till the conclusion of 15th Annual General Meeting to be held in the year 2026 subject to the approval of the shareholders in the ensuing Annual General Meeting.

They have furnished a certificate to the effect that their appointment will be in accordance within the applicable provisions of the Companies Act, 2013.

27. AUDITORS' REMARKS

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Auditor's Report does not contain any qualification, reservation or adverse remarks.

28. REPORTING OF FRAUDS BY THE AUDITORS

During the year under review, the Statutory Auditors had not reported any matter under Section 143 (12) of the Companies Act, 2013. Therefore, no detail is required to be disclosed under 134(3) (ca) of the Companies Act, 2013.

29. EXTRACT OF THE ANNUAL RETURN

As required pursuant to section 92(3) of the Companies Act, 2013 and rule 12(1) of the Companies (Management and Administration) Rules, 2014, an extract of annual return in form **MGT- 9** is annexed to this annual report as **Annexure-IV**. Further the Annual Return in form MGT-7 and extract of Annual Return in form MGT-9 is also placed on the website of the holding company M/s Bhilwara Energy Limited (www.bhilwaraenergy.com)

30. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their know'ledge state the following:

- i. that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- ii. that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable & prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the Profit & Loss of the company of that period;
- iii. that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- iv. that the annual financial statement has been prepared on a going concern basis;
- v. That proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- vi. that the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

31. GENERAL DISCLOSURES

- The Company has a group policy in the name and in place against Sexual Harassment in line with the requirements of the Sexual Harassment if women at workplace (Prevention, Prohibition and redressal) Act, 2013. Internal Complaints Committee has been set up to redress complaints received regarding the sexual harassment.

INDEPENDENT AUDITORS' REPORT

To the Members of Chango Yangthang Hydro Power Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Chango Yangthang Hydro Power Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Note-29 regarding the Board of directors decision to surrender the ChangoYangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to delay and uncertainty in project execution and long delay in Government approvals and licenses lapse, the company has written off Capital Work in progress during the previous year amounting to INR 2,713.18 lakhs. These events or conditions, along with other matters as set forth in Note-27, indicate that there exists material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern since the company was incorporated as a Special Purpose Vehicle for this particular project.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

We draw attention to Note-27, the company has surrendered ChangoYangthang HEP (180MW) project in Himachal Pradesh and asked for the refund of Upfront premium of INR 3789.45 lakhs and Security Deposit of INR 180 lakhs with interest since

the project is not executable purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities.

GoHP has formed a committee to deal with the issues of various projects which includes ChangoYangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed, in which the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW ChangoYangthang HEP and refused to co-operate on the issue of development of any project. During the meeting called for by the committee, CHYPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same.

In View of this, the company has reiterated its demand for refund of money along with the Interest and the management is confident of recovering the Upfront Fees and Security Deposit paid on account of surrender of project, in full. The upfront fee and security deposit as mentioned above have been grouped under Other Non-Current Assets (Note-5) and Non-Current Loans- Security Deposit (Note-4) respectively.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IND AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of

adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying

transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e. On the basis of written representations received from the directors as on March, 2021, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021, from being appointed as a director in terms of section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

Annual Report 2020-21

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations as confirmed by the Management; therefore there is no impact on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 'A' TO AUDITORS' REPORT

(Annexure referred to in our report of even date)

Report on the matters specified in paragraph 3 of the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Companies Act, 2013 ("the Act") as referred to in paragraph 1 of 'Report on Other Legal and Regulatory Requirements' section of our report of even date

- i. (a) The Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no discrepancy has been noticed on such verification as compared to book records.
- (c) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no immovable properties as on 31st March, 2021.
- ii. According to the information and explanation given to us and the records examined by us, the company is not having any inventory, therefore the provisions of clause 3(ii) of the said CARO 2016 Order are not applicable to the Company
- iii. The Company has not granted any loans, secured or unsecured to companies, firms or other parties covered by section 189 of the Companies Act, 2013. Accordingly, clauses 3(iii) (a), (b) and (c) are not applicable.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments,

guarantees, and securities granted in respect of which provisions of sections 185 and 186 of companies Act, 2013 are applicable and hence not commented upon.

- v. The Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.
- vi. The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.
- vii (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the year end for a period of more than six months from the date they became payable as at 31st March, 2021.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.
- viii. According to the information and explanations given to us and as per the books and records examined by us, the Company has not defaulted in repayment of dues to any financial institution or bank or debenture holders.
- ix. According to the information and explanations given by the management, the company has not raised any money of initial public offer/further public offer. Further in our opinion and according to the information and explanations given by the management the company has utilized the monies raised by way of debt instruments in the nature of debentures/term loans for the purposes for which those were raised.
- x Based upon the audit procedures performed for the purpose of reporting the true and fair view of financial statements and according to the information and explanations given by the management, we report that no fraud by the company or no fraud on the company by the officers and employees of the company has been noticed or reported during the year.
- xi According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xii. In our Opinion, the Company is not a Nidhi company. Therefore, the provisions of clause 3(xii) of the order is not applicable to the company and hence not commented upon.
- xiii. According to the information and explanations given by the management, transactions with related parties are in compliance with section 177 & 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.

CHANGO YANGTHANG HYDRO POWER LIMITED

- xiv. According to the information and explanations given to us and on an overall examination of the balance sheet, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) are not applicable to company and, not commented upon.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- xvi. According to the information and explanations given to us, the provisions of section 45-IA of Reserve Bank of India Act, 1934 are not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHANGO YANGTHANG HYDRO POWER LIMITED ON FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Chango Yangthang Hydro Power Limited** ("the Company") as of 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial

Annual Report 2020-21

reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1. CORPORATE INFORMATION

Chango Yangthang Hydro Power Limited (CYHPL) is a closely held public limited company incorporated on 12th October, 2011 under the Companies Act, 1956 having its registered office in Himachal Pradesh and Corporate office at Noida (UP). CYHPL has been granted license to develop 180 MW Chango Yangthang Hydro Power Project in the state of Himachal Pradesh. However, the company has surrendered the project. As on 31 March 2021, Bhilwara Energy Limited, the holding company owned 100% of the company's equity share capital. During the financial year 2018-19, the Company vide NCLT order dated 08th August, 2018 and subsequent registration by Registrar of Companies of the said NCLT order on 19th September, 2018 has reduced its paid up Share Capital from ₹ 6,000.00 Lakhs to ₹ 3,000.00 Lakhs.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. These financial statements have been prepared in accordance with Ind-As.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

a) Current versus non-current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:-

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

The following specific recognition criteria must also be met before revenue is recognized:

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment is recognized on declaration basis. When the right to receive payment is established.

d) Inventory Valuation

Inventories comprising of explosive stocks are valued at lower of cost and net realizable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

e) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/debentures to finance PPE and expenditure on start-up/commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on tangible fixed assets is provided on the straight line method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing ₹ 5,000.00 or below are fully depreciated in the year of addition.

Sl. No.	Fixed Asset	Useful life
1	Computers (Desktops and Laptops etc.)	3 years
2	Project Equipments	5 years
3	Office Equipments	5 years
4	Motor Vehicles	8 years
5	Electrical Installation and Equipments	10 years

The depreciation was provided in accordance with the Schedule II to the Companies Act, 2013.

f) Intangible Assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Company is the lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

Where the company is lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

h) Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

The company has the policy to assess at each reporting date for impairment required for each of its non-financial assets.

i) Financial Instruments

Financial Assets

Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

Subsequent Measurement

Non-derivative financial instruments

- **Debt instrument at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling

financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

- **Equity instrument at fair value through other comprehensive income**

All equity investments in scope of Ind AS 109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

- **Equity instrument at fair value through profit or loss**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Impairment of Financial Assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement: and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

j) Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior

CHANGO YANGTHANG HYDRO POWER LIMITED

management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

k) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

l) Foreign currency translation

Financial statements are presented in Rupees, which is company's functional currency.

• Initial recognition

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

• Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

• Exchange differences

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

m) Retirement and other employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard Ind AS-19 'Employee Benefits'.

Gratuity

The Company's liabilities on account of gratuity are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard Ind AS-19 'Employee Benefits'. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

n) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate.

However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

o) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

p) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

q) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

r) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

s) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

t) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

23. FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2021 and March 31, 2020.

i) Interest rate risk

There are no long term debt obligations of the company as on March 31, 2021.

ii) Foreign currency risk

The company is not exposed to any foreign currency risk as there is no material transaction in foreign currency. Hence, no further disclosure is required under this section.

iii) Price risk

The company is not exposed to any price risk as there is no investment in equities outside the Company and the company doesn't deal in commodities.

b) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is not exposed to credit risk as no operating activities (primarily trade receivables) and financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

i) Expected credit loss for financial assets

(₹ in Lakhs)

Particulars	As at March 31, 2021			As at March 31, 2020		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision
Security deposits	180.00	-	180.00	180.00	-	180.00
Loan to employees	3.53	-	3.53	-	-	-
Cash and Cash Equivalents	4.06	-	4.06	1.21	-	1.21
Upfront premium	3,789.45	-	3,789.45	3,789.45	-	3,789.45

Annual Report 2020-21

c) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

Financial assets to which loss allowance is measured using 12 months expected credit loss (ECL) As at March 31, 2021

24. CAPITAL MANAGEMENT

a) Risk management

The Company's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of Dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during the financial year 2020-21 and 2019-20.

25. FINANCIAL INSTRUMENTS- ACCOUNTING CLASSIFICATION AND FAIR VALUE MEASUREMENT

(₹ in Lakhs)

CHANGO YANGTHANG HYDRO POWER LIMITED

I. Fair Value Hierarchy

(₹ in Lakhs)

Particulars	Carrying amount	Fair value		
	As at March 31, 2021	Level 1	Level 2	Level 3
Financial assets at amortized cost:				
Security deposits	180.00	-	-	180.00
Upfront premium	3,789.45	-	-	3,789.45
Total	3,969.45	-	-	3,969.45

(₹ in Lakhs)

Particulars	Carrying amount	Fair value		
	As at March 31, 2020	Level 1	Level 2	Level 3
Financial assets at amortized cost:				
Security deposits	180.00	-	-	180.00
Upfront premium	3,789.45	-	-	3,789.45
Total	3,969.45	-	-	3,969.45

II. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

- The management is of the view that there is no reasonable or virtual certainty to recognise the deferred tax asset as the company has surrendered the project therefore as on date there is no probability of any taxable profit in future that will be available for the deferred tax assets to be utilised. Therefore, the company has not recognised deferred tax assets.

- Due to various socio-legal issues and non-availability of the clearances from the appropriate authorities, the Board of Directors decided to surrender the project. Accordingly, the company submitted its letter dated 11th July 2017 to Directorate of Energy, Govt. of Himachal Pradesh for surrender of the project and refund of the entire upfront premium and security deposit paid on the project.

Directorate of Energy vide letter dated 03rd May 2018 had advised the company to make a presentation on 08th Jun 2018 with complete status followed by the meeting dated 12th Jun 2018. In the said meeting, it was decided that current situation at project site and concerned villages shall be assessed jointly by team of officers from DoE, Sr. Project Authority and District Administration to ascertain the ground realities with regard to the opposition of the local people towards implementation of Chango Yangthang HEP and to gather their views in this regard.

GoHP vide Notification dated 03rd Nov, 2018 has formed a committee to deal with the issues of various projects which includes Chango Yangthang Hydro Power Limited (CYHPL).

On the direction of GoHP, a public meeting was conveyed on 14th November 2018 which was attended by various villagers of the project affected area, officials of DoE, District administration and CYHPL. During the meeting, the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project.

The said committee discussed the Sutlej Valley projects on 18th Feb 2019 which included CYHPL. During the meeting CYHPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same. In view of this, CYHPL has reiterated its demand for refund of money along with interest. The management is confident of recovering fully the upfront premium and security deposit. The Company is in constant follow up with GoHP for refund of money.

- The Board, in order to realign the relation between assets and share capital of the Company and to accurately and fairly reflect the assets and liabilities of the Company in its books of accounts and for better presentation of the financial position of the Company, decided to reduce its share capital from 10 per share to ₹ 5 per share and accordingly filed an application with NCLT after getting requisite approval from the shareholders in the Extra Ordinary General Meeting held on 15th December, 2017.

The Hon'ble NCLT vide its order dated 08th August, 2018 approved the reduction of paid up share capital ₹ 6,000.00 Lakhs divided into 600.00 Lakhs share of ₹ 10 each to ₹ 3,000.00 Lakhs divided into 600.00 Lakhs share of ₹ 5 each.

29. MATERIAL UNCERTAINTIES RELATING TO GOING CONCERN

The company has written off Capital Work in progress during the year 2017-2018 ₹ 2,713.18 Lakhs on account of board decision to surrender the Chango Yangthang HEP(180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to the below main reasons/events.

Delay and uncertainty in project execution

- Local Unrest - The Company has closed the project office and stop all site activities again due to continuous unrest from the local villagers and habitants from the villages of Project Area. Security and safety issues of the employees and other assets of the company have also become important now.
- Protests & representations by the local panchayats and Sangharsh Samiti is continued.
- The State Pollution Control Board has not been able to conduct the public hearing for the project in last two years despite the completion of all formalities from our side.

Long Delay in Government Approvals and licenses lapse:

- The proposal for forest clearance lying pending with the office of the Nodal Officer, State Forest Department, Shimla for want of FRA Certificates for almost two & half years.
- The application for NOC from Ministry of Home Affairs was submitted by us to Government of Himachal Pradesh vide our letter dated 27th July 2011.
- It's a border area project and require the clearance from Ministry of Defence, Government of India. The application for NOC from Ministry of Defence was filed on 20th December 2012.
- TEC and TOR from MoEF has expired or is expiring shortly.

Since the project is not to be executed purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities, the company requested for refund of security deposit and upfront premium paid for the project amounting to ₹ 3,969.45 Lakhs. In response to the request dated 1 February, 2018 the Government has not considered the request of Company for surrender of the Project and refund of the Premium and Security. However, GoHP mentioned that the company can apply for the extension in time lines without levy of the extension fees till the ground situation become favorable towards implementation of Hydro Electric Projects. The Company on 16th February, 2018 has reaffirmed their intention and asked the Authorities for their decision on application of surrender of the project since the project is not to be executed purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities.

GoHP vide Notification dated 03rd Nov 2018 has formed a committee to deal with the issues of various projects which includes Chango Yangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed on 14th November 2018 which was attended by various villagers of the project affected area, officials of DoE, District administration and CYHPL.

During the meeting, the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project. The said committee discussed the Sutlej Valley projects on 18th Feb 2019 which included CYHPL. During the meeting CYHPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same.

This company was incorporated as a Special Purpose Vehicle for above said 180MW HEP project and is a wholly owned subsidiary of Bhilwara Energy Limited (BEL) with no external debt.

30. During the current year, the Company has reclassified below mentioned account balances related to previous year March 31, 2020. The detail of the same is as under:- NIL
31. The Board of Directors of the Company has reviewed the realisable value of all the Current Assets and has confirmed that the value of such assets in the ordinary course of business will not be less than the value at which these are recognised in the financial statements. In addition, the Board has also confirmed the carrying value of the non-current assets including long term Security Deposits and Upfront premium in the financial statements. The Board, duly taking into account all the relevant disclosures made, has approved these financial statements in its meeting held on May 06, 2021.

INDEPENDENT AUDITORS' REPORT

Dear Shareholders,

We have audited the accompanying financial statement of **Balephi Jalvidhyut Company. Ltd** comprising of balance sheet as of 31 March, 2021, the income statement, & statement of cash flow for the period from April 01, 2020 to March 31, 2021. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs) or relevant practices. These Standards or relevant practices require that we plan & perform audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on test basis, evidence supporting the amounts & disclosure in the financial statement. An audit also includes assessing the accounting principles used & significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis of our opinion.

We have examined the attached Financial Statements and report that:

1. We have obtained all the information and explanation, which to the best of our knowledge and belief were necessary for the purpose of our audit,

2. In our opinion, proper books of accounts as required by law have been kept by the company so far as it appears from our examination of such books,
3. In our opinion, the balance sheet, Income statement & statement of cash flow comply with the books of accounts maintained by the company,
4. In our opinion & to the best of our information & according to explanation given to us & from our examination of the books of accounts of the company, we have not come across the cases where the board or any member thereof or any employee thereof or any employee of the company has acted contrary to the provision of the law or caused loss or damage to the company or misappropriated the funds of the company.

In our opinion, the financial statements give true & fair view of the financial position of the company as of March 31, 2021, and its cash flow and Changes in Equity for the period from April 01, 2020 to March 31, 2021.

SCHEDULES TO & FORMING PART OF FINANCIAL STATEMENTS AS ON 31.03.2021

SCHEDULE: 11 SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES:

1. Corporate Information

Balephi Jalbidhyut Co. Ltd was registered under the Companies Act, 2053 with registration no 857/060-61 dt 17.07.2060 as a public company with register office at Triveni Complex, Putalisadak. The company was licensed by Department of Electricity Development for Balephi Hydro project at Sindupalchok District with capacity of 50 MW however as per letter dt 2073/03/13 of Department of Electricity Development capacity has been reduced to 23.52 MW. The Company has obtained the Generation License from Department of Electricity Development on 2073/12/16 (29/03/2017).

2. Accounting Conventions

The Financial Statements are prepared under historical cost conventions following accrual basis of accounting. The company's financial statements are presented in Nepalese Rupees as the functional currency. Financial statements of company is prepared in accordance with Nepal Accounting Standards (NAS) except otherwise stated.

3. Accounting period

The financial statements cover period from April 1, 2020 to March 31, 2021.

4. Use of estimates

The preparation of financial statements in conformity with NAS/Generally Accepted Accounting Practices requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Differences between actual and estimates are recognized in the period in which the results are known/materialized.

5. Basis of Accounting

Except otherwise stated income & expenditure are recognized following accrual basis of accounting.

6. Fixed Assets

Fixed Assets are stated at cost less depreciation and the cost include all the expenses incurred up to putting the assets into use.

7. Depreciation

Depreciation has been charged on fixed assets as per diminishing balance method and the rates & procedure as prescribed in Income Tax Act, 2058.

8. Going Concern

The Financial Statements are prepared on the assumption that the Company is a going concern.

9. Current (Income) Tax

Provision for current (income) tax is recognized as per applicable provisions of Income Tax Act 2058 & Rules, 2059 along with amendments that are applicable in particular income year.

10. Deferred Tax

Deferred taxes are recognized on temporary differences that arise among financial accounts and tax accounts. A deferred tax asset is recognized on future deductible difference whereas deferred tax liability is recognized on future taxable difference arising as on balance sheet date. In current financial year deferred tax has not been recognized as the company is in construction phase.

11. Exchange rate

Transactions in foreign currency are recognized at the exchange rates prevailing on the date of transactions. All monetary items in balance sheet which are required to be settled in foreign currency are translated applying exchange rates prevailing on the balance sheet date.

B. NOTES TO ACCOUNTS

1. Pre-operating Expense

Pre-operating expenses have been booked in expenses pertaining to capitalization since the company is in construction phase and it will be capitalized accordingly at the same time as the power production will commence.
