2. OVERALL PERFORMANCE

Standalone financial performance:

During the current financial year 2023-24, the company on standalone basis recorded the Revenue from operations of Rs. 90.06 million as against Revenue of Rs. 123.02 million during the previous financial year. The Company received other income of Rs. 1,093.91 million as compared to Rs. 658.98 million during the financial year, which mainly attributed towards the dividend income received from the subsidiary company. The total income of the company during the current financial year stood at Rs. 1,183.96 million as compared to Rs. 782.01 million during the previous financial year.

The Net profit during financial year 2023-24 was at Rs. 931.28 million as compared to Net Profit of Rs. 744.45 millions in the previous financial year.

Consolidated financial performance:

During the financial year 2023-24, the company on consolidated basis recorded the Revenue from operation of Rs. 4750.97 million as against Rs. 4882.24 million during the previous financial year. The total income of the company during the current financial year stood at Rs. 5,573.30 million as compared to Rs. 5060.76 million during the previous financial year.

The Net Profit (after non-controlling interest) during the financial year 2023-24 was at Rs. 1624.05 million as compared to Net Profit of Rs. 1574.64 million in the previous financial year.

3. SUBSIDIARY, JOINT VENTURES AND ASSOCIATES

As on 31st March, 2024, the company has Seven (7) subsidiaries, which are as follows:

- * Malana Power Company Limited
- * AD Hydro Power Limited (Step Down Subsidiary)
- * Replus Engitech Private Limited
- * NJC Hydro Power Limited
- * Chango Yangthang Hydro Power Limited
- * Indo Canadian Consultancy Services Limited
- * Balephi Jalvidhyut Company Limited, Nepal

During the year, BG Wind Power Ltd. ceased to be the subsidiary of the company.

The Audited Financial Statement of each of the subsidiary company has been placed on the website of the company i.e. www.bhilwaraenergy.com. The Financial Statements of the Subsidiary Companies are kept for inspection at the registered office of the Company. The Company shall provide the copy of the financial Statements of its Subsidiary Companies to the shareholders upon their request.

There has been no material change in the nature of Business of the subsidiaries.

A report on the performance and financial position of the Subsidiary Company as per the Companies Act, 2013 in Form AOC-1 is annexed as **Annexure-I** forming part of this report.

4. CONSOLIDATED FINANCIAL STATEMENT

The Consolidated Financial Statements have been prepared by the Company in accordance with the applicable Accounting Standards. The audited consolidated financial statements together with Auditors' Report form part of the Annual Report.

The consolidated financial statements are also available on the website of the Company and can be accessed on www.bhilwaraenergy.com.

5. STATE OF COMPANY AFFAIRS / PROJECT STATUS & INFORMATION ABOUT SUBSIDIARY COMPANIES

14 MW Wind Power Project in Distt. Kolhapur, Maharashtra

The generation during the financial year 2023-24 is 14.87 Million kWh as compared to 20.04 Million kWh in the previous financial year 2022-23. The Company recorded Revenue from operations of Rs. 90.05 million as against Revenue of Rs. 123.02 million in the previous financial year. The power generated from this project is being sold to Maharashtra State Distribution Company Limited (MSEDCL) on long term PPA for 13 years. The Project is availing Generation Based Incentives (GBI) provided by MNRE, Government of India and period for availing GBI has ended on 31st March 2024.

HYDRO POWER PROJECT UNDER THE SUBSIDIARIES

(i) Malana Power Company Limited-86 MW Malana HEP (Himachal Pradesh)

Malana Power Company Ltd. (MPCL), a subsidiary of your company, is engaged in the generation & transmission of energy from its 86 MW Malana Hydro Electric Project in the state of Himachal Pradesh. The Malana HEP is in operation since 2001.

MPCL recorded revenue from operations of Rs.1231.00 million during the financial year 2023-24 as compared to Rs. 1481.10 million in the previous financial year. The other income during the financial year 2023-24 was Rs. 51.00 million vis-a-vis Rs. 149.60 million in the financial year 2022-23.

The Net profit during the financial year 2023-24 is Rs. 563.59 million as compared to Rs. 814.20 million in the previous financial year.

The generation during the financial year 2023-24 stood at 249.05 Million Kwh as compared to 322.63 Million kWh in the previous year.

(ii) AD Hydro Power Limited- 192 MW Allain Duhangan HEP (Himachal Pradesh)

AD Hydro Power Ltd (ADHPL), a step down subsidiary of your Company, is engaged in the generation & transmission of energy from its 192 MW Allain Duhangan Hydro Electric Project in the state of Himachal Pradesh.

ADHPL recorded revenue from operations of Rs. 3179.10 million during the financial year 2023-24 as compared to Rs. 3152.20 million in the previous financial year. The Net profit during the financial year 2023-24 is Rs. 1746.43 million as compared to net profit of Rs. 2021.90 million in the previous financial year.

The generation during the financial year 2023-24 stood at 588.19 Million kWh as compared to 637.13 Million kWh in the previous financial year.

(iii) NJC Hydro Power Limited-780 MW Nyamjang Chhu HEP (Arunachal Pradesh)

NJC Hydro Power Limited (NHPL), a wholly owned subsidiary of your company, was having license to develop 780 MW Nyamjang Chhu Hydro Electric Project in the state of Arunachal Pradesh. However, the Project has been rendered not doable by the Wildlife Institute of India (WII) in order to protect the habitat of Black Neck Cranes. The Memorandum of Agreement by which the project was awarded was terminated by Government of Arunachal Pradesh (GoAP).

The company invoked arbitration proceedings against Govt. of Arunachal Pradesh and the Hon'ble Guwahati High Court (Itanagar Bench) has appointed Sole Arbitrator for settlement of the matter. The Arbitration Tribunal (the Tribunal) has been constituted and company is in the process of filing its claim with the Tribunal.

Further, NHPL has filed an application with Hon'ble National Company Law Tribunal (NCLT), Delhi for reduction of capital on account of erosion of Net Worth, from Rs. 100 crore to Rs. 5 lac. The Hon'ble NCLT after hearing the matter on 05th August, 2024 has reserved the order.

(iv) Chango Yangthang Hydro Power Limited-180 MW Chango Yangthang HEP (Kinnaur District, Himachal Pradesh)

Chango Yangthang Hydro Power Ltd (CYHPL), a wholly owned subsidiary of your company, was having license to develop 180 MW Chango Yangthang Hydro Electric Project in the state of Himachal Pradesh.

Due to various socio legal issues not in the control of the company, the company has surrendered the project and filed an application with Govt. of H.P. for refund of upfront premium and security deposit of ₹3,969.45 Lakhs. The Company is constantly following up with the State Government for the refund of the said amount with interest.

(v) Balephi Jalvidhyut Company Ltd-23.52 MW Balephi HEP (Nepal)

Balephi Jalvidhyut Company Limited (BJCL), Nepal, a subsidiary of your company, has a license to develop 23.52 MW Hydro Power Project in Nepal.

Due to various reasons, the company has decided not to execute the project and exploring the possibility of selling its stake in BJCL.

OTHER SUBSIDIARIES

(i) Indo Canadian Consultancy Services Limited

Indo Canadian Consultancy Services Ltd (ICCS), subsidiary of your company, is engaged in the consultancy of hydro power and irrigation projects with wide range of services like investigations, due diligence studies, preparation of prefeasibility reports and detailed project reports, detailed design and drawings, technical specification, construction supervision, pre tender engineering, lender's engineer services etc.

During the current financial year 2023-24, ICCS recorded Revenue from operation of Rs. 59.38 million as against Rs. 50.53 million in the previous year. During the current financial year 2023-24, ICCS reported net profit of Rs. 11.61 million as against loss of Rs. 3.81 million during the previous financial year.

(ii) Replus Engitech Private Limited

Replus Engitech Private Limited (Replus) subsidiary of your Company is engaged in the business of providing Battery Energy Storage Solution (BESS).

Replus’ state of the art factory got commissioned on 20th September, 2023. The capacity of the factory is 550 MWh.

For the FY 2023-24, Replus reported revenue of Rs.195.19 million as against Rs. 116.33 million during the previous financial year. Due to company being in start-up phase and high fixed cost (Opex) against revenue, the company during FY 2023-24 incurred loss of Rs. 54.64 million as compared to Rs. 35.09 million to the previous financial year.

6. DIVIDEND

In view of accumulated losses, your Directors do not propose any dividend for the financial year under review.

7. INDUSTRY POTENTIAL & DEVELOPMENT

India is the third largest producer and consumer of electricity worldwide, with all India installed power generation capacity of 441.97 GW as of 31.03.2024, which comprises of 243.22 GW of Thermal, 46.93 GW of Hydro, 8.18 GW of Nuclear and 143.64 GW of Renewable capacity.

During Financial Year 2023-24, energy demand in the country rose to ~1626 BU (with ~8% Y-o-Y growth), whereas peak demand rose to ~243 GW (with ~13% Y-o-Y growth). The average annual market clearing price at the Indian Energy Exchange (IEX) in N1 region was ₹ 5.22/kWh in 2023-24, almost 12% lower compared to 2022-23. It was due to better planning and co-ordination among Ministry of Power, Ministry of Coal and system operators, that despite increase in peak power demand across the country, average annual power prices discovered at IEX remained moderate except for the period during Aug-Oct’ 23 when the prices were higher by ~38% as compared with the corresponding period of previous year i.e. Aug-Oct’22. Total short term power transactions were ~13.59% of yearly generation (excluding generation from captive power plants).

The following “Table” indicates the energy requirement/ supply along with IEX (N1) rates during last 5 years:

Table : Energy Requirement/ Supply & IEX (N1) rates during last 5 years.

It is also observed that peak power demand recorded during 2023-24 has surpassed the estimates of CEA (20th Electric Power Survey) with a significant margin. Indian Meteorological Department (IMD) has forecasted above normal temperatures during summer season of 2024-25 which has resulted in peak power demand to reach the highest ever figure of 250 GW during May'24 itself. Growing industrialization in semi urban and rural areas accompanied with increase in per capita income has propelled the electricity demand across the country. It is widely expected that the total electricity requirement as well as peak power demand in India is bound to increase multifold in forthcoming years that will create numerous opportunities for the merchant power plants that specialize in catering peak power demand.

In the Financial Year 2023-24, India's power sector experienced robust demand growth fueled by economic expansion, urbanization and industrial activities. Renewable energy capacity saw substantial additions, particularly in solar driven by government initiatives, policies and investment incentives. These efforts helped India make significant strides towards its renewable energy targets, aligning with global commitments to reduce carbon emissions. Technological advancements, particularly in energy storage, will facilitate better integration of renewables into the grid, and this is expected to further the growth of complex bids like Firm Dispatchable Renewable Energy as compared to plain vanilla solar and wind.

As per the recent World Bank's projections, India will continue to be the fastest-growing among the world's largest economies with a GDP of 6.6%. The company expects that with strong domestic demand and surge in infrastructural activities, India will remain at forefront in terms of new investments, policy reforms and economic growth. Power sector being the growth engine of any economy, it has to be more robust and resilient to provide a steady platform to sustainably drive a GDP growth of 6.6%. Looking at such GDP growth rate, Indian power sector is poised for a remarkable transformation as it experiences substantial shifts in demand growth, energy mix

and market dynamics. Private investments in power sector are more important than ever when power market is witnessing innovative products and technological upgradation that promises a sustainable and resilient energy future for the nation.

8. CORPORATE GOVERNANCE

The Company is committed to achieve the high standard of Corporate Governance by application of the best management practices, compliance with law, adherence to ethical standards and discharge of social responsibilities. Your Company has in all spheres of its activities adequate checks and balances to ensure protection of interest of all stakeholders. Your Company also endeavors to share, with its stakeholders' openly and transparently, information on matters which have a bearing on their interest.

The majority of the Board comprises of Non-Executive Directors' including Independent Directors appointed under the Companies Act, 2013, who play a critical role in imparting balance to the Board processes, by bringing an independent judgment to decide on issues of strategy, performance, resources, standards of Company's conduct, etc. The Audit Committee of the Board provides assurance to the Board on the adequacy of Internal Control Systems and Financial Systems.

9. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

The Board of Directors in their meeting held on 22.05.2024 has approved the Composite Scheme of Arrangement amongst the Company, HEG Ltd. & HEG Greentech Ltd. (new co. incorporated as wholly owned subsidiary of HEG Ltd.), whereby in addition to other things, the Company (BEL) shall be merged with HEG Ltd. (excluding Graphite Business) and shareholder of BEL (except HEG Ltd.) will receive 8 shares of HEG Ltd. (excluding Graphite Business) for every 35 shares held in the company. The scheme is subject to approval of NCLT. Upon scheme becoming effective, the company will be dissolved without winding up.

Except the above, there are no material changes and commitments, affecting the financial position of the Company have occurred during the end of the financial year of the Company to which the Financial Statements relate and the date of the report.

10. INTERNAL CONTROL / INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS

The Company has adequate internal controls in place commensurate with the size and nature of its business. Internal Audit is conducted by outside Auditing Firms. The Internal Audit Reports are reviewed by the top management and the audit committee and timely remedial measures are ensured.

Further, the Internal Financial Control framework is under consistent supervision of Audit Committee, Board of Directors and also Independent Statutory Auditors. During the year, no reportable material weakness in the design or operations was observed.

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments.

The Auditors Report does not contain any qualification, reservation adverse remarks or disclaimer.

29. SECRETARIAL AUDITOR

The Company had appointed M/s M.L. Sharma & Co., Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2023-24, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed as **Annexure V** to this Board Report. The Secretarial Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

30. INTERNAL AUDITOR

Based on the recommendations of the Audit Committee, the Board had re-appointed M/s BGJC & Associates, Chartered Accountants (ICAI Firm Registration No.003304N/N500056) as its Internal Auditor for the financial year 2024-25. During the year under review, the Company continued to implement the suggestions and recommendations made by the Internal Auditors to improve the control environment.

31. VIGIL MECHANISM/WHISTLE BLOWER POLICY

Your Board Reports to the members that with the objective of pursuing the business in a fair and transparent manner by adopting the highest standards of professionalism, honesty, integrity, and ethical behavior and to encourage and protect the employees who wish to raise and report their genuine concerns about any unethical behavior, actual or suspected fraud or violation of Company's Code of Conduct, the Company on the recommendation of the Audit Committee has adopted a Whistle Blower Policy. The policy adopted by the Company contains a framework whereby the identity of complainant is not disclosed. The Policy has been disclosed on the website of the Company at www.bhilwaraenergy.com.

32. ANNUAL RETURN

Pursuant to Section 92 of the Act and Rule 12 of the Companies (Management and Administration) Rules, 2014, Annual Return is available on the website of the Company at the link: www.bhilwaraenergy.com.

33. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge state the following:

- (a) that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- (b) that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit and loss of the company of that period;
- (c) that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (d) that the annual financial statement has been prepared on a going concern basis;
- (e) that proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- (f) that the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

34. GENERAL DISCLOSURE

- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment.

The Company has complied with the provisions relating to constitution of Internal Complaints Committee under sexual harassment of women at workplace (Prevention, Prohibition & Redressal) Act, 2013.

No complaints were received during the financial year 2023-24.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.

- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported in the Company, during the financial year 2023-24.
- During the year, there was no change in the issued share capital of the company.
- The Company is in compliance of all applicable secretarial standards issued by the Institute of Company Secretaries of India (ICSI) from time to time.
- The Company is not required to maintain the cost records as specified by the Central Government under sub section (1) of section 148 of the Companies Act, 2013, and accordingly such Accounts and records are not made and maintained by the Company.
- The details of application made or any proceeding(s) pending under the Insolvency and Bankruptcy Code 2016, during the year, if any along its status as at the end of financial year – There was no application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2016 (31 of 2016) during the year or at the end of the financial year.
- Details of difference between amount of the valuation done at the time of one time settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof – Not Applicable.

35. ACKNOWLEDGEMENTS

Your Directors would like to express sincere gratitude to all valuable stakeholders of the Company for their excellent support and co-operation extended by them during the financial year under review.

The Board of Directors also places on record its appreciation for the significant contribution made by the employees of the Company through their dedication, hard work and unstinted commitment.

ANNEXURE IV TO THE DIRECTORS REPORT**NOMINATION & REMUNERATION POLICY**

Pursuant to Section 178 of the Companies Act, 2013, the Company is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company has already a Remuneration Committee with three Non-Executive Independent Directors. In order to align the same with the provisions of the Companies Act, 2013, the Board of Directors in their meeting held on 30th June, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

"Key Managerial personnel (KMP) means and comprise-

- Managing Director & Chief Executive officer;
- Whole-time Director;
- Company Secretary;
- Chief Financial Officer;
- Such other Officer as may be prescribed.

Senior Management comprise the personnel of the Company who are members of its core management team, excluding the Board of Directors, so also, that would also include all members of management one level below the Executive Directors, including Functional Heads.

Role and Objective of Committee:

1. To formulate the criteria for determining qualifications, positive attributes and independence of a Director.
2. Identify persons who are qualified to become Directors and who may be appointed in senior management positions in accordance with the criteria laid down in the policy.
3. Recommend to the Board the appointment and removal of Directors and Senior Management.

4. Carry out evaluation of every Director's performance.
5. Formulate criteria for evaluation of Independent Directors and the Board.
6. Recommend to the Board a Policy, relating to the remuneration for the directors, key managerial personnel and Senior Management.
7. To devise a policy on Board diversity
8. To ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run Company successfully.
9. To ensure the relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
10. To develop a Succession Plan for the Board and to review it regularly.
11. To perform such other functions as may be referred by the Board or be necessary in view of the provisions of the Companies Act, 2013 and Rules made thereunder.

Membership:

1. The Committee shall comprise at least three (3) Directors, all of whom shall be non-executive Directors and at least half of them shall be independent.
2. Minimum two (2) members shall constitute a Quorum for a Committee meeting.
3. Term of the Committee shall be continued unless terminated by the Board of Directors.

Chairman:

1. Chairman of the Committee shall be an Independent Director.
2. Chairperson of the Company may be appointed as a member of the Committee but shall not Chair the Committee.
3. In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
4. Chairman of the Nomination and Remuneration Committee could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

Frequency of Meetings:

The meeting of the Committee shall be held at such regular intervals as may be required.

Committee Member's Interests:

1. A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
2. The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

Voting:

1. Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall, for all purposes, be deemed to be a decision of the Committee.
2. In the case of equality of votes, the Chairman of the meeting will have a casting vote.

Appointment of Directors/KMP/Senior Officials:

While recommending a candidate for appointment, the Committee shall have regard to:

- Assessing the appointee against a range of criteria which includes but not limited to qualifications, skills, experience, background and other qualities required to operate successfully;
- The experience and knowledge that the appointee brings to the role of KMP/Senior Officials, which, in turn, will enhance the skill sets and experience of the Board as a whole;
- The nature of existing positions held by the appointee including directorship and such other relationship and the impact of the same on the Company's welfare.

Letter of Appointment:

The letter of appointment issued by the Company, should contains the terms and conditions of his/her appointment.

Policy on Board Diversity:

The Nomination and Remuneration Committee shall ensure that the Board of Directors have the combination of Directors from different areas/fields or as may be considered appropriate in the best interests of the Company.

Remuneration of Directors, Key Managerial Personnel and Senior Management:

The salaries of Directors, Key Management Personnel and other senior officials shall be based and determined on the individual person's responsibilities and performance and in accordance with the limits as prescribed statutorily, if any. The level and composition of remuneration/fee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management to run the company successfully. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Fixed Pay :

Managerial Person, KMP and Senior Management shall be eligible for a monthly remuneration in accordance with the statutory provisions of the Companies Act, 2013, and the rules made thereunder for the time being in force. The salary paid need to be competitive and reflective of the individual's role, responsibility and experience in relation to performance of day-to-day activities to be usually reviewed on an annual basis;

2. Minimum Remuneration :

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managerial Person in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the prior approval of the Central Government.

3. Provision for excess remuneration :

If any Managerial Person draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Companies Act, 2013 or without the prior sanction of the Central Government, where required, he/she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it, unless permitted by the Central Government.

4. Increment :

Increments to the existing remuneration/compensation structure may be recommended by the Committee to the Board, which should be within the slabs approved by the Shareholders in the case of Managerial Person.

Remuneration to Non-Executive/Independent Director:**1. Remuneration/Commission:**

The remuneration/commission shall be in accordance with the statutory provisions of the Companies Act, 2013, and the Rules made there under for the time being in force.

2. Sitting Fees:

The Non- Executive/Independent Director may receive remuneration by way of fees for attending meetings of Board or Committee(s) thereof. Provided that the amount of such fees shall not exceed the maximum amount as provided in the Companies Act, 2013, per meeting of the Board or Committee or such amount as may be prescribed by the Central Government from time to time.

Directors' and Officers' Insurance

- Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel, Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to such personnel.

Other Provisions:

- The Independent Directors shall not be entitled to any Stock Option.

Evaluation/ Assessment of Directors of the Company

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis. The following criteria may assist in determining how effective the performance of the Directors have been:

- Contributing to clearly define corporate objectives & plans
- Obtain adequate, relevant & timely information.

- Assess policies, structures & procedures
- Regular monitoring of corporate results against projections
- Review achievement of strategic and operational plans, objectives, budgets
- Identify, monitor & mitigate significant corporate risks
- Review management's Succession Plan
- Effective meetings
- Clearly defining role & monitoring activities of Committees
- Review of ethical conduct

Additionally, for evaluation/assessment of the Performances of Managing Director(s) / Whole Time Directors (s) of the Company, following criteria may also be considered.

- Leadership & stewardship abilities
- Communication of expectations & concerns clearly with subordinates
- Direct, monitor & evaluate KMPs, senior officials.

Evaluation following the aforesaid parameters, will be conducted by the Independent Directors for each of the Executive/Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors relative to the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

DEVIATIONS FROM THIS POLICY:

Deviations on elements of this policy, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case.

ANNEXURE V TO THE DIRECTORS REPORT

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31st MARCH, 2024

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel Rules), 2014]

To

The Members,

BHILWARA ENERGY LIMITED,

CIN: U31101MP2006PLC071693

Madhya Pradesh-462046

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **BHILWARA ENERGY LIMITED** (hereinafter called the company). Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, documents, minutes books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period, covering **the financial year ended on March 31, 2024** complied with the statutory provisions listed hereunder and also that the company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on March 31, 2024 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder **(not applicable to the company during the financial year under review)**;
- (iii) The Depositories Act, 1996 and the Regulations and bye laws framed thereunder;

- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) **(all the following Regulations including amendments, if any, from time to time are not applicable to the company during the Audit period):**
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client **(company is not registered as Registrar to an Issue and Share Transfer Agent during the financial year under review);**
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; and
 - (i) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.

- (vi) Other laws applicable specifically to the company, as identified and on the basis of representation given by the management:
 - (a) The Electricity Act, 2003 and rules and regulations made thereunder;
 - (b) The Sexual Harassment of Women at workplace (Prevention, Prohibition & Redressal) Act, 2013.
- (vii) We have also examined compliance with the applicable clauses of the following:
 - (a) Secretarial Standards issued by *The Institutes of Company Secretaries of India*;
 - (b) The SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 (**not Applicable to the company during the financial year under review**).

During the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

- (i) The Board of Directors of the company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- (ii) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent within stipulated time and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- (iii) All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of the Directors or committee of the Board, as the case may be. There was no dissenting vote for any matter.

We further report that we have relied on the representation made by the company and its officers for systems and mechanism formed by the company for compliances under other applicable Acts and regulations to the company. Therefore, we are of the opinion that the management has adequate systems and processes in the company

commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report, during the audit period, there were no specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the company affairs.

We further report that during the period under review, the Board of Directors and Shareholders/Members of company has approved the shifting of the registered office of the company from "National Capital Territory of Delhi" to the "State of Madhya Pradesh" and necessary amendment in Clause-II of the Memorandum of Association with respect to the situation of the registered office of the company in the State of Madhya Pradesh. Accordingly, an application in requisite format was filed on 05.04.2024 with Hon'ble Regional Director, Northern Region for due approval. The Hon'ble Regional Director, Northern Region vide order dated 13.05.2024 approved the alteration in Clause-II of the Memorandum of Association. The new registered office is now situated at c/o HEG Limited, Mandideep, Near Bhopal, District Raisen, Bhopal, Madhya Pradesh-462046 with effect from 15.05.2024. The new CIN allotted on 12.06.2024 to the company is **U31101MP2006PLC071693**.

This report is to be read with our letter of even date which is **Annexure I** and forms an integral part of this report.

Opinion

We have audited the accompanying Standalone Financial Statements of **Bhilwara Energy Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the Standalone Financial Statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the Standalone Financial Statements do not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Page 1 of 12

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate,

Page 2 of 12

to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

Page 3 of 12

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigation therefore there is no impact on its financial position of Standalone Financial Statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company
- iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in the note 39(vii) to the Standalone Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief as disclosed in the note 39(viii) to the Standalone Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility at the application level and the same has operated throughout the year for all relevant transactions recorded in the software. In the absence of sufficient appropriate evidence in respect of audit trail feature at the database level, we are unable to comment whether audit trail feature of the said software at database level was enabled and operated throughout the year to log direct data changes in the software.

DOOGAR & ASSOCIATES

CHARTERED ACCOUNTANTS

Further, where audit trail (edit log) facility was enabled and operated throughout the year for the said accounting software, we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE 'A' TO AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no major discrepancy has been noticed on such verification as compared to book records.
- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the award letter and certificate of mutation provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) As per the details and information shared with us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) According to the information and explanation given to us and the records examined by us, the company is not having any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.
(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

- (iii) (a) The Company has granted unsecured loans to its subsidiaries and other company, has made further investments in subsidiary and provided guarantee on behalf of subsidiary but has not given any security or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year-

Amount in ₹. Lacs

Particulars	Loans
A. Aggregate amount provided during the year	
-Loan to Subsidiaries	1563.39
-Loan to Other Company	403.03
-Guarantee on behalf of subsidiary	9800.00
B. Balance outstanding as at balance sheet date in respect of above cases*	
-Loan to Subsidiaries	1563.39
-Loan to other Company	403.03
-Guarantee	9800.00

*The amounts reported are at outstanding balance after ECL Provision ₹ 4.27 Lacs during the year.

(b) The terms and conditions of the grant of all the above-mentioned loans and guarantees granted, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.

(c) The Company has granted loans re-payable on demand as agreed, to parties covered in the register maintained under section 189 of the Act. We are informed that the Company has not demanded repayment of any such loan during the year and thus there has been no default on the part of the parties to whom the money has been lent.

(d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

(e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.

(f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year except for the loans mentioned in clause (a) above.

- (iv) According to information and explanation given to us, the Company complied with the provisions of sections 185 or 186 of the Companies Act, 2013 in respect of investments, loans, guarantee or security given, to the extent as applicable.

- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.

- (vi) The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, Goods and Service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the yearend for a period of more than six months from the date they became payable as at 31st March, 2024.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, goods and service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.
- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix)(a) of the Order is not applicable to the Company.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) The company has not raised any funds on short term basis and hence, reporting under clause 3(ix)(d) of the Order is not applicable.
- (e) The Company has not taken any term loan during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and on the Company has been noticed or reported during the year.

- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and up to the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order are not applicable.
- The Group does not have any Core investment Company (CIC) as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

DOOGAR & ASSOCIATES

CHARTERED ACCOUNTANTS

- (xx) The company is not having any obligation under section 135 of the Companies Act'2013 Accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order are not applicable for the year.

Annexure B to the Independent Auditor's Report to the Members of Bhilwara Energy Limited on Standalone Financial Statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Bhilwara Energy Limited** ("the Company") as of 31st March 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Bhilwara Energy Limited

CIN: U31101DL2006PLC148862

Notes to the Financial Statements for the year ended March 31, 2024

1. Corporate information

Bhilwara Energy Limited (the 'Company'), is a public limited company incorporated on 17th May, 2006 under the erstwhile Companies Act, 1956 situated in the NCT of Delhi. The company is engaged in the establishment, operation and maintenance of power generating stations and tie-lines, sub-stations and main transmission lines connected therewith. Currently, the company is engaged in generation of wind power through 14 MW wind power project situated in Maharashtra which had become operational during the financial year 2013-14.

The Board of Directors approved the standalone financial statements for the year ended March 31, 2024 and authorised for issue on May 15, 2024.

2. Material accounting policies

2.1. Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. These financial statements have been prepared in accordance with Ind AS.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest Lakhs and two decimals thereof, except otherwise stated.

Operating Cycle: All assets and liabilities have been classified as current or non-current according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.2. Summary of Material accounting policies

a) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 2.3.

b) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

Sale of Electricity

Revenue from sale of electricity is recognized on the basis of billable electricity actually transmitted to customers.

Generation Based Incentive

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Financial Statements for the year ended March 31, 2024****c) Property, Plant and Equipment**

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on tangible fixed assets is provided on the straight line method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing 5,000 or below are fully depreciated in the year of addition.

Sr. No.	Asset description	Useful life
1	Plant & machinery	22 years
2	Other equipment	5-10 years
3	Computers and Equipment's	3-6 years
4	Vehicle	8 years
5	Furniture & fixtures	10 years

The depreciation was provided in accordance with the Schedule II to the Companies Act, 2013.

d) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognised.

e) Impairment of Non-Financial Assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

f) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Financial assets

i. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the asset.

ii. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:-

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:-

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Equity investments at (FVTOCI)

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL.

For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iii. Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

iv. Impairment of financial assets

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS 116
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 109
- e) Loan commitments which are not measured as at FVTPL
- f) Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 Months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 Months ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 Months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 Months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

2. Financial liabilities

i. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below.

iii. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

iv. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Bhilwara Energy Limited

CIN: U31101DL2006PLC148862

Notes to the Financial Statements for the year ended March 31, 2024

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

v. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

vi. Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

vii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

g) Foreign currency translation

Transactions in foreign currencies are initially recorded by the company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

h) Retirement and other employee benefits

a. Provident fund

Retirement benefits in the form of provident fund are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund.

b. Gratuity

The Company's liabilities on account of gratuity on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

c. Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

d. Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

i) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions.

In arriving at taxable profit and tax bases of assets and liabilities, the Company recognised taxability of amounts in accordance with tax enactments, case law and opinions of tax counsel, as relevant. Where differences arise on tax assessment, these are booked in the period in which they are agreed or on final closure of assessment.

Deferred Tax

Deferred tax is provided on temporary difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

k) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

l) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

m) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

n) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

o) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
 - In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1** Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level 2** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- **Level 3** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

p) Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

q) Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

Notes to the Financial Statements for the year ended March 31, 2024

2.3. Critical accounting estimates and judgements:

The areas involving critical estimates and judgements are:

i. Service Concession Arrangements

Management has assessed applicability of Appendix-D of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the company. In assessing the applicability, management has exercised significant judgement in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criteria for recognition as service concession arrangements.

ii. Property, Plant and Equipment and Intangible assets

Internal technical or user team assesses the remaining useful life of the Property, Plant and Equipment and Intangible assets. Management believes that assigned useful lives are reasonable.

iii. Income taxes

Management's judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

iv. Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward estimate at the end of each reporting period.

v. Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

vi. Insurance Claims

Insurance claims are recognised when the Company has reasonable certainty of recovery. Subsequently any change in recoverability is provided for.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Financial Statements for the year ended March 31, 2024****26. Segment Reporting**

The Company's activities during the year involved power generation (Refer Note 1). Considering the nature of Company's business and operations, there are no separate reportable segments (business and/or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Operating Segments'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the standalone financial statements.

Revenue of the company is majorly from sale of power to only one customer.

27. Contingent Liabilities and Commitments (to the extent not provided for)**(₹ In Lakhs)**

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Financial Statements for the year ended March 31, 2024****32. Financial risk management and objective policies**

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:-

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2024 and March 31, 2023.

1) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

i. Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

Particulars	As at March 31, 2024	As at March 31, 2023
Variable rate borrowings	-	-
Fixed rate borrowings	-	-
Total	-	-

ii. Sensitivity

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant.

The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2024 and March 31, 2023.

Particulars	As at March 31, 2024	As at March 31, 2023
Effect on Profit if Interest Rate - increases by 25 basis points	-	-
Effect on Profit if Interest Rate - decrease by 25 basis points	-	-

2) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any interest risk exposure as on 31st March 2024 as there is no outstanding borrowing as on 31st March 2024.

3) Price risk

The company is not exposed to any material price risk as there is no investment in equities outside the group and the company doesn't deal in commodities.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Financial Statements for the year ended March 31, 2024****4) Credit risk**

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

Particulars	As at March 31, 2024 (₹ In Lakhs)			As at March 31, 2023 (₹ In Lakhs)		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision

The company is in the power generation sector. The company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customer which is state government run power utility majors. Hence company has not provided for any discounting on time value of money.

b) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

34. The 100% shares of BG Wind Power Limited (erstwhile wholly owned subsidiary) held by the company has been transferred to RSWM Limited on 06th April 2023.

The Quadripartite Agreement was executed amongst BG Wind Power Limited (BG Wind), its term loan lenders and the company, the effective date of the said agreement is from the date of transfer of the equity shares of BG Wind to M/s RSWM Limited. BG Wind has also entered into long term PPA with RSWM for sale of power under captive mechanism. The Quadripartite Agreement was executed in order to revive BG Wind so that not only BG Wind is able to run its operation smoothly but also to secure the interest of all the stakeholders.

As per the agreement, terms and conditions subject to which loan was granted by BG Wind's term loan lenders and the company, was amended and is agreed to be paid as per waterfall mechanism mentioned in the said agreement with priority to term loan lenders. A priority right is also provided in the said agreement, whereby the company (BEL) shall have first right over the amount of unbilled revenue to be received by BG Wind from Discom. The interest bearing loan amount provided by the company to BG Wind after 6th April 2023 will also have priority of repayment as well as interest. As per agreed terms, both the unbilled revenue and loan amount given after 6th April 2023 shall be out of waterfall mechanism of the Quadripartite Agreement and therefore, the company has shown ₹1267.02 Lakhs (to the extent of Unbilled revenue in BG Wind) and interest bearing loan of ₹403.03 Lakhs as current portion.

In pursuance to the agreement as mentioned above, the company has also adjusted the fair value of loan under the head "Investment" by reinstating the original loan amount.

35. During the current year, the company has terminated the existing O&M agreement with respect to O&M of WTGs and appointed a new O&M operator and entrusted with task of restoration of breakdown WTGs as well. Pursuant to this, the company has booked expenditure on account of O&M and Repair and Maintenance. The company has also filed insurance claim against machinery breakdown and generation loss, the claim of which is yet to be assessed by insurance company, therefore not accounted for in the current year.
36. The provision of Corporate Social Responsibility (CSR) as mentioned in section 135 of the Companies Act, 2014 read with Companies (Corporate Social Responsibility Policy) Rules 2014 as amended are not applicable on the company.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Financial Statements for the year ended March 31, 2024****37. Additional Regulatory Information****Following Ratios to be disclosed:-**

Ratio	Numerator	Denominator	As at March 31, 2024	As at March 31, 2023	Explanation
(a) Current ratio (in times)	Total current assets	Total current liabilities	24.36	155.15	Due to provision of employees benefit resulting into major impact
(b) Debt Service Coverage Ratio, (in times)	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Debt service = Interest and lease payments + Principal repayments	-	2.42	N A
(c) Return on Equity Ratio (in %)	Profit for the year less Preference dividend (if any)	Average total equity	56.18%	44.91%	Receipt of Dividend from subsidiary resulting into major impact

(e) Trade payables turnover ratio, (in times)	Cost of equipment and software licences + Other Expenses	Average trade payable	2.39	3.87	Repair & Maintenance of the WTGs resulting into major impact
(f) Net capital turnover ratio, (in times)	Revenue from operations	Average working capital (i.e. Current Assets minus Current Liabilities)	0.08	0.16	Due to increase in deposit account, receipt of dividend
(g) Net profit ratio, (in %)	Profit for the year	Revenue from operations	1034.12%	605.14%	Receipt of Dividend from subsidiary resulting into major impact
(h) Return on Capital employed, (in %)	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	18.34%	18.25%	The change in ratio is less than 25%

38. Capital management**a) Risk management**

The Company's objective when managing capital is to:-

- (i) Safeguard their ability to continue as a going concern , so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) Maintain an optimal capital structure to reduce the cost of capital

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Financial Statements for the year ended March 31, 2024**

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during the year 2023-24 and 2022-23 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ In Lakhs)		
Particulars	As at March 31, 2024	As at March 31, 2023
Net Debt	-	-
Total equity	50,765.48	41,452.32
Net Debt to Equity Ratio	-	-

Loan covenants

There are no loan outstanding and hence not applicable.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF Bhilwara Energy Limited
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Bhilwara Energy Limited** (hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31, 2024, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2024, and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Material Uncertainty Related to Going Concern

In Subsidiary Chango Yangthang Hydro Power Limited

We draw attention to Note-41(vii) regarding the Board of director's decision to surrender the Chango Yangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to delay and uncertainty in project execution and long delay in Government approvals and licenses lapse, the company has written off Capital Work in progress during the year 2017-18 amounting to ₹2713.18 lacs. These events or conditions, along with other matters as mentioned indicate that there exists material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern since the company was incorporated as a Special Purpose Vehicle for this particular project.

Our opinion is not modified in respect of this matter.

Emphasis of Matter**In Subsidiary Malana Power Company Limited**

We draw attention to Note 37I(ii)(b) of the standalone financial statements, which describes the uncertainty relating to the effects of outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL).

In Subsidiary NJC Hydro Power Limited

We draw attention to Note-41(vi)(a) to the accompanying statement, the project of NHPL was on hold for quite some time due to suspension of environment clearance by Hon'ble National Green Tribunal and thereafter Wildlife Institute of India (WII) in its report has mentioned that project could not be undertaken at the project site.

As per directions of Hon'ble Supreme Court, arbitration notice was sent to Government of Arunachal Pradesh (GoAP) and have also indicated the name of arbitrator. Simultaneously, efforts were initiated to settle the issue by mutual negotiations.

As the project is not doable anymore, NHPL has decided not to implement the project and sought the refund of upfront premium of ₹ 2546.80lacs from GoAP invoking the clauses of MoA and presently the matter is under litigation with GoAP.

Accordingly, the Board of Directors of NHPL on dated 15th June, 2022 decided to write-off Capital Work-in-Progress (CWIP) including pre-operative expenses net of waiver of loan from Parent Company (Bhilwara Energy Limited (BEL)) and charged to the statement of profit & loss during the financial year 2022-23, except the upfront premium paid.

In Subsidiary Chango Yangthang Hydro Power Limited

We draw attention to Note-41(vii-b), the company has filed a letter for surrender of Chango Yangthang HEP (180MW) project in Himachal Pradesh and asked for the refund of Upfront premium of ₹ 3789.45 lacs and Security Deposit of ₹180 lacs with interest since the project is not executable purely on account of various social-legal issues neither in the control of the company nor in the control of local administration/authorities.

GoHP has formed a committee to deal with the issues of various projects which includes ChangoYangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed, in which the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW ChangoYangthang HEP and refused to co-operate on the issue of development of any project. During the meeting called for by the committee, CHYPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same.

In View of this, the company has reiterated its demand for refund of money along with the Interest and the management is confident of recovering the Upfront Fees and Security Deposit paid on account of surrender of project, in full. The upfront fee and security deposit as mentioned above have been grouped under Other Non-Current Assets (Note-13) and Non-Current (Other financial Assets)- Security Deposit (Note-11) respectively.

Our opinion is not modified in respect of the matters above.

Other Matters

We did not audit the Ind AS financial statements of 6 Subsidiaries including a step-down subsidiary, whose financial statements reflect total assets of ₹285064.06lacs as at 31st March, 2024, total revenues of ₹48614.01lacs and net cash flows amounting to ₹9505.27lacs for the year ended on March 31, 2024, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and financial statements certified by the Management.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent Company's Board of Directors is responsible for the other information. The other information comprises the Director's report but does not include the consolidated financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Grouping accordance with the Ind AS and other accounting principles generally accepted in India. The Board of Directors of the companies of the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from

material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Boards of Directors of the entities included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the entities included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Undersection 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company and other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent as on 31st March, 2024 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of subsidiary companies, none of the directors of the Group companies incorporated in India is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of Group.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary companies, the remuneration paid by the Parent such subsidiary company to their respective directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with

DOOGAR & ASSOCIATES

CHARTERED ACCOUNTANTS

Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer Note-37 to the Consolidated Ind AS financial statements.
- ii. The Group does not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent Company and its subsidiary companies incorporated in India.
- iv)
 - (a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief as disclosed in note 54(vii). to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief as disclosed in note 54(viii). to the consolidated financial statements, no funds have been received by the Parent or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) The Parent Company has not declared or paid any dividend during the year and has not proposed final dividend for the year. The interim dividend declared and paid by the subsidiary company during the year is in accordance with section 123 of the act.
- vi) Based on our examination and the reports of the statutory auditors of subsidiary companies incorporated in India, which included test check, the parent and its

DOOGAR & ASSOCIATES

CHARTERED ACCOUNTANTS

subsidiaries have used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility at the application level and the same has operated throughout the year for all relevant transactions recorded in the software.

In the absence of sufficient appropriate evidence in respect of audit trail feature at the database level, we are unable to comment whether audit trail feature of the said software at database level was enabled and operated throughout the year to log direct data changes in the software.

Further, where audit trail (edit log) facility was enabled and operated throughout the year for the said accounting software, we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and by the subsidiary auditor of respective company included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in its CARO report except for comments on title deeds in a subsidiary company as refer to in our "Annexure B".

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Our reporting on the internal financial controls over financial reporting is not applicable in respect of one audited subsidiary incorporated outside India.

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls over financial reporting **Bhilwara Energy Limited** (hereinafter referred to as "the Parent") and its Six subsidiaries companies (including one step-down subsidiary, which are the Company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent company and its subsidiary company which is the company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent Company and its subsidiary company which is the company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent Company and its subsidiary company which is the company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent Company and the subsidiary company, which is the company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 5 subsidiaries (including a step-down subsidiary), which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024****1. Corporate information**

Bhilwara Energy Limited-(BEL) is a public limited company incorporated on 17th May, 2006 under the Companies Act, 1956. BEL (holding company) together with its subsidiaries is hereinafter referred to as the 'Group'. Group is engaged in the establishment, operation and maintenance of power generating stations and tie- lines, sub-stations and main transmission lines connected therewith. Operation and maintenance of such power generating stations, tie-lines, sub- stations and main transmission lines as are assigned to it by the competent Government or Governments. Group has various projects under operation including 14 MW wind power project in Kolhapur (BEL), 86 MW hydro power project (MPCL), 192 MW Hydro power project (ADHPL).

The Board of Directors approved the consolidated financial statements for the year ended March 31, 2024 and authorised for issue on May 15, 2024.

The subsidiaries considered in the consolidated financial statements are:-

Name of subsidiary/step down subsidiaries	Legend	Country of Incorporation	Proportion of ownership as on March 31, 2024 (%)	Proportion of ownership as on March 31, 2023 (%)
1. Malana Power Company Limited	MPCL	India	51.00%	51.00%
2. AD Hydro Power Limited (100% subsidiary of MPCL)	ADHPL	India	51.00%	51.00%
3. BG Wind Power Limited - Refer Note 38	BGWPL	India	-	100.00%
4. Indo Canadian Consultancy Services Limited	ICCSL	India	75.50%	75.50%
5. NJC Hydro Power Limited	NHPL	India	100.00%	100.00%
6. Chango Yangthang Hydro Power Limited	CYHPL	India	100.00%	100.00%
7. Balephi Jalvidhyut Company Limited, Nepal	BJCL	Nepal	95.86%	95.86%
8. Replus Engitech Private Limited	REPL	India	74%	74%

2. Material accounting policies**2.1 Basis of preparation**

In accordance with the notification issued by the Ministry of Corporate Affairs, Group, with effect from 1st April 2016, has adopted Indian Accounting Standards (the 'Ind AS') notified under the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) (Amended) Rules, 2016. The Group has prepared its consolidated financial statements in accordance with accounting standards as prescribed under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (referred to as 'Indian GAAP').

The consolidated financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

These consolidated financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair value, as explained in accounting policies.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group and its subsidiary as at March 31, 2024. Control is achieved when Group is exposed, or has right, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Group re-assesses whether or not it controls an investee if facts and circumstances indicates that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when Group obtains control over the subsidiary and ceases when Group loses control of the subsidiary. Assets, Liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date Group gains control until the date Group ceases to control the subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statement in preparing the consolidated financial statements to ensure conformity with Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Group, i.e. year ended on 31st March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of Group and to the non-controlling interests, even if the results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with Group accounting policies. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of Group are eliminated in full on consolidation.

Consolidation Procedure

(a) Combine like items of assets, liabilities, equity, income, expenses and cash flows to the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

(b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combination policy explains how to account for any related goodwill.

(c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statement. Ind AS12 Income tax applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

2.3 Summary of material accounting policies

a) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 2.4

b) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the amount can be reliably measured.

Sale of Electricity

Revenue from sale of electricity is recognised on the basis of billable electricity (over and above free supply to HP State Government) scheduled to be transmitted to the customers, which approximates the actual electricity transmitted.

Consultancy services

Revenue comprises income received on account of consultancy fees for the services rendered and recognised on accrual basis.

Voluntary Emission Rights (VER)

Revenue is recognised as and when the VERs is sold and it is probable that the economic benefits will flow to the Group.

Carbon Credit Entitlement / Certified Emission Reductions (CER)

In process of generation of hydro-electric power, the Group also generates carbon emission reduction units which may be negotiated for price in international market under Clean Development Mechanism (CDM) subject to completing certain formalities and obtaining certificate of Carbon Emission Reduction (CER) as per Kyoto Protocol. Revenue from CER is recognised as and when the CER's are certified and ultimate collections are made for the same.

Generation Based Incentive

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Renewable Energy Certificate (REC)

Gross proceeds from sale of Renewable Energy Certificates (RECs) are recognized when all the significant risks and rewards of ownership of RECs have been passed to the buyer, usually on delivery of the RECs at actual rate of realization.

Sale of scrap

Revenue in respect of sale of scrap is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer.

Transmission lines

Revenue from transmission income is recognized on accrual basis

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment with mutual funds and others is recognized when the right to receive payment is established.

c) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

i. In case of holding company

Depreciation on tangible fixed assets is provided on the straight-line-method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing ₹5,000.00 or below are fully depreciated in the year of addition.

Asset description	Useful Life
Plant & machinery	22 Years
Other equipment	05-10 Years
Computers and Equipment's	03-06 Years
Vehicle	08 Years
Furniture & fixtures	10 Years

ii. In case of MPCL & ADHPL

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013 except in case of roads which has been taken as 7 years based on technical evaluation. The Group has used the following rates to provide depreciation on its fixed assets.

Asset description	Useful Life
Other buildings	60 Years
Plant and machinery used in generation, transmission and distribution of power.	40 Years
Transmission lines	40 Years
Factory buildings	30 Years
Plant and equipment	15 Years
Furniture and fixtures	10 Years
Electrical installations	10 Years
Vehicles	08 Years
Computers and data processing equipment	03-06 Years
Office equipment	05 Years
Roads	10 Years
Software	03 Years

d) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognised.

e) Inventory Valuation

Inventories comprising of components of stores and spares are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

f) Leases

The Group assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (1) The contract involves the use of an identified asset,
- (2) The Group has substantially all of the economic benefits from use of the identified asset,
- (3) The Group the right to direct the use of the identified asset.

Group as a lessee

The Group recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Groupy adopts the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in statement of profit and loss.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Group as a lessor

Leases where the Group does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

g) Impairment of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

h) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b. The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Equity investments

All equity investments in scope of Ind AS109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from Group's consolidated balance sheet) when:

- a. The rights to receive cash flows from the asset have expired, or
- b. Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; And either (a) Group has transferred substantially all the risks and rewards of the asset, or (b) Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Financial assets that are debt instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS116
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS109
- e. Loan commitments which are not measured as at FVTPL
- f. Financial guarantee contracts which are not measured as at FVTPL

The Group follows 'simplified approach' for recognition of impairment loss allowance on:-

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS116

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 Months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 Months ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 Month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 Months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis. The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial Guarantee Contracts

Financial Guarantee Contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of debt instrument. Financial Guarantee Contracts are recognised initially as a liability at fair value, adjusted for transactions cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS109 and the amount recognised less cumulative amortisation.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:-

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations.

If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Foreign currency translation

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

j) Retirement and other employee benefits

i. Provident fund and superannuation plans

Retirement benefits in the form of provident fund and superannuation plans are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

ii. Gratuity

Group's liabilities on account of gratuity on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS-19) 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund.

The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

iii. Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

iv. Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

The Group presents its leave, gratuity as current and non-current based on the actuarial valuation.

k) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions.

In arriving at taxable profit and tax bases of assets and liabilities, the Company recognised taxability of amounts in accordance with tax enactments, case law and opinions of tax counsel, as relevant. Where differences arise on tax assessment, these are booked in the period in which they are agreed or on final closure of assessment.

Deferred Tax

Deferred tax is provided on temporary difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

l) Non-Current Asset held for Sale

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned.

The group treats sale/ distribution of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

m) Preoperative Expenses

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/ debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

n) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

o) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

p) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset.

The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

s) Fair Value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:-

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

t) Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

u) Subsequent events

Based on the nature of the event, the Group identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Group may provide a disclosure in the financial statements considering the nature of the transaction.

2.4 Critical accounting estimates and judgements:

The areas involving critical estimates and judgements are:

i. Service Concession Arrangements

Management has assessed applicability of Appendix-D of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the company. In assessing the applicability, management has exercised significant judgement in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criteria for recognition as service concession arrangements.

ii. Property, Plant and Equipment and Intangible assets

Internal technical or user team assesses the remaining useful life of the Property, Plant and Equipment and Intangible assets. Management believes that assigned useful lives are reasonable.

iii. Income taxes

Management's judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

iv. Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward estimate at the end of each reporting period.

v. Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

vi. Insurance Claims

Insurance claims are recognized when the Group has reasonable certainty of recovery. Subsequently any change in recoverability is provided for.

vii. Claims and Litigation

The Group is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Group reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Group establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Group's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Group evaluates, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of the loss. The Group does not record liabilities when the likelihood that the liability would incur is probable, but the amount cannot be reasonably estimated. Based upon present information, the Group determined that there were no matters that required an accrual as of March 31, 2024 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

Bhilwara Energy Limited

CIN: U31101DL2006PLC148862

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

viii. Product Warranties

The Group estimates and provides for liability for product warranties in the year in which the products are sold. These estimates are based on customer contracts and the estimates are reviewed annually for any material changes in assumptions. The timing of outflows will vary based on the actual warranty claims. The Group provides extended warranties or maintenance contracts to its customers.

Notes :												
In case of MPCL Consolidation												
All the assets are owned by the Company except as mentioned otherwise.												
1) Building, bridges and roads includes cost of road ₹1,357.41 Lakhs (Previous year ₹1,357.41 Lakhs) and written down value of ₹61.42 Lakhs (previous year ₹61.42 Lakhs) constructed on forest land diverted for the project.												
2) Gross block of transmission line includes payment for 'Right to use' amounting to ₹5,295.79 Lakhs (Previous year ₹5,295.79 Lakhs) and accumulated depreciation of ₹2,195.00 Lakhs as on March 31, 2024 (including depreciation charged during the year of ₹131.35 Lakhs). 'Right to use' is an irrevocable perpetual right of use of land, but the ownership of the land does not vest with the ADHPL.												
3) Land includes ₹2,999.04 Lakhs paid for 12.43 hectares land, out of which mutation for execution of 9.70 hectares in favour of the ADHPL has been completed. Apart from notified land, 2.73 hectares land has been acquired directly from the villagers and mutation is in progress.

Nature and Description of Reserve :

(i) Capital Reserve:-

Capital reserve is defined as a reserve of a corporate enterprise which is not available for distribution as dividend.

(ii) Securities Premium:-

Securities Premium is used to record the premium on issue of shares. The reserve can be utilised only in accordance with the provisions of the Companies Act, 2013.

(iii) Debenture Redemption Reserve:-

Where a company issues debentures, it is required to create a debenture redemption reserve for the redemption of such debentures. On redemption of the debentures for which the reserve is created, the amounts no longer necessary to be retained in this account need to be transferred to the General Reserve.

(ii) Retained earnings:-

Retained earnings constitute the accumulated profits earned by the company till date, less dividend (including dividend distribution tax) and other distribution made to shareholders.

Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in Bhilwara Green Energy Limited. (BGEL) ****	3,000.00	3,000.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in LNJPV Power Venture Limited. (LNJPVL) *****	1,000.00	1,000.00

*The Company has provided corporate guarantee in favour of Raghav Commercial Limited for the term loan availed by erstwhile wholly owned subsidiary company M/s BG Wind Power Limited, however the corporate guarantee has been withdrawn with effect from 06th April 2023 (Ref. Note 38).

**The Company has provided corporate guarantee in favour of Purvi Vanijya Niyojan Limited for the term loan availed by erstwhile wholly owned subsidiary company M/s BG Wind Power Limited, however the corporate guarantee has been withdrawn with effect from 06th April 2023 (Ref. Note 38).

***The Company has provided corporate guarantee in favour of HDFC Bank Limited for the term loan of ₹9,800.00 Lakhs (previous year ₹Nil) availed by its subsidiary company M/s. Replus Engitech Private Limited. The amount of ₹3,185.15 Lakhs is the loan availed by Replus Engitech Private Limited and outstanding as on 31st March 2024

Share Purchase Agreement between the company and M/s Hero Wind Energy Private Limited

****The company has signed Share Purchase Agreement (SPA) on 25th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s Bhilwara Green Energy Limited (BGEL). In SPA, company has given indemnity to Hero, the indemnity value as on date is ₹3,000.00 Lakhs.

*****The company has signed Share Purchase Agreement (SPA) on 18th October 2017 (closing date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s LNJPV Power Ventures Limited (LNJPVL). In SPA, company has given indemnity to Hero, the indemnity value as on date is ₹1,000.00 Lakhs.

Note- In the case of all above 3 Corporate Guarantee/Indemnity, the loss allowance is estimated to be nil, hence the financial guarantee is not recognised in the books.

(ii) In case of MPCL

- a) Claims against the MPCL raised by income tax authorities amounting to ₹213.87 Lakhs (Previous year ₹213.87 Lakhs). No provision is considered necessary since the MPCL expects favorable decisions.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

- b) On April 27, 2019, the MPCL received a provisional net demand of ₹8,069.00 Lakhs in relation to wheeling charges for the period 01 April 2008 to 31 March 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC). In this regard, the Company has paid under protest an amount of ₹2,817.00 Lakhs and had filed an appeal before Appellate Tribunal for Electricity (APTEL) on 24 April 2019, at New Delhi which is to be heard and settled. In the meantime, APTEL vide order dated 11 December 2023 directed to deposit further amount of ₹1,218.00 Lakhs with HPSEBL in order to make a total deposit equal to 50% of the demand in arrears. Accordingly, the Company has deposited the additional amount of ₹1218.00 Lakhs on 05 January 2024 and the aggregate amount deposited as at 31 March 2024 is ₹4,035.00 Lakhs.

During the previous year, HPERC vide Order dated 30 November 2022 determined the voltage wise wheeling charges for the period 01 July 2019 to 31 October 2022. Based on the legal opinion obtained, the Company is of the view that APTEL will adopt the same analogy for determination of wheeling charges for the period 01 April 2008 to 31 March 2019. Considering the same, based on legal advice, the Company believes that there might be high likelihood of final orders with wheeling charges at least in the range of tariff rates announced for the period 01 July 2019 to 31 October 2022. Accordingly, based on management's assessment, the Company had created additional provision of ₹377.00 Lakhs during the previous year related to wheeling charges on or before 30 June 2019 in addition to the amount of ₹954.00 Lakhs, already provided for in earlier years post which the aggregate amount of provision carried in respect of the matter as at 31 March 2024 is ₹1,331.00 Lakhs.

Based upon the legal opinion, the Company is of the view that the demand for the period 01 April 2008 to 31 March 2019 is not legally tenable and would not result in any further material liability on the Company.

(iii) In case of ADHPL*

Particulars	As at March 31, 2024	As at March 31, 2023
Claims against ADHPL not acknowledged as debt:		
-Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	-	1,459.58
-Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	1,427.00	1,427.00
-Demand raised by Directorate of fisheries. Himachal Pradesh (refer note (c) below)	64.75	64.75

* AD Hydro Power Limited (ADHPL) believes that these claims/demands are not probable to be decided against ADHPL and therefore, no provision for the above is required.

- a) During the financial year 2012-2013, the Cess Assessing Officer vide order dated January 23, 2013 had raised a demand of ₹1459.58 Lakhs on the Company under the Building & Other Construction Workers Welfare Cess Act, 1996 ("BOCW Act") for the period from January 01, 2005 to July 31, 2012. The Company is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 08, 2008 to July 01, 2010 (i.e. from the date when the rules were notified and up to the date when factory license was granted to the Company). In view of this, there is no question of payment of Cess prior to December 8, 2008 as demand has no justification or legal sanctity. The amount so determined based on the Company's view has been already paid and provided for in the books of accounts. The Company had filed a writ petition before the High Court of Himachal Pradesh for the above said demand. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

During the year, the Hon'ble High Court of Himachal Pradesh, Shimla vide order dated March 27, 2024 has quashed and set aside the impugned order dated January 23, 2013 with a direction to Assessing Authority to re-assess the leviable cess against the petitioner strictly in terms of the judgments passed by Hon'ble Apex Court in Uttar Pradesh Power Transmission Corporation Limited and another vs. CG Power and Industrial Solutions Limited and another (2021)6, SCC 15 and Lanco Anpara Power Limited vs. State of Uttar Pradesh and others (2016)10 SCC 329 expeditiously.

Pending any further directions by the Assessing Authority and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

- b) During the year ended March 31, 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹1,427.00 Lakhs on the ADHPL towards Local Area Development Fund (LADF) which was determined considering 1.5% of the final cost of the project of the ADHPL of ₹1, 60,700.00 Lakhs. The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed @ 1.5% of the total capital cost as reflected in Detailed Project Report of the ADHPL i.e. ₹92,200.00 Lakhs in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by the ADHPL aggregating to ₹1,423.00 Lakhs. Had there been considered/computed appropriately, the above demand would not arise. Management is of the view that the ADHPL has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.
- c) During the year ended March 31, 2013, the Department of Fisheries directed the ADHPL to pay an amount of ₹100.00 Lakhs for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. The ADHPL had filed a Writ Petition in the Hon'ble High Court of Himachal Pradesh against the said demand and based on the directive of Hon'ble High Court of Himachal Pradesh has deposited ₹35.00 Lakhs to Department of Fisheries.

Management is of the view that the ADHPL is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required. However, the ADHPL had written off the deposit amount as there is no movement in this case for more than 5 years and has disclosed the balance of ₹64.75 Lakhs as contingent liabilities.

- d) The ADHPL is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against the ADHPL is remote and thus these cases will not have any material impact on the financial statements and no provision is required.
- e) On December 24, 2021, the ADHPL has received a demand of ₹5,833.00 Lakhs from Central Transmission Utility of India Limited ("CTUIL") in relation to relinquishment charges for surrender of Long Term Access rights with Power Grid Corporation of India Limited, which in the opinion of the ADHPL, is not in accordance with the methodology specified by the CERC vide Order dated March 08, 2019 in petition no. 92/MP/2015. During the year, the ADHPL has received bill of ₹5,833.00 Lakhs from CTUIL on 12 March 2024.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

Based on consideration of the information available till date, the ADHPL had computed the relinquishment charges as per methodology specified by aforesaid order, along with interest, amounting to ₹1,632.09 Lakhs and has provided for in the books of account during the previous year. Based on the management's assessment, no additional provision is required.

(iv) In case of ICCSL

As per information available with the management there is no contingent liability as at March 31, 2024. However company has provided a bank guarantee in favour of Adani Green Energy Limited of ₹8.00 Lakhs on 03rd April 2023 and ₹33.00 Lakhs Lien earmarked against bank guarantee in favour of NRED CAP.

(v) In case of NHPL

As per the information available from the management, as certified by them, there is no contingent liability as at March 31, 2024.

(vi) In case of CHYPL

As per the information available from the management, as certified by them, there is no contingent liability as at March 31, 2024.

(vii) In case of REPL

As per the information available from the management, as certified by them, there is no contingent liability as at March 31, 2024.

II. Commitments**(i) In case of MPCL**

- a) The MPCL has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura substation to Nalagarh (i.e. interstate point - substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- b) The MPCL does not have any other long term commitments of material non-cancellable contractual commitments/contracts including derivatives contract for which there were any material foreseeable losses.
- c) Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) are ₹Nil (Previous year ₹Nil).

(ii) In case of ADHPL

- a) The ADHPL has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. The ADHPL does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.
- b) Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) are ₹Nil (Previous year ₹Nil).
- c) The ADHPL has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy at agreed price with the commitment to provide 18% of the deliverable energy at free of cost to HPSEB.

(iii) In case of ICCSL

There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard (Ind AS 39) as it is not probable that an outflow of resources embodying economic benefit will be required.

(iv) In case of NHPL

Estimated amount of contracts remaining to be executed on capital account and not provided for as on the date of balance sheet (net of advances) are ₹Nil (previous year ₹Nil).

Estimated amount of contracts remaining to be executed on other than capital account and not provided for (net of advance) ₹Nil (previous year ₹Nil).

(v) In case of CYHPL

The company has filed application to surrender the Chango Yangthang HEP 180 MW to Directorate of Energy, Government of Himachal Pradesh. Therefore, Capital contracts remaining to be executed on capital account and not provided for as on the date of Balance Sheet (net of advances) are ₹Nil (previous year ₹Nil).

(vi) In case of REPL**Capital commitment****Capital expenditures contracted for at the balance sheet date but not recognised in the financial statements**

	March 31, 2024 (₹ in Lakhs)	March 31, 2023 (₹ in Lakhs)
Property, plant and equipment	2,192.76	2,094.38
Intangible assets under development	-	10.92
	2,192.76	2,105.30

38. The 100% shares of BG Wind Power Limited (erstwhile wholly owned subsidiary) held by the company has been transferred to RSWM Limited on 06th April 2023.

The Quadripartite Agreement was executed amongst BG Wind Power Limited (BG Wind), its term loan lender and the company, the effective date of the said agreement is from the date of transfer of the equity shares of BG Wind to M/s RSWM Limited. BG Wind has also entered into long term PPA with RSWM for sale of power under captive mechanism. The Quadripartite Agreement was executed in order to revive BG Wind so that not only BG Wind is able to run its operation smoothly but also to secure the interest of all the stakeholders.

As per the agreement, terms and conditions subject to which loan was granted by BG Wind's term loan lenders and the company, was amended and is agreed to be paid as per waterfall mechanism mentioned in the said agreement with priority to term loan lenders. A priority right is also provided in the said agreement, whereby the company (BEL) shall have first right over the amount of unbilled revenue to be received by BG Wind from Discom. The interest bearing loan amount provided by the company to BG Wind after 6th April 2023 is also have priority of repayment as well as interest. As per agreed terms, both the unbilled revenue and loan amount given after 6th April 2023 shall be out of waterfall mechanism of the Quadripartite Agreement and therefore, the company has shown ₹1267.02 Lakhs (to the extent of Unbilled revenue in BG Wind) and interest bearing loan of ₹403.03 Lakhs as current portion.

In pursuance to the agreement as mentioned above, the company has also adjusted the fair value of loan under the head "Investment" by reinstating the original loan amount.

39. During the current year, the company has terminated the existing O&M agreement with respect to O&M of WTGs and appointed a new O&M operator and entrusted with task of restoration of breakdown WTGs as well. Pursuant to this, the company has booked expenditure on account of O&M and Repair and Maintenance. The company has filed insurance claim against machinery breakdown and generation loss, the claim of which yet to be assessed by insurance company, therefore not accounted for in the current year.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024****40. Corporate Social Responsibility (CSR)****a) In Case of Holding Company**

The provision of Corporate Social Responsibility (CSR) as mentioned in section 135 of the Companies Act, 2014 read with Companies (Corporate Social Responsibility Policy) Rules 2014 as amended are not applicable on the company.

b) In Case of MPCL

Where Malana Power Company Limited covered under section 135 of the Companies Act, the following shall be disclosed with regard to CSR activities:-

(₹ in Lakhs)		
Particulars	31-Mar-24	31-Mar-23
(i) Amount required to be spent by Malana Power Company Limited during the year,	175.00	148.00
(ii) Amount of expenditure incurred,	-	-
(a) Construction/acquisition of any asset	45.00	52.00
(b) On purposes other than (a) above	118.00	96.00
(iii) Shortfall at the end of the year,	12.00	-
(iv) Total of previous years shortfall,	12.00	-
(v) Reason for shortfall,	Pertains to ongoing projects	
(vi) Nature of CSR activities,	Health, Education, Rural Development, Women Empowerment, Swachhta Bharat Abhiyan	Health, Education
(vii) Details of related party transactions, e.g., contribution to a trust controlled by the company in relation to CSR expenditure as per relevant Accounting Standard,	-	-
(viii) Where a provision is made with respect to a liability incurred by entering into a contractual obligation, the movements in the provision during the year shall be shown separately.	-	-

c) In Case of ADHPL

Where AD Hydro Power Limited covered under section 135 of the Companies Act, the following shall be disclosed with regard to CSR activities:-

Particulars	31-Mar-24	31-Mar-23
(i) Amount required to be spent by AD Hydro Power Limited during the year,	239.00	108.50
(ii) Amount of expenditure incurred,	-	-
(a) Construction/acquisition of any asset	33.00	-
(b) On purposes other than (a) above	169.00	108.50
(iii) Shortfall at the end of the year,	37.00	-
(iv) Total of previous years shortfall,	37.00	-
(v) Reason for shortfall,	Pertains to ongoing projects	
(vi) Nature of CSR activities,	Health, Education, Rural Development, Women Empowerment, Swachhta Bharat Abhiyan	Health, Education
(vii) Details of related party transactions, e.g., contribution to a trust controlled by the company in relation to CSR expenditure as per relevant Accounting Standard,	-	-
(viii) Where a provision is made with respect to a liability incurred by entering into a contractual obligation, the movements in the provision during the year shall be shown separately.	-	-

Bhilwara Energy Limited

CIN: U31101DL2006PLC148862

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

41. Other disclosures:

(i) In case of Holding Company

Balephi Jalvidhyut Company Limited, overseas subsidiary of the company incorporated to erect Balephi HEP 50 MW (down sized to 23.52 MW) hydro power plant in Nepal. During the year 2017-2018, the company has entered into share purchase agreement with its joint venture partner M/s. Triveni Hydro Power Private Limited, Nepal dated 8th January 2018 to sell its entire 25,60,000 equity shares for consideration of ₹625.00 Lakhs (Nepali 100,093,750) as against its total investment of ₹1,600.00 Lakhs. The due date for sale was 30th June 2018, which was extended till 30th June 2019, subject to receipt of requisite approval by Nepali Party. The transaction of sale of share of Balephi has not yet materialized.

Thereafter, the Company has made a total impairment of ₹1,471.61 Lakhs (Previous year impairment of ₹1471.61 Lakhs) for diminution in value of investments.

(ii) In case of REPL:

a) Information on lease transaction pursuant to Ind AS 116 – Leases

The REPL has entered into lease agreements for use of office premises. Each lease is reflected on the balance sheet as a right-of-use asset and as a lease liability, with the exception of short-term leases and leases of low-value underlying assets. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The REPL currently classifies its right-of-use assets in a consistent manner in leasehold office premises under right-of-use assets.

During the year ended March 31, 2022 the REPL had terminated the lease agreement for which REPL recognised right-of-use asset ₹8.60 Lakhs and lease liability ₹8.60 Lakhs in FY 2019-20, using the full retrospective approach as per Ind AS 116 'Leases' adoption from April 01, 2021. Termination has led to derecognition of Right-of-use assets and Lease liabilities at carrying value of ₹4.85 Lakhs and ₹5.74 Lakhs, correspondingly difference between Right-of-use and lease liability was charged to Statement of profit and loss.

During the year ended March 31, 2023 the REPL had entered into two more lease agreement for which REPL recognised right-of-use asset of ₹17.46 Lakhs and lease liability of ₹16.56 Lakhs.

b) Provision for warranty is made for estimated warranty claims in respect of sale of certain Lithium-ion storage batteries which are still under warranty at the end of the reporting period, the estimated cost of which is accrued at the time of sale. These claims are expected to be settled as and when warranty claims arise. The provision for warranty claims represents the present value of the Management's best estimate of the future outflow of economic benefits that will be required under the REPL's obligation for warranties. Management estimates the provision based on industrial standards and Lithium-ion battery degradation cycle affecting product quality. The products warranties are generally covered under back-to-back warranty provided by OEM's to the REPL.

c) The disclosure note for movement in provision as required under Ind AS 37 has been given at Note 22 in REPL

d) The REPL has sanctioned working capital borrowings (Cash credit facility) secured on the basis of Current assets (Refer Note 20 in REPL). But since the REPL is yet to avail cash credit facility from bank, so there is no requirement to submit quarterly statements till the period ending March 31, 2024.

e) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the REPL to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the REPL ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

f) No funds have been received by the REPL from any person(s) or entity (ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

g) The Payment of Bonus Act, 1965 is applicable to the REPL, but since REPL is a newly setup establishment as per provision of Section 16 (1A) of the act, so bonus is not paid.

(iii) In case of MPCL:

a) The Board of Directors of the MPCL in their meeting held on May 10, 2023 had declared an interim dividend of ₹13.50 per equity share (Previous year ₹8.60 per equity share) of face value ₹10 aggregating to ₹19,916.00 Lakhs (Previous year ₹12,687.00 Lakhs). The record date for the payment was May 10, 2023 and the same was paid on May 22, 2023. The MPCL has not declared nor proposed final dividend during the year.

b) Effective April 01 2019, the Group adopted Ind AS 116 "Leases", applied to all lease contracts existing on April 01, 2019, on the date of transition, using modified retrospective approach and has taken the cumulative adjustment to retained earnings on the date of initial application. The cumulative effect of applying the standard on retained earnings as of April 1, 2019 and on the profit for the current period and earnings per share is insignificant. Certain assets which are classified under Property, Plant and Equipment, includes Right-of-use asset (ROU) aggregating to ₹23.00 Lakhs as at April 01, 2019 as disclosed in Note 3. (MPCL)

c) In July 2023, Himachal Pradesh (H.P.) had witnessed unprecedented rainfall, resulting in flash floods and landslides across many districts of H.P. including Kullu which led to severe disruption in the business operations and the damage to assets at the plant. The MPCL is insured for damage of assets and loss on account of "Business Interruption" ("BI"). The MPCL has filed claim with the insurance company for damage of assets and BI.

The MPCL will recognise the amount that would be determined by the Insurance Company to the Statement of Profit and Loss Account on such determination.

(iv) In case of ADHPL:

a) Impairment of Property, Plant and Equipment's

As on March 31, 2024, the ADHPL has net worth of ₹1,35,740.00 Lakhs (Previous Year ₹1,26,288.00 Lakhs) and accumulated profits of ₹37,794.00 Lakhs as at March 31, 2024 (Previous Year accumulated profits amounting ₹20,343.00 Lakhs). Based on financial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel, management believes that profits will continue to accrue on account of expected increase in tariff and there are no impairment indicators and hence no adjustments are required to the carrying value of property, plant and equipment on account of impairment and the ADHPL will have sufficient cash flow to meets its future obligations.

b) Dispute related to parties using the transmission line

During the earlier years, the ADHPL had raised invoices to parties using the dedicated transmission system of the ADHPL based on capital cost of ₹41,661.00 Lakhs in terms of Interim Agreement with the parties. Subsequently, Central Electricity Regulatory Commission ("CERC") vide order dated 17 October 2019, approved the capital cost of Transmission System at ₹23,892.00 Lakhs as against the capital cost submitted by the ADHPL of ₹41,661.00 Lakhs [on the date of commercial operation date ('COD')]/ ₹45,284.00 Lakhs (with additional capitalization). In October 2019, the ADHPL had challenged the CERC order before Appellate Tribunal for Electricity ('APTEL').

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

On 31 October 2022, the ADHPL had received order from APTEL, wherein the transmission system of the ADHPL was declared as deemed inter-state transmission system (ISTS system) with retrospective effect and remanded the case to CERC for calculation of transmission tariff based on Point of Connection ("POC") mechanism. Further, on 13 April 2023, the ADHPL has received order from CERC, wherein the transmission charges of the ISTS system are to be paid through POC pool. Further, on 31 August 2023, APTEL has set aside the CERC order dated 17 October 2019.

On February 05, 2024, CERC has allowed capital cost of ₹36,228.00 Lakhs (80% of the capital cost claimed as on March 31, 2024) for the period 01 January 2024 to 31 March 2024 as an interim measure which is subject to adjustment as per Regulation 10(7) of the 2019 Tariff Regulations and prudence check of the capital cost claimed by the ADHPL.

During the year, the ADHPL has received income from POC pool and accordingly recognized revenue from transmission line from 13 April 2023 to 31 Dec 2023 based on the capital cost approved by CERC vide order dated 17 October 2019 and from 01 January 2024 to 31 March 2024 based on CERC order dated February 05, 2024. Revenue for the period 09 August 2011 to 12 April 2023 has not been recognized on account of uncertainty related to the capital cost.

Based on the management's assessment, the matter related to the capital cost is sub-judice and pending adjudication, hence in absence of certainty on the outcome of the matter, the ADHPL will recognize revenue from transmission line for the period 09 August 2011 to 12 April 2023 as and when determined by CERC.

- c) Effective April 01, 2019, the ADHPL adopted Ind AS 116 "Leases", applied to all lease contracts existing on April 01, 2019, on the date of transition, using modified retrospective approach and has taken the cumulative adjustment to retained earnings on the date of initial application. The cumulative effect of applying the standard on retained earnings as of April 1, 2019 and on the profit for the current period and earnings per share is insignificant. Certain assets which are classified under Property, Plant and Equipment, includes Right-of-use asset (ROU) aggregating to ₹3,738.00 Lakhs as at April 01, 2019 as disclosed in Note 3 of ADHPL.
- d) In July 2023, Himachal Pradesh (H.P.) had witnessed unprecedented rainfall, resulting in flash floods and landslides across many districts of H.P. including Kullu which led to severe disruption in the business operations and the damage to assets at the plant. The Company is insured for damage of assets and loss on account of "Business Interruption" ("BI"). The Company has filed claim with the insurance company for damage of assets BI.

The ADHPL will recognize the amount that would be determined by the Insurance Company to the Statement of Profit and Loss Account on such determination.

- e) There are no amounts that are due to be transferred to Investor Education and Protection Fund in accordance with the relevant provisions of the Companies Act, 2013 and rules made thereunder.

f) Title deeds of Immovable Properties not held in the name of AD Hydro Power Limited

Details of all the immovable properties (other than properties where ADHPL is the lessee and the lease agreements are duly executed in favour of the lessee) whose title deeds are not held in the name of the company is as follows:

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

Relevant line in the Balance Sheet	Description of items of property	Gross carrying value	Title deeds held in the name of	Whether the title deed holder is a promoter, director or relative of promoter/director or employee of promoter/director	Property held since which date	Reason for not being held in the name of the ADHPL
Freehold land located at Village Prini, District Kullu, Himachal Pradesh	2.2158 hectares	₹566.32 Lakhs	Concerned Landowners	No	The additional private land was purchased between 2005 to 2014	The land was purchased directly from the landowners as per clause 4.3(a) of Implementation Agreement by signing an Agreement to sell with each landowner. The additional private land was mainly purchased as per requirement during construction phase. The entire land is in possession of ADHPL. The process for obtaining permission from the State Govt. under section 118 of HP Tenancy & Land Reforms Act has been initiated. DC, Kullu and SDM, Manali has recommended the case for permission to the State Govt. Permission under said Act is awaited.
Freehold land located at Village Prini, District Kullu, Himachal Pradesh	0.5142 hectares	₹139.43 Lakhs	Concerned Landowners	No	During Construction Period	Land was used during construction period by giving one time compensation on lease basis for Tail Race Tunnel ("TRT") works. The TRT work was underground, hence the rights and ownership remain with concern owners and no mutation will take place. The guest house has been constructed and Directorate of Energy, Government of Himachal Pradesh has also issued the "Essentiality Certificate" for the private land of IBEX Guest House on 6th July, 2023.

(v) In case of ICCSL:

- a) Retention and Earnest money deposit amounting to ₹28.58 Lakhs (previous year ₹28.58 Lakhs) is outstanding for recovery from various parties since long. However, the management is hopeful to recover this amount and no provision has been considered at present.
- b) Security Deposit amounting to ₹25.28 Lakhs (previous year ₹39.60 Lakhs), Out of the above ₹4.00 Lakhs is outstanding for recovery / adjustment since 2012. However, the management is hopeful to recover this amount and no provision has been considered at present.
- c) In F.Y 2011-12, PF Deposit systems were shifted to online mode from Manual submission mode. During March'12 & April'12, ICCSL has deposited the Employee's Contribution as well as its own contribution in EPFO but due to some technical issues those contributions were not reflected in the respective employees EPFO accounts. ICCSL raised the matter continuously with the EPFO authorities, as a result during financial year 2018-19, PF authorities returned the amount pertaining to above said period to ICCSL with stipulation that the ICCSL will redeposit the amount in respective employee's EPFO A/c.
- d) Balance of Trade Receivable / Payable Loans / Advances are subject to confirmation.
- e) In the opinion of the Management and to the best of their knowledge and believe, the value on realization of current assets, Loan & Advances in the ordinary course of business would not be less than the amount at which they are stated in the Balance Sheet.

Bhilwara Energy Limited

CIN: U31101DL2006PLC148862

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

- f) Further, the ICCSL has created the liability in its books of account against the amount of EPF received from PF authority and redeposited the contribution to the extent it can trace the retrenched employees. In addition to above, there is Contribution amounting to ₹2.44 Lakhs which is still pending to deposit on account of non-traceability of past employees.

(vi) In case of NHPL:

- a) The project of NHPL is on hold for quite some time due to suspension of environment clearance by Hon'ble National Green Tribunal and thereafter Wildlife Institute of India (WII) in its report has mentioned that project could not be undertaken at the project site.

As per directions of Hon'ble Supreme Court, arbitration notice was sent to GoAP and have also indicated the name of arbitrator. Simultaneously, efforts were initiated to settle the issue by mutual negotiations. As the project is not doable any more, NHPL has decided not to implement the project and sought the refund of upfront premium of ₹2,546.80 Lakhs from GoAP invoking the clauses of MoA and presently the matter is under litigation with GoAP.

Accordingly, the Board of Directors of NHPL on dated 15th June 2022 decided to write-off Capital Work-in-Progress (CWIP) including pre-operative expenses net of waiver of loan from Holding Company (Bhilwara Energy Limited (BEL)) and charged to the statement of profit & loss (shown under exceptional items) during the year except the upfront premium paid.

- b) The Information as required to be disclosed under The Micro, Small and Medium Enterprises Development Act, 2006 ("The Act") have been determined to the extent such parties have been identified by the company, on the basis of information and records available with them. The information has been relied upon by the auditors.

c) Impairment review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the NHPL at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets. The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations:-

- Operating margins (Earnings before interest and taxes)
- Discount rate
- Growth rates
- Capital expenditures

- d) The Board of NHPL in their meeting held on 07th February 2023 has approved the reduction of share capital of the NHPL from present level of ₹10,000.00 Lakhs divided into 1,000.00 Lakhs equity shares of ₹10.00 each fully paid-up to ₹5.00 Lakhs divided into 50,000 equity shares of ₹10.00 each fully paid-up of the NHPL by cancellation and extinguishment of issued, subscribed and paid-up equity share capital of ₹9,995.00 Lakhs. This was subsequently approved by the shareholders of the NHPL also in their meeting held on 24th February 2023. The Petition for the Reduction of Share Capital has been filed before the Hon'ble NCLT on March 13, 2023. Presently, the same is pending for approval before Hon'ble NCLT.

Subsequently, the existing company secretary of NHPL resigned. Thereafter, the NHPL could not find the qualified company secretary, who is willing to join and fill the vacancy due to financial position including erosion of entire net worth and presently no future prospect of NHPL.

(vii) In case of CHYPL:

- a) The Board, in order to realign the relation between assets and share capital of the Company and to accurately and fairly reflect the assets and liabilities of the Company in its books of accounts and for better presentation of the financial position of the Company, decided to reduce its share capital from ₹10 per share to ₹5 per share and accordingly filed an application with NCLT after getting requisite approval from the shareholders in the Extra Ordinary General Meeting held on 15th December, 2017.

The Hon'ble NCLT vide its order dated 08th August, 2018 approved the reduction of paid up share capital ₹6,000.00 Lakhs divided into 600.00 Lakhs share of ₹10 each to ₹3,000.00 Lakhs divided into 600.00 Lakhs share of ₹5 each.

b) Material Uncertainties relating to going concern

The CYHPL has written off Capital Work in progress during the financial year 2017-2018 ₹2,713.18 Lakhs on account of board decision to surrender the Chango Yangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to the below main reasons/events.

Delay and uncertainty in project execution

Local Unrest-The CYHPL has closed the project office and stop all site activities again due to continuous unrest from the local villagers and habitants from the villages of Project Area. Security and safety issues of the employees and other assets of the company have also become important now. Protests & representations by the local panchayats and Sangharsh Samiti are continued. The State Pollution Control Board has not been able to conduct the public hearing for the project in last two years despite the completion of all formalities from our side.

Long Delay in Government Approvals and licenses lapse

The proposal for forest clearance lying pending with the office of the Nodal Officer, State Forest Department, Shimla for want of FRA Certificates for almost two & half years.

The applications for NOC from Ministry of Home Affairs was submitted by us to Government of Himachal Pradesh vide our letter dated July 27, 2011.

It's a border area project and requires the clearance from Ministry of Defence, Government of India. The application for NOC from Ministry of Defence was filed on December 20, 2012.

TEC and TOR from MoEF has expired or is expiring shortly.

Since the project is not to be executed purely on account of various social-legal issues neither in the control of the CYHPL nor in the control of local administration/authorities, the company requested for refund of security deposit and upfront premium paid for the project amounting to ₹3,969.45 Lakhs. In response to the request dated February 01, 2018 the Government has not considered the request of Company for surrender of the Project and refund of the Premium and Security. However, GoHP mentioned that the CYHPL can apply for the extension in time lines without levy of the extension fees till the ground situation become favorable towards implementation of Hydro Electric Projects.

The CYHPL on February 16, 2018 has reaffirmed their intention and asked the Authorities for their decision on application of surrender of the project since the project is not to be executed purely on account of various social-legal issues neither in the control of the CYHPL nor in the control of local administration/authorities. GoHP vide Notification dated November 03, 2018 has formed a committee to deal with the issues of various projects which includes Chango Yangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed on November 14, 2018 which was attended by various villagers of the project affected area, officials of DoE, District administration and CYHPL.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

During the meeting, the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project. The said committee discussed the Sutlej Valley projects on February 18, 2019 which included CYHPL. During the meeting CYHPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same. This CYHPL was incorporated as a Special Purpose Vehicle for above said 180MW HEP project and is a wholly owned subsidiary of Bhilwara Energy Limited (BEL) with no external debt.

(viii) In case of BJCL, Nepal:**a) Going Concern**

The Financial Statements are prepared on the assumption that the BJCL is a going concern.

b) Current (Income) Tax

Provision for current (income) tax is recognised as per applicable provisions of Income Tax Act 2058 & Rules, 2059 along with amendments that are applicable in particular income year.

c) Exchange rate

Transactions in foreign currency are recognized at the exchange rates prevailing on the date of transactions. All monetary items in balance sheet which are required to be settled in foreign currency are translated applying exchange rates prevailing on the balance sheet date.

Employer's Contribution to NPS fund	3.44	3.02
Total	21.97	19.68

II. In case of MPCL CONSOL:**i. Defined contribution plan****a. Superannuation Fund**

The Group makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Group. The Group does not carry any further obligations, apart from the contributions made on a monthly basis. The Group has recognized ₹21.00 Lakhs (previous year ₹19.00 Lakhs) in the MPCL Consolidated statement of profit and loss account. (Refer Note 23 MPCL CONSOL).

b. Provident Fund

The Group's contribution to Provident Fund for the year ended March 31, 2024 ₹89.00 Lakhs (for the year ended March 31, 2023 ₹78.00 Lakhs) has been recognised in the consolidated Statement of Profit and Loss under the head employee benefits expense. (Refer Note 23 MPCL CONSOL).

ii. Details of defined benefit plan and long term employee benefit plan

a. Gratuity Fund

The Group has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the group. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognized insurer managed funds in India. The group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

b. Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

III. In case of ICCSL:

Defined benefit plan

Disclosures including sensitivity analysis in respect of gratuity and leave encashment have been made as per the valuation of employee benefit done for the year ended March 31, 2024.

47. Financial risk management and objective policies

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2024 and March 31, 2023.

I. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024****i. Interest Risk Exposure**

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2024	As at March 31, 2023
Variable rate borrowings	3,185.15	6,421.77
Fixed rate borrowings	94.98	224.01
Total	3,280.13	6,645.78

ii. Sensitivity*

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2024 and March 31, 2023

Particulars	As at March 31, 2024	As at March 31, 2023
Effect on Profit if Interest Rate - decrease by 25 basis points	5.64	11.38
Effect on Profit if Interest Rate - increases by 25 basis points	(5.64)	(11.38)

*Not considered fixed rate borrowings for sensitivity and the sensitivity is net of tax.

II. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any interest risk exposure as on 31st March 2024 as there is no outstanding borrowing as on 31st March 2024.

- a) Foreign currency exposure outstanding as at Balance Sheet date: - Nil.
b) Un-hedged foreign currency exposures as at Balance Sheet date: - Nil.

i. In case of REPL

Foreign currency exposure not covered by derivative instruments:-

Particulars	Currency	March 31, 2024		March 31, 2023	
		Amount in FC	Amount in INR	Amount in FC	Amount in INR
Trade payable	USD	2.29	191.01	0.14	11.19
Trade receivable	USD	3.44	286.58	-	-

Foreign currency sensitivity

The below table demonstrates the sensitivity to a 1% increase or decrease in the foreign currencies against Indian rupees, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 1% represents management's assessment of reasonably possible change in foreign exchange rate. 1% increase or decrease in foreign exchange rates will have the following impact on profit/ (loss) before tax:

Particulars	March 31, 2024		March 31, 2023	
	1% increase	1% decrease	1% increase	1% decrease
Currency – USD	0.96	(0.96)	(0.11)	0.11
Increase/ (decrease) in profit or loss	0.96	(0.96)	(0.11)	0.11

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024****III. Price risk**

The company is not exposed to any material price risk as there is no investment in equities outside the group and the company doesn't deal in commodities.

IV. Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

The company is in the power generation sector. The company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers which are state government run power utility majorly. Hence company has not provided for any discounting on time value of money.

b) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

I. Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024**

The following methods and assumptions were used to estimate the fair values:-

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying value largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates evaluated by the Company based on the parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level 1: Quoted prices (unadjusted) in the active markets for identical assets or liability

Level 2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Borrowings-from other party	94.94	-	-	94.94
Total	3,280.09	-	-	3,280.09

Particulars	Carrying Amount	Fair value As at March 31, 2023		
	As at March 31, 2023	Level 1	Level 2	Level 3
Financial assets				
Total	-	-	-	-
Financial liabilities				
Borrowings-from other party	6,645.78	-	-	6,645.78
Total	6,645.78	-	-	6,645.78

II. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

- i. Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- ii. Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

49. Deferred tax**In case of BJCL:-**

Deferred taxes are recognized on temporary differences that arise among financial accounts and tax accounts. A deferred tax asset is recognized on future deductible difference whereas deferred tax liability is recognized on future taxable difference arising as on balance sheet date. In current financial year deferred tax has not been recognized as BJCL is in construction phase.

Bhilwara Energy Limited**CIN: U31101DL2006PLC148862****Notes to the Consolidated Financial Statements for the year ended March 31, 2024****50. Capital management****a) Risk management**

The Company's objectives when managing capital are to:-

- (i) Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

- (ii) Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during 2022-2023 and 2023-2024 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2024	As at March 31, 2023
Net Debt	-	-
Total equity	1,85,397.21	1,68,076.99
Net Debt to Equity Ratio	-	-

Loan covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

Chairman's Message

“उद्यमेन हि सिध्यन्ति कार्याणि न मनोरथैः”

Efforts, not desires, lead to success.

Dear Shareholders,

I am delighted to reach out to you and share the all-round performance by your Company. It gives me immense pleasure to write to you after a record year of growth, which speaks volumes about our solid financial health and operational excellence. As India takes confident strides to become world's third largest economy in the next few years, it is imperative that decarbonisation and renewable energy remains as one of the key facilitator of this journey for a green future.

The Indian economy performed credibly at a time of global slowdown, indicating the resilience and robustness of its intrinsic growth drivers, resulting in outperformance as compared to other major economies. During FY 2022-23, much of the world was affected by a continuing conflict in Europe, and a consequent increase in energy costs, which created a spiral of rising inflation, rate hikes by central banks, and stress on the banking system, which translated into an economic slowdown and early signs of an impending recession.

Bucking the global trend, the Indian economy rebounded from a low of 4.4% growth in the third quarter of FY 2022-23 to report a 6.1% growth in GDP during the fourth quarter. The result is that the Indian economy finished the year under review with a growth of 7.2%, the fastest growth among major economies.

India's power sector duly facilitated this outperformance through the timely supply and distribution of electricity, which had a cascading effect on the economy as a whole, including industries, commercial establishments, homes, and the life quality its people.

India is the third-largest producer & consumer of power in the world and historically our power demand growth has grown in lockstep with GDP growth. Peak power demand in India has reached an all-time high of 216 GW and this number is only going to grow further.

Going forward with the broad expectations of India's GDP for 2023-24 to be 6.30% (World Bank's Estimate), the Company expects Indian Power Sector to act as the primary growth engine for the economy. With ever increasing power demand and penetration of innovative products in the power market, the power sector is bound to grow at a healthy pace.

With limited greenfield coal-based power plants coming up in our country and with the massive challenges that lie ahead in increasing nuclear power in the country, the impetus to increase renewable energy and energy storage facilities in India is more today than ever before. Due to the nature of renewable energy generation, storage of renewable energy is key for it to be a viable and reliable mode of energy generation.

The CEA (Central Electricity Authority) forecasts that an optimal generation mix in 2030 will have renewable generation capacity of ~500 GW along with energy storage capacity of 322 GWh. The Cabinet has approved Viability Gap Funding (VGF) for battery storage systems in the country. It allocated Rs 3,760 crore for the scheme to boost the BESS manufacturing capacity in India. This will help balance the surplus solar production with these energy storage systems.

The business of energy storage is thus going to be a key tenet of the future of the energy landscape in India and to this end we, at Bhilwara Energy Limited (BEL), are proud to inform you that BEL has acquired 74% stake in Replus Engitech Private Limited (Replus), which is engaged in the business of providing Battery Energy Storage Solution (BESS) and is presently setting up battery assembly unit near Pune, Maharashtra. The setting up of factory of Replus is in advance stage.

It is my immense pleasure to inform the members that during the financial year 2022-23, the operations of the company's Hydro and wind Power Projects were satisfactory. Our hydro projects, Allain Duhangan 192 MW HEP generated 637.13 Million kWh and Malana 86 MW HEP generated 322.63 Million Kwh, whereas wind projects, 14 MW at Bhendewade, Maharashtra generated 20.04 Million Kwh and 20 MW at Jaisalmer, Rajasthan generated 10.57 Million Kwh.

During the FY 2022-23, the company on standalone basis recorded the Revenue from operations of 123.02 million as against 108.54 million during the previous financial year. The Company received other income of 658.98 million as compared to 102.68 million during the financial year, which mainly attributed towards the dividend income received from the subsidiary company. The total income of the company during the current financial year stood at 782.01 million as compared to 211.23 million during the previous financial year. The Net profit during financial year 2022-23 was at 744.45 million as compared to Net Profit of 83.01 millions in the previous financial year.

On Consolidated basis, the company recorded the Revenue from operation of 4882.24 million as against 3,889.36 million during the previous financial year. The total income of the company during the current financial year stood at 5060.76 million as compared to 4370.01 million during the previous financial year. The Net Profit (after non-controlling interest) during the financial year

2022-23 was at 1574.64 million as compared to Net Profit of 811.64 million in the previous financial year.

I have pleasure to inform you that during the year, AD Hydro Power Limited (ADHPL) become wholly owned subsidiary of Malana Power Company Limited (MPCL) as MPCL acquired 12% stake held by International Finance Corporation (IFC) in ADHPL. BEL own 51% stake in MPCL.

Your Company recognizes its responsibility towards the society at large and attempts to fulfil it through a well-laid and structured Corporate Social Responsibility (CSR) Policy.

Your Company through its subsidiary companies is playing a vital role for the welfare of the society year after year through its various CSR initiatives. The CSR initiatives of the Company includes programs on promoting Education & Skill Development, Healthcare & Sanitation, Rural Development, Women Empowerment, Sports, Plantation & Environment Sustainability etc. in accordance with Schedule VII of the Companies Act, 2013. During the financial year 2022-23, an amount of 25.68 million was spent as CSR expenditure. The company has gone beyond the realms of what is required under law for CSR and has also spent 1.91 million as Non CSR fund on various community development programs to assist the local community live a better life.

I would like to express my gratitude to all stakeholders, business partners, customers and various Ministries of Govt. of India, especially Ministry of Power for providing valuable guidance and support in our efforts. I would also like to thank various State Governments for all the support they had extended to our businesses. I would also like to place on record my sincere appreciation to my esteemed colleagues on the Board for their continued support and also take opportunity to thank our employees for their continuous and untiring efforts.

We continue to explore exciting opportunities to invest and grow as an organization and do more for betterment and development of society and Country as well, by generating and promoting clean and green power. I assure you that the strategies of your Company will continue to translate into sustainable returns and gains to all stakeholders.

With Best Regards,
Ravi Jhunjunwala
Chairman

Proven record of excellence...

Bhilwara Energy Limited (BEL) is the flagship Company in the power sector of the LNJ Bhilwara Group. The Group is one of India's most credible and trusted with turnover of INR 9,691 Crores (\$1.21 Billion) as on 31st March, 2023.

Being the principal Company for all its power ventures globally, BEL is focusing on the Group's portfolio in power business and power generation.

The Company has the marquee partners such as Statkraft, Norway and AECOM (RSW Inc.), Canada.

The Company's subsidiary, Indo Canadian Consultancy Services Limited, has expertise in power project consultancy in hydro and thermal projects.

Our Projects...

The Company is a team of highly experienced and qualified professionals, which have the capability of executing complex projects in the renewable energy segment.

BEL has following projects:

- 86 MW Malana HEP in Himachal Pradesh
- 192 MW Allain – Duhanagan HEP in Himachal Pradesh
- 14 MW Wind Power Project in Bhendewade, Maharashtra
- 20 MW Wind Power Project in Jaisalmer, Rajasthan
- 550 MWh Battery Energy Storage System(BESS) near Pune, Maharashtra (under execution)

Capacity to nurture more...

The Company has developed the best practices by its commitment to achieving excellence in the Quality of generation and supply of dependable power to its customer and nurturing sustainability and safeguarding the environment.

As recognition of its focus towards, Occupational Health & Safety, Environment and Quality aspects, AD Hydro Power Ltd. has established Occupational Health & safety management system, Environment Management System & Quality Management System compatible to ISO 45001:2018, ISO 14001:2015 & ISO 9001:2015 respectively,

Malana Power Company Ltd. is also an ISO 45001:2018, ISO 14001:2015 & ISO 9001:2015 certified company, compliant with the requirement of these Occupational Health & safety, Environment Management System & Quality Management System respectively.

Learning & Development

MPCL and ADHPL ISO 27001 : 2013 Certification:

MPCL and ADHPL have secured prestigious ISO 27001:2013 certificate, which reiterate commitment of MPCL and ADHPL towards information security by systematically managing the IT Security Risks. The Certification audit of ISMS (Information Security Management System) was completed successfully on 19th & 20th January 2023. The audit was conducted at the site by Auditors from the certifying agency TUV SUD South Asia Pvt Ltd.

ISO 27001 : 2013 Certificates of MPCL and ADHPL being received by Mr. O.P. Ajmera (ED & CEO)

CSR Initiatives...

Construction of Govt. High school building at Prini, Manali

The construction of Govt. High School at Prini Malani completed, which was started in FY 2020-21.

Free Medical Health Checkup Camp at Dhara Village

Free medical health checkup camp was conducted by Malana Power Company Limited on March 05, 2023 at Dhara village under Shat Panchayat. 151 People got their health checkup done. This initiative of the company was appreciated by the villagers of the Dhara, Balgani & Chatrani villages. Medicine prescribed by the camp doctors were also provided by the MPCL on free of cost basis.

Construction of 2 rooms of Govt. Primary School, Chowki

Distribution of School Bags in Govt. Schools

Construction of toilet at Govt. Primary School, Badogi and Dhara

A plantation drive was organised with local women self-help groups, State Forest Department and Pollution Control Board at the adjoining areas from 02.08.2022 to 20.08.2022.

As part of its continuous efforts to boost the education, scholarships for brilliant and needy students of 9th to 12th classes and some technical courses were disbursed by ADHPL.

Installation of Solar Light
by AD Hydro Power Limited

Directors' Report

for the Financial Year 2022-23

The Members

Bhilwara Energy Limited

Dear Members,

Your Directors are pleased to present their Seventeenth (17th) Annual Report together with the Audited standalone and consolidated Financial Statement for the Financial Year ended March 31, 2023.

1. FINANCIAL PERFORMANCE

(In ₹ Millions)

Particulars	Standalone		Consolidated	
	For the financial year ended		For the financial year ended	
	31 st March 2023	31 st March 2022	31 st March 2023	31 st March 2022
Revenue from operations	123.02	108.54	4,882.24	3,889.36
Other Income	658.99	102.69	178.52	480.65

The Standalone and Consolidated Audited Financial Statement for the Financial Year 2022-23 is attached to this Annual Report, and also available on the website of the Company www.bhilwaraenergy.com.

2. OVERALL PERFORMANCE

Standalone financial performance:

During the current financial year 2022-23, the company on standalone basis recorded the Revenue from operations of ₹ 123.02 million as against Revenue of ₹ 108.54 million during the previous financial year. The Company received other income of ₹ 658.98 million as compared to ₹ 102.68 million during the financial year,

which mainly attributed towards the dividend income received from the subsidiary company. The total income of the company during the current financial year stood at ₹ 782.01 million as compared to ₹ 211.23 million during the previous financial year.

The Net profit during financial year 2022-23 was at ₹ 744.45 million as compared to Net Profit of ₹ 83.01 millions in the previous financial year.

Consolidated financial performance:

During the financial year 2022-23, the company on consolidated basis recorded the Revenue from operation of ₹ 4882.24 million as against ₹ 3,889.36 million during the previous financial year. The total income of the company during the current financial year stood at ₹ 5060.76 million as compared to ₹ 4370.01 million during the previous financial year.

The Net Profit (after non-controlling interest) during the financial year 2022-23 was at ₹ 1574.64 million as compared to Net Profit of ₹ 811.64 million in the previous financial year.

3. SUBSIDIARY, JOINT VENTURES AND ASSOCIATES

As on 31st March, 2023, the company has Eight (8) subsidiaries, which are as follows:

- * Malana Power Company Limited
- * AD Hydro Power Limited (Step Down Subsidiary)
- * NJC Hydro Power Limited
- * Chango Yangthang Hydro Power Limited
- * BG Wind Power Limited (ceased to be subsidiary w.e.f. 6th April 2023)
- * Indo Canadian Consultancy Services Limited
- * Replus Engitech Private Limited (w.e.f. 06th March 2023)
- * Balephi Jalvidhyut Company Limited, Nepal

The Audited Financial Statement of each of the subsidiary company has been placed on the website of the company i.e. www.bhilwaraenergy.com. The Financial Statements of the Subsidiary Companies are kept for inspection at the registered office of the Company. The Company shall provide the copy of the financial Statements of its Subsidiary Companies to the shareholders upon their request.

There has been no material change in the nature of Business of the subsidiaries.

A report on the performance and financial position of the Subsidiary Company as per the Companies Act, 2013 in Form AOC-1 is annexed as **Annexure-I** forming part of this report.

4. CONSOLIDATED FINANCIAL STATEMENT

The Consolidated Financial Statements have been prepared by the Company in accordance with the applicable Accounting Standards. The audited consolidated financial statements together with Auditors' Report form part of the Annual Report.

The consolidated financial statements are also available on the website of the Company and can be accessed on www.bhilwaraenergy.com.

5. STATE OF COMPANY AFFAIRS / PROJECT STATUS & INFORMATION ABOUT SUBSIDIARY COMPANIES

14 MW Wind Power Project in Distt. Kolhapur, Maharashtra

The generation during the financial year 2022-23 is 20.04 Million kWh as compared to 14.16 Million kWh in the previous financial year 2021-22. The Company recorded Revenue from operations of ₹ 123.02 million as against Revenue of ₹ 108.54 million in the previous financial year. The power generated from this project is being sold to Maharashtra State Distribution Company Limited (MSDCL) on long term PPA for 13 years. The Project is availing Generation Based Incentives (GBI) provided by MNRE, Government of India.

HYDRO POWER PROJECT UNDER THE SUBSIDIARIES

(i) Malana Power Company Limited-86 MW Malana HEP (Himachal Pradesh)

Malana Power Company Ltd. (MPCL), a subsidiary of your company, is engaged in the generation & transmission of energy from its 86 MW Malana Hydro Electric Project in the state of Himachal Pradesh. The Malana HEP is in operation since 2001.

MPCL recorded revenue from operations of ₹ 1481.10 million during the financial year 2022-23 as compared to ₹ 1139.30 million in the previous financial year. The other income during the financial year 2022-23 was ₹ 149.60 million vis-a-vis ₹ 552.40 million in the financial year 2021-22.

The Net profit during the financial year 2022-23 is ₹ 814.20 million as compared to ₹ 940.13 million in the previous financial year.

The generation during the financial year 2022-23 stood at 322.63 Million Kwh as compared to 317.73 Million kWh in the previous year.

(ii) AD Hydro Power Limited- 192 MW Allain Duhangan HEP (Himachal Pradesh)

AD Hydro Power Ltd (ADHPL), a step down subsidiary of your Company, is engaged in the generation & transmission of energy from its 192 MW Allain Duhangan Hydro Electric Project in the state of Himachal Pradesh.

ADHPL recorded revenue from operations of ₹ 3152.20 million during the financial year 2022-23 as compared to ₹ 2558.07 million in the previous financial year. The Net profit during the financial year 2022-23 is ₹ 2021.90 million as compared to net profit of ₹ 983.04 million in the previous financial year.

The generation during the financial year 2022-23 stood at 637.13 Million kWh as compared to 637.45 Million kWh in the previous financial year.

During the year, ADHPL become 100% subsidiary of MPCL as MPCL acquired 12% stake held by International Finance Corporation (IFC) in ADHPL.

(iii) NJC Hydro Power Limited-780 MW Nyamjang Chhu HEP (Arunachal Pradesh)

NJC Hydro Power Limited (NHPL), a wholly owned subsidiary of your company, was having license to develop 780 MW Nyamjang Chhu Hydro Electric Project in the state of Arunachal Pradesh. However, the Project has been rendered not doable by the Wildlife Institute of India (WII) in order to protect the habitat of Black Neck Cranes. The Memorandum of

Agreement by which the project was awarded was terminated by Government of Arunachal Pradesh (GoAP).

As per directions of Hon'ble Supreme Court, the company invoked arbitration proceedings.

During the year, on account of erosion of Net Worth, NHPL has filed an application with Hon'ble National Company Law Tribunal (NCLT), Delhi for reduction of capital from ₹ 100 crore to ₹ 5 lac. The matter is presently pending with NCLT.

(iv) Chango Yangthang Hydro Power Limited-180 MW Chango Yangthang HEP (Kinnaur District, Himachal Pradesh)

Chango Yangthang Hydro Power Ltd (CYHPL), a wholly owned subsidiary of your company, was having license to develop 180 MW Chango Yangthang Hydro Electric Project in the state of Himachal Pradesh.

Due to various socio legal issues not in the control of the company, the company has surrendered the project and filed an application with Govt. of H.P. for refund of upfront premium and security deposit of 3,969.45 Lakhs. The Company is constantly following up with the State Government for the refund of the said amount with interest.

(v) Balephi Jalvidhyut Company Ltd-23.52 MW Balephi HEP (Nepal)

Balephi Jalvidhyut Company Limited (BJCL), Nepal, a subsidiary of your company, has a license to develop 23.52 MW Hydro Power Project in Nepal.

Due to various reasons, the company has decided not to execute the project and exploring the possibility of selling its stake in BJCL.

WIND POWER PROJECTS UNDER SUBSIDIARIES

(i) BG Wind Power Limited-20 MW Wind Power Project in Distt. Jaisalmer, Rajasthan

During the current financial year 2022-23, BG Wind Power Limited (BGWPL) reported revenue from operations of ₹ 79.83 Million as compared to ₹ 42.55 Million in the previous financial year.

During the year, effective 1st April' 2022, the Company has recognised revenue @2.44/- kwh based on the RRECL approval approving the change of mode of sale of power to captive use, which also referred the decision taken by the Co-ordination committee in its meeting held on 31st December 2021 for adjustment of power injected after expiry of PPA till change of mode.

Due to above, the differential amount of 437.52 lacs from 3.14/kwh to 2.44/kwh recognised from 01 April 2019 to 31 March 2022 and GBI recognised for the above period has also been reversed during the year and charged to the statement of Profit and loss.

The Company suffered loss of ₹ 103.64 million in the financial year 2022-23 as against loss of ₹ 105.98 million during the previous financial year.

The generation during the current financial year 2022-23 is 10.57 MUs as compared to 10.60 MUs in the previous year.

On 06th April 2023, your company divested its entire equity stake in BGWPL and from this date, BGWPL ceases to be the subsidiary of your company.

OTHER SUBSIDIARIES

(i) Indo Canadian Consultancy Services Limited

Indo Canadian Consultancy Services Ltd (ICCS), subsidiary of your company, is engaged in the consultancy of hydro power and irrigation projects with wide range of services like investigations, due diligence studies, preparation of prefeasibility reports and detailed project reports, detailed design and drawings, technical specification, construction supervision, pre tender engineering, lender's engineer services etc.

During the current financial year 2022-23, ICCS recorded Revenue from operation of ₹ 50.53 million as against ₹ 42.40 million in the previous year. During the current financial year 2022-23, ICCS recorded Loss of ₹ 3.81 million as against profit of ₹ 7.95 million during the previous financial year. The main reason for loss during current year is recognition of Deferred Tax of ₹ 8.06 million as against Nil in the previous year.

(ii) Replus Engitech Private Limited

Replus Engitech Private Limited (Replus) becomes subsidiary of your Company w.e.f. 06th March 2023. Your Company acquired 74% stake equity stake in Replus. Replus is engaged in the business of providing Battery Energy Storage Solution (BESS) and is presently setting up battery assembly unit at a capex of approx ₹ 47 crore, the term loan of which is financed by HDFC Bank Ltd. The setting up of factory is in advance stage.

For the FY 2022-23, Replus reported revenue of ₹ 11.63 crore. Due to company being in start-up

phase and high fixed cost (Opex) against revenue, the company incurred loss of ₹ 3.50 crore during the year.

6. DIVIDEND

In view of accumulated losses, your Directors do not propose any dividend for the financial year under review.

7. INDUSTRY POTENTIAL & DEVELOPMENT

India is the third largest producer and consumer of electricity in the world with all India installed power generation capacity at 416.06 GW as on 31.03.2023, which comprises of 237.27 GW of Thermal, 46.85 GW of Hydro, 6.78 GW of Nuclear and 125.16 GW of Renewable capacity. Installed Capacity of 125.16 GW under Renewable segment is further segregated into 4.94 GW of SHP, 42.63 GW of Wind, 10.80 GW of Bio-Power and 66.78 GW of Solar Capacity. Over the last few years, capacity addition in Renewable energy segment (i.e. Solar/ Wind/SHP/Bio-Power) has been remarkable, during 2022-23 also, an impressive growth of ~14% on Y-O-Y basis is observed.

During fiscal year 2022-23, energy demand in the country rose to ~1,512 BU (with 10% Y-o-Y growth), whereas peak demand rose to ~216 GW (with 6% Y-o-Y growth). The average monthly market clearing price at the Indian Energy Exchange (IEX) was ₹ 5.96/kWh in 2022-23 @ Regional Periphery, almost 36% higher compared to 2021-22 due to sharp rise in power demand, especially during peak hours. Total short term power transactions were ~13.70% of yearly generation (excluding generation from renewables and captive power plants). The following "Table-1" indicates the energy requirement/ supply along with IEX rates during last 5 years.

Table 1: Energy Requirement/ Supply & IEX rates during last 5 years.

Last year during March-April 2022, geo-political unrest created logistical bottlenecks and there was acute shortage/extremely high prices of Coal/Regassified Liquefied Natural Gas (RLNG) in the international markets. It has resulted in imported coal/RLNG based generating stations to operate at lower plant load factor which further increased the dependency on domestic coal based power plants to meet the increasing power demand. Such factors concurrently created demand-supply imbalance, which led to surge in exchange/spot power prices and remained elevated almost throughout the year. However, with the gradual reduction in prices of natural gas and imported coal, these spot power prices have also started to moderate now.

On 31st March 2023, Central Electricity Regulatory Commission (CERC) exercised its power under Power Market Regulations 2021 in public interest and revised the cap on exchange prices downward to ₹ 10/kWh from

₹ 12/kWh (earlier) on all market segments of power exchanges w.e.f 4th April 2023 till further notification.

During the year 2022-23, CERC has also approved the introduction of HP-DAM (High Price Day Ahead Market) and made it operational on Power Exchange platforms for the following power generating stations with a price cap of ₹ 20/kWh:

1. RLNG/Naptha
2. Imported coal
3. Battery Energy Storage Systems (BESS).

This would reduce the cost of power for the buyers, while providing an opportunity to the high cost generators and the willing buyers to participate in the HP-DAM segment.

In April 2023, Ministry of Power (Govt. Of India) has issued guidelines for promoting Pumped Storage Projects (PSP) in the country. These guidelines have paved a way for installation of large scale pumped Storage Projects. It has

addressed various issues faced by the developers related to environmental clearances, free power to home state, budgetary support, applicability of Inter-state Transmission System (ISTS) charges etc. Because of the intermittent nature of renewable energy generation plants, storage of renewable energy by means of Battery Storage Energy Systems (BESS) and Pumped Storage Projects (PSP) is

the key for it to be a feasible and reliable source of energy generation. The PSP's and BESS may prove a boon in tackling the peak power demand scenarios of the country in the coming years.

National Electricity Plan issued by CEA has estimated the following growth in Installed capacity from the year 2022 to the year 2027.

Source – National Electricity Plan issued by CEA

- Installed capacity of solar and wind will see highest growth rates between FY 22 & FY 27, 28% & 13% respectively
- Hydro capacity is expected to grow by 5% only and Pump Storage Hydro Projects (PSP) will grow by 9% only
- High amount of solar will result in situation where excess power is available during solar hours and power availability affected during non-solar hours

All India power demand is on a continuous uptrend & peak power demand has touched the highest ever figure of 223 GW in June 2023. As per the CEA estimates (20th Electric Power Survey) peak power demand will increase further in coming years and this will create new opportunities for Merchant Power Plants in catering such increased demand for power.

Going forward with the broad expectations of India's GDP for 2023-24 to be 6.30% (World Bank's Estimate), the Company expects Indian Power Sector to act as the primary growth engine for the economy. With ever increasing power demand and penetration of innovative products in the power market, the power sector is bound to grow at a healthy pace.

8. CORPORATE GOVERNANCE

The Company is committed to achieve the high standard of Corporate Governance by application of the best management practices, compliance with law, adherence to ethical standards and discharge of social responsibilities. Your Company has in all spheres of its activities adequate checks and balances to ensure protection of interest of all stakeholders. Your Company also endeavors to share, with its stakeholders' openly and transparently, information on matters which have a bearing on their interest.

The majority of the Board comprises of Non-Executive Directors' including Independent Directors appointed under the Companies Act, 2013, who play a critical role in imparting balance to the Board processes, by bringing an independent judgment to decide on issues of strategy,

performance, resources, standards of Company's conduct, etc. The Audit Committee of the Board provides assurance to the Board on the adequacy of Internal Control Systems and Financial Systems.

9. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

No material changes and commitments, affecting the financial position of the Company have occurred during the end of the financial year of the Company to which the Financial Statements relate and the date of the report.

10. INTERNAL CONTROL / INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS

The Company has adequate internal controls in place commensurate with the size and nature of its business. Internal Audit is conducted by outside Auditing Firms. The Internal Audit Reports are reviewed by the top management and the audit committee and timely remedial measures are ensured.

Further, the Internal Financial Control framework is under consistent supervision of Audit Committee, Board of Directors and also Independent Statutory Auditors. During the year, no reportable material weakness in the design or operations was observed.

11. PERSONNEL

(i) INDUSTRIAL RELATION

The Industrial Relations during the period under review generally remained cordial at the plants and corporate office of the Company without any untoward incidents.

(ii) PARTICULARS OF EMPLOYEES

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and

Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure-II**.

12. PUBLIC DEPOSITS

Your Company has not invited any deposits from public/ shareholders under the provisions of section 73 of the Companies Act, 2013, read with Companies (Acceptance of Deposits) Rules, 2014. There were no deposits which were outstanding as on 31st March, 2023.

13. RESERVES

The Company has not transferred any amount to the General Reserve for the FY 2022-23.

14. SHARE CAPITAL

a) Issue of equity shares with differential rights

During the financial year 2022-23, no equity shares have been issued with differential rights.

b) Issue of sweat equity shares

During the financial year 2022-23, no sweat equity shares have been issued.

c) Issue of employee stock options

During the financial year 2022-23, no equity shares have been issued under employee stock option scheme/ employee stock purchase scheme.

d) Provision of money by company for purchase of its own shares by employees or by trustees for the benefit of employees

During the Financial Year 2022-23 no provision of money was made by the company for purchase of its own shares by employees or by trustees for the benefit of employees. So the provisions as provided in rule 16 (4) of Companies (Share Capital and Debentures) Rules, 2014 are not applicable.

15. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE

In your Company M/s Bhilwara Energy Limited, there are no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and company's operations in future.

The members may please take note of the below status in case of the subsidiary companies:

In case of M/s NJC Hydro Power Limited (NHPL), the wholly owned subsidiary of your Company, the Government of Arunachal Pradesh (GoAP) has issued the instant notice for termination of Memorandum of Agreement (MoA) with respect to 780 MW Nyamjang Chhu Hydro Electric Project. As per directions of Hon'ble Supreme Court, the company invoked the arbitration proceeding. The outcome of Arbitration will have impact on the subsidiary company's future.

Further, during the year, on account of erosion of Net Worth, NHPL has filed an application with Hon'ble National Company Law Tribunal (NCLT), Delhi for reduction of capital from ₹ 100 crore to ₹ 5 lac. The matter is presently pending with NCLT.

16. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information with regard to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and

Outgo in accordance with the provisions of Section 134(3) (m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure-III** forming part of this Report.

17. DIRECTORS AND KEY MANAGERIAL PERSONNEL DIRECTORS RETIRE BY ROTATION IN THE ENSUING AGM

Pursuant to the provisions of Companies Act, 2013, Mr. Ravi Jhunjunhwal (DIN: 00060972), Mr. Riju Jhunjunhwal (DIN:00061060) and Mr. Rishabh Jhunjunhwal (DIN: 03104458) shall retire by rotation at the forthcoming Annual General Meeting and being eligible, offers themselves for re-appointment. The Board recommends their re-appointment.

❖ During the year, the following changes occurred in the Directors/ KMP's of the Company:-

Ø APPOINTMENTS/ RE-APPOINTMENTS

DIRECTORS RETIRE BY ROTATION

During the year, Mr. Ravi Jhunjunhwal (DIN:00060972), Mr. Riju Jhunjunhwal (DIN:00061060) and Mr. Rishabh Jhunjunhwal (DIN: 03104458) retired by rotation at the 16th Annual General Meeting of the Company and being eligible, offered themselves for re-appointment. Their appointment was approved by the shareholders at the 16th Annual General Meeting of the Company held on 28th September, 2022.

DECLARATION FROM INDEPENDENT DIRECTORS

Your Directors further inform the members that declarations under section 149(7) of the Companies Act, 2013 have been taken from the Independent Director/s at the beginning of the financial year confirming that they meet the criteria of Independence as specified under sub-section (6) of Section 149 of Companies Act, 2013 and there has been no change in the circumstances which may affect their status as Independent Director during the year.

KEY MANAGERIAL PERSONNEL (KMPs)

In accordance with the provisions of Section 2(51), 203 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the following acted as the Key Managerial Personnel of the Company:

- Mr. Riju Jhunjunhwal, Managing Director
- Mr. Ravi Gupta, Company Secretary
- Mr. Krishna Prasad, Chief Financial Officer (CFO)

18. MEETINGS

(i) MEETINGS OF THE BOARD

The Board of Directors had met four (4) times during the financial year 2022-23. The Meeting of the Board were held on 12th May, 2022, 05th August, 2022, 04th November, 2022 and 06th February, 2023.

The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

The Attendance of the Board meetings held in the financial year 2022-23 is as below:

S. No.	Name of the Director	Category	No. of Meetings entitled to Attend	No. of Meetings Attended
1	Mr. Ravi Jhunjhunwala	Chairman & Non-Executive Director	4	3
2	Mr. Riju Jhunjhunwala	Managing Director	4	4
3	Mr. Rishabh Jhunjhunwala	Managing Director	4	2
4	Dr. Kamal Gupta	Non-Executive Director (Independent Director)	4	4
5	Ms. Niharika Bindra	Non-Executive Director (Independent Director)	4	4

(ii) AUDIT COMMITTEE

During the financial year 2022-23, the Audit Committee reviewed the Company's financial results, Internal Control Systems, Risk and Internal Audit Reports. The proceedings of the Committee have been in accordance with the provisions of the Companies Act, 2013 and Rules made thereunder. All the recommendations of the Audit Committee were accepted by the Board during the financial year 2022-23.

The majority of the Members of the Committee possess knowledge of corporate finance, accounts and corporate laws. The Statutory Auditors, Internal Auditors and Senior Executives of the Company were invited to attend the respective meetings of the Committee.

During the financial year 2022-23 four (4) Audit Committee Meetings were held. The meetings were held on 12th May, 2022, 05th August, 2022, 04th November, 2022 and 06th February, 2023.

S. No.	Name of the Director	Designation	No. of Meetings entitled to Attend	No. of Meetings Attended
1.	Mr. Ravi Jhunjhunwala	Chairman & Member	4	4
2.	Dr. Kamal Gupta	Member	4	4
3.	Ms. Niharika Bindra	Member	4	4

The Company Secretary acts as the Secretary to the Committee.

(iii) NOMINATION AND REMUNERATION COMMITTEE MEETING

During the financial year 2022-23, Two (2) Nomination and Remuneration Committee Meetings were held on 12th May, 2022 and 05th August, 2022.

The Composition of the Nomination & Remuneration Committee is as below:

S. No.	Name of the Director	Designation	No. of Meetings entitled to Attend	No. of Meetings Attended
1.	Dr. Kamal Gupta	Chairman & Member	2	2
2.	Mr. Ravi Jhunjhunwala	Member	2	2
3.	Ms. Niharika Bindra	Member	2	2
4.	Mr. Rishabh Jhunjhunwala	Member	2	1

The Company Secretary acts as the Secretary to the Committee.

(iv) INDEPENDENT DIRECTORS' MEETING

The Independent Directors met on 28th March, 2023 without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Managing Directors and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

19. GENERAL MEETINGS

The Annual General meeting of the members of the Company for the Financial Year 2021-22 was held on 28th September, 2022.

One Extra-Ordinary General Meeting was held on 20th March 2023 during the year under review.

20. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the related party transactions entered into during the financial year were on an arm's length basis and were in the ordinary course of business. Your Company has not entered into any transaction with related parties which could be considered material in terms of section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under section 134(3) (h) of the Companies Act, 2013 in form AOC-2 is not applicable.

21. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Provision of section 186 of the Companies Act, 2013 with respect to loans, guarantees and security is not applicable since the Company is engaged in providing Infrastructural Facilities and is exempt under section 186 of the Companies Act, 2013. The details of the loans, guarantee and investments are disclosed in the notes to the financial statement of the Company.

22. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

23. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect stakeholder's value by minimizing threats or losses and identifying & maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

24. CORPORATE SOCIAL RESPONSIBILITY (CSR)

The CSR provisions are not applicable on the Company.

25. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the Companies Act, 2013, the Board of Directors on the recommendation of the Nomination and Remuneration Committee has framed a policy for the appointment of Directors and Senior Management and KMP's of the Company and their remuneration. The Policy forms part of this Report as Annexure IV and has also been available on the website of the Company www.bhilwaraenergy.com.

26. STATUTORY AUDITORS

At the Annual General Meeting held on 28th September, 2022, M/s Doogar & Associates, Chartered Accountants, (ICAI Firm Registration No. 000561N), were appointed as the Statutory Auditors of the Company for 2nd term of 5 years to hold office till the conclusion of the 21st Annual General Meeting to be held in the Calendar Year, 2027.

The observations of the Auditors, if any, are explained wherever necessary, in the appropriate notes to the accounts.

27. REPORTING OF FRAUD BY AUDITORS'

During the year under review, neither the Statutory Auditors nor the Secretarial Auditor and the Internal Auditor had reported any matter under Section 143 (12) of the Companies Act, 2013, therefore, no detail is required to be disclosed under 134(3) (ca) of the Companies Act, 2013.

28. AUDITORS' REMARKS

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments.

The Auditors Report does not contain any qualification, reservation adverse remarks or disclaimer.

29. SECRETARIAL AUDITOR

The Company had appointed M/s M.L. Sharma & Co., Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2022-23, pursuant

to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed herewith as **Annexure V** for kind attention of the Members. The Secretarial Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

30. INTERNAL AUDITOR

Based on the recommendations of the Audit Committee, the Board had re-appointed M/s BGJC & Associates, Chartered Accountants (ICAI Firm Registration No.003304N/N500056) as its Internal Auditor for the financial year 2023-24. During the year under review, the Company continued to implement the suggestions and recommendations made by the Internal Auditors to improve the control environment.

31. VIGIL MECHANISM/WHISTLE BLOWER POLICY

Your Board Reports to the members that with the objective of pursuing the business in a fair and transparent manner by adopting the highest standards of professionalism, honesty, integrity, and ethical behavior and to encourage and protect the employees who wish to raise and report their genuine concerns about any unethical behavior, actual or suspected fraud or violation of Company's Code of Conduct, the Company on the recommendation of the Audit Committee has adopted a Whistle Blower Policy. The policy adopted by the Company contains a framework whereby the identity of complainant is not disclosed. The Policy has been disclosed on the website of the Company www.bhilwaraenergy.com.

32. ANNUAL RETURN

Pursuant to Section 92 of the Act and Rule 12 of the Companies (Management and Administration) Rules, 2014, Annual Return is available on the website of the Company.

33. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge state the following:

- (a) that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- (b) that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit and loss of the company of that period;
- (c) that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- (d) that the annual financial statement has been prepared on a going concern basis;
- (e) that proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- (f) that the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

34. GENERAL DISCLOSURE

- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment.

The Company has complied with the provisions relating to constitution of Internal Complaints Committee under sexual harassment of women at workplace (Prevention, Prohibition & Redressal) Act, 2013.

No complaints were received during the financial year 2022-23.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported in the Company, during the financial year 2022-23.
- During the year, there was no change in the issued share capital of the company.
- The Company is in compliance of all applicable secretarial standards issued by the Institute of Company Secretaries of India (ICSI) from time to time.
- The Company is not required to maintain the cost records as specified by the Central Government under sub section (1) of section 148 of the Companies

Act, 2013, and accordingly such Accounts and records are not made and maintained by the Company.

- There is no information to be provided w.r.t. the details of application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2016 (31 of 2016) during the year or at the end of the financial year.
- Details of difference between amount of the valuation done at the time of one time settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof – Not Applicable.

35. ACKNOWLEDGEMENTS

Your Directors would like to express sincere gratitude to all valuable stakeholders of the Company for their excellent support and co-operation extended by them during the financial year under review.

The Board of Directors also places on record its appreciation for the significant contribution made by the employees of the Company through their dedication, hard work and unstinted commitment.

ANNEXURE IV TO THE DIRECTORS REPORT

NOMINATION & REMUNERATION POLICY

Pursuant to Section 178 of the Companies Act, 2013, the Company is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company has already a Remuneration Committee with three Non-Executive Independent Directors. In order to align the same with the provisions of the Companies Act, 2013, the Board of Directors in their meeting held on 30th June, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

"Key Managerial personnel (KMP) means and comprise-

- Managing Director & Chief Executive officer;
- Whole-time Director;
- Company Secretary;
- Chief Financial Officer;
- Such other Officer as may be prescribed.

Senior Management comprise the personnel of the Company who are members of its core management team, excluding the Board of Directors, so also, that would also include all members of management one level below the Executive Directors, including Functional Heads.

Role and Objective of Committee:

1. To formulate the criteria for determining qualifications, positive attributes and independence of a Director.
2. Identify persons who are qualified to become Directors and who may be appointed in senior management positions in accordance with the criteria laid down in the policy.
3. Recommend to the Board the appointment and removal of Directors and Senior Management.
4. Carry out evaluation of every Director's performance.
5. Formulate criteria for evaluation of Independent Directors and the Board.
6. Recommend to the Board a Policy, relating to the remuneration for the directors, key managerial personnel and Senior Management.
7. To devise a policy on Board diversity
8. To ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run Company successfully.
9. To ensure the relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
10. To develop a Succession Plan for the Board and to review it regularly.
11. To perform such other functions as may be referred by the Board or be necessary in view of the provisions of the Companies Act, 2013 and Rules made thereunder.

Membership:

1. The Committee shall comprise at least three (3) Directors, all of whom shall be non-executive Directors and at least half of them shall be independent.
2. Minimum two (2) members shall constitute a Quorum for a Committee meeting.
3. Term of the Committee shall be continued unless terminated by the Board of Directors.

Chairman:

1. Chairman of the Committee shall be an Independent Director.
2. Chairperson of the Company may be appointed as a member of the Committee but shall not Chair the Committee.
3. In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
4. Chairman of the Nomination and Remuneration Committee could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

Frequency of Meetings:

The meeting of the Committee shall be held at such regular intervals as may be required.

Committee Member's Interests:

1. A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
2. The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

Voting:

1. Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall, for all purposes, be deemed to be a decision of the Committee.
2. In the case of equality of votes, the Chairman of the meeting will have a casting vote.

Appointment of Directors/KMP/Senior Officials:

While recommending a candidate for appointment, the Committee shall have regard to:

- Assessing the appointee against a range of criteria which includes but not limited to qualifications, skills, experience, background and other qualities required to operate successfully;
- The experience and knowledge that the appointee brings to the role of KMP/Senior Officials, which, in turn, will enhance the skill sets and experience of the Board as a whole;
- The nature of existing positions held by the appointee including directorship and such other relationship and the impact of the same on the Company's welfare.

Letter of Appointment:

The letter of appointment issued by the Company, should contains the terms and conditions of his/her appointment.

Policy on Board Diversity:

The Nomination and Remuneration Committee shall ensure that the Board of Directors have the combination of Directors from different areas/fields or as may be considered appropriate in the best interests of the Company.

Remuneration of Directors, Key Managerial Personnel and Senior Management:

The salaries of Directors, Key Management Personnel and other senior officials shall be based and determined on the individual person's responsibilities and performance and in accordance with the limits as prescribed statutorily, if any. The level and composition of remuneration/fee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management to run the company successfully. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Fixed Pay :

Managerial Person, KMP and Senior Management shall be eligible for a monthly remuneration in accordance with the statutory provisions of the Companies Act, 2013, and the rules made thereunder for the time being in force. The salary paid need to be competitive and reflective of the individual's role, responsibility and experience in relation to performance of day-to-day activities to be usually reviewed on an annual basis;

2. Minimum Remuneration :

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managerial Person in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the prior approval of the Central Government.

3. Provision for excess remuneration :

If any Managerial Person draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Companies Act, 2013 or without the prior sanction of the Central Government, where required, he/she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it, unless permitted by the Central Government.

4. Increment :

Increments to the existing remuneration/compensation structure may be recommended by the Committee to the Board, which should be within the slabs approved by the Shareholders in the case of Managerial Person.

Remuneration to Non-Executive/Independent Director:

1. Remuneration/Commission:

The remuneration/commission shall be in accordance with the statutory provisions of the Companies Act, 2013, and the Rules made there under for the time being in force.

2. Sitting Fees:

The Non- Executive/Independent Director may receive remuneration by way of fees for attending meetings of Board or Committee(s) thereof. Provided that the amount of such fees shall not exceed the maximum amount as provided in the Companies Act, 2013, per meeting of the Board or Committee or such amount as may be prescribed by the Central Government from time to time.

Directors' and Officers' Insurance

- Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel, Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to such personnel.

Other Provisions:

- The Independent Directors shall not be entitled to any Stock Option.

Evaluation/ Assessment of Directors of the Company

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis.

The following criteria may assist in determining how effective the performance of the Directors have been:

- Contributing to clearly define corporate objectives & plans
- Obtain adequate, relevant & timely information.

- Assess policies, structures & procedures
- Regular monitoring of corporate results against projections
- Review achievement of strategic and operational plans, objectives, budgets
- Identify, monitor & mitigate significant corporate risks
- Review management's Succession Plan
- Effective meetings
- Clearly defining role & monitoring activities of Committees
- Review of ethical conduct

Additionally, for evaluation/assessment of the Performances of Managing Director(s) / Whole Time Directors (s) of the Company, following criteria may also be considered.

- Leadership & stewardship abilities
- Communication of expectations & concerns clearly with subordinates
- Direct, monitor & evaluate KMPs, senior officials.

Evaluation following the aforesaid parameters, will be conducted by the Independent Directors for each of the Executive/ Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors relative to the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

DEVIATIONS FROM THIS POLICY:

Deviations on elements of this policy, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case.

ANNEXURE V TO THE DIRECTORS REPORT

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31st MARCH, 2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel Rules), 2014]

To
The Members,
BHILWARA ENERGY LIMITED,
(CIN: U31101DL2006PLC148862)
New Delhi-110025

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **BHILWARA ENERGY LIMITED** (hereinafter called the company). Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, documents, minutes books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period, covering **the financial year ended on March 31, 2023** complied with the statutory provisions listed hereunder and also that the company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on March 31, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder **(Not applicable to the company during the financial year under review)**;
- (iii) The Depositories Act, 1996 and the Regulations and bye laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) **(All the following Regulations including amendments, if any, from time to time are not applicable to the company during the Audit period)**:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011);
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client **(company is not registered as Registrar to an Issue and Share Transfer Agent during the financial year under review)**;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.
- (vi) Other laws applicable specifically to the company, as identified and on the basis of representation given by the management:
 - (a) The Electricity Act, 2003 and rules and regulations made thereunder;
 - (b) The Sexual Harassment of Women at workplace (Prevention, Prohibition & Redressal) Act, 2013.
- (vii) We have also examined compliance with the applicable clauses of the following:
 - (a) Secretarial Standards issued by *The Institutes of Company Secretaries of India* **(Notified and effective from 1st July, 2015)**;
 - (b) The SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 **(Not Applicable to the company during the financial year under review)**.

During the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

- (i) The Board of Directors of the company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- (ii) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent within stipulated time and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

- (iii) All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of the Directors or committee of the Board, as the case may be. There was no dissenting vote for any matter.

We further report that during the audit period, the company has adopted a new set of Articles of Association in pursuance to the Section 14 of the Companies Act, 2013. The company has complied with all the applicable laws, rules, regulations and guidelines with respect to the adoption of new set of Articles of Association.

We further report that we have relied on the representation made by the company and its officers for systems and mechanism formed by the company for compliances under other applicable Acts and regulations to the company. Therefore, we are of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report, during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the company affairs.

This report is to be read with our letter of even date which is **Annexure I** and forms an integral part of this report.

Independent Auditors' Report

(Standalone)

To the Members of Bhilwara Energy Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Bhilwara Energy Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the Standalone Financial Statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the Standalone Financial Statements do not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigation therefore there is no impact on its financial position of Standalone Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company
 - iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in the note 37(vii) to the Standalone Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that,

to the best of its knowledge and belief as disclosed in the note 37(vii) to the Standalone Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entity (ies).

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

ANNEXURE 'A' TO AUDITORS' REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a programme of physical

verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no major discrepancy has been noticed on such verification as compared to book records.

- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the award letter and certificate of mutation provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) As per the details and information shared with us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) According to the information and explanation given to us and the records examined by us, the company is not having any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.
- (iii) (a) The Company has granted unsecured loans to its subsidiaries and employees, but has not made any investments in, provided any guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year-

Amount in ₹ Lakhs

Particulars	Loans
A. Aggregate amount provided during the year	
- Subsidiaries	2006.00
- Others (employees)	-
B. Balance outstanding as at balance sheet date in respect of above cases*	
- Subsidiaries	8080.10
- Others (employees)	-

*The amounts reported are at outstanding balance after actual write off of ₹ 4041.17 lakhs during the year.

- (b) The terms and conditions of the grant of all the above-mentioned loans granted, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) The Company has granted loans re-payable on demand as agreed, to parties covered in the register maintained under section 189 of the Act. We are informed that the Company has not demanded

repayment of any such loan during the year and thus there has been no default on the part of the parties to whom the money has been lent.

- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.

- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year except for the loans mentioned in clause (a) above.
- (iv) According to information and explanation given to us, the Company complied with the provisions of sections 185 or 186 of the Companies Act, 2013 in respect of investments, loans, guarantee or security given, to the extent as applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, Goods and Service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the yearend for a period of more than six months from the date they became payable as at 31st March, 2023.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, goods and service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.
- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) The company has not raised any funds on short term basis and hence, reporting under clause 3(ix)(d) of the Order is not applicable.
- (e) The Company has not taken any term loan during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order are not applicable.
The Group does not have any Core investment Company (CIC) as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the

assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) The company is not having any obligation under section 135 of the Companies Act 2013 Accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order are not applicable for the year.

Annexure B to the Independent Auditor's Report to the Members of Bhilwara Energy Limited on Standalone Financial Statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Bhilwara Energy Limited** ("the Company") as of 31st March 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial

Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial

reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements

for the Year Ended March 31, 2023 (Standalone)

1. CORPORATE INFORMATION

Bhilwara Energy Limited (the 'Company'), is a public limited company incorporated on 17th May, 2006 under the erstwhile Companies Act, 1956 situated in the NCT of Delhi. The company is engaged in the establishment, operation and maintenance of power generating stations and tie-lines, sub-stations and main transmission lines connected therewith. Currently, the company is engaged in generation of wind power through 14 MW wind power project situated in Maharashtra which had become operational during the financial year 2013-14.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. These financial statements have been prepared in accordance with Ind AS.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest Crores and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

i. Service Concession Arrangements

Management has assessed applicability of Appendix-D of Ind AS-115: Service Concession Arrangements to power distribution arrangements entered into by the company. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

ii. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

iii. Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the amount can be reliably measured.

Sale of Electricity

Revenue from sale of electricity is recognized on the basis of billable electricity actually transmitted to customers.

Generation Based Incentive

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment is recognized when the right to receive payment is established.

d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on tangible fixed assets is provided on the straight line method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing 5,000 or below are fully depreciated in the year of addition.

Sr. No.	Asset description	Useful life
1	Plant & machinery	22 years
2	Other equipment	5-10 years
3	Computers and Equipment's	3-6 years
4	Vehicle	8 years
5	Furniture & fixtures	10 years

The depreciation was provided in accordance with the Schedule II to the Companies Act, 2013.

e) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Impairment of Non-Financial Assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

g) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1. Financial assets

i. Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

ii. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:-

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:-

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Equity investments at (FVTOCI)

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL.

For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iii. Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

iv. Impairment of financial assets

In accordance with Ind AS-109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Financial assets that are debt instruments and are measured as at FVTOCI
- c) Lease receivables under Ind AS-116
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS-11 and Ind AS-18
- e) Loan commitments which are not measured as at FVTPL
- f) Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and

- All lease receivables resulting from transactions within the scope of Ind AS-116

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 Months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 Months ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 Months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 Months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

2. Financial liabilities

i. Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below.

iii. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

iv. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

v. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

h) Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

i) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Foreign currency translation

Transactions in foreign currencies are initially recorded by the company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

k) Retirement and other employee benefits

a. Provident fund

Retirement benefits in the form of provident fund are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund.

b. Gratuity

The Company's liabilities on account of gratuity on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (INDAS)-19- 'Employee Benefits. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

c. Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

d. Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

l) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

In the situations where the Company is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period.

Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

n) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

o) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

p) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends

relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

r) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level1** Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level2** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- **Level3** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

s) Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

t) Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

33. FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:-

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

1) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

i. Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

Particulars	As at March 31, 2023	As at March 31, 2022
Variable rate borrowings	-	2,860.81
Fixed rate borrowings	-	-
Total	-	2,860.81

ii. Sensitivity

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant.

The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2023 and March 31, 2022.

Particulars	As at March 31, 2023	As at March 31, 2022
Effect on Profit if Interest Rate - increases by 25 basis points	-	(4.68)
Effect on Profit if Interest Rate - decrease by 25 basis points	-	4.68

2) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any interest risk exposure as on 31st March 2023 on there is no outstanding borrowing as on 31st March 2023.

3) Price risk

The company is not exposed to any material price risk as there is no investment in equities outside the group and the company doesn't deal in commodities.

4) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2023			As at March 31, 2022

Unbilled revenue	46.34	-	46.34	37.65	-	37.65

The company is in the power generation sector. The company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customer which is state government run power utility majors. Hence company has not provided for any discounting on time value of money.

b) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

(i) Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:-

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying value largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates evaluated by the Company based on the parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liability

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

(₹ in Lakhs)

Particulars	Carrying amount As at March 31, 2022	Fair value As at March 31, 2022		
		Level 1	Level 2	Level 3
Financial assets				
Investments (quoted)	0.08	-	-	0.08
Total	0.08	-	-	0.08
Financial liabilities				
Borrowings	2860.81	-	-	2860.81
Total	2860.81	-	-	2860.81

(ii) **Assumptions and valuation technique used to determine fair value**

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

35. ADDITIONAL REGULATORY INFORMATION

Following Ratios to be disclosed:-

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Explanation*
(a) Current ratio (in times)	Total current assets	Total current liabilities	155.15	50.05	Decrease in Current portion of Term Loan due to prepayment resulting into major impact
(b) Debt-Equity ratio (in times)	Debt consists of borrowings and lease liabilities.	Total equity	-	0.17	Prepayment of entire Term Loan resulting into major impact
(c) Debt Service Coverage Ratio, (in times)	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Debt service = Interest and lease payments + Principal repayments	2.42	1.08	Prepayment of Term Loan and receipt of Dividend from subsidiary resulting into major impact
(d) Return on Equity Ratio (in %)	Profit for the year less Preference dividend (if any)	Average total equity	44.91%	5.01%	Prepayment of Term Loan and receipt of Dividend from subsidiary resulting into major impact
(e) Inventory turnover ratio,	Cost of Goods Sold	Average Inventory	-	-	N.A
(f) Trade Receivables turnover ratio, (in times)	Revenue from operations	Average trade receivables	0.53	0.81	Realisation of the debtors resulting into major impact
(g) Trade payables turnover ratio, (in times)	Cost of equipment and software licences + Other Expenses	Average trade payable	3.87	14.91	Issue with the O&M service provider resulting into major impact
(h) Net capital turnover ratio, (in times)	Revenue from operations	Average working capital (i.e Current Assets minus Current Liabilities)	0.16	0.15	The change in ratio is less than 25%
(i) Net profit ratio, (in %)	Profit for the year	Revenue from operations	605.14%	76.48%	Receipt of Dividend from subsidiary resulting into major impact
(j) Return on Capital employed, (in %)	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	18.25%	3.40%	Receipt of Dividend from subsidiary resulting into major impact
(k) Return on investment. (In %)	Income generated from invested funds	Average invested funds in treasury investments	-	-	N A

36. CAPITAL MANAGEMENT

a) Risk management

The Company's objective when managing capital is to:

(i) Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

(ii) Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during the year 2022-23 and 2021-22 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022
Net Debt	-	2,589.73
Total equity	41,452.31	34,020.67
Net Debt to Equity Ratio	-	0.08

Loan covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

37. OTHER STATUTORY INFORMATION:

- The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- The Company does not have any transactions with companies struck off.
- The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- The Company have not traded or invested in Crypto currency or Virtual Currency during the financial year.
- The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- All the title deeds of immovable properties are held in the name of the Company as at the balance sheet date.
- The Company have not advanced or loaned or invested funds (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity (ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall lend or invest in party identified by or on behalf of the Company (Ultimate Beneficiaries).
- The Company has not received any fund from any party(s) (Funding Party) with the understanding that the Company shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- The Company does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

38. Previous year's figures have been regrouped/reclassified wherever necessary.

Independent Auditors' Report

(Consolidated)

TO THE MEMBERS OF Bhilwara Energy Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Bhilwara Energy Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding and its subsidiaries together referred to as "the Group"), comprising the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2023, and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Material Uncertainty Related to Going Concern

In Subsidiary ChangoYangthang Hydro Power Limited

We draw attention to Note-39(vii) regarding the Board of director's decision to surrender the Chango Yangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to delay and uncertainty in project execution and long delay in Government approvals and licenses lapse, the company has written off Capital Work in progress during the year 2017-18 amounting to ₹ 2,713.18 lakhs. These events or conditions, along with other matters as set forth in Note-39(vii), indicate that there exists material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern since the company was incorporated as a Special Purpose Vehicle for this particular project.

Our opinion is not modified in respect of this matter.

Emphasis of Matter

In Subsidiary Malana Power Company Limited

We draw attention to Note 38(ii)(b) of the standalone financial statements, which describes the uncertainty relating to the effects of outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL).

In Subsidiary BG Wind Power Limited

We draw attention to 'Note-39(ii)(a)' to the accompanying statement, Pending execution of the renewal of PPA expired on March 31, 2019, till previous year, the Company has recognised revenue @ ₹ 3.14/kwh (previous PPA @ ₹ 3.69/kwh) based on the order issued by RERC vide its third amendment regulation dated 5th March 2019 for execution of the PPA to DISCOM for entire balance project life. The Company also recognized GBI at applicable rate @ 50 Paise/kwh. The Company has filed writ petition with Rajasthan High Court at Jaipur in this regard, which is still sub-judice.

During the year, effective 1st April'2022, the Company has recognised revenue @ ₹ 2.44/- kwh based on the RRECL letter approving the change of mode of sale of power of the project from REC Mechanism to captive use, which also referred the decision taken by the Co-ordination committee in its meeting held on 31 December 2021 for adjustment of power injected after expiry of PPA till change of mode.

Due to above, the differential amount of ₹ 437.52 Lakhs From ₹ 3.14/kwh to ₹ 2.44/kwh recognised from 01 April 2019 to 31 March 2022 and GBI recognised for the above period has also been reversed during the year and charged to the statement of Profit and loss.

In Subsidiary NJC Hydro Power Limited

We draw attention to Note-39(vi)(a) to the accompanying statement, the project of NHPL was on hold for quite some time due to suspension of environment clearance by Hon'ble National Green Tribunal and thereafter Wildlife Institute of India (WII) in its report has mentioned that project could not be undertaken at the project site.

As per directions of Hon'ble Supreme Court, arbitration notice was sent to Government of Arunachal Pradesh (GoAP) and have also indicated the name of arbitrator. Simultaneously, efforts were initiated to settle the issue by mutual negotiations.

As the project is not doable anymore, NHPL has decided not to implement the project and sought the refund of upfront premium of ₹ 2,546.80 Lakhs from GoAP invoking the clauses of MoA and presently the matter is under litigation with GoAP.

Accordingly, the Board of Directors of NHPL on dated 15th June, 2022 decided to write-off Capital Work-in-Progress (CWIP) including pre-operative expenses net of waiver of loan from Holding Company (Bhilwara Energy Limited (BEL)) and charged to the statement of profit & loss during the financial year 2022-23, except the upfront premium paid.

In Subsidiary ChangoYangthang Hydro Power Limited

We draw attention to Note-39(vii), the company has filed a letter for surrender of Chango Yangthang HEP (180MW) project in Himachal Pradesh and asked for the refund of Upfront premium of ₹ 3789.45 lakhs and Security Deposit of ₹ 180 lakhs with interest since the project is not executable purely on account

of various social-legal issues neither in the control of the company nor in the control of local administration/authorities. GoHP has formed a committee to deal with the issues of various projects which includes ChangoYangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed, in which the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW ChangoYangthang HEP and refused to co-operate on the issue of development of any project. During the meeting called for by the committee, CHYPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same.

In View of this, the company has reiterated its demand for refund of money along with the Interest and the management is confident of recovering the Upfront Fees and Security Deposit paid on account of surrender of project, in full. The upfront fee and security deposit as mentioned above have been grouped under Other Non-Current Assets (Note-14) and Non-Current(Other financial Loans)- Security Deposit (Note-12) respectively.

Other Matters

We did not audit the Ind AS financial statements of 6 Subsidiaries including a step-down subsidiary, whose financial statements reflect total assets of ₹ 2,75,714.93 Lakhs as at 31st March, 2023, total revenues of ₹ 49,371.17 Lakhs and net cash flows amounting to ₹ 36,968 Lakhs for the year ended on March 31, 2023, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and financial statements certified by the Management.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Holding Company's Board of Directors is responsible for the other information. The other information comprises the Director's report but does not include the consolidated financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The Board of Directors of the companies of the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, Holding Company's Board of Directors is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The Board of Directors of the companies of the group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing

our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books:

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2023 taken on record by the Board of Directors of the Holding Company, none of the directors of the Holding company incorporated in India is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of Group.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer Note-38 to the Consolidated Ind AS financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.
 - iv) (a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief as disclosed in note 52(vii). to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other

sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief as disclosed in note 52(viii), to the consolidated financial statements, no funds have been received by the Parent or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Based on the audit procedures that has been considered reasonable and

appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and by the subsidiary auditor of respective company included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in its CARO report except for comments on title deeds in a subsidiary company as refer to in our "**Annexure B**".

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Our reporting on the internal financial controls over financial reporting is not applicable in respect of one audited subsidiary incorporated outside India.

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls over financial reporting **Bhilwara Energy Limited** (hereinafter referred to as "the Holding Company") and its seven subsidiaries companies (including one step-down subsidiary, which are the Company incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company which is the company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance

Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary company which is the company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary company which is the company incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or

improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and the subsidiary company, which is the company incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 5 subsidiaries (including a step-down subsidiary), which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

1) In case of subsidiary AD Hydro Power Limited

Clause (i)(c) :-

a) Title deeds of Immovable Properties not held in the name of AD Hydro Power Limited

Details of all the immovable properties (other than properties where ADHPL is the lessee and the lease agreements are duly executed in favour of the lessee) whose title deeds are not held in the name of the company is as follows:

Relevant line in the Balance Sheet	Description of items of property	Gross carrying value	Title deeds held in the name of	Whether the title deed holder is a promoter, director or relative of # promoter/director or employee of promoter/director	Property held since which date	Reason for not being held in the name of the ADHPL
Freehold land located at Village Prini, District Kullu, Himachal Pradesh	2.2158 hectares	₹ 566.32 Lakhs	Concerned Landowners	No	The additional private land was purchased between 2005 to 2014	The land was purchased directly from the landowners as per clause 4.3(a) of Implementation Agreement by signing an Agreement to sell with each landowner. The additional private land was mainly purchased as per requirement during construction phase. The entire land is in possession of ADHPL. The process for obtaining permission from the State Govt. under section 118 of HP Tenancy & Land Reforms Act has been initiated. DC, Kullu and SDM, Manali has recommended the case for permission to the State Govt. Permission under said Act is awaited.
Freehold land located at Village Prini, District Kullu, Himachal Pradesh	0.5142 hectares	₹ 139.43 Lakhs	Concerned Landowners	No	During Construction Period	Land was used during construction period by giving one time compensation on lease basis for Tail Race Tunnel (“TRT”) works. The TRT work was underground, hence the rights and ownership remain with concern owners and no mutation will take place.

Notes to Financial Statements

for the Year Ended March 31, 2023 (Consolidated)

1. CORPORATE INFORMATION

Bhilwara Energy Limited-(BEL) is a public limited company incorporated on 17th May, 2006 under the Companies Act, 1956. BEL (holding company) together with its subsidiaries is hereinafter referred to as the 'Group'. Group is engaged in the establishment, operation and maintenance of power generating stations and tie- lines, sub-stations and main transmission lines connected therewith. Operation and maintenance of such power generating stations, tie-lines, sub- stations and main transmission lines as are assigned to it by the competent Government or Governments. Group has various projects under operation including 14 MW wind power project in Kolhapur (BEL), 86 MW hydro power project (MPCL), 192 MW Hydro power project (ADHPL), 20 MW wind project (BGWPL).

The subsidiaries considered in the consolidated financial statements are:-

Name of subsidiary/ step down subsidiaries	Legend	Country of Incorporation	Proportion of ownership as on March 31, 2023 (%)	Proportion of ownership as on March 31, 2022 (%)
1. Malana Power Company Limited	MPCL	India	51.00%	51.00%
2. AD Hydro Power Limited (100% subsidiary of MPCL)	ADHPL	India	51.00%	44.88%
3. BG Wind Power Limited	BGWPL	India	100.00%	100.00%
4. Indo Canadian Consultancy Services Limited	ICCSL	India	75.50%	75.50%
5. NJC Hydro Power Limited	NHPL	India	100.00%	100.00%
6. Chango Yangthang Hydro Power Limited	CYHPL	India	100.00%	100.00%
7. Balephi Jalvidhyut Company Limited, Nepal	BJCL	Nepal	95.86%	95.86%
8. Replus Engitech Private Limited	REPL	India	74.00%	-

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, Group, with effect from 1st April 2016, has adopted Indian Accounting Standards (the 'Ind AS') notified under the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) (Amended) Rules, 2016. The Group has prepared its consolidated financial statements in accordance with accounting standards as prescribed under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (referred to as 'Indian GAAP').

The consolidated financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

These consolidated financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair value, as explained in accounting policies.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group and its subsidiary as at March 31, 2023. Control is achieved when Group is exposed, or has right, to variable return from its involvement with the investee and has the ability to affect those returns through its power over the investee. Group re-assesses whether or not it controls an investee if facts and circumstances indicates that there are changes to one or more of the three elements of control.

Consolidation of a subsidiary begins when Group obtains control over the subsidiary and ceases when Group loses control of the subsidiary. Assets, Liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date Group gains control until the date Group ceases to control the subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statement in preparing the consolidated financial statements to ensure conformity with Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Group, i.e. year ended on 31st March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of Group and to the non-controlling interests, even if the results in the non-controlling

interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with Group accounting policies. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of Group are eliminated in full on consolidation.

Consolidation Procedure

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows to the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combination policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statement. Ind AS 12 Income tax applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

2.3 Summary of significant accounting policies

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least
- e) twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:-

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

i. Service Concession Arrangements

Management has assessed applicability of Appendix-A of IndAS-11: Service Concession Arrangements to power distribution arrangements entered into by the Group. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

ii. Arrangement to be classified as lease

Management has assessed applicability of Appendix-C of IndAS-17 Arrangement to be classified as Lease. In assessing the applicability to arrangements entered into by the company, management has exercised the judgment to evaluate the right to use the underlying asset, substance of the transaction including legally enforced arrangements and other significant terms and conditions of the arrangement to conclude whether the arrangement meets the criteria under Appendix-C to IndAS-17.

iii. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Group believes that the useful life best represents the period over which the Group expects to use these assets.

iv. Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Group as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the amount can be reliably measured.

Sale of Electricity

Revenue from sale of electricity is recognised on the basis of billable electricity (over and above free supply to HP State Government) scheduled to be transmitted to the customers, which approximates the actual electricity transmitted.

Consultancy services

Revenue comprises income received on account of consultancy fees for the services rendered and recognised on accrual basis.

Voluntary Emission Rights (VER)

Revenue is recognised as and when the VERs is sold and it is probable that the economic benefits will flow to the Group.

Carbon Credit Entitlement / Certified Emission Reductions (CER)

In process of generation of hydro-electric power, the Group also generates carbon emission reduction units which may be negotiated for price in international market under Clean Development Mechanism (CDM) subject to completing certain formalities and obtaining certificate of Carbon Emission Reduction (CER) as per Kyoto Protocol. Revenue from CER is recognised as and when the CER's are certified and ultimate collections are made for the same.

Generation Based Incentive

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Renewable Energy Certificate (REC)

Gross proceeds from sale of Renewable Energy Certificates (RECs) are recognized when all the significant risks and rewards of ownership of RECs have been passed to the buyer, usually on delivery of the RECs at actual rate of realization.

Sale of scrap

Revenue in respect of sale of scrap is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer.

Transmission lines

Revenue from transmission income is recognized on accrual basis

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment with mutual funds and others is recognized when the right to receive payment is established.

d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

i. In case of holding company

Depreciation on tangible fixed assets is provided on the straight-line-method (SLM) using the rate arrived at based on the useful lives prescribed under Schedule II to the Companies Act 2013. All assets costing 5,000 or below are fully depreciated in the year of addition.

Asset description	Useful Life
Plant & machinery	22 Years
Other equipment	05-10 Years
Computers and Equipment's	03-06 Years
Vehicle	08 Years
Furniture & fixtures	10 Years

ii. In case of MPCL & ADHPL

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013 except in case of roads which has been taken as 7 years based on technical evaluation. The Group has used the following rates to provide depreciation on its fixed assets.

Asset description	Useful Life
Other buildings	60 Years
Plant and machinery used in generation, transmission and distribution of power.	40 Years
Transmission lines	40 Years
Factory buildings	30 Years
Plant and equipment	15 Years
Furniture and fixtures	10 Years
Electrical installations	10 Years
Vehicles	08 Years
Computers and data processing equipment	03-06 Years
Office equipment	05 Years
Roads	10 Years
Software	03 Years

iii. In case of BG Wind

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013.

On Plant and Machineries (Wind Turbine Generator)

Since the company is registered with Indian Renewable Energy Development Agency Ltd. (IREDA) under Generation Based Incentive (GBI) Scheme depreciation has been provided on SLM basis @7.69% as prescribed under Operational Guidelines issued by IREDA, the Nodal Agency of Ministry of New & Renewable Energy (MNRE).

e) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years, except in case of BG wind where the expected useful life does not exceed 5 years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Inventory Valuation

Inventories comprising of components of stores and spares are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the Company is the lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

h) Impairment of Non-Financial Assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used. Impairment losses, including impairment on inventories, are recognised in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b. The asset's contractual cash flows represent SPPI.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Equity investments

All equity investments in scope of Ind AS-109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS-103 applies are classified as at FVTPL. For all other equity instruments, the group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from Group's consolidated balance sheet) when:

- a. The rights to receive cash flows from the asset have expired, or
- b. Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; And either (a) Group has transferred substantially all the risks and rewards of the asset, or (b) Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS-109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Financial assets that are debt instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS-17
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS-11 and Ind AS-18
- e. Loan commitments which are not measured as at FVTPL
- f. Financial guarantee contracts which are not measured as at FVTPL

The Group follows 'simplified approach' for recognition of impairment loss allowance on:-

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS-17

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises

impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 Months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 Months ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 Months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis. The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial Guarantee Contracts

Financial Guarantee Contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of debt instrument. Financial Guarantee Contracts are recognised initially as a liability at fair value, adjusted for transactions cost that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS-109 and the amount recognised less cumulative amortisation.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:-

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations.

If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Foreign currency translation

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

k) Retirement and other employee benefits

i. Provident fund and superannuation plans

Retirement benefits in the form of provident fund and superannuation plans are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

ii. Gratuity

Group's liabilities on account of gratuity on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (IndAS-19) 'Employee Benefits'. Gratuity liability is funded on year-to-year basis by contribution to respective fund.

The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

iii. Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

iv. Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

The Company presents its leave, gratuity as current and non-current based on the actuarial valuation.

l) Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. In the situations where the Group is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period.

Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Non-Current Asset held for Sale

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned.

The group treats sale/ distribution of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

n) Preoperative Expenses

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/ debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

o) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

p) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

q) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

r) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

s) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset.

The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

t) Fair Value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value

measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

u) Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

v) Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

Notes :

In case of BGWPL*

Impairment: The management has provided impairment of ₹ 1,000.00 Lakhs during the financial year 2017-18, based on fair market value determined by independent valuer.

In case of MPCL Consolidation

All the assets are owned by the Company except as mentioned otherwise.

- 1) Building, bridges and roads includes cost of road ₹ 1,357.41 Lakhs (Previous year ₹ 1,357.41 Lakhs) and written down value of ₹ 61.42 Lakhs (previous year ₹ 61.42 Lakhs) constructed on forest land diverted for the project.
- 2) Gross block of transmission line includes payment for 'Right to use' amounting to ₹ 5,295.79 Lakhs (Previous year ₹ 5,295.79 Lakhs) and accumulated depreciation of ₹ 1,668.64 Lakhs as on March 31, 2023 (including depreciation charged during the year of ₹ 131.35 Lakhs). 'Right to use' is an irrevocable perpetual right of use of land, but the ownership of the land does not vest with the ADHPL.
- 3) Land includes ₹ 2,999.04 Lakhs paid for 12.43 hectares land, out of which mutation for execution of 9.70 hectares in favour of the ADHPL has been completed. Apart from notified land, 2.73 hectares land has been acquired directly from the villagers and mutation is in progress.

Nature and Description of Reserve :
(i) Capital Reserve:-

Capital reserve is defined as a reserve of a corporate enterprise which is not available for distribution as dividend.

(ii) Securities Premium:-

Securities Premium is used to record the premium on issue of shares. The reserve can be utilised only in accordance with the provisions of the Companies Act, 2013.

(iii) Debenture Redemption Reserve:-

Where a company issues debentures, it is required to create a debenture redemption reserve for the redemption of such debentures. On redemption of the debentures for which the reserve is created, the amounts no longer necessary to be retained in this account need to be transferred to the General Reserve.

(ii) Retained earnings:-

Retained earnings constitute the accumulated profits earned by the company till date, less dividend (including dividend distribution tax) and other distribution made to shareholders.

Part-B: Associate and Joint Ventures

The Company does not have any Associate/Joint Venture Company.

38. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTENT NOT PROVIDED FOR)
I. Contingent Liabilities
(i) In case of holding company

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022
(a) Claims against the company not acknowledged as debt:	-	-
(b) Guarantees excluding financial guarantees and	-	-
(c) other money for which the company is contingently liable		
Corporate Guarantee in favour of Raghav Commercial Limited for the term loan availed by BG Wind Power Limited* #	2,850.00	2,850.00
Corporate Guarantee in favour of Purvi Vanijya Niyojan Limited for term loan availed by BG Wind Power Limited ** #	4,300.00	4,300.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in Bhilwara Green Energy Limited (BGEL) ***	3,000.00	3,000.00
Indemnity to Hero Wind Energy Pvt. Ltd. Related to sale of Investment in LNJ Power Venture Limited (LNJPVL) ****	1,000.00	1,000.00

*The Company has provided corporate guarantee in favour of Raghav Commercial Limited for the term loan of ₹ 2,850.00 Lakhs (previous year ₹ 2,850.00 Lakhs) availed by wholly owned subsidiary M/s BG Wind Power Limited.

**The Company has provided corporate guarantee in favour of Purvi Vanijya Niyojan Limited for the term loan of ₹ 4,300.00 Lakhs (previous year ₹ 4,300.00 Lakhs) availed by wholly owned subsidiary M/s BG Wind Power Limited.

on subsequent transfer of M/s BG Wind Power Limited to RSWM Limited on dated 6th April 2023, the Corporate Guarantee is no longer subsist pursuant to quadripartite agreement executed with lenders of BG Wind Power Limited.

Share Purchase Agreement of the Company with M/s Hero Wind Energy Private Limited

***The company has signed Share Purchase Agreement (SPA) on 25th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s Bhilwara Green Energy Limited (BGEL). In SPA, company has given indemnity to Hero for losses imposed on, sustained, incurred or suffered by or asserted against Hero, the indemnity value as on date is ₹ 3,000.00 Lakhs.

****The company has signed Share Purchase Agreement (SPA) on 18th October 2017 (Closing Date) with M/s Hero Wind Energy Private Limited (Hero) for sale of its entire equity stake in M/s LNJ Power Ventures Limited (LNJPVL). In SPA, company has given indemnity to Hero, the indemnity value as on date is ₹ 1,000.00 Lakhs.

Note- Since the loss allowance was estimated to be nil, the guarantee is not recognized in the books.

(ii) In case of MPCL

a) Claims against the MPCL raised by income tax authorities amounting to ₹ 213.87 Lakhs (Previous year ₹ 213.87 Lakhs). No provision is considered necessary since the MPCL expects favorable decisions.

b) On April 27, 2019, the MPCL received a provisional net demand of ₹ 8,069.00 Lakhs (Previous year ₹ 8,069.00 Lakhs) in relation to wheeling charges for the period April 01, 2008 to March 31, 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC). In this regard, the MPCL has paid under protest an amount of ₹ 2,817.00 Lakhs (Previous year ₹ 2,817.00 Lakhs). The MPCL had filed an appeal before Appellate Tribunal for Electricity (APTEL) on April 24, 2019, at New Delhi, which is pending adjudication with APTEL.

During the current year, HPERC vide Order dated 30th November 2022 determined the voltage wise wheeling charges for the period July 01, 2019 to October 31, 2022. Based on the legal opinion obtained, the MPCL is of the view that APTEL will adopt the same analogy for determination of wheeling charges for the period April 1, 2008 to March 31, 2019, considering the same, there might be high likelihood of final orders with wheeling charges at least in the range of tariff rates announced for the period July 01, 2019 to October 31, 2022, the MPCL has created additional provision amounting ₹ 377.00 Lakhs (Previous year ₹ Nil) during the year related to wheeling charges on or before June 30, 2019.

Based upon the legal opinion, the MPCL is of the view that the demand for the period April 01, 2008 to March 31, 2019 is not legally tenable and would not result in any further material liability on the MPCL.

(iii) In case of ADHPL*

Particulars	(₹ in Lakhs)	
	As at March 31, 2023	As at March 31, 2022
Claims against ADHPL not acknowledged as debt:		
- Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	1,459.58	1,459.58
- Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	1,427.00	1,427.00
- Demand raised by Directorate of fisheries. Himachal Pradesh (refer note (c) below)	64.75	64.75
- Demand of lease rentals by Himachal Pradesh Govt. for diverted forest land (refer note (f) below)**	-	2,611.90

* AD Hydro Power Limited (ADHPL) believes that these claims/demands are not probable to be decided against ADHPL and therefore, no provision for the above is required.

** (Malana Power Company Limited) the demand lease rentals for diverted forest land has been withdrawn by Government.

a) During the financial year 2012-2013, the Cess Assessing Officer vide order dated January 23, 2013 had raised a demand of ₹ 1459.58 Lakhs on the ADHPL under the Building & Other Construction Workers Welfare Cess Act, 1996 ("BOCW Act") for the period from January 01, 2005 to July 31, 2012. The ADHPL is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 08, 2008 to July 01, 2010 (i.e from the date when the rules were notified and up to the date when factory license was granted to the ADHPL). In view of this, there is no question of payment of Cess prior to December 8, 2008 as demand has no justification or legal sanctity. The amount so determined based on the ADHPL's view has been already paid and provided for in the books of accounts. The ADHPL had filed a writ petition before the High Court of Himachal Pradesh for the above said demand. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand. The matter is presently pending for adjudication with no fixed date.

Pending any further directions by the High Court and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

b) During the year ended March 31, 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹ 1,427.00 Lakhs on the ADHPL towards Local Area Development Fund (LADF) which was determined considering 1.5% of the final cost of the project of the ADHPL of ₹ 1,60,700.00 Lakhs. The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed

@ 1.5% of the total capital cost as reflected in Detailed Project Report of the ADHPL i.e. ₹ 92,200.00 Lakhs in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by the ADHPL aggregating to ₹ 1,423.00 Lakhs. Had there been considered/computed appropriately, the above demand would not arise. Management is of the view that the ADHPL has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.

- c) During the year ended March 31, 2013, the Department of Fisheries directed the ADHPL to pay an amount of ₹ 100.00 Lakhs for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. The ADHPL had filed a Writ Petition in the Hon'ble High Court of Himachal Pradesh against the said demand and based on the directive of Hon'ble High Court of Himachal Pradesh has deposited ₹ 35.00 Lakhs to Department of Fisheries.

Management is of the view that the ADHPL is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required. However, the ADHPL had written off the deposit amount as there is no movement in this case for more than 5 years and has disclosed the balance of ₹ 64.75 Lakhs as contingent liabilities.

- d) The ADHPL is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against the ADHPL is remote and thus these cases will not have any material impact on the financial statements and no provision is required.
- e) On December 24, 2021, the ADHPL has received a demand of ₹ 5,833.00 Lakhs from Central Transmission Utility of India Limited ("CTUIL") in relation to relinquishment charges for surrender of Long Term Access rights with Power Grid Corporation of India Limited, which in the opinion of the ADHPL, is not in accordance with the methodology specified by the CERC vide Order dated March 08, 2019 in petition no. 92/MP/2015.

Based on consideration of the information available till date, the ADHPL had computed the relinquishment charges as per methodology specified by aforesaid order, along with interest, amounting to ₹ 1,632.09 Lakhs and has provided for in the books of account during the previous year.

Based on the management's assessment, no additional provision is required.

(iv) In case of BGWPL

- (a) BG Wind Power Limited has provided a bank guarantee for ₹ 8.00 Lakhs through Manikaran Analytics Limited - QCA to SLDC for Deviation Settlement Mechanism (DSM) as per RERC regulation for Forecasting and scheduling. There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard-37 as it is not probable that an outflow of resources embodying economic benefit will be required.

(v) In case of ICCSL

As per information available with the management there is no contingent liability as at March 31, 2023. However company has provided a bank guarantee in favour of Adani Green Energy Limited of ₹ 8.00 Lakhs on 03rd April 2023.

(vi) In case of NHPL

As per the information available from the management, as certified by them, there is no contingent liability as at March 31, 2023.

(vii) In case of CHYPL

As per information available with the management there is no contingent liability as at March 31, 2023.

II. Commitments

(i) In case of MPCL

- a) Malana Power Company Limited has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura substation to Nalagarh (i.e. interstate point - substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- b) Malana Power Company Limited does not have any other long term commitments of material non-cancellable contractual commitments/contracts including derivatives contract for which there were any material foreseeable losses.

(ii) In case of ADHPL

- a) AD Hydro Power Limited had entered into Bulk Power Transmission Agreement with Power Grid Corporation of India Limited (Power grid) to avail long term open access to the transmission system of Power grid for transfer of power from Allain Duhangan HEP to Northern Region Constituents. The ADHPL has agreed to share and pay all the transmission charges of Power grid for a period of 40 years from Commercial Operation Date i.e. July 29,

2010. This is being a firm commitment, recognized as an expense on receipt of monthly bills from Power grid, under the head 'Bulk power transmission charges' in the Statement of profit and loss. However, during the previous year, the ADHPL had relinquished the Agreement. Besides, in accordance with implementation agreement with Government of Himachal Pradesh (GOHP), the company shall provide 12% of its deliverable energy free of cost to GOHP. [Refer Note 29.1 (f) of MPCL Consolidated].

- b) AD Hydro Power Limited has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. The ADHPL does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.

(iii) In case of ICCSL

There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard-39 as it is not probable that an outflow of resources embodying economic benefit will be required.

(iv) In case of NHPL

Estimated amount of contracts remaining to be executed on capital account and not provided for as on the date of balance sheet (net of advances) are ₹ Nil (previous year ₹ Nil).

Estimated amount of contracts remaining to be executed on other than capital account and not provided for (net of advance) ₹ Nil (previous year ₹ Nil).

39. OTHER DISCLOSURES:

(i) In case of holding company

- a) Balephi Jalvidhyut Company Limited, overseas subsidiary of the company incorporated to erect Balephi HEP 50 MW (down sized to 23.52 MW) hydro power plant in Nepal. During the year 2017-2018, the company has entered into share purchase agreement with its joint venture partner M/s. Triveni Hydro Power Private Limited, Nepal dated 8th January 2018 to sell its entire 25,60,000 equity shares for consideration of ₹ 625.00 Lakhs (Nepali 100,093,750) as against its total investment of ₹ 1,600.00 Lakhs. The due date for sale was 30th June 2018, which was extended till 30th June 2019, subject to receipt of requisite approval by Nepali Party. The transaction of sale of share of Balephi has not yet materialized.

Therefore, the Company has made a total impairment of ₹ 1,471.61 Lakhs (Previous year impairment of ₹ 1,471.61 Lakhs) for diminution in value of investments.

(ii) In case of BGWPL:

- a) Pending execution of the renewal of PPA expired on March 31, 2019, till previous year the BGWPL has recognised revenue @ ₹ 3.14/kwh (previous PPA @ ₹ 3.69/kwh) based on the order issued by RERC vide its third amendment regulation dated 5th March 2019 for execution of the PPA to DISCOM for entire balance project life. GBI also taken at applicable rate @ 50 Paise/kwh. In the meantime, the Company has filed writ petition with Rajasthan High Court at Jaipur in this regard.

During the year, effective 1st April'2022 the BGWPL has recognised revenue @ 2.44/- kwh based on the change of mode of project from REC Mechanism to captive use vide letter no. Rajkaj Ref no. 3270407. Also refer to the decision taken by the Co-ordination committee in its meeting held on 31 December 2021 vide Ref No. RREC/REC/2021-22/D4818 dated 08 February 2022.

Due to change of mode from REC Mechanism to captive use, the differential of revenue from ₹ 3.14/kwh to ₹ 2.44/kwh recognise from 01 April 2019 to 31 March 2022 and GBI recognised for the above period has also been reversed during the financial year and charged to the statement of Profit and loss.

- b) Subsequent Event on transfer of shares to RSWM Limited. The 100% shares of the company held by Bhilwara Energy Limited has been transferred to RSWM Limited on dated 06 April 2023.

c) Operating Leases arrangements

Operating lease relate to lease of land (Wind farm for 20 MW) with a term of 19 years 11 months. During the financial year Company has recognize lease rent expense of ₹ 2.34 Lakhs (previous year ₹ 2.34 Lakhs).

(iii) In case of MPCL:

- a) In the earlier years, in respect of 200 MW Bara Banghal project in state of Himachal Pradesh for which the MPCL had bid and paid an upfront premium of ₹ 6,120.00 Lakhs. The MPCL had decided to shelve off the project as the State Hydro Power Policy was not aligned with Ministry of Environment and Forest (MOEF) Policy of Government of India which prohibits the implementation of a hydro power project in wild life /eco sensitive zone areas. In view of this, the MPCL had filed a full amount of refund claim along with interest as per the terms and conditions of the pre-implementation agreement.

The management had assessed that the amount was recoverable in full. The management had made a provision of 50% of the upfront premium i.e. ₹ 3,060.00 Lakhs and ₹ 681.84 Lakhs which was paid towards consultancy and other expenses was also provided for in the earlier years. The provision was made as the management expected

that the settlement will take long time. On April 06, 2022, the MPCL has received ₹ 6,120.00 Lakhs as full and final settlement from the Government of Himachal Pradesh. Hence, the provision of ₹ 3,060.00 Lakhs had been reversed in the previous year and the provision of ₹ 681.84 Lakhs had been written off during the previous year.

- b) The Board of Directors of the MPCL in its meeting held on August 02, 2022 and November 01, 2022 had declared an interim dividend of ₹ 5.60 and ₹ 3.00 per equity share of face value ₹ 10.00 per share amounting to ₹ 8,261.44 Lakhs and ₹ 4,425.77 Lakhs respectively.
- c) Effective April 01 2019, the Group adopted Ind AS 116 "Leases", applied to all lease contracts existing on April 01, 2019, on the date of transition, using modified retrospective approach and has taken the cumulative adjustment to retained earnings on the date of initial application. The cumulative effect of applying the standard on retained earnings as of April 1, 2019 and on the profit for the current period and earnings per share is insignificant. Certain assets which are classified under Property, Plant and Equipment, includes Right-of-use asset (ROU) aggregating to ₹ 3,761.42 Lakhs as at April 01, 2019 as disclosed in Note 3. (MPCL Consol)
- d) On August 01, 2022, the MPCL has purchased the entire 12% stake i.e. 6, 71, 97,201 Equity Shares held by International Finance Corporation, Washington (IFC) in AD Hydro Power Limited for a consideration of ₹ 10,253.95 Lakhs at ₹ 15.26 per share.

e) Investment in Subsidiary and Loan to Subsidiary (ADHPL)

- i. The MPCL has investment amounting to ₹ 1,09,480.62 Lakhs (including Deemed Equity investment) in AD Hydro Power Limited (Subsidiary Company of MPCL) as on March 31, 2023. As against this, net assets of the ADHPL as on March 31, 2023 is ₹ 1,26,288.00 Lakhs. Considering the ADHPL's financial performance and taking into consideration, the future projections and expected future cash flows from ADHPL's operations, the management is of the view that there is no impairment indicator in respect to the above investments and unsecured loans and hence are considered entirely recoverable.
- ii. During the year ended March 31, 2009, the MPCL had given sub debt to ADHPL amounting to ₹ 46,380.00 Lakhs at market interest rate which was classified as Loans on transition to Ind AS based on intention of the parties at that point of time. During the prior years, the MPCL and ADHPL mutually agreed to modify the terms of repayment of sub debt of ₹ 31,780.00 Lakhs and accumulated interest of ₹ 23,396.00 Lakhs on total debt whereby no further interest will be charged on these amounts from April 01, 2020. Further, at the discretion of ADHPL, ADHPL can repay ₹ 31,780.00 Lakhs and ₹ 23,396.00 Lakhs out of distributable profits of ADHPL and can be paid only after making dividend payments to the equity shareholders or as per the agreement signed between the MPCL, ADHPL and IFC.

Based on the above modification, the MPCL has derecognized the loan asset and accumulated interest receivable and transferred the balances to investment in ADHPL as presented under "Deemed Equity Investment." The waiver of interest and modification of terms of the sub debt are not prejudicial to the interest of the MPCL considering the parent and subsidiary relationship.

During the year ended March 31, 2022, ADHPL has suo moto repaid ₹ 5,245.13 Lakhs from deemed equity.

(iv) In case of ADHPL:

a) Impairment of Property, Plant and Equipment's

As on March 31, 2023, the ADHPL has net worth of ₹ 1,26,288.00 Lakhs (Previous Year ₹ 1,06,087.78 Lakhs) and accumulated profits of ₹ 20,343.00 Lakhs as at March 31, 2023 (Previous Year accumulated profits amounting ₹ 141.74 Lakhs). Based on nancial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel, management believes that prots will continue to accrue on account of expected increase in tariff and there are no impairment indicators and hence no adjustments are required to the carrying value of property, plant and equipment on account of impairment and the ADHPL will have sufficient cash flow to meets its future obligations.

b) Dispute related to parties using the transmission line

During the earlier years, the ADHPL had raised invoices to the parties using the dedicated transmission system of the ADHPL based on capital cost of ₹ 41,661.00 Lakhs in terms of Interim Agreement entered into by the parties. However subsequently the capital cost had been challenged by one of the Parties and Central Electricity Regulatory Commission ('CERC') approved the capital cost of Transmission System at ₹ 23,892.00 Lakhs as against the capital cost submitted by the ADHPL of ₹ 41,661.00 Lakhs [on the date of commercial operation date ("COD")]/ ₹ 45,284.00 Lakhs (with additional capitalization).

The management is of the view that the methods used to derive the capital cost by the CERC are not in accordance with the Tariff Regulations of CERC itself. Therefore, the MPCL had filed an appeal against the CERC Order before Appellate Tribunal (APTEL) in October 2019, which is yet to come for final hearing.

However during the current year, in another proceeding, APTEL, vide order dated October 31, 2022, declared the transmission system of ADHPL as deemed Inter State Transmission System ('ISTS system') with retrospective effect and remanded the case to CERC for calculation of transmission tariff based on point of connection ("POC") mechanism. Under this mechanism, based on the management assessment supported by opinion of legal counsel, the management is of the view that the MPCL will not be subject to any further liability.

c) Title deeds of Immovable Properties not held in the name of AD Hydro Power Limited

Details of all the immovable properties (other than properties where ADHPL is the lessee and the lease agreements are duly executed in favour of the lessee) whose title deeds are not held in the name of the company is as follows:

Relevant line in the Balance Sheet	Description of items of property	Gross carrying value	Title deeds held in the name of	Whether the title deed holder is a promoter, director or relative of # promoter/director or employee of promoter/director	Property held since which date	Reason for not being held in the name of the ADHPL
Freehold land located at Village Prini, District Kullu, Himachal Pradesh	2.2158 hectares	₹ 566.32 Lakhs	Concerned Landowners	No	The additional private land was purchased between 2005 to 2014	The land was purchased directly from the landowners as per clause 4.3(a) of Implementation Agreement by signing an Agreement to sell with each landowner. The additional private land was mainly purchased as per requirement during construction phase. The entire land is in possession of ADHPL, The process for obtaining permission from the State Govt. under section 118 of HP Tenancy & Land Reforms Act has been initiated. DC, Kullu and SDM, Manali has recommended the case for permission to the State Govt. Permission under said Act is awaited.
Freehold land located at Village Prini, District Kullu, Himachal Pradesh	0.5142 hectares	₹ 139.43 Lakhs	Concerned Landowners	No	During Construction Period	Land was used during construction period by giving one time compensation on lease basis for Tail Race Tunnel ("TRT") works. The TRT work was underground, hence the rights and ownership remain with concern owners and no mutation will take place.

d) AD Hydro Power Limited did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

e) There are no amounts that are due to be transferred to Investor Education and Protection Fund in accordance with the relevant provisions of the Companies Act, 2013 and rules made thereunder.

(v) In case of ICCSL:

a) Retention and Earnest money deposit amounting to ₹ 28.58 Lakhs (previous year ₹ 28.58 Lakhs) is outstanding for recovery from various parties since long. However, the management is hopeful to recover this amount and no provision has been considered at present.

b) Security Deposit amounting to ₹ 39.60 Lakhs (previous year ₹ 4.10 Lakhs), Out of the above ₹ 4.00 Lakhs is outstanding for recovery / adjustment since 2012. However, the management is hopeful to recover this amount and no provision has been considered at present.

c) In the opinion of the Management and to the best of their knowledge and believe, the value on realization of current assets, Loan & Advances in the ordinary course of business would not be less than the amount at which they are stated in the Balance Sheet.

d) Balance of Trade Receivable / Payable Loans / Advances are subject to confirmation.

e) In F.Y 2011-12, PF Deposit systems were shifted to online mode from Manual submission mode. During March'12 & April'12, ICCSL has deposited the Employee's Contribution as well as its own contribution in EPFO but due to some technical issues those contributions were not reflected in the respective employees EPFO accounts. ICCSL raised the matter continuously with the EPFO authorities, as a result during financial year 2018-19, PF authorities returned the amount pertaining to above said period to ICCSL with stipulation that the ICCSL will redeposit the amount in respective employee's EPFO A/c.

Further, the ICCSL has created the liability in its books of account against the amount of EPF received from PF authority and redeposited the contribution to the extent it can trace the retrenched employees. In addition to above, there is Contribution amounting to ₹ 2.44 Lakhs which is still pending to deposit on account of non-traceability of past employees.

f) The ICCSL Assessment for A.Y. 2011-12 to A.Y. 2016-17 u/s 153(A) and A.Y. 2017-18 u/s 143(3) has been completed during the previous year 2018-19. The ICCSL has filed the appeal with Commissioner Appeal for A.Y. 2012-13, A.Y. 2013-14, A.Y. 2014-15 & A.Y. 2017-18 against the impugned order of the Deputy Commissioner of Income Tax passed u/s 153(A) of the Income Tax Act. The CIT appeal had passed the order dated 30.04.2019 in favour of the ICCSL, the refund for the A.Y. 2014-15 had been received. During the FY 2022-23 ICCSL received

refund order for AY 2011-12 and AY 2016-17, now only ₹ 5.55 Lakhs is outstanding in TDS amount pertaining to previous years on or before AY 2016-17. TDS receivable amount pertaining to these assessment years are not adjusted by the ICCSL in the books of accounts.

(vi) In case of NHPL:

- a) The project of NHPL is on hold for quite some time due to suspension of environment clearance by Hon'ble National Green Tribunal and thereafter Wildlife Institute of India (WII) in its report has mentioned that project could not be undertaken at the project site.

As per directions of Hon'ble Supreme Court, arbitration notice was sent to GoAP and have also indicated the name of arbitrator. Simultaneously, efforts were initiated to settle the issue by mutual negotiations.

As the project is not doable any more, NHPL has decided not to implement the project and sought the refund of upfront premium of ₹ 2,546.80 Lakhs from GoAP invoking the clauses of MoA and presently the matter is under litigation with GoAP.

Accordingly, the Board of Directors of NHPL on dated 15th June 2022 decided to write-off Capital Work-in-Progress (CWIP) including pre-operative expenses net of waiver of loan from Holding Company (Bhilwara Energy Limited (BEL)) and charged to the statement of profit & loss (shown under exceptional items) during the year except the upfront premium paid.

- b) The Information as required to be disclosed under The Micro, Small and Medium Enterprises Development Act, 2006 ("The Act") have been determined to the extent such parties have been identified by the company, on the basis of information and records available with them. The information has been relied upon by the auditors.

c) Impairment review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the NHPL at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets.

The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations:-

- Operating margins (Earnings before interest and taxes)
- Discount rate
- Growth rates
- Capital expenditures

- d) The Board of NHPL in their meeting held on 07th February 2023 has approved the reduction of share capital of the company from present level of ₹ 10,000.00 Lakhs divided into ₹ 1,000.00 Lakhs equity shares of ₹ 10.00 each fully paid-up to ₹ 5.00 Lakhs divided into 50,000 equity shares of ₹ 10.00 each fully paid-up of the NHPL by cancellation and extinguishment of issued, subscribed and paid-up equity share capital of ₹ 9,995.00 Lakhs. This was subsequently approved by the shareholders of the NHPL in their meeting held on 24th February 2023.

The Petition for the Reduction of Share Capital has been filed before the NCLT on March 13, 2023. Presently, it's under process.

(vii) In case of CHYPL:

- a) The Board, in order to realign the relation between assets and share capital of the Company and to accurately and fairly reflect the assets and liabilities of the Company in its books of accounts and for better presentation of the financial position of the Company, decided to reduce its share capital from ₹ 10.00 per share to ₹ 5.00 per share and accordingly filed an application with NCLT after getting requisite approval from the shareholders in the Extra Ordinary General Meeting held on 15th December, 2017.

The Hon'ble NCLT vide its order dated 08th August, 2018 approved the reduction of paid up share capital ₹ 6,000.00 Lakhs divided into 600.00 Lakhs share of ₹ 10.00 each to ₹ 3,000.00 Lakhs divided into 600.00 Lakhs share of ₹ 5.00 each.

b) Material Uncertainties relating to going concern

The CYHPL has written off Capital Work in progress during the financial year 2017-2018 ₹ 2,713.18 Lakhs on account of board decision to surrender the Chango Yangthang HEP (180 MW) project to Directorate of Energy, Government of Himachal Pradesh due to the below main reasons/events.

Delay and uncertainty in project execution

Local Unrest - The CYHPL has closed the project office and stop all site activities again due to continuous unrest from the local villagers and habitants from the villages of Project Area. Security and safety issues of the employees and other assets of the company have also become important now.

Protests & representations by the local panchayats and Sangharsh Samiti are continued.

The State Pollution Control Board has not been able to conduct the public hearing for the project in last two years despite the completion of all formalities from our side.

Long Delay in Government Approvals and licenses lapse

The proposal for forest clearance lying pending with the office of the Nodal Officer, State Forest Department, Shimla for want of FRA Certificates for almost two & half years.

The applications for NOC from Ministry of Home Affairs was submitted by us to Government of Himachal Pradesh vide our letter dated July 27, 2011.

It's a border area project and requires the clearance from Ministry of Defence, Government of India. The application for NOC from Ministry of Defence was filed on December 20, 2012 TEC and TOR from MoEF has expired or is expiring shortly.

Since the project is not to be executed purely on account of various social-legal issues neither in the control of the CYHPL nor in the control of local administration/authorities, the company requested for refund of security deposit and upfront premium paid for the project amounting to ₹ 3,969.45 Lakhs. In response to the request dated February 01, 2018 the Government has not considered the request of Company for surrender of the Project and refund of the Premium and Security. However, GoHP mentioned that the CYHPL can apply for the extension in time lines without levy of the extension fees till the ground situation become favorable towards implementation of Hydro Electric Projects. The CYHPL on February 16, 2018 has reaffirmed their intention and asked the Authorities for their decision on application of surrender of the project since the project is not to be executed purely on account of various social-legal issues neither in the control of the CYHPL nor in the control of local administration/authorities.

GoHP vide Notification dated November 03, 2018 has formed a committee to deal with the issues of various projects which includes Chango Yangthang Hydro Power Limited (CYHPL). On the direction of GoHP, a public meeting was conveyed on November 14, 2018 which was attended by various villagers of the project affected area, officials of DoE, District administration and CYHPL.

During the meeting, the villagers categorically refused for development of any Hydro Electric project in the Hangrang valley including 180 MW Chango Yangthang HEP and refused to co-operate on the issue of development of any project. The said committee discussed the Sutlej Valley projects on February 18, 2019 which included CYHPL. During the meeting CYHPL categorically refused to execute the project in view of severe local issue and lapse of clearances for the project. Committee has noted the same. This CYHPL was incorporated as a Special Purpose Vehicle for above said 180MW HEP project and is a wholly owned subsidiary of Bhilwara Energy Limited (BEL) with no external debt.

(viii) In case of BJCL, Nepal:

a) Going Concern

The Financial Statements are prepared on the assumption that the BJCL is a going concern.

b) Current (Income) Tax

Provision for current (income) tax is recognised as per applicable provisions of Income Tax Act 2058 & Rules, 2059 along with amendments that are applicable in particular income year.

c) Exchange rate

Transactions in foreign currency are recognized at the exchange rates prevailing on the date of transactions. All monetary items in balance sheet which are required to be settled in foreign currency are translated applying exchange rates prevailing on the balance sheet date.

d) Pre-operating expenses have been booked in expenses pertaining to capitalization since the company is in construction phase and it will be capitalized accordingly at the same time as the power production will commence.

e) Mr. Trilock Chandra Agrawal, Mr. Subhash Chandra Sanghai & Mr. Ashok Kumar Agrawal has given personal Bank Guarantee of ₹ 88.50 Lakhs through Sunrise Bank to Nepal Electricity Authority on behalf of company for the PPA purpose.

40. The company is operating 14 MW (7 WTGs of 2 MW each) wind power project in Maharashtra since March 2014. The Power generated from this project is being sold to Maharashtra State Distribution Company Limited (MSEDCL) on long term Power Purchase Agreement (PPA) for 13 years. The agreement can be renewed or extended only by mutual written agreement with the parties.

41. RELATED PARTY DISCLOSURES

a) Enterprises that directly or indirectly through one or more intermediaries, control or are controlled by or are under common control with the reporting enterprise (this includes holding companies, subsidiaries and fellow subsidiaries).

i.	Malana Power Company Limited (MPCL)	- Subsidiary
ii.	AD Hydro Power Limited (ADHPL)	- Subsidiary of a fellow Subsidiary(MPCL)
iii.	Indo Canadian Consultancy Services Limited (ICCSL)	- Subsidiary
iv.	BG Wind Power Limited (BGWPL)	- Subsidiary
v.	NJC Hydro Power Limited (NHPL)	- Subsidiary
vi.	Chango Yangthang Hydro Power Limited (CYHPL)	- Subsidiary
vii.	Balephi Jalvidhyut Company Limited, Nepal (BJCL)	- Subsidiary
viii.	Replus Engitech Private Limited. (REPL)	- Subsidiary (w.e.f 06 th March 2023)

b) Associates and joint ventures of the reporting enterprise and the investing party or venture in respect of which the reporting enterprise is an associate or a joint venture.

- i. HEG Limited
- ii. Statkraft Holding Singapore PTE Limited
- iii. Statkraft Market Private Limited, India
- iv. Statkraft Invest Asia Pte. Limited, Singapore
- v. Statkraft India Private Limited
- vi. RSW Inc.

c) Individuals owning directly or indirectly, an interest in the voting power of the reporting enterprise that gives them control or significant influence over the enterprise, and relatives of any such individual.

- i. Mr. Ravi Jhunjunwala
- ii. Mr. Riju Jhunjunwala
- iii. Mr. Rishabh Jhunjunwala
- iv. Mrs. Rita Jhunjunwala

d) Key Management Personnel and their relatives

In case of holding companies:

i.	Mr. Ravi Jhunjunwala	- Chairman
ii.	Mr. Riju Jhunjunwala	- Managing Director
iii.	Mr. Rishabh Jhunjunwala	- Managing Director
iv.	Mr. Krishna Prasad	- Chief Financial Officer
v.	Mr. Ravi Gupta	- Company Secretary

In case of subsidiaries:

- i. Mr. O.P. Ajmera (Director in NHPL, CYHPL, BGWPL & ICCSL and Executive Director, CEO and CFO in MPCL and Director, CFO in ADHPL)
- ii. Mr. Pankaj Kapoor (Manager, ADHPL)
- iii. Mr. Arvind Gupta (Company Secretary, MPCL & ADHPL), Cessation on 01st March 2023
- iv. Mr. Ankur Vijay (Company Secretary, MPCL & ADHPL), w.e.f. May 01, 2023
- v. Mr. Ravi Gupta (Company Secretary, NHPL) - Cessation on 1st May 2023
- vi. Mr. Krishna Prasad (Chief Financial Officer, NHPL)
- vii. Mr. Sushil Kumar (Chief Financial Officer, CYHPL)
- viii. Mr. Pradeep Kumar Sharma (Manager, CYHPL)
- ix. Mr. Naveen Kumar Vaid (Company Secretary, CYHPL) - w.e.f. 29th April 2022
- x. Mr. Rahul Sharma (Chief financial Officer, BGWPL)
- xi. Mrs. Poonam Gupta (Manager, BGWPL)-w.e.f. 29th October 2021
- xii. Mr. Naveen Kumar Vaid (Company Secretary, BGWPL) - w.e.f. 07th May 2022
- xiii. Mr. Jainender Kardam (Manager, NHPL) - Cessation on 31st December 2021
- xiv. Mrs. Kakoli Sengupta (Manager, BGWPL) - Cessation on 30th April 2021
- xv. Mr. Amit Chauhan (Company Secretary, CYHPL) - Cessation on 25th August 2021
- xvi. Mr. Naveen Kumar Vaid (Company Secretary, CYHPL) - Cessation on 06th May 2022
- xvii. Mr. Ravi Gupta (Company Secretary, CYHPL)-w.e.f. 02nd May 2023
- xviii. Mr. Hiren Pravin Shah (Director & CEO, REPL)
- xix. Mr. Ankur Khaitan (Non-Executive Director, REPL)
- xx. Mr. Ankit Kanchal (Non-Executive Director, REPL)

e) Enterprises over which any person described in (c) or (d) is able to exercise significant influence.

- i. RSWM Limited (RSWML)
- ii. HEG Limited (HEGL)
- iii. Maral Overseas Limited(MOL)
- iv. BMD Private Limited(BMD)
- v. Bhilwara Technical Textiles Limited(BTTL)
- vi. Bhilwara Info Technology Limited(BITL)
- vii. Bhilwara Services Private Limited(BSPL)
- viii. BSL Limited(BSL)
- ix. LNJ Financial Services Limited(LNJFSL)
- x. Investors India Limited(IIL)

f) Trust under common control

- i. Malana Power Company Limited Employees Gratuity Trust
- ii. Malana Power Company Limited Sr. Executive Company Superannuation Scheme Trust
- iii. AD Hydro Power Limited Employees Group Gratuity Trust
- iv. AD Hydro Power Limited Sr. Executive Company Superannuation Scheme Trust

Employer's Contribution to NPS fund	3.02	-
Total	20.65	15.02

II. In case of MPCL Consol:

i. Defined contribution plan

a. Superannuation Fund

The Group makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Group. The Group does not carry any further obligations, apart from the contributions made on a monthly basis. The Group has recognized ₹ 19.00 Lakhs (previous year ₹ 13.60 Lakhs) in the MPCL Consolidated statement of profit and loss account. (Refer Note 23 MPCL Consol).

b. Provident Fund

The Group makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme the group is required to contribute a specified percentage of the payroll costs to fund the benefits. The group recognized ₹ 127.00 Lakhs (previous year ₹ 119.79 Lakhs) in the MPCL consolidated statement of profit and loss account. (Refer note 23 MPCL Consol)

ii. Details of defined benefit plan and long term employee benefit plan

a. Gratuity Fund

The Group has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the group. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognized insurer managed funds in India. The group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

b. Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

III. In case of ICCSL:

Defined benefit plan

Disclosures including sensitivity analysis in respect of gratuity and leave encashment have been made as per the valuation of employee benefit done for the year ended March 31, 2023.

45. FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analysis in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

I. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

i. Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

Particulars	(₹ in Lakhs)	
	As at March 31, 2023	As at March 31, 2022
Variable rate borrowings	6,421.77	9,295.81
Fixed rate borrowings	224.01	7,778.64
Total	6,645.78	17,074.45

ii. Sensitivity*

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2023 and March 31, 2022.

Particulars	(₹ in Lakhs)	
	As at March 31, 2023	As at March 31, 2022
Effect on Profit if Interest Rate - decrease by 25 basis points	11.38	16.47
Effect on Profit if Interest Rate - increases by 25 basis points	(11.38)	(16.47)

*Not considered fixed rate borrowings for sensitivity and the sensitivity is net of tax.

II. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any interest risk exposure as on 31st March 2023 on there is no outstanding borrowing as on 31st March 2023.

- Foreign currency exposure outstanding as at Balance Sheet date: - NIL.
- Un-hedged foreign currency exposures as at Balance Sheet date: - NIL.

III. Price risk

The company is not exposed to any material price risk as there is no investment in equities outside the group and the company doesn't deal in commodities.

IV. Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, unsecured loan to subsidiary company and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

Particulars	As at March 31, 2023			As at March 31, 2022

The company is in the power generation sector. The company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers which are state government run power utility majors. Hence company has not provided for any discounting on time value of money.

b) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows. To maintain liquidity the company has maintained loan covenants as per the terms decided by the lenders.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments as on March 31, 2023

I. Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:-

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying value largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates evaluated by the Company based on the parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liability

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Particulars	Carrying amount (₹ in Lakhs)	Fair value As at March 31, 2023 (₹ in Lakhs)		
		Level 1	Level 2	Level 3

Borrowings-Term loan and others	6,645.78	-	-	6,645.78
Borrowings-from other party	-	-	-	-
Total	6,645.78	-	-	6,645.78

Particulars	Carrying amount (₹ in Lakhs)	Fair value As at March 31, 2022 (₹ in Lakhs)		
		Level 1	Level 2	Level 3
Financial assets				
Investment (quoted)	0.08	-	-	0.08
Loan to body corporate	-	-	-	-
Total	0.08	-	-	0.08
Financial liabilities				
Borrowings	17,074.45	-	-	17,074.45
Borrowings-from other party	1,108.18	-	-	1,108.18
Total	18,182.63	-	-	18,182.63

II. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

47. DEFERRED TAX

i. In case of BGWPL:-

In accordance with Ind AS-12 "Income Taxes" Deferred tax assets are recognised only if there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In view of lack of reasonable certainty of sufficient future taxable income against which net deferred tax asset can be realised, BGWPL has not recognized deferred tax asset to the extent of ₹ 7,845.55 Lakhs (previous year ₹ 7,024.61 Lakhs) as on March 31, 2023.

Particulars	(₹ in Lakhs)	
	As at March 31, 2023	As at March 31, 2022
Tax effects constituting deferred tax assets		
Unabsorbed Losses	1,255.43	962.43
Brought Forward Depreciation	4,958.63	4,215.28
Provision for Leave Encashment	1.38	1.99
Provision for Gratuity	1.65	2.65
Deferred Interest	-	76.99
Difference between tax base and book base of Property, plant and Equipment	1,628.46	1,765.28
Total deferred tax assets (a)	7,845.55	7,024.61
Tax effects constituting deferred tax liabilities	-	-
Total deferred tax liabilities (b)	-	-
Net Deferred Tax Asset (a-b)	7,845.55	7,024.61
Less: Valuation Allowance	(7,845.55)	(7,024.61)
Net Deferred tax assets	-	-

ii. **In case of BJCL:-**

Deferred taxes are recognized on temporary differences that arise among financial accounts and tax accounts. A deferred tax asset is recognized on future deductible difference whereas deferred tax liability is recognized on future taxable difference arising as on balance sheet date. In current financial year deferred tax has not been recognized as BJCL is in construction phase.

48. CORPORATE SOCIAL RESPONSIBILITY (CSR)

a) **In Case of MPCL**

Where Malana Power Company Limited covered under section 135 of the Companies Act, the following shall be disclosed with regard to CSR activities:-

(₹ in Lakhs)		
Particulars	March 31, 2023	March 31, 2022

(iv) Total of previous years shortfall,	-	91.25
(v) Reason for shortfall,	On account of ongoing projects	On account of ongoing projects
(vi) Nature of CSR activities,	Refer Note 27(ii)	Refer Note 27(ii)
(vii) Details of related party transactions, e.g., contribution to a trust controlled by the company in relation to CSR expenditure as per relevant Accounting Standard,	-	-
(viii) Where a provision is made with respect to a liability incurred by entering into a contractual obligation, the movements in the provision during the year shall be shown separately.	-	-

b) **In Case of ADHPL**

Where AD Hydro Power Limited covered under section 135 of the Companies Act, the following shall be disclosed with regard to CSR activities:-

(₹ in Lakhs)		
Particulars	March 31, 2023	March 31, 2022
(i) Amount required to be spent by AD Hydro Power Limited during the year,	108.50	60.80
(ii) Amount of expenditure incurred,	-	-
(a) Construction/acquisition of any asset	-	-
(b) On purposes other than (a) above	108.50	68.62
(iii) Shortfall at the end of the year,	-	-
(iv) Total of previous years shortfall,	-	-
(v) Reason for shortfall,		
(vi) Nature of CSR activities,	Health, Education	Health, Education
(vii) Details of related party transactions, e.g., contribution to a trust controlled by the company in relation to CSR expenditure as per relevant Accounting Standard,	-	-
(viii) Where a provision is made with respect to a liability incurred by entering into a contractual obligation, the movements in the provision during the year shall be shown separately.	-	-

49. CAPITAL MANAGEMENT

a) **Risk management**

The Company's objectives when managing capital are to:-

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Company makes continuous efforts to optimise its cost of capital as during 2021-2022 and 2022-2023 company makes arrangements with its lenders to re-structure its borrowings which reduce the cost of capital of borrowing for the company.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022
Net Debt	-	16,106.68
Total equity	1,68,076.99	1,54,565.07
Net Debt to Equity Ratio	-	0.10

Loan covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

50. INTEREST IN OTHER ENTITIES:

The Group's subsidiaries as at 31 March, 2023 are set out below:-

(a) Subsidiaries

Name of subsidiary/step down subsidiaries	Legend	Country of Incorporation	Proportion of ownership as on 31st March 2023 (%)	Proportion of ownership as on 31st March 2022 (%)	Principal Activity

52. ADDITIONAL REGULATORY INFORMATION

Following Ratios to be disclosed:-

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Explanation*
(a) Current ratio (in times)	Total current assets	Total current liabilities	5.03	3.03	Due to increase in current asset (deposits) and corresponding decrease in current liabilities (current maturity of borrowing) resulting into major impact
(b) Debt-Equity ratio (in times)	Debt consists of borrowings and lease liabilities.	Total equity	0.40	1.10	Due to Prepayment of borrowing during the year resulting into major impact
(c) Debt Service Coverage Ratio, (in times)	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Debt service = Interest and lease payments + Principal repayments	1.55	1.27	The change in ratio is less than 25%
(d) Return on Equity Ratio (in %)	Profit for the year less Preference dividend (if any)	Average total equity	203.08%	125.71%	Increase in net profit due to increase in revenue.
(e) Inventory turnover ratio,	Cost of Goods Sold	Average Inventory	1.60	3.13	The reduction in Open Access/ Bulk Power transmission charges resulting into major impact
(f) Trade Receivables turnover ratio, (in times)	Revenue from operations	Average trade receivables	8.34	6.25	The increase in revenue resulting into major impact
(g) Trade payables turnover ratio, (in times)	Cost of equipment and software licences + Other Expenses	Average trade payable	1.62	1.21	Increase in trade payables on account of expense incurred on surrender of bulk power transmission arrangement.
(h) Net capital turnover ratio, (in times)	Revenue from operations	Average working capital (i.e Total current assets Less Total Current liabilities)	2.66	4.19	Increase in revenue resulting into increase in current assets
(i) Net profit ratio, (in %)	Profit for the year	Revenue from operations	68.95%	53.58%	Due to significant increase in tariff rate & prepayment of Loan resulting into increase in profit

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Explanation*
(j) Return on Capital employed, (in %)	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	20.53%	15.75%	Increased significantly due to increase in tariff rate for power sale and prepayment of Loan
(k) Return on investment. (in %)	Income generated from invested funds	Average invested funds in treasury investments	-	-	N A

53. OTHER STATUTORY INFORMATION:

- (i) The Group does not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.
- (ii) The Group does not have any transactions with companies struck off.
- (iii) The Group does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- (iv) The Group have not traded or invested in Crypto currency or Virtual Currency during the financial year.
- (v) The Group has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (vi) All the title deeds of immovable properties are held in the name of the Group as at the balance sheet date except as mention in note no. 39 (iv) (c).
- (vii) The Group have not advanced or loaned or invested funds (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person(s) or entity (ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall lend or invest in party identified by or on behalf of the Group (Ultimate Beneficiaries).
- (viii) The Group has not received any fund from any party(s) (Funding Party) with the understanding that the Group shall whether, directly or indirectly lend or invest in other persons or entities identified by or on behalf of the Group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (ix) The Group does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

OVERALL PERFORMANCE AND THE STATEMENTS OF AFFAIRS OF THE COMPANY:

Standalone financial performance:

The Company recorded revenue from operations of ₹ 1,481.10 million during the financial year 2022-23 as compared to ₹ 1,139.30 million in the previous financial year 2021-22. The other income during the financial year 2022-23 was ₹ 149.60 million vis-a-vis ₹ 552.40 million in the financial year 2021-22.

The Net profit during the financial year 2022-23 was at ₹ 814.20 million as compared to ₹ 940.13 million in the previous financial year. The generation during the financial year 2022-23 stood at 322.63 Million Kwh as compared to 317.33 Million kWh in the previous year.

Consolidated financial performance:

The key performance of your Company's Consolidated Financial Statement for the Financial Year 2022-23 is as follows:

The Company recorded total consolidated revenue of ₹ 4,633.30 million during the financial year 2022-23 as compared to ₹ 3,697.37 million in the previous financial year. The consolidated Net profit during the financial year 2022-23 was at ₹ 2,836.05 million as compared to ₹ 1,923.17 million in the previous financial year. The Consolidated Financial Statements have been prepared by the Company in accordance with the applicable Accounting Standards. The audited consolidated financial statement together with Auditors' Report is attached herewith and forms part of this Annual Report.

Further in the first quarter of current Financial Year 2023-24, the Plant has generated 82.28 MU at Generator Terminal. The Operation and Maintenance of the Plant has been entrusted to the company in-house. Your Company had sold the scheduled power at IEX in the day ahead, real time & term ahead market(s) and through short term bilateral transactions.

INDUSTRY POTENTIAL & DEVELOPMENT:

India is the third largest producer and consumer of electricity in the world with all India installed power generation capacity at 416.06 GW as on 31.03.2023, which comprises of 237.27 GW of Thermal, 46.85 GW of Hydro, 6.78 GW of Nuclear and 125.16 GW of Renewable capacity.

During financial year 2022-23, energy demand in the country rose to ~1,512 BU (with 10% Y-o-Y growth), whereas peak demand rose to ~216 GW (with 6% Y-o-Y growth). The average monthly market clearing price at the Indian Energy Exchange (IEX) was ₹ 5.96/kWh in 2022-23 @ Regional Periphery, almost 36% higher compared to 2021-22 due to sharp rise in power demand, especially during peak hours. Total short term power transactions were ~13.70% of yearly generation (excluding generation from renewables and captive power plants). The following "Table-1" indicates the energy requirement/ supply along with IEX rates during last 5 years.

Table 1: Energy Requirement/ Supply & IEX rates during last 5 years.

Last year during March-April 2022, geo-political unrest created logistical bottlenecks and there was acute shortage/extremely high prices of Coal/ Regassified Liquefied Natural Gas (RLNG) in the international markets. It has resulted in imported coal/RLNG based generating stations to operate at lower plant load factor which further increased the dependency on domestic coal based power plants to meet the increasing power demand. Such factors concurrently created demand-supply imbalance, which led to surge in exchange/spot power prices and remained elevated almost throughout the year. However, with the gradual reduction in prices of natural gas and imported coal, these spot power prices have also started to moderate now.

On 31st March 2023, Central Electricity Regulatory Commission (CERC) exercised its power under Power Market Regulations 2021 in public interest and revised the cap on exchange prices downward to ₹ 10/ kWh from ₹ 12/kWh (earlier) on all market segments of power exchanges w.e.f 4th April 2023 till further notification.

During the year 2022-23, CERC has also approved the introduction of HP-DAM (High Price Day Ahead Market) and made it operational on Power Exchange platforms for the following power generating stations with a price cap of ₹ 20/kWh:

1. RLNG/Naptha
2. Imported coal
3. Battery Energy Storage Systems (BESS).

This would reduce the cost of power for the buyers, while providing an opportunity to the high cost generators and the willing buyers to participate in the HP-DAM segment.

In April 2023, Ministry of Power (Govt. of India) has issued guidelines for promoting Pumped Storage Projects (PSP) in the country. These guidelines have paved a way for installation of large scale pumped Storage Projects. It has addressed various issues faced by the developers related to environmental clearances, free power to home state, budgetary support, applicability of Inter-state Transmission System (ISTS) charges etc. Because of the intermittent nature of renewable energy generation plants, storage of renewable energy by means of Battery Storage Energy Systems (BESS) and Pumped Storage Projects (PSP) is the key for it to be a feasible and reliable source of energy generation. The PSP's and BESS may prove a boon in tackling the peak power demand scenarios of the country in the coming years.

All India power demand is on a continuous uptrend & peak power demand has touched the highest ever figure of 223

GW in June 2023. As per the CEA estimates (20th Electric Power Survey) peak power demand will increase further in coming years and this will create new opportunities for Merchant Power Plants in catering such increased demand for power.

Going forward with the broad expectations of India's GDP for 2023-24 to be 6.30% (World Bank's Estimate), the Company expects Indian Power Sector to act as the primary growth engine for the economy. With ever increasing power demand and penetration of innovative products in the power market, the power sector is bound to grow at a healthy pace. Adequate policy measures and regulatory interventions are required for boosting private investments in the power sector as it will remain the mainstay for the economic growth of the nation.

2. DIVIDEND

During the financial year 2022-23, your directors do not propose final dividend on the equity shares. Whereas, total Interim Dividend of ₹ 8.60 per share aggregating to ₹ 1,268,721,287 was paid out of the profits of company to the equity shareholders whose name appeared in the Register of Members as on the date of declaration of dividend in two tranches as below:

- Interim Dividend 1 - ₹ 5.60 per share aggregating to ₹ 82,61,44,093.60
- Interim Dividend 2 - ₹ 3.00 per share aggregating to ₹ 44,25,77,193

3. TRANSFER TO RESERVES

During the financial year 2022-23, the Company has not transferred any amount to the Reserve.

4. SUBSIDIARY, ASSOCIATE COMPANIES OR JOINT VENTURES

AD Hydro Power Limited (ADHPL), is wholly owned subsidiary of your Company, which is engaged in operation, maintenance and generation of 192 MW Hydro - electric Project in the State of Himachal Pradesh.

ADHPL has reported net profit of ₹ 201.90 million in the financial year 2022-23 as compared to net profit of ₹ 983.04 million in the financial year 2021-22. The generation at Allain Duhangan 192 MW during the year stood at 637.13 Million kWh in the financial year 2022-23 as compared to 637.45 Million kWh in the previous financial year 2021-22.

In terms of the provisions of section 136(1) of the Companies Act, 2013, the consolidated financial statements of the company are being annexed to this Annual Report. A report on the performance and financial

position of the subsidiary Company as per the Companies Act, 2013 in the Form AOC- 1 is annexed to the consolidated financial statements. The financial statements of the subsidiary Company are kept for inspection by the shareholders at the registered office and corporate office of the Company.

Further, no Company has become/ceased to be a Subsidiary, Joint venture or Associate during the Financial Year 2022-23.

5. CORPORATE GOVERNANCE

Your Company is committed to maintain the highest standards of corporate governance and adhere to the corporate governance requirements set out by under the Companies Act, 2013.

Your Company is committed to achieving the higher standard of Corporate Governance by application of the best management practices, compliance with law, adherence to ethical standards and discharge of social responsibilities. Your Company has in all spheres of its activities adequate checks and balances to ensure protection of interest of all stakeholders. Your Company also endeavors to share, with its stakeholders' openly and transparently, information on matters which have a bearing on their economic and reputational interest.

The majority of the Board comprises of Non-Executive Directors including Independent Directors appointed under the Companies Act, 2013, who play a critical role in imparting balance to the Board processes, by bringing an independent judgment to decide on issues of strategy, performance, resources, standards of Company's conduct, etc. The Audit Committee of the Board provides assurance to the Board on the adequacy of Internal Control Systems and Financial Systems.

6. INTERNAL FINANCIAL CONTROL SYSTEMS AND ITS ADEQUACY

The Company has an adequate Internal Financial Control (IFC) system commensurate with the size and nature of its business. An internal audit program covers various activities and periodical reports are submitted to the management. The Audit Committee reviews financial statements, internal audit reports along with internal control systems. The Company has a well-defined organizational structure, authority levels, delegation of powers and internal rules and guidelines for conducting business transactions.

Your Company has adopted the IFC framework as guidance, for ensuring adequate controls and its effectiveness within the company. The process of assessment of IFC would require setting up of an internal controls function in the organization. The Accounts & Finance Team has been trained to implement and evaluate the design and operating effectiveness of the IFC framework. The framework also focuses on internal controls over financial reporting (ICFR) that are put in place to develop and maintain reliable financial data, and to accurately present the same in a timely and appropriate manner. The framework refers to the policies and procedures adopted by the company for ensuring, orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, timely preparation of reliable financial information.

The IT controls provide reasonable assurance of achieving the control objectives related to the processing of financial

information within the computer processing environment. IT controls ensures appropriate functioning of IT applications and systems built by the organization to enable accurate and timely processing of financial data.

7. PERSONNEL

a) Industrial relations

The industrial relations during the period under review generally remained cordial at the plants and corporate office of the Company without any untoward incidents.

b) Particulars of employees

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure - I**.

8. DEPOSITS

(iii) CORPORATE SOCIAL RESPONSIBILITY COMMITTEE

Your Company has been diligently following the Corporate Social Responsibility policies. As part of its initiatives under Corporate Social Responsibility (CSR), the Company had undertaken projects in the areas of promotion of Education, taking initiatives towards Community Service and rural development, Healthcare, Plantation & Environmental Development, Protection of art, culture etc. These projects were in accordance with the CSR Policy of the Company and Schedule VII of the Companies Act, 2013 and Rules made thereunder.

As per the Companies Act, 2013, all the companies which having net worth of ₹ 500 crore or more, or a turnover of ₹ 1000 crore or more, or a net profit of ₹ 5 crore or more are required to constitute CSR Committee of the Board of Directors comprising three or more Directors out of which atleast one should be the Independent Director. All such Companies are required to spend atleast 2% of its average net profit on the three preceding financial years on the CSR related activities. The CSR policy is available on the website of the company at the link <https://www.malanapower.com>

The Annual Report on CSR activities is enclosed as **Annexure V**, forming part of this report. The following is the composition mentioned for the CSR committee of the Company.

Composition of the Committee (as on 31.03.2023)

S. No.	Name of Member	Designation	Category
1	Mr. Ravi Jhunjunwala	Chairman	Chairman and Director
2	Ms. Tima Iyer Utne	Member	Non-Executive Director
3	Dr. Kamal Gupta	Member	Non-Executive Independent Director

Meetings and attendance

The CSR Committee had met four times during the financial year 2022-23 i.e. on 2nd May 2022, 2nd August 2022, 1st November 2022 and 1st February 2023 respectively.

The attendance for the above mentioned meetings are as below:

S. No.	Name of Member	Designation	No. of Meetings held	No. of Meetings Attended
1.	Mr. Ravi Jhunjunwala	Chairman	4	4
2.	Ms. Tima Iyer Utne	Member	4	4
3.	Dr. Kamal Gupta	Member	4	4

(iv) INDEPENDENT DIRECTORS' MEETING

During the financial year 2022-23, the Independent Directors met on 27th March 2023, without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-

Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Director and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

15. BOARD EVALUATION:

The Board is responsible for undertaking a formal annual evaluation of its own performance, committees and individual Directors with a view to review their functioning and effectiveness and to determine whether to extend or continue the term of appointment of the independent directors. During the year, the Board carried out the performance evaluation of itself, Committees and each of the executive directors/non-executive directors/independent directors excluding the director being evaluated. The evaluation of performance of Independent Director is based on the criteria laid down in the Nomination and Remuneration policy which includes knowledge and experience in the field of power sector, legal, finance and CSR activities. Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its committee and its member individually was adjudged satisfactorily.

16. MEETING OF THE MEMBERS

The Annual General Meeting (AGM) of the members was held on 28th September 2022.

17. VIGIL MECHANISM /WHISTLE BLOWER

The Board on the recommendation of Audit Committee has adopted a Whistle Blower Policy, which is available on the website of the company at the link <https://www.malanapower.com>

18. CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES

All the related party transactions entered into during the financial year were on an arm's length basis and were in the ordinary course of business. Your Company had not entered into any transactions with related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC 2 is not applicable.

19. STATUTORY AUDITORS

The members had re-appointed M/s Deloitte Haskins & Sells LLP, (Firm Registration Number is 117366W /W-100018), Chartered Accountants, as the Statutory Auditors of the Company on 28th September 2022 for another term of 5 years, to hold office from the conclusion of the 25th Annual General Meeting until the conclusion of the 30th Annual General Meeting of the Company. Further the statutory auditors have further confirmed that the said re-appointment, when made, was within the prescribed limits under Section 141(3)(g) of the Companies Act, 2013 and also the statutory auditor is not disqualified under section 141(3) of the Companies Act 2013.

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Statutory Auditors expressed an unmodified opinion in the audit reports with respect to audited financial statements for the financial year ended

March 31, 2023. The Auditors' Report does not contain any qualification, reservation, adverse remark or disclaimer which requires any explanation from the Board of Directors.

20. COST AUDITORS

As per the requirement of Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014, the Cost Records are being maintained by your Company. Accordingly, M/s K. G. Goyal & Co., Cost Accountants (Firm Registration No. 0017), was re-appointed as Cost Auditors of the Company for the Financial Year 2022-23 at a remuneration of ₹ 0.50 lakhs plus applicable taxes and out of pocket expenses that may be incurred by them during the course of audit. The Cost Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

21. SECRETARIAL AUDITORS

The Company had appointed M/s P. Kathuria & Associates, Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2022-23, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed herewith as **Annexure IV** for kind attention of the Members. The Secretarial Audit Report does not contain any qualification, reservation adverse remark or disclaimer.

22. INTERNAL AUDITORS

The Company had appointed M/s. BGJC & Associates LLP, Chartered Accountants as the Internal Auditors of the Company for a period of three years i.e. FY 2023-24, FY 2024-25 and FY 2025-26.

23. REPORTING OF FRAUD BY THE AUDITORS'

During the year under review, the Statutory Auditor, Secretarial Auditor, Cost Auditor and Internal Auditor of the Company have not reported any matter under section 143(12) of the Companies Act, 2013. Therefore, no detail regarding reporting of fraud is required to be disclosed under section 134(3)(ca) of the Companies Act, 2013.

24. RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. Further, the Company has in place Operations Steering Committee (OSC) and a Policy thereto, which inter-alia includes the Risk Management Policy including mitigation plans. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The annual strategic planning done by OSC provides platform for identification, analysis, treatment and documentation of key risks. It is through this annual planning process that key risks and risk management strategies are communicated to the Board. The effectiveness of risk management strategies is monitored

both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

25. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of Companies Act, 2013, the Board of Directors state that:

- a) in the preparation of the annual accounts for the year ended March 31, 2023, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;
- b) the Directors have selected such accounting policies and applied them consistently except as disclosed in the notes of accounts and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2023 and of the profit of the Company for the year ended on that date;
- c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- d) the Directors have prepared the annual accounts on a going concern basis;
- e) the Directors have laid down proper internal financial controls to be followed by the company and that such internal financial controls were adequate and operating effectively; and
- f) the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

26. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

27. EXTRACT OF ANNUAL RETURN

Pursuant to Section 92(3) read with Section 134 (3) (a) of the Companies Act, 2013, Annual Return of the Company is available on the website of the Company at <https://www.malanapower.com>

28. GENERAL DISCLOSURE

- The Board of Directors would like to informed that during the financial year 2022-23, your company has acquired 6,71,97,201 equity shares (i.e. 12%) of AD Hydro Power Limited (ADHPL) from International Finance Corporation and accordingly, ADHPL has become wholly owned subsidiary of the company w.e.f. 1st August 2022.
- The Company has a Group Policy in place against Sexual Harassment in line with the requirements of the "The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013"

(POSH Act 2013). The Company has complied with provisions relating to the constitution of Internal Complaints Committee (ICC) under POSH Act 2013 and no complaints were received during the financial year 2022-23.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- During the year, there was no change in the issued share capital of the company.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported during the Financial Year 2022-23.
- The Company is in compliance of all the applicable secretarial standards issued by the Institute of Company Secretaries of India from time to time.
- The Company has nothing to report as it has not made any application or subject to any proceeding pending under the Insolvency and Bankruptcy Code, 2016 (31 of 2016) during the year/ end of the financial year.
- The Company has nothing to report for the details of difference between amount of the valuation done at the time of one time settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof.

29. ACKNOWLEDGEMENT

Your Directors' place on record their sincere appreciation for the co-operation and support received by your Company from the Ministry of Power, Government of Himachal Pradesh, Ministry of Corporate Affairs, Central and State Government and other government agencies, Lenders, Banks, Financial Institutions, CERC, HPERC, HPSEBL, PTC India Limited, Statkraft Markets Private Limited, India Energy Exchange and our valued customers, who have continued their valuable support and encouragement during the year under review. The Board also thanks the employees at all levels, for the dedication, commitment and hard work put in by them for Company's achievements.

Your involvement as shareholders is greatly valued and appreciated. The Directors look forward to your continuing support.

ANNEXURE III TO THE DIRECTORS' REPORT

NOMINATION & REMUNERATION POLICY

Pursuant to Section 178 of the Companies Act, 2013 and Rules made thereunder, Malana Power Company Limited is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company already had a Remuneration Committee with three Non-Executive Directors. In order to align the same with the provisions of the Companies Act, 2013, and Rules made thereunder from time to time, the Board of Directors at their meeting held on the 16th March, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules made thereunder, applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

1. OBJECTIVE

The Key Objectives of the Committee would be:

- a) to advise the Board in relation to appointment, appraisal and removal of Directors, Key Managerial Personnel and Senior Management of the Company.
- b) to evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation of the Board.
- c) to recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

2. DEFINITIONS

- (a) "Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.
- (b) "Board" means Board of Directors of the Company.
- (c) Key Managerial Personnel (KMP), means:
 - i. Chief Executive Officer or the managing director or the manager;
 - ii. Company Secretary,
 - iii. Whole-time Director;
 - iv. Chief Financial Officer; and
 - v. such other officer as may be prescribed.
- (d) Senior Management: Senior Management means personnel of the company who are members of its core management team excluding the Board of Directors. This would also include all members of management one level below the executive directors including all functional heads.

3. ROLE OF COMMITTEE

The role of the Committee inter alia will be the following:

- a) reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy, with the objective to diversify the Board;
- b) to recommend to the Board the appointment and removal of Director or Key Managerial Personnel or Senior Management Personnel.
- c) to carry out evaluation of Director's performance.
- d) assessing the independence of independent directors;
- e) to make recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract;
- f) making recommendations to the Board on the remuneration/fee payable to the Directors/ KMPs/Senior Officials so appointed/re-appointed;
- g) ensure that level and composition of remuneration of Directors, KMP's and Senior Management is reasonable and sufficient. The relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- h) to devise a policy on Board diversity;
- i) to develop a succession plan for the Board and Senior Management and to regularly review the plan;
- j) such other key issues/matters as may be referred by the Board or as may be necessary in view of the provision of the Companies Act, 2013 and Rules made thereunder.

4. MEMBERSHIP

- a) The Committee shall consist of a minimum 3 non-executive directors, majority of them being independent. However, the Chairperson of the Company (whether executive or non-executive) may be appointed as a member of the Nomination and Remuneration Committee, but shall not chair such Committee.
- b) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

5. CHAIRMAN

- a) Chairman of the Committee shall be a Non-executive Director.
- b) Chairperson of the Company may be appointed as a member of the Committee but shall not be a Chairman of the Committee.
- c) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- d) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

6. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

7. COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

8. SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

9. VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

10. POLICY ON BOARD DIVERSITY

The Nomination and Remuneration Committee shall ensure that Board of Directors have the combination of Directors from different areas /fields or as may be considered appropriate in the best interest of the Company. The Board shall have atleast one Board member who has accounting/ financial management expertise.

11. NOMINATION DUTIES

The duties of the Committee in relation to nomination matters include:

1. Ensuring that there is an appropriate induction & training Program in place for new Directors and members of Senior Management and reviewing its effectiveness;
2. Ensuring that on appointment to the Board, Non-Executive Directors receive a formal letter of appointment in accordance with the Guidelines provided under the Companies Act, 2013;
3. Determining the appropriate size, diversity and composition of the Board;
4. Follow a formal and transparent procedure for selecting new Directors for appointment to the Board, Key Managerial Personnel's and Senior Management Personnel;
5. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
6. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
7. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
8. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
9. Considering any other matters as may be requested by the Board;

12. REMUNERATION DUTIES

The Committee will recommend the remuneration/fee to be paid to the Managing Director, Whole-time Director, other Directors, Key Managerial Personnel and Senior Management Personnel to the Board for their approval.

The level and composition of remuneration/fee so determined by the Committee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management of the quality required to run the Company successfully. The relationship of remuneration/fee to performance should be clear and meet appropriate performance benchmarks. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Director/ Managing Director

Besides the above Criteria, the Remuneration/ compensation/ commission/fee to be paid to Director/ Managing Director/ Whole Time Director shall be governed as per provisions of the Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

2. Non-executive Independent Directors

The Non-Executive Independent Director may receive remuneration by way of sitting fees for attending meetings of Board or Committee thereof. Provided that the amount of such fees shall be subject to ceiling/ limits as provided under Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

3. Key Managerial Personnel's /Senior Management Personnel etc

The Remuneration to be paid to Key Managerial Personnel's/ Senior Management Personnel shall be based on the experience, qualification, performance and expertise of the related personnel and governed by the limits, if any prescribed under the Companies Act, 2013 and Rules made thereunder or any other enactment for the time being in force.

4. Directors' and Officers' Insurance

Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel's/ Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

13. EVALUATION/ ASSESSMENT OF DIRECTORS OF THE COMPANY

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis.

The following criteria may assist in determining how effective the performances of the Directors have been:

- Contributing to clearly defined corporate objectives & plans
- Obtain adequate, relevant & timely information from external sources
- Review of strategic and operational plans, objectives and budgets
- Regular monitoring of corporate results against projections
- Identify, monitor & take steps for mitigation of significant corporate risks
- Assess policies, structures & procedures
- Review management's succession plan
- Effective meetings
- Assuring appropriate board size, composition, independence, structure
- Clearly defining roles & monitoring activities of committees

Additionally, for the evaluation/assessment of the performances of Managing Director(s)/Whole Time Director(s) of the Company, following criteria may also be considered:

- Leadership abilities
- Communication of expectations & concerns clearly with subordinates
- Direct, monitor & evaluate KMPs, senior officials

Evaluation on the aforesaid parameters will be conducted by the Independent Directors for each of the Executive/Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors on the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

14. DISCLOSURE

The Remuneration policy and the evaluation criteria shall be disclosed in the Board's Report.

15. MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.

16. DEVIATIONS FROM THIS POLICY

Deviations on elements of this policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case. However, this shall be subject to the approval of Board of Directors on the recommendation of Nomination and Remuneration Committee of the Company.

ANNEXURE IV TO THE DIRECTORS' REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
Malana Power Company Limited
Village Chauki, Post Jari, Kullu, Himachal Pradesh

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Malana Power Company Limited** (CIN: U40101HP1997PLC019959) (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder: **Not applicable to the Company during the period under review.**
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and External Commercial Borrowings.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): **All the following Regulations including amendments, statutory modification or re-enactment thereto if any, from time to time are not applicable to the Company during the period under review.**
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (vi) Other law applicable specifically to the Company, as identified and on the basis of representation given by the management:
 - The Indian Electricity Act, 2003 and Rules/ Regulations made thereunder; and
 - The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal Act, 2013).

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India. (Notified and effective from 1st July, 2015 and the revised version effective from October 1st, 2017).
- (ii) The SEBI (Listing Obligations and Disclosure Requirement) Regulation, 2015.
(Being an Unlisted Company, these regulations are not applicable)

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. -The changes in the composition of the Board of Directors during the period under review were carried out in compliance with the provisions of this Act.

Normally adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be. There was no dissenting vote for any matter.

I further report that I have relied on the representation made by the Company and its officers for system and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. Therefore, I am of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the Company's affairs.

Note: This report is to be read with my letter of even date which is annexed as "**Annexure I**" and forms an integral part of this report.

'Annexure I'

**To
The Members,
Malana Power Company Limited
Village Chauki, Post Jari, Kullu, Himachal Pradesh**

My report of even date is to be read along with this letter as under:

1. Maintenance of secretarial record is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. I believe that the processes and practices I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial record and Books of Accounts of the company since the same have been subject to review by Statutory Auditor.
4. Wherever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The Compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

Independent Auditors' Report

(Standalone)

To The Members of Malana Power Company Limited

Report on the Audit of the Standalone Financial Statements Opinion

We have audited the accompanying standalone financial statements of Malana Power Company Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Loss), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive Income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 30.1 (ii) of the standalone financial statements, which describes the uncertainty relating to the effects of outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL).

Our opinion is not modified in respect of this matter.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report but does not include the standalone financial statements and our auditor's report thereon. The Board's report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Board's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive loss, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Loss, the Standalone Statement of Cash Flows and Standalone Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the standalone financial statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. *(Refer note 30.1 to the standalone financial statements)*
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. *(Refer note 30.2(b) to the standalone financial statements)*
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. *(Refer note 39(x) to the standalone financial statements)*
 - iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in the note 39 (vii) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign

entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of it's knowledge and belief as disclosed in the note 39 (viii) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entity(ies) ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries..

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The interim dividend declared and paid by the Company during the year is in accordance with section 123 of the Act. *(Refer note 41 to the standalone financial statements)*
- vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company w.e.f. April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Malana Power Company Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment were physically verified during the year by the management which, in our opinion, provides for physical verification at reasonable intervals. According to the information and explanations given to us, no discrepancies were noticed on such verification.
- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the standalone financial statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the award letter and certificate of mutation provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date. Further, immovable properties of land and buildings whose title deeds have been pledged as security for term loans are held in the name of the Company based on the confirmation received from the security trustee.
- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified (except for inventories lying with third parties) during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For inventories held with the third parties at the year-end, written confirmation has been obtained. No discrepancies of ten percent or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) The Company has not been sanctioned any working capital facility from banks or financial institutions at any point of time of the year and hence reporting under clause (ii)(b) of the Order is not applicable.
- (iii) (a) The Company has granted unsecured loans to employees but has not made any investments in, provided any guarantee or security or advances in the nature of loans, secured or unsecured, to

companies, firms, Limited Liability Partnerships or any other parties during the year-

(Amount in ₹ crores)

Particulars	Loans
A. Aggregate amount provided during the year	
- Others (employees)	0.05
B. Balance outstanding as at balance sheet date in respect of above cases	
- Others (employees)	0.04

- (b) The terms and conditions of the grant of all the above-mentioned loans, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.
- (iv) According to information and explanation given to us, the Company has not granted any loans, made investments

or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.

- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) Undisputed statutory dues including Income Tax, Goods and Services tax, Provident Fund, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Employees' State Insurance Act, 1948, Sales Tax, Services Tax, duty of Customs, duty of Excise, Value Added Tax are not applicable to the Company.
- There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Services Tax, duty of Customs, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of disputes are given below:

Name of statute	Nature of dispute	Forum where dispute is pending	Period to which amount relates	Amount involved (Amount in ₹ crores)	Amount unpaid (Amount in ₹ crores)
Income Tax Act, 1961	Income-tax	High Court	A/Y 2009-10 and 2011-12	1.03	1.03
Income Tax Act, 1961	Income-tax	CIT (Appeals)	A/Y 2013-14	0.61	0.61
Income Tax Act, 1961	Income-tax	Income Tax Appellate Tribunal	A/Y 2012-13 and 2014-15	0.40	0.40

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) The Company has not taken any loans or other borrowings from any lender. Hence reporting under clause (ix)(a) of the Order is not applicable to the Company.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during

the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.

- (d) The Company has not raised any funds on short-term basis and hence reporting under clause 3(ix)(d) of the Order is not applicable.
- (e) The Company has not made any investment in or given any new loan or advances to its subsidiary during the year and the Company do not have any associate or joint venture. Hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company has not raised any loans during the

- year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year and covering the period up to March 31, 2023 for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company, subsidiary company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- The Group does not have any Core investment Company (CIC) as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

Notes to Standalone Financial Statements

for the Year Ended March 31, 2023

1 CORPORATE INFORMATION

Malana Power Company Limited (hereinafter referred to as 'the Company') is engaged in the generation of hydroelectric power and development of hydro power projects. The Company has set up 86 MW hydroelectric power generation project. The Company has the necessary permission from the Government of Himachal Pradesh to own, operate & maintain the project and sell power for a period of forty years from the date of commercial operation i.e. July 5, 2001 with the option to avail a further extension for a maximum period of twenty years after renegotiation of terms and conditions.

The Company is a company limited by shares incorporated in India. Its parent and ultimate holding Company is Bhilwara Energy Limited.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

- a. The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. The financial statements have been prepared on the historical cost basis, except where different basis is mentioned in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

- b. **Functional currency:** These financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.
- c. **Operating Cycle:** All assets and liabilities have been classified as current or non-current according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

2.2 Summary of significant accounting policies

a. Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future period if the revision affects boths current and future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

I Service Concession Arrangements

Management has assessed applicability of Appendix D of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Company. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

II Claims and Litigations

The Company is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Company reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Company establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Company's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Company evaluates, among other factors, the degree of probability of an unfavourable outcome and the ability to make a reasonable estimate

of the amount of the loss. The Company does not record liabilities when the likelihood that the liability has been incurred is probable, but the amount cannot be reasonably estimated. Based upon present information, the Company determined that there were no matters that required an accrual as of March 31, 2023 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

b. Revenue Recognition

The Company recognise revenue at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Company's sales revenue is divided into following categories:

Revenue from generation and supply of Power ("Revenue from Power Supply"):

Revenue from sale of power is recognised when persuasive evidence of an arrangement exists, the fee is fixed or determinable, energy is supplied (i.e. performance obligation is satisfied) and collectability is reasonably assured. The revenues from generation and supply of power is recognised at the amount of which the entity has a right to invoice which coincides with the electricity scheduled to be transmitted to the customers. The difference between scheduled and actual transmitted energy is recognized as Unscheduled Interchange (U/I) charges and are adjusted with the revenue recognized on accrual basis.

In an arrangements where the Company sells power on an exchange, the exchange is determined to be the customer. This is based on the fact that the Company has enforceable contracts with the exchanges.

Revenue from sharing of Transmission line ("Transmission Income"):

Revenue is recognized on the basis of periodic billing to consumers / state transmission utility and is measured based on the consideration to which the Company expects to be entitled from a customer and cash discounts excluding taxes or duties collected on behalf of the government.

Voluntary emission rights (VER) and I-REC

The Company recognize carbon emission reduction "VER" income in the period when it is reasonably certain that the Company will be able to comply with the conditions necessary to obtain these carbon emission reduction. The Company recognise VER value at average price of open contract for sale of VER with customers.

Other Income

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

c. Inventory Valuation

Inventories comprising of components and stores and spares are valued at cost. Scrap is valued at net realizable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

d. Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation:

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has used the following useful life to provide depreciation on its Property, Plant and Equipment.

Assets	Useful life (Years)
Buildings other than factory buildings	60
Plant and Machinery used in generation, transmission and distribution of power	40
Hydraulic Works (Dam, Reservoir, Barrage etc)	40
Factory Buildings	30
Plant and Machinery	15
Electrical Installations	10
Furniture and Fixtures	10
Roads	10
Vehicles	8
Computers and Data processing equipment's	3-6
Office equipment's	5

e. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years. The Company has considered the useful life of 3 years to provide amortization on Software.

The intangible assets are assessed for impairment whenever there is indication that the intangible assets may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

f. Leases

The Company assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (1) The contract involves the use of an identified asset,
- (2) The Company has substantially all of the economic benefits from use of the identified asset,
- (3) The Company has the right to direct the use of the identified asset.

Company as a lessee

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company adopts the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

Leases where the Company does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

g. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using weighted average cost of capital that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations cover the useful life of the project.

Impairment losses (if any) are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount.

h. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Subsequent measurement

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in the statement of profit and loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. Investments in debt mutual funds are measured at fair value through profit or loss as per the business model and contractual cash flow test.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these

financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Equity Instruments through Other Comprehensive Income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Derecognition of financial assets

The Company derecognises financial assets in accordance with the principles of Ind AS 109 which usually coincides receipt of payment or write off of the financial asset.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the effective interest method or FVTPL. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior

management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i. Retirement and other employee benefits

1 Defined Contribution Plan:

1. Provident Fund: Contribution are made to the regulatory authorities and are recognised as employee benefits expense in the statement of profit and loss as and when due. This benefits is classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.
2. Superannuation Fund: Contribution towards Superannuation Fund is administered by a trust set up by the Company, which is recognized by the Income Tax authorities. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

2 Defined Benefit Plan:

Gratuity

The Employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with ICICI Prudential Life Insurance company Limited and Bajaj Allianz. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Company contributes to the Company Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with ICICI Prudential Life Insurance company Limited and Bajaj Allianz is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in notes to standalone financial statements.

The Company recognises the following changes in the net defined benefit obligation under Employee benefit expense in statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

3 Other Long Term Employee Benefits:

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

j. Taxes

Current income tax

The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions. In arriving at taxable profit and tax bases of assets and liabilities, the Company recognised taxability of amounts in accordance with tax enactments, case law and opinions of tax counsel, as relevant. Where differences arise on tax assessment, these are booked in the period in which they are agreed or on final closure of assessment

Deferred Tax

Deferred tax is provided on temporary difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

k. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

l. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

m. Contingent Liability

A Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

n. Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o. Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

As on the reporting date, the Company does not have any financial instrument which has been measured either through FVTPL or FVTOCI.

p. Going Concern

The directors have, at the time of approving the standalone financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the standalone financial statements.

q. Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

r. Recent Indian Accounting Standards (Ind AS)

Recent accounting pronouncements Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

Tax related to earlier years	(2.03)	-
Income tax expenses reported in the Statement of Profit and Loss	31.29	26.76
Add: Tax effect of income from sale of emission reductions certificates taxable at lower rate	0.77	-
Total Tax Expense	32.06	26.76

28. EARNINGS PER SHARE

(₹ in Crores)		
Particulars	For the Year ended March 31, 2023	For the Year ended March 31, 2022
Profit for the year attributable to owners of the Company (₹ in crores) (A)	81.42	94.01
Earnings used in the calculation of basic and diluted earning per share	81.42	94.01
Weighted average number of equity shares for the purpose of basic and diluted earning per share (No. of shares in crores) (B)	14.75	14.75
Basic and diluted earning per share (A/B) (in Rs.)	5.52	6.38

29. SEGMENT REPORTING

The Company's activities during the year involved generation of the hydro power. Also, the Company generates income from usage of its owned transmission line. Considering the nature of Company's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Segment Reporting'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

30. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTEND NOT PROVIDED FOR)

30.1 Contingent Liabilities

- Claims against the Company raised by income tax authorities amounting to ₹ 2.14 crores (Previous year- ₹ 2.14 crores). No provision is considered necessary since the Company expects favourable decisions.
- On April 27, 2019, the Company received a provisional net demand of ₹ 80.69 crores (Previous year- ₹ 80.69 crores) in relation to wheeling charges for the period April 01, 2008 to March 31, 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC). In this regard, the Company has paid under protest an amount of ₹ 28.17 crores (Previous year- 28.17 crores). The Company had filed an appeal before Appellate Tribunal for Electricity (APTEL) on April 24, 2019, at New Delhi, which is pending adjudication with APTEL.

During the current year, HPERC vide Order dated 30th November 2022 determined the voltage wise wheeling charges for the period July 01, 2019 to October 31, 2022. Based on the legal opinion obtained, the Company is of the view that APTEL will adopt the same analogy for determination of wheeling charges for the period April 1, 2008 to March 31, 2019, considering the same, there might be high likelihood of final orders with wheeling charges at least in the range of tariff rates announced for the period July 01, 2019 to October 31, 2022, the Company has created additional provision amounting ₹ 3.77 crores (Previous year- ₹ Nil) during the year related to wheeling charges on or before June 30, 2019.

Based upon the legal opinion, the Company is of the view that the demand for the period April 01, 2008 to March 31, 2019 is not legally tenable and would not result in any further material liability on the Company.

30.2 Commitments

- The Company has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura sub station to Nalagarh (i.e. interstate point - substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- The Company does not have any other long term commitments of material non-cancellable contractual commitments/ contracts including derivatives contract for which there were any material foreseeable losses.

31 RELATED PARTY DISCLOSURES

Disclosures as required by Ind AS 24 – “Related Party Disclosures” are as follow:

- Names of related parties and description of relationship

Description of relationship	Name of related party
Parent Company	Bhilwara Energy Limited
Subsidiary Company	AD Hydro Power Limited
Fellow Subsidiary Company	Indo Canadian Consultancy Services Limited
Key Management Personnel	- Mr. Ravi Jhunjunwala (Chairman and Managing Director) - Mr. O.P Ajmera (Executive Director, CEO and CFO) - Mr. Arvind Gupta* (upto March 01, 2023) - Mr. Ankur Vijay * (w.e.f May 01, 2023)
Relatives of key management personnel	- Mrs. Rita Jhunjunwala (wife of the Chairman and Managing Director) - Mr. Riju Jhunjunwala (son of the Chairman and Managing Director) - Mr. Rishabh Jhunjunwala (son of the Chairman and Managing Director)
Enterprises under significant influence of key management personnel or their relatives	- HEG Limited, - Rajasthan Spinning & Weaving Mills Limited (“RSWM Limited”) - BSL Limited - Statkraft Markets Private Limited

* out of total remuneration paid to Mr. O P Ajmera, ₹ 0.83 crores (Previous year ₹ 0.75 crores) has been recovered from Bhilwara Energy Limited.

excludes post-employment benefits and other long term employee benefits which is provided in the financial statements on the basis of actuarial valuation.

32 EMPLOYEE BENEFIT PLAN
32.1 Defined contribution plan
i) Superannuation Fund

The Company makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Company. The Company does not carry any further obligations, apart from the contributions made on a monthly basis. The Company recognized ₹ 0.10 crores (previous year ₹ 0.09 crores) in the statement of profit and loss account. (refer note 24)

ii) Provident Fund

The Company makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 0.49 crores (previous year ₹ 0.49 crores) in the statement of profit and loss account. (refer note 24)

32.2 Details of defined benefit plan and long term employee benefit plan
i) Gratuity Fund

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for defining the investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

ii) Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

32.3 Disclosure required for Gratuity and Compensated absence in accordance with Ind AS-19 "Employee Benefits" are set out in the table below:
i) Current and Non – Current classification in Balance Sheet
(₹ in Crores)

Particulars	As at March 31, 2023			As at March 31, 2022		
	Current	Non-current	Total	Current	Non-current	Total
Compensated absence obligation	0.77	1.18	1.95	0.55	1.25	1.80
Gratuity:						
- Present value of funded defined benefit obligation	2.46	2.29	4.75	1.75	2.41	4.16
Fair value of plan assets	4.22	-	4.22	4.06	-	4.06
Net defined benefit obligation			0.53	0.10	-	0.10

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified. The Company will assess the impact when Code and rules thereon will be notified and will record any related impact in the period the Code and rules thereon becomes effective.

ii) Movement in the present value of defined benefit obligation (₹ in Crores)

Total	100%	100%

* In the absence of detailed information regarding plan assets which is funded with Insurance Companies, the composition of each major category of plan assets, the percentage or amount of each category to the fair value of plan assets has not been disclosed.

vii) Significant Actuarial Assumptions
(₹ in Crores)

Particulars	Gratuity		Compensated absences	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
i) Discounting Rate	7.38	7.23	7.38	7.23
ii) Future salary Increase	5.50	5.50	5.50	5.50
i) Retirement Age (Years)	60	60	60	60
ii) Mortality rates inclusive of provision for disability	100 % of IALM (2012 - 14)		100 % of IALM (2012 - 14)	
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)
18 to 30 Years	3.00	3.00	3.00	3.00
31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

Note:

- (a) Discount rate is based on the prevailing market yields of Government of India Securities as at Balance Sheet date for the estimated term of the obligations.
- (b) The estimate of future salary increased considered, takes into account the inflation, seniority, promotion, increment and other relevant factors, such as supply and demand in the employment market.

viii) Sensitivity Analysis of the defined benefit obligation

Sensitivity of gross defined benefit obligation as mentioned above, in case of change of significant assumptions would be as under:

(₹ in Crores)

Particulars	Gratuity	
	For period ending March 31, 2023	For period ending March 31, 2022
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	4.74	4.16
Impact due to increase of 0.50%	(0.11)	(0.10)
Impact due to decrease of 0.50%	0.11	0.11
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	4.74	4.16
Impact due to increase of 0.50%	0.11	0.11
Impact due to decrease of 0.50%	(0.11)	(0.10)

Note:

- (a) Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- (b) Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

ix) Maturity Profile of defined benefit obligation
(₹ in Crores)

Expected cash flows for the next 10 years	Gratuity
0 to 1 Year	2.46
1 to 2 Year	0.05
2 to 3 Year	0.08
3 to 4 Year	0.05
4 to 5 Year	0.08
5 to 6 Year	0.06
6 Year onwards	1.97

33 In the earlier years, in respect of 200 MW Bara Banghal project in state of Himachal Pradesh for which the Company had bid and paid an upfront premium of ₹ 61.20 crores. The Company had decided to shelve off the project as the State Hydro Power Policy was not aligned with Ministry of Environment and Forest (MOEF) Policy of Government Of India which prohibits the implementation of a hydro power project in wild life /eco sensitive zone areas. In view of this, the Company had filed a full amount of refund claim along with interest as per the terms and conditions of the pre-implementation agreement.

The management had assessed that the amount was recoverable in full. The management had made a provision of 50% of the upfront premium i.e. ₹ 30.60 crores and ₹ 6.82 crores which was paid towards consultancy and other expenses was also provided for in the earlier years. The provision was made as the management expected that the settlement will take long time. On April 06, 2022, the Company has received ₹ 61.20 crores as full and final settlement from the Government of Himachal Pradesh. Hence, the provision of ₹ 30.60 crores had been reversed in the previous year and the provision of ₹ 6.82 crores had been written off during the previous year.

34 INVESTMENT IN SUBSIDIARY AND LOAN TO SUBSIDIARY (ADHPL)

- (i) The Company has investment amounting to ₹ 1,094.81 crores (including Deemed Equity investment) in AD Hydro Power Limited (subsidiary company) as on March 31, 2023. As against this, net assets of the subsidiary company as on March 31, 2023 is ₹ 1,262.88 crores. Considering the subsidiary company's financial performance and taking into consideration, the future projections and expected future cash flows from subsidiary's operations, the management is of the view that there is no impairment indicator in respect to the above investments and unsecured loans and hence are considered entirely recoverable.
- (ii) During the year ended March 31, 2009, the Company had given sub debt to ADHPL amounting to ₹ 463.80 crores at market interest rate which was classified as Loans on transition to Ind AS based on intention of the parties at that point of time. During the prior years, the Company and ADHPL mutually agreed to modify the terms of repayment of sub debt of ₹ 317.80 crores and accumulated interest of ₹ 233.96 crores on total debt whereby no further interest will be charged on these amounts from April 01, 2020. Further, at the discretion of ADHPL, ADHPL can repay ₹ 317.80 crores and ₹ 233.96 crores out of distributable profits of ADHPL and can be paid only after making dividend payments to the equity shareholders or as per the agreement signed between the Company, ADHPL and IFC.

Based on the above modification, the Company has derecognized the loan asset and accumulated interest receivable and transferred the balances to investment in subsidiary as presented under "Deemed Equity Investment." The waiver of interest and modification of terms of the sub debt are not prejudicial to the interest of the Company considering the parent and subsidiary relationship.

During the year ended March 31, 2022, ADHPL has suo moto repaid ₹ 52.46 crores from deemed equity.

35 FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(a) Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. There are no material market risk affecting the financial position of the Company.

I Interest rate risk

Interest risk is the risk or uncertainty arising from possible interest rate movements and their impact on the future obligations or cash flows of a business. There are no material interest risk affecting the financial position of the Company.

II Currency risk

Currency risk is the risk or uncertainty arising from possible currency movements and their impact on the future cash flows of a business. There are no material currency risk affecting the financial position of the Company.

III Price risk

Price risk is the risk or uncertainty arising from possible raw material price movements and their impact on the future performance of a business. There are no material price risk affecting the financial position of the Company.

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

(i) **Financial assets to which loss allowance is measured using lifetime /12 months Expected Credit Loss (ECL) as on March 31, 2023.**

(₹ in Crores)

Financial assets to which loss allowance is measured using lifetime / 12 months Expected credit loss(ECL)	As at March 31, 2023			As at March 31, 2022		
	Gross Carrying Amount	Expected credit loss/ Write off	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss/ Write off	Carrying amount net of impairment provision
Long term loans and advances to Subsidiary Company	-	-	-	146.00	-	146.00
Loan to Employees	0.24	-	0.24	0.34	-	0.34
Advance for Bara Banghal project	-	-	-	68.02	6.82	61.20

Cash and Cash Equivalents	73.88	-	73.88	9.19	-	9.19
Bank Balance	49.58	-	49.58	44.70	-	44.70
Interest accrued on bank deposit	0.16	-	0.16	0.19	-	0.19
Security deposit	0.10	-	0.10	0.04	-	0.04

The Company is in the power generation sector. The Company on the basis of its past experience and expectation basis best information available on date is confident on realizing all of its dues from its customers. For the disputed debtors, the Company expects to receive the interest on receivables balance which has not been accrued in the books, hence there is no requirement to recognise ECL for time value of money.

(c) **Liquidity risk**

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligation on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Crores)

As at March 31, 2023	Less than 12 months	12 months to 3 years	More than 3 years	Total
Trade payables	6.63	0.27	3.96	10.86
Sundry deposit	0.32	-	-	0.32

(₹ in Crores)

As at March 31, 2022	Less than 12 months	12 months to 3 years	More than 3 years	Total
Trade payables	5.03	0.93	0.19	6.15
Sundry deposit	0.35	-	-	0.35

36 CAPITAL MANAGEMENT

(a) **Risk management**

The Company's objective when managing capital are to:

- (i) safeguard their ability to continue as a going concern , so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet)

The gearing ratios were as follows:

(₹ in Crores)

Particulars	As at March 31, 2023	As at March 31, 2022
Net Debt	-	-
Total Equity	1,315.16	1,360.84
Net Debt to Equity Ratio	-	-

The above mentioned ratio is not applicable since the Company has no borrowings.

37 FINANCIAL INSTRUMENTS- ACCOUNTING CLASSIFICATION AND FAIR VALUE MEASUREMENT (₹ in Crores)

38 RATIOS

Particulars	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Variance (%)	Explanation-if change in ratio more than 25% from preceding year.
(a) Current ratio (in times)	Current assets	Current liabilities	8.64	8.14	6%	
(b) Debt Service Coverage Ratio (in times)	Earnings available for debt service = net profit after taxes + depreciation and amortisation expense + finance costs + non-cash operating expenses+ other non-cash adjustments	Debt service = interest + principal repayments	-	1.49	100%	Decrease is mainly on account of repayment of entire borrowings during the year.
(c) Return on Equity Ratio (in %)	Net profit after taxes	Average shareholder's equity (Total Equity)	76.92%	81.86%	-4.94%	
(d) Trade Receivables turnover ratio (in times)	Revenue from operations	Average trade receivables	22.21	17.21	29.05%	Increase is on account of increase in revenue from operations.
(e) Trade payables turnover ratio (in times)	Net credit purchases	Average trade payables	1.76	2.80	-37.14%	Decrease is due to decrease in transmission charges and resultant payables.
(f) Net capital turnover ratio (in times)	Revenue from operations	Working capital = Current assets - Current liabilities	1.31	1.88	-30.32%	Decrease is mainly due to increase in working capital as a result of cash generated from operations during the current year.
(g) Net profit ratio (in %)	Profit for the year	Revenue from operations	76.62%	106.00%	-29.38%	Decrease is due to decrease in profit as compared to previous year, as in previous year there was provision booked for Bara Bhangal project which is received in current year.
(h) Return on Capital employed (in %)	Profit before tax and finance costs	Capital employed = Tangible net worth + total debt + deferred tax liability	8.48%	9.09%	-6.71%	
(i) Return on investment (in %)	Income generated from invested funds	Time weighted average investments	0.74%	8.72%	-91.51%	Decrease is due to increase in investment as there is purchase of shares of ADHPL from IFC and decrease in interest income on sub debt during the year as it is fully repaid.

Note: Debt-Equity ratio and Inventory Turnover ratio is not applicable to the Company.

39 OTHER STATUTORY INFORMATION:

- (i) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- (ii) The Company does not have any transactions with struck off Companies under Companies Act, 2013 or Companies Act, 1956.

CONSOLIDATED FINANCIAL STATEMENTS
OF

MALANA POWER COMPANY LIMITED

CIN : U40101HP1997PLC019959

Independent Auditor's Report

(Consolidated)

To The Members of Malana Power Company Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Malana Power Company Limited ("the Parent") and its subsidiary company, (the Parent and its subsidiary company together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Loss), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 31(A)(i)(b) to the consolidated financial statements, which describes the uncertainty relating to the effects of outcome of litigation with Himachal Pradesh State Electricity Board (HPSEBL) in case of the Parent.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the Board's report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Board's report is expected

to be made available to us after the date of this auditor's report.

- Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Board's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are

free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to the consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative

materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Loss, the Consolidated Statement of Cash Flows and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Parent as on March 31, 2023 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary Company in India, none of the directors of the Group Companies incorporated in India are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditor's report of the Parent and its subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to the consolidated financial statements of those companies.
 - g) In our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary company incorporated in India, the remuneration paid by the Parent and such subsidiary company to their respective directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The consolidated financial statements disclose the impact of pending litigations on its financial position of the Group. (Refer Note 31 A (i) and 31 B (i) to the consolidated financial statements)
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. (Refer Note 31A(ii) and 31B(ii) to the consolidated financial statements)
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Parent and its subsidiary company incorporated in India. (Refer note 39(ix) to the consolidated financial statements)
- iv. (a) The respective managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented that, to the best of their knowledge and belief as disclosed in the note 39(v) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented, that, to the best of their knowledge and belief as disclosed in

the note 39(vi) to the consolidated financial statements, no funds have been received by the Parent or any of such subsidiaries from any person(s) or entity(ies), including foreign entity (ies) ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary which is the company incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The interim dividend has been declared or paid by the Company during the year.
 - vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company w.e.f. April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the consolidated financial year ended March 31, 2023.
2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us of the subsidiary included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in the CARO report of the subsidiary included in the consolidated financial statements except for the following:

Name of the company	CIN	Nature of relationship	Clause Number of CARO report with qualification or adverse remark
AD Hydro Power Limited	U40101HP2003PLC026108	Subsidiary	Clause 3(i)(c)

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of Malana Power Company Limited (hereinafter referred to as “Parent”) and its subsidiary company, which is the Company incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent and its subsidiary company which is the company incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary company, which is a company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary company which is a company incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary company, which is a company incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Statement of Profit & Loss

for the Year Ended March 31, 2023 (Consolidated)

(₹ in Crores)			
Particulars	Note No.	For the year ended March 31, 2023	For the year ended March 31, 2022
I Revenue from operations	21	463.33	369.74
II Other Income	22	16.83	46.77
III Total Income (I+II)		480.16	416.50
IV Expenses			
Transmission Charges	22.1	20.17	58.00
Employee benefits expenses	23	35.68	28.80
Finance costs	24	1.53	25.07
Depreciation and amortisation expenses	25	42.40	54.06
Other expenses	26	37.48	31.50
Total expenses		137.26	197.43
V Profit before tax (III-IV)		342.90	219.07
VI Tax Expense			
(a) Current tax expense	27	35.22	27.57
(b) Deferred tax charge/(credit)	27	26.10	(0.81)
(c) Tax related to earlier years	27	(2.03)	-
Income tax expense		59.29	26.76
VII Profit for the year (V-VI)		283.61	192.31
Profit attributable to owners of the company		268.79	180.51
Non-controlling interest		14.82	11.80
Profit for the year		283.61	192.31
VIII Other comprehensive income/(loss)			
Items that will not to be reclassified subsequently to profit or loss:			
- Re-measurement gains on defined benefit plans (net of tax)		(0.50)	0.01
- Income tax relating to items that will not be reclassified to profit or loss		0.09	(0.03)
Other comprehensive loss for the year		(0.41)	(0.02)
Other comprehensive income/(loss) attributable to owners of the company		(0.41)	(0.01)
Non-controlling interest		-	(0.01)
IX Total comprehensive income for the year, net of tax (VII +VIII)		283.20	192.29
Total comprehensive income attributable to owners of the company		268.38	180.51
Non-Controlling interest		14.82	11.79
Earnings per equity share (Face value of ₹ 10 per share)			
Basic (in ₹)	28	18.22	12.24
Diluted (in ₹)	28	18.22	12.24

Notes to Consolidated Financial Statements

for the Year Ended March 31, 2023

1 CORPORATE INFORMATION

The consolidated financial statements comprises Malana Power Company Limited (MPCL) (Holding Company) and its one subsidiary i.e. AD Hydro Power Limited (ADHPL) (together referred to as "Group") for the year ended March 31, 2023.

The Group is engaged in the generation of hydro- electric power and development of hydro power projects. The subsidiary Company considered in the consolidated financial statements is 'AD Hydro Power Limited' with proportion of 100% ownership as on March 31, 2023.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. The financial statements have been prepared on the historical cost basis, except where different basis is mentioned in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Amendments to Ind AS 1 and Ind AS 8 - Definition of "material"

The Group has adopted the amendments to Ind AS 1 and Ind AS 8. The amendments make the definition of material in Ind AS 1 easier to understand and are not intended to alter the underlying concept of materiality in Ind ASs. The concept of 'obscuring' material information with immaterial information has been included as part of the new definition.

The threshold for materiality influencing users has been changed from 'could influence' to 'could reasonably be expected to influence'. The definition of material in Ind AS 8 has been replaced by a reference to the definition of material in Ind AS 1. In addition, the MCA amended other standards that contain the definition of 'material' or refer to the term 'material' to ensure consistency.

The adoption of the amendment had no impact on the disclosures or on the amounts reported in these consolidated financial statements.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiary as at March 31, 2023. Control is achieved when the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee if facts and circumstances indicates that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, Liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statement in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e. year ended on March 31, 2023. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if the results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group accounting policies. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Consolidation Procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows to the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statement. Ind AS 12 Income tax applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

2.3 Summary of significant accounting policies

(a) Use of estimates

The preparation of consolidated financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future period if the revision affects boths current and future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

I. Service Concession Arrangements

Management has assessed applicability of Appendix D of Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Group. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

II. Deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period and recognized to the extent that it is probable that sufficient taxable profits will be available to utilize the deferred tax asset.

III. Claims and Litigations

The Group is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Group reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Group establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Group's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Group evaluates, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of the loss. The Group does not record liabilities when the likelihood that the liability has been incurred is probable, but the amount cannot be reasonably estimated. Based upon present information, the Group determined that there were no matters that required an accrual as of March 31, 2023 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

IV. Impairment of non-financial assets

At each reporting date, the Group reviews the carrying amounts of its PPE to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with an indefinite useful life are tested for impairment at least annually and whenever there is an indication at the end of a reporting period that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount.

(b) Revenue Recognition

The Group recognise revenue at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Group's sales revenue is divided into following categories:

Revenue from generation and supply of Power ("Revenue from Power Supply"):

Revenue from sale of power is recognised when persuasive evidence of an arrangement exists, the fee is fixed or determinable, energy is supplied (i.e. performance obligation is satisfied) and collectibility is reasonably assured. The revenues from generation and supply of power is recognised at the amount of which the entity has a right to invoice which coincides with the electricity scheduled to be transmitted to the customers. The difference between scheduled and actual transmitted energy is recognized as Unscheduled Interchange (U/I) charges and are adjusted with the revenue recognized on accrual basis.

In an arrangements where the Group sells power on an exchange, the exchange is determined to be the customer. This is based on the fact that the Group has enforceable contracts with the exchanges.

Revenue from sharing of Transmission line ("Transmission Income"):

Revenue is recognized on the basis of periodic billing to consumers / state transmission utility and is measured based on the consideration to which the Group expects to be entitled from a customer, net of returns and allowances, discounts, volume rebates and cash discounts excluding taxes or duties collected on behalf of the government.

Voluntary emission rights (VER), Carbon Credit Entitlement / Certified Emission Reductions ("CER")

The Group recognize carbon emission reduction "CER" income in the period when it is reasonably certain that the Group will be able to comply with the conditions necessary to obtain these carbon emission reduction. The Group recognise CER value at average price of open contract for sale of CER with customers.

Other Income

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

(c) Inventory Valuation

Inventories comprising of components, stores and spares are valued at lower of cost and net realizable value. Scrap is valued at net realisable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively

Depreciation:

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets	Useful life (Years)
Buildings other than factory buildings	60
Plant and Machinery used in generation, transmission and distribution of power	40
Hydraulic Works (Dam, Reservoir, Barrage etc)	40
Factory Buildings	30
Plant and Machinery	15
Electrical Installations	10
Furniture and Fixtures	10
Roads	10
Vehicles	8
Computers and Data processing equipments	3-6
Office equipments	5

(e) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years. The Group has considered the useful life of 3 years to provide amortization on Software.

The intangible assets are assessed for impairment whenever there is indication that the intangible assets may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of profit and loss when the asset is derecognized.

(f) Leases

The Group assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (1) The contract involves the use of an identified asset,
- (2) The Group has substantially all of the economic benefits from use of the identified asset, and
- (3) The Group has the right to direct the use of the identified asset.

Group as a lessee

The Group recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group adopts the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Group as a lessor

Leases where the Group does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

(g) Impairment of Non-Financial Assets

The group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations cover the useful life of the project.

Impairment losses are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount.

(h) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Subsequent measurement

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in the statement of profit and loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. Investments in debt mutual funds are measured at fair value through profit or loss as per the business model and contractual cash flow test.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Equity Instruments through Other Comprehensive Income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Derecognition of financial assets

The Company derecognises financial assets in accordance with the principles of Ind AS 109 which usually coincides receipt of payment or write off of the financial asset.

Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the effective interest method or FVTPL. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for

managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(i) Retirement and other employee benefits

1 Defined Contribution Plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

2 Defined Benefit Plan:

Gratuity

The Employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with ICICI Prudential Life Insurance company Limited and Bajaj Allianz. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Group contributes to the Group Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with ICICI Prudential Life Insurance Company Limited and Bajaj Allianz is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in notes to accounts to the consolidated financial statements.

The Group recognises the following changes in the net defined benefit obligation under Employee benefit expense in Consolidated statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Consolidated Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

3 Other Long Term Employee Benefits:

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

(j) Taxes

Current income tax

The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions.

In arriving at taxable profit and tax bases of assets and liabilities, the Company recognised taxability of amounts in accordance with tax enactments, case law and opinions of tax counsel, as relevant. Where differences arise on tax assessment, these are booked in the period in which they are agreed or on final closure of assessment.

Deferred Tax

Deferred tax is provided on temporary difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the

asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(k) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

(l) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(m) Contingent Liability

A Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

(n) Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(o) Fair Value measurement

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

As on reporting date, the Group doesnot have any financial instrument which has been measured either through FVTPL or FVTOCI.

(p) Current versus Non-Current

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- 1 Expected to be realised or intended to be sold or consumed in normal operating cycle
- 2 Held primarily for the purpose of trading
- 3 Expected to be realised within twelve months after the reporting period, or
- 4 Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- 1 It is expected to be settled in normal operating cycle
- 2 It is held primarily for the purpose of trading
- 3 It is due to be settled within twelve months after the reporting period, or
- 4 There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

(q) Going concern

The directors here, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

(r) Subsequent events

Based on the nature of the event, the Group identifies the events occurring between the consolidated balance sheet date and the date on which the consolidated financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the consolidated balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Group may provide a disclosure in the consolidated financial statements considering the nature of the transaction.

(s) Recent Indian Accounting Standards (Ind AS)

Recent accounting pronouncements Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

Notes :

All the assets are owned by the company except as mentioned otherwise:

- 1) Building, bridges and roads includes cost of road ₹ 13.57 crores (Previous year ₹ 13.57 crores) and written down value of ₹ 0.61 crores (previous year ₹ 0.61 crores) constructed on forest land diverted for the project.
- 2) Gross block of transmission line includes payment for 'Right to use' amounting to ₹ 52.96 crores (Previous year ₹ 52.96 crores) and accumulated depreciation of ₹ 16.69 crores as on March 31, 2023 (including depreciation charged during the year of ₹ 1.32). 'Right to use' is an irrevocable perpetual right of use of land, but the ownership of the land does not vest with the Company.
- 3) Land includes ₹ 29.99 crores paid for 12.43 hectares land, out of which mutation for execution of 9.70 hectares in favour of the Company has been completed. Apart from notified land, 2.73 hectares land has been acquired directly from the villagers and mutation is in progress.

29. SEGMENT REPORTING

The Group's activities involves generation of hydro power. Also, the Group generates income from usage of its owned transmission line. Considering the nature of Group's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Segment Reporting'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the consolidated financial statements.

30 THE DETAILS OF SUBSIDIARY COMPANY I.E. AD HYDRO POWER LIMITED IS AS FOLLOWS :

Name of the entity	Country of Incorporation	Nature	Net Assets		Share in profit or loss		Share in OCI		Share in Total Comprehensive Income	
			% of Consolidated Net Assets	Amount (₹ in crores)	% of Consolidated profit or loss	Amount (₹ in crores)	% of Consolidated Comprehensive Income	Amount (₹ in crores)	% of Consolidated Comprehensive Income	Amount (₹ in crores)

AD Hydro Power Limited	India	Subsidiary	85.16%	1,264.59	74.14%	210.29	36.00%	(0.18)	71.33%	202.01
Total			100%	1,484.96	100%	283.63	100%	(0.50)	100%	283.22

31 CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTEND NOT PROVIDED FOR)

A. With respect to the Parent Company:

(i) Contingent Liabilities

- (a) Claims against the Company raised by income tax authorities amounting to ₹ 2.14 crores (Previous year- ₹ 2.14 crores). No provision is considered necessary since the Company expects favourable decisions.
- (b) On April 27, 2019, the Company received a provisional net demand of ₹ 80.69 crores (Previous year- ₹ 80.69 crores) in relation to wheeling charges for the period April 01, 2008 to March 31, 2019 from Himachal Pradesh State Electricity Board Limited (HPSEBL) based on an order passed by the Himachal Pradesh Electricity Regulatory Commission (HPERC). In this regard, the Company has paid under protest an amount of ₹ 28.17 crores (Previous year- 28.17 crores). The Company had filed an appeal before Appellate Tribunal for Electricity (APTEL) on April 24, 2019, at New Delhi, which is pending adjudication with APTEL.

During the current year, HPERC vide Order dated 30th November 2022 determined the voltage wise wheeling charges for the period July 01, 2019 to October 31, 2022. Based on the legal opinion obtained, the Company is of the view that APTEL will adopt the same analogy for determination of wheeling charges for the period April 1, 2008 to March 31, 2019, considering the same, there might be high likelihood of final orders with wheeling charges at least in the range of tariff rates announced for the period July 01, 2019 to October 31, 2022, the Company has created additional provision amounting ₹ 3.77 crores (Previous year- ₹ Nil) during the year related to wheeling charges on or before June 30, 2019.

Based upon the legal opinion, the Company is of the view that the demand for the period April 01, 2008 to March 31, 2019 is not legally tenable and would not result in any further material liability on the Company.

(ii) Commitments

- a) The Company has entered into agreement with Himachal Pradesh State Electricity Board (HPSEB) for 40 years to wheel or transfer energy from Bajaura sub station to Nalagarh (i.e. interstate point - substation of Powergrid Corporation of India limited) at agreed price with the commitment to provide 20% of the deliverable energy at free of cost to HPSEB.
- b) The Company does not have any other long term commitments of material non-cancellable contractual commitments/contracts including derivatives contract for which there were any material foreseeable losses.

B. With respect to the Subsidiary Company:

(i) Contingent Liabilities*

Particulars	(₹ in Crores)	
	As at March 31, 2023	As at March 31, 2022
Claims against the Company not acknowledged as debt:		
Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	14.60	14.60
Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	14.27	14.27
Demand raised by Directorate of fisheries. Himachal Pradesh (refer note (c) below)	0.65	0.65
Demand of lease rentals by Himachal Pradesh Govt. for diverted forest land (refer note (e) below)* **	-	26.12

* The Company believes that these claims/demands are not probable to be decided against the Company and therefore, no provision for the above is required.

** The Government has withdrawn the demand of lease rentals for diverted forest land in July 2022.

Notes:

- (a) During the financial year 2012-2013, the Cess Assessing Officer vide order dated January 23, 2013 had raised a demand of ₹ 14.60 crores on the Company under the Building & Other Construction Workers Welfare Cess Act, 1996 ("BOCW Act") for the period from January 01, 2005 to July 31, 2012. The Company is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 08, 2008 to July 01, 2010 (i.e from the date when the rules were notified and up to the date when factory license was granted to the Company). In view of this, there is no question of payment of Cess prior to December 8, 2008 as demand has no justification or legal sanctity. The amount so determined based on the Company's view has been already paid and provided for in the books of accounts. The Company had filed a writ petition before the High Court of Himachal Pradesh for the above said demand. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand. The matter is presently pending for adjudication with no fixed date.

Pending any further directions by the High Court and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

- (b) During the year ended March 31, 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹ 14.27 crores on the Company towards Local Area Development Fund (LADF) which was determined considering 1.5% of the final cost of the project of the Company of ₹ 1,607 crores. The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed @ 1.5% of the total capital cost as reflected in Detailed Project Report of the Company i.e. ₹ 922 crores in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by the Company aggregating to ₹ 14.23 crores. Had these been considered/computed appropriately, the above demand would not arise. Management is of the view that the Company has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.

- (c) During the year ended March 31, 2013, the Department of Fisheries directed the Company to pay an amount of ₹ 1.00 crore for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. The Company had filed a Writ Petition in the Hon'ble High Court of Himachal Pradesh against the said demand and based on the directive of Hon'ble High Court of Himachal Pradesh has deposited ₹ 0.35 crores to Department of Fisheries. Management is of the view that the Company is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required. However, the Company had written off the deposit amount as there is no movement in this case for more than 5 years and has disclosed the balance of ₹ 0.65 crores as contingent liabilities.

- (d) The Company is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against the Company is remote and thus these cases will not have any material impact on the financial statements and no provision is required.

- (e) On December 24, 2021, the Company has received a demand of ₹ 58.33 crores from Central Transmission Utility of India Limited ("CTUIL") in relation to relinquishment charges for surrender of Long Term Access rights with Power Grid Corporation of India Limited, which in the opinion of the Company, is not in accordance with the methodology specified by the CERC vide Order dated March 08, 2019 in petition no. 92/MP/2015.

Based on consideration of the information available till date, the Company had computed the relinquishment charges as per methodology specified by aforesaid order, along with interest, amounting to ₹ 16.32 crores and has provided for in the books of account during the previous year.

Based on the management's assessment, no additional provision is required.

(ii) Commitments

- a) The Company had entered into Bulk Power Transmission Agreement with Power Grid Corporation of India Limited (Power grid) to avail long term open access to the transmission system of Power grid for transfer of power from Allain Duhangan HEP to Northern Region Constituents. The Company has agreed to share and pay all the transmission charges of Power grid for a period of 40 years from Commercial Operation Date i.e. July 29, 2010. This is being a firm commitment, recognized as an expense on receipt of monthly bills from Power grid, under the head 'Bulk power transmission charges' in the Statement of profit and loss. However, during the previous year, the Company had relinquished the Agreement.

Besides, in accordance with implementation agreement with Government of Himachal Pradesh (GOHP), the company shall provide 12% of its deliverable energy free of cost to GOHP. [refer Note 31 B(i)(e) above]

- b) The Company has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. The Company does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.

32 RELATED PARTY DISCLOSURES

33 EMPLOYEE BENEFIT PLAN

33.1 Defined contribution plan

i) Superannuation Fund

The Group makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Group. The Group does not carry any further obligations, apart from the contributions made on a monthly basis. The Group has recognized ₹ 0.19 crores (previous year ₹ 0.13 crores) in the Consolidated statement of profit and loss account. (Refer Note 23)

ii) Provident Fund

The Group makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme the group is required to contribute a specified percentage of the payroll costs to fund the benefits. The group recognized ₹ 1.27 crores (previous year ₹ 1.20 crores) in the Consolidated statement of profit and loss account. (Refer note 23)

33.2 Details of defined benefit plan and long term employee benefit plan

i) Gratuity Fund

The Group has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the group. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognized insurer managed funds in India. The group does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

ii) Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

33.3 Disclosure required for Gratuity and Compensated absence in accordance with Ind AS-19 "Employee Benefits" are set out in the table below:

i) Current and Non – Current classification in Balance Sheet (₹ in Crores)

Particulars	As at March 31, 2023			As at March 31, 2022		
	Current	Non-current	Total	Current	Non-current	Total
Compensated absence obligation	0.85	3.08	3.93	0.64	2.93	3.57
Gratuity:						
- Present value of funded defined benefit obligation	2.57	5.79	8.36	1.88	5.38	7.26
Fair value of plan assets	7.43	-	4.33	7.29	-	7.29
Net defined benefit obligation recognized in balance sheet/ (surplus in gratuity fund)			4.03			(0.03)

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment, received Presidential assent in September 2020. The Code has been published in the Gazette of India, however, the date on which the Code will come into effect is yet to be notified. The Company will assess the impact when Code and rules thereon will be notified and will record any related impact in the period the Code and rules thereon becomes effective.

ii) Movement in fair value of gratuity and compensated absences (₹ in Crores)

Particulars	Gratuity		Compensated absences	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022

Total	100%	100%

* In the absence of detailed information regarding plan assets which is funded with Insurance Companies, the composition of each major category of plan assets, the percentage or amount of each category to the fair value of plan assets has not been disclosed.

vii) Significant Actuarial Assumptions (₹ in Crores)

Particulars	Gratuity		Compensated absences	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
i) Discounting Rate	7.38	7.23	7.38	7.23
ii) Future salary Increase	5.50	5.50	5.50	5.50
i) Retirement Age (Years)	60.00	60.00	60.00	60.00
ii) Mortality rates inclusive of provision for disability	100% of IALM (2012 - 14)		100% of IALM (2012 - 14)	
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)
Up to 30 Years	3.00	3.00	3.00	3.00
From 31 to 44 years	2.00	2.00	2.00	2.00
Above 44 years	1.00	1.00	1.00	1.00

Note:

- (a) Discount rate is based on the prevailing market yields of Government of India Securities as at Balance Sheet date for the estimated term of the obligations.
- (b) The estimate of future salary increased considered, takes into account the inflation, seniority, promotion, increment and other relevant factors, such as supply and demand in the employment market.

viii) Sensitivity Analysis of the defined benefit obligation

Sensitivity of gross defined benefit obligation as mentioned above, in case of change of significant assumptions would be as under:

		(₹ in Crores)
Particular		Gratuity
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period		8.37
Impact due to increase of 0.50%		(0.28)
Impact due to decrease of 0.50%		0.30
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period		8.37
Impact due to increase of 0.50%		0.31
Impact due to decrease of 0.50%		(0.29)

Note:

- (a) Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- (b) Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

ix) Maturity Profile of defined benefit obligation

		(₹ in Crores)
Expected Cash flows for next 10 years		Gratuity
0 to 1 Year		2.57
1 to 2 Year		0.11
2 to 3 Year		0.31
3 to 4 Year		0.14
4 to 5 Year		0.18
5 to 6 Year		0.43
6 Year onwards		4.63

- 34** In the earlier years, in respect of 200 MW Bara Banghal project in state of Himachal Pradesh for which the Company had bid and paid an upfront premium of ₹ 61.20 crores. The Company had decided to shelve off the project as the State Hydro Power Policy was not aligned with Ministry of Environment and Forest (MOEF) Policy of Government Of India which prohibits the implementation of a hydro power project in wild life /eco sensitive zone areas. In view of this, the Company had filed a full amount of refund claim along with interest as per the terms and conditions of the pre-implementation agreement.

The management had assessed that the amount was recoverable in full. The management had made a provision of 50% of the upfront premium i.e. ₹ 30.60 crores and ₹ 6.82 crores which was paid towards consultancy and other expenses was also provided for in the earlier years. The provision was made as the management expected that the settlement will take long time. On April 06, 2022, the Company has received ₹ 61.20 crores as full and final settlement from the Government of Himachal Pradesh. Hence, the provision of ₹ 30.60 crores had been reversed in the previous year and the provision of ₹ 6.82 crores had been written off during the previous year.

35 OTHER MATTERS
A. With respect to the Subsidiary Company:
(i) Impairment of Property, Plant and Equipment's

As on March 31, 2023, the Company has net worth of ₹ 1,262.88 crores (Previous Year- ₹ 1,060.88 crores) and accumulated profits of ₹ 203.43 crores as at March 31, 2023 (Previous Year- accumulated profits amounting ₹ 1.42 crores). Based on nancial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel, management believes that prots will continue to accrue on account of expected increase in tariff and there are no impairment indicators and hence no adjustments are required to the carrying value of property, plant and equipment on account of impairment and the Company will have sufficient cash flow to meets its future obligations.

(ii) Dispute related to parties using the transmission line

During the earlier years, the Subsidiary had raised invoices to the parties using the dedicated transmission system of the Subsidiary Company based on capital cost of ₹ 416.61 crores in terms of Interim Agreement entered into by the parties. However subsequently the capital cost had been challenged by one of the Parties and Central Electricity Regulatory Commission ('CERC') approved the capital cost of Transmission System at ₹ 238.92 crores as against the capital cost submitted by the Subsidiary Company of ₹ 416.61 crores [on the date of commercial operation

date ("COD"))/ ₹ 452.84 crores (with additional capitalization). The management is of the view that the methods used to derive the capital cost by the CERC are not in accordance with the Tariff Regulations of CERC itself. Therefore, the Company had filed an appeal against the CERC Order before Appellate Tribunal (APTEL) in October 2019, which is yet to come for final hearing.

However during the current year, in another proceeding, APTEL, vide order dated October 31, 2022, declared the transmission system of Subsidiary Company as deemed Inter State Transmission System ('ISTS system') with retrospective effect and remanded the case to CERC for calculation of transmission tariff based on point of connection ("POC") mechanism. Under this mechanism, based on the management assessment supported by opinion of legal counsel, the management is of the view that the Company will not be subject to any further liability.

36 FINANCIAL RISK MANAGEMENT AND OBJECTIVE POLICIES

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Group's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(a) Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. There are no material market risk affecting the financial position of the Company.

I Interest rate risk

Interest risk is the risk or uncertainty arising from possible interest rate movements and their impact on the future obligations or cash flows of a business. There are no material interest risk affecting the financial position of the Group.

II Price risk

Price risk is the risk or uncertainty arising from possible raw material price movements and their impact on the future performance of a business. There are no material price risk affecting the financial position of the Group.

III Currency risk

Currency risk is the risk or uncertainty arising from possible currency movements and their impact on the future cash flows of a business. There are no material currency risk affecting the financial position of the Group.

b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Group considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

Expected Credit Loss (ECL) for financial assets

(₹ in Crores)

Financial assets to which loss allowance is measured using lifetime / 12 months Expected credit loss(ECL)	As at March 31, 2023			As at March 31, 2022		
	Gross Carrying Amount	Expected credit loss/ write off	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss/ write off	Carrying amount net of impairment provision
Loan to Employees	0.62	-	0.62	0.61	-	0.61

Total	288.63	3.17	285.46	224.70	9.99	214.71

The group is in the power generation sector. The group on the basis of its past experience and expectation basis best information available on date is confident on realizing all of its dues from its customers.

Movement in expected Credit loss allowance		(₹ in Crores)
Particulars	As at March 31, 2023	As at March 31, 2022
Balance at the beginning of the year - Trade receivable	3.17	3.17
- Advance for Bara Banghal project	-	37.42
Less: Provision reversal during the year	-	(37.42)
Add: Written off during the year	-	6.82
Balance at the end of the year	3.17	9.99

(c) **Liquidity risk**

Liquidity risk is defined as the risk that group will not be able to settle or meet its obligation on time or at a reasonable price. The Group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the group's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Crores)				
As at March 31, 2023	Less than 12 months	12 months to 3 years	More than 3 years	Total
Trade payables	27.76	0.98	4.47	33.21
Sundry Deposits	0.44	-	-	0.44

(₹ in Crores)

Interest accrued but not due on loan from financial institution	1.56	-	-	1.56
Capital Creditors	0.07	-	-	0.07
Sundry Deposits	0.45	-	-	0.45

37 CAPITAL MANAGEMENT

(a) **Risk management**

The Group's objective when managing capital are to:

- (i) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet)

The gearing ratios were as follows:			(₹ in Crores)
Particulars	As at March 31, 2023	As at March 31, 2022	
Net Debt	-	74.37	
Total Equity	1,483.27	1,429.48	
Net Debt to Equity Ratio	-	0.05	

The above mentioned ratio is not applicable during the year since the group has no borrowings in the current year.

Directors' Report

for the Financial Year 2022-23

To
The Members
AD Hydro Power Limited

Your Directors are pleased to present the **Twentieth (20th) Annual Report** on the business and operations of the Company along with Audited Financial Statements for the year ended 31st March, 2023.

1. FINANCIAL PERFORMANCE

(₹ in millions)

Particulars	For the financial year ended	
	31st March 2023	31st March 2022
Revenue from operations	3,152.20	2,558.07
Other Income	99.70	54.71
Total Revenue	3,251.90	2,612.79
Operating and Administrative Expenses	481.20	784.23
Operating Profit before Interest, Depreciation & Tax	2,770.70	1,828.56
Depreciation & Amortization Expenses	380.20	496.86
Profit/(Loss) before finance costs and Exceptional Items and Tax	2,390.50	1,331.70
Finance Costs	96.30	348.66
Exceptional Items	-	-
Profit/(Loss) before tax	2,294.20	983.04
Tax Expenses	272.30	-
Net Profit/(Loss)	2,021.90	983.04
Other Comprehensive Income	(1.80)	(0.86)
Total Comprehensive Income/(Loss) for the year	2,020.10	982.18
Surplus brought forward from previous year	14.17	(968.01)
Balance available for appropriation	2,020.10	982.18
Balance Carried to Balance Sheet	2,034.27	14.17
Earning Per Share (in ₹)		
i) Basic	3.61	1.75
ii) Diluted	3.61	1.75

OVERALL PERFORMANCE AND THE STATEMENTS OF AFFAIRS OF THE COMPANY:

The Company recorded revenue from operations of ₹ 3152.20 million during the financial year 2022-23 as compared to ₹ 2558.07 million in the previous financial year. The Net profit during the financial year 2022-23 was at ₹ 2021.90 million as compared to net profit of ₹ 983.04 million in the previous financial year. The generation during the year stood at 637.13 Million kWh in the financial year 2022-23 as compared to 637.45 Million kWh in the previous financial year 2021-22.

Further in the first quarter of current Financial Year 2023-24, the Plant has generated 184.26 MU at Generator Terminal. The Operation and Maintenance of the Plant has been entrusted to the company in-house. Your Company had sold the scheduled power at IEX in the day ahead, real time & term ahead market(s) and through short term bilateral transactions.

INDUSTRY POTENTIAL & DEVELOPMENT:

India is the third largest producer and consumer of electricity in the world with all India installed power generation capacity at 416.06 GW as on 31.03.2023, which comprises of 237.27 GW of Thermal, 46.85 GW of Hydro, 6.78 GW of Nuclear and 125.16 GW of Renewable capacity.

During financial year 2022-23, energy demand in the country rose to ~1,512 BU (with 10% Y-o-Y growth), whereas peak demand rose to ~216 GW (with 6% Y-o-Y growth). The average monthly market clearing price at the Indian Energy Exchange (IEX) was ₹ 5.96/kWh in 2022-23 @ Regional Periphery, almost 36% higher compared to 2021-22 due to sharp rise in power demand, especially during peak hours. Total short term power transactions were ~13.70% of yearly generation (excluding generation from renewables and captive power plants). The following "Table-1" indicates the energy requirement/ supply along with IEX rates during last 5 years.

Table 1: Energy Requirement/ Supply & IEX rates during last 5 years.

Last year during March-April 2022, geo-political unrest created logistical bottlenecks and there was acute shortage/extremely high prices of Coal/ Regassified Liquefied Natural Gas (RLNG) in the international markets. It has resulted in imported coal/RLNG based generating stations to operate at lower plant load factor which further increased the dependency on domestic coal based power plants to meet the increasing power demand. Such factors concurrently created demand-supply imbalance, which led to surge in exchange/spot power prices and remained elevated almost throughout the year. However, with the gradual reduction in prices of natural gas and imported coal, these spot power prices have also started to moderate now.

On 31st March 2023, Central Electricity Regulatory Commission (CERC) exercised its power under Power Market Regulations 2021 in public interest and revised the cap on exchange prices downward to ₹ 10/kWh from ₹ 12/kWh (earlier) on all market segments of power exchanges w.e.f 4th April 2023 till further notification.

During the year 2022-23, CERC has also approved the introduction of HP-DAM (High Price Day Ahead Market) and made it operational on Power Exchange platforms for the following power generating stations with a price cap of ₹ 20/kWh:

1. RLNG/Naptha
2. Imported coal
3. Battery Energy Storage Systems (BESS).

This would reduce the cost of power for the buyers, while providing an opportunity to the high cost generators and the willing buyers to participate in the HP-DAM segment.

In April 2023, Ministry of Power (Govt. of India) has issued guidelines for promoting Pumped Storage Projects (PSP) in the country. These guidelines have paved a way for installation of large scale pumped Storage Projects. It has addressed various issues faced by the developers related to environmental clearances, free power to home state, budgetary support, applicability of Inter-state Transmission System (ISTS) charges etc. Because of the intermittent nature of renewable energy generation plants, storage of renewable energy by means of Battery Storage Energy Systems (BESS) and Pumped Storage Projects (PSP) is the key for it to be a feasible and reliable source of energy generation. The PSP's and BESS may prove a boon in tackling the peak power demand scenarios of the country in the coming years.

All India power demand is on a continuous uptrend & peak power demand has touched the highest ever figure of 223 GW in June 2023. As per the CEA estimates (20th Electric Power Survey) peak power demand will increase further in coming years and this will create new opportunities for Merchant Power Plants in catering such increased demand for power.

Going forward with the broad expectations of India's GDP for 2023-24 to be 6.30% (World Bank's Estimate), the Company expects Indian Power Sector to act as the primary growth engine for the economy. With ever increasing power demand and penetration of innovative products in the power market, the power sector is bound to grow at a healthy pace. Adequate policy measures and regulatory interventions are required for boosting private investments in the power sector as it will remain the mainstay for the economic growth of the nation.

2. DIVIDEND

During the financial year 2022-23, your directors do not propose any dividend on the equity shares.

3. TRANSFER TO RESERVES

During the financial year 2022-23, the Company has not transferred any amount to the Reserve.

4. SUBSIDIARY, ASSOCIATE COMPANIES OR JOINT VENTURES

There is no subsidiary or associate or joint venture of the Company.

5. CORPORATE GOVERNANCE

Your Company is committed to maintain the highest standards of corporate governance and adhere to the corporate governance requirements set out by under the Companies Act, 2013.

Your Company is committed to achieving the higher standard of Corporate Governance by application of the best management practices, compliance with law, adherence to ethical standards and discharge of social responsibilities. Your Company has in all spheres of its activities adequate checks and balances to ensure protection of interest of all stakeholders. Your Company also endeavors to share, with its stakeholders' openly and transparently, information on matters which have a bearing on their economic and reputational interest.

The majority of the Board comprises of Non-Executive Directors including Independent Directors appointed under the Companies Act, 2013, who play a critical role in imparting balance to the Board processes, by bringing an independent judgment to decide on issues of strategy, performance, resources, standards of Company's conduct, etc. The Audit Committee of the Board provides assurance to the Board on the adequacy of Internal Control Systems and Financial Systems.

6. INTERNAL FINANCIAL CONTROL SYSTEMS AND ITS ADEQUACY

The Company has an adequate Internal Financial Control (IFC) system commensurate with the size and nature of its business. An internal audit program covers various activities and periodical reports are submitted to the management. The Audit Committee reviews financial statements, internal audit reports along with internal control systems. The Company has a well-defined organizational structure, authority levels, delegation of powers and internal rules and guidelines for conducting business transactions.

Your Company has adopted the IFC framework as guidance, for ensuring adequate controls and its effectiveness within the company. The process of assessment of IFC would require setting up of an internal controls function in the organization. The Accounts & Finance Team has been trained to implement and evaluate the design and operating effectiveness of the IFC framework. The framework also focuses on internal controls over financial reporting (ICFR) that are put in place to develop and maintain reliable financial data, and to accurately present the same in a timely and appropriate manner. The framework refers to the policies and procedures adopted by the company for ensuring, orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, timely preparation of reliable financial information.

The IT controls provide reasonable assurance of achieving the control objectives related to the processing of financial information within the computer processing environment. IT controls ensures appropriate functioning of IT applications and systems built by the organization to enable accurate and timely processing of financial data.

7. PERSONNEL

a) Industrial relations

The industrial relations during the period under review generally remained cordial at the plants and corporate office of the Company without any untoward incidents.

b) Particulars of employees

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure - I**.

8. DEPOSITS

Your Company has not invited any deposits from public/ shareholders in accordance with the provisos of section 73 of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014. The details relating to deposits are mentioned hereunder:

- | | |
|--|------------|
| a) Amount accepted during the year | Nil |
| b) Amount remained unpaid or unclaimed as at the end of the year | Nil |
| c) Default in repayment of deposits or payment of interest thereon during the year and if so, number of such cases and the total amount involved - | |
| i) at the beginning of the year | N/A |
| ii) maximum during the year | N/A |
| iii) at the end of the year | N/A |

9. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE

There are no significant and material orders passed by the regulators or courts or tribunals during the financial year 2022-23, impacting the going concern status and company's operations in future.

10. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

No material changes and commitments, affecting the financial positing of the Company have occurred between the end of the financial year of the Company to which the financial statements relate and the date of the report.

11. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information with regard to Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and outgo in accordance with the provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure II** forming part of this Report.

12. DIRECTORS AND KEY MANAGERIAL PERSONNEL

Re-appointments

- During the year, Mr. Ravi Jhunjhunwala (DIN: 00060972) was eligible for retired by rotation at 19th Annual General Meeting held on 28th September, 2022 and, being eligible had offered himself for re-appointment and the members had approved his re-appointment.
- During the year, Mr. Pankaj Kapoor was re-appointed as Manager for a period of 2 years commencing from 4th February, 2022 to 3rd February, 2024 as per the provisions of the Companies Act, 2013.

Changes in Directors and Key Managerial Personnel (KMP)

- During the year, there was no other change in the Board of Directors and KMP.

Composition of the Board of Directors

The following is the Composition of the Board of Directors of the Company as on 31.03.2023:-

S. No.	Name of the Directors	Designation	DIN
1	Mr. Ravi Jhunjhunwala	Chairman & Director	00060972
2	Dr. Kamal Gupta	Director	00038490
3	Mr. Tantra Narayan Thakur	Director	00024322
4	Mr. Tima Iyer Utne	Director	06839949
5	Mr. Rahul Varshney	Director	03516721
6	Mr. Om Prakash Ajmera	Director, CEO & CFO	00322834

Key Managerial Personnel

Mr. Om Prakash Ajmera, Director, CEO & CFO and Mr. Pankaj Kapoor, Manager are the Key Managerial Personnel of the Company as on 31st March, 2023, in accordance with the provisions of Section 203 of the Act read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014.

4.	Mr. Tantra Narayan Thakur	Member	1	1

(iii) **CORPORATE SOCIAL RESPONSIBILITY COMMITTEE**

Your Company has been diligently following the Corporate Social Responsibility policies. As part of its initiatives under Corporate Social Responsibility (CSR), the Company had undertaken projects in the areas of promotion of Education, taking initiatives towards Community Service and rural development, Healthcare, Plantation & Environmental Development, Protection of art, culture etc. These projects were in accordance with the CSR Policy of the Company and Schedule VII of the Companies Act, 2013 and Rules made thereunder.

As per the Companies Act, 2013, all the companies which having net worth of ₹ 500 crore or more, or a turnover of ₹ 1000 crore or more, or a net profit of ₹ 5 crore or more are required to constitute CSR Committee of the Board of Directors comprising three or more Directors out of which atleast one should be the Independent Director. All such Companies are required to spend atleast 2% of its average net profit on the three preceding financial years on the CSR related activities. The CSR policy is available on the website of the company at the link <https://www.adhydropower.com>

The Annual Report on CSR activities is enclosed as **Annexure V**, forming part of this report. The following is the composition mentioned for the CSR committee of the Company.

Composition of the Committee (as on 31.03.2023)

S. No.	Name of Member	Designation	Category
1	Mr. Ravi Jhunjunwala	Chairman	Chairman and Director
2	Ms. Tima Iyer Utne	Member	Non-Executive Director
3	Dr. Kamal Gupta	Member	Non-Executive Independent Director

Meetings and attendance

The CSR Committee had met four times during the financial year 2022-23 i.e. on 2nd May 2022, 2nd August 2022, 1st November 2022 and 1st February 2023 respectively.

The attendance for the above mentioned meetings are as below:

S. No.	Name of Member	Designation	No. of Meetings held	No. of Meetings Attended
1.	Mr. Ravi Jhunjunwala	Chairman	4	4
2.	Ms. Tima Iyer Utne	Member	4	4
3.	Dr. Kamal Gupta	Member	4	4

(iv) **INDEPENDENT DIRECTORS' MEETING**

During the financial year 2022-23, the Independent Directors met on 27th March 2023, without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Director and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

15. **BOARD EVALUATION:**

The Board is responsible for undertaking a formal annual evaluation of its own performance, committees and individual Directors with a view to review their functioning and effectiveness and to determine whether to extend or continue the term of appointment of the independent directors. During the year, the Board carried out the performance evaluation of itself, Committees and each of the executive directors/non-executive directors/independent directors excluding the director being evaluated. The evaluation of performance of Independent Director is based on the criteria laid down in the Nomination and Remuneration policy which includes knowledge and experience in the field of power sector, legal, finance and CSR activities. Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its committee and its member individually was adjudged satisfactorily.

16. **MEETING OF THE MEMBERS**

The Annual General Meeting (AGM) of the members was held on 28th September 2022.

17. **VIGIL MECHANISM /WHISTLE BLOWER**

The Board on the recommendation of Audit Committee has adopted a Whistle Blower Policy, which is available on the website of the company at the link <https://www.adhydropower.com>

18. **CONTRACTS AND ARRANGEMENTS WITH RELATED PARTIES**

All the related party transactions entered into during the financial year were on an arm's length basis and were in the ordinary course of business. Your Company had not entered into any transactions with related parties which

could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC 2 is not applicable.

19. STATUTORY AUDITORS

The members had re-appointed M/s Deloitte Haskins & Sells LLP, (Firm Registration Number is 117366W /W-100018), Chartered Accountants, as the Statutory Auditors of the Company on 28th September 2022 for another term of 5 years, to hold office from the conclusion of the 19th Annual General Meeting until the conclusion of the 24th Annual General Meeting of the Company. Further the statutory auditors have further confirmed that the said re-appointment, when made, was within the prescribed limits under Section 141(3)(g) of the Companies Act, 2013 and also the statutory auditor is not disqualified under section 141(3) of the Companies Act 2013.

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Statutory Auditors expressed an unmodified opinion in the audit reports with respect to audited financial statements for the financial year ended March 31, 2023. The Auditors' Report does not contain any qualification, reservation, adverse remark or disclaimer which requires any explanation from the Board of Directors.

20. COST AUDITORS

As per the requirement of Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014, the Cost Records are being maintained by your Company. Accordingly, M/s K. G. Goyal & Co., Cost Accountants (Firm Registration No. 0017), was re-appointed as Cost Auditors of the Company for the Financial Year 2022-23 at a remuneration of ₹ 0.50 lakhs plus applicable taxes and out of pocket expenses that may be incurred by them during the course of audit. The Cost Audit Report does not contain any qualification, reservation, adverse remark or disclaimer.

21. SECRETARIAL AUDITORS

The Company had appointed M/s P. Kathuria & Associates, Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2022-23, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Secretarial Audit Report is annexed herewith as **Annexure IV** for kind attention of the Members. The Secretarial Audit Report does not contain any qualification, reservation adverse remark or disclaimer.

22. INTERNAL AUDITORS

The Company had appointed M/s Ashim & Associates, Chartered Accountants as the Internal Auditors of the Company for a period of three years i.e. FY 2023-24, FY 2024-25 and FY 2025-26.

23. REPORTING OF FRAUD BY THE AUDITORS'

During the year under review, the Statutory Auditor, Secretarial Auditor, Cost Auditor and Internal Auditor of the Company have not reported any matter under section 143(12) of the Companies Act, 2013. Therefore, no detail regarding reporting of fraud is required to be disclosed under section 134(3)(ca) of the Companies Act, 2013.

24. RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. Further, the Company has in place Operations & Steering Committee (OSC) and a Policy thereto, which inter-alia includes the Risk Management Policy including mitigation plans. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The annual strategic planning done by OSC provides platform for identification, analysis, treatment and documentation of key risks. It is through this annual planning process that key risks and risk management strategies are communicated to the Board. The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

25. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of Companies Act, 2013, the Board of Directors state that:

- a) in the preparation of the annual accounts for the year ended March 31, 2023, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;
- b) the Directors have selected such accounting policies and applied them consistently except as disclosed in the notes of accounts and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2023 and of the profit of the Company for the year ended on that date;
- c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- d) the Directors have prepared the annual accounts on a going concern basis;
- e) the Directors have laid down proper internal financial controls to be followed by the company and that such internal financial controls were adequate and operating effectively; and
- f) the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

26. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

Details of Loans, Guarantees and Investments covered under the provisions of Section 186 of the Companies Act, 2013 are given in the notes to the Financial Statements.

27. EXTRACT OF ANNUAL RETURN

Pursuant to Section 92(3) read with Section 134 (3) (a) of the Companies Act, 2013, Annual Return of the Company is available on the website of the Company at <https://www.adhydropower.com>

28. GENERAL DISCLOSURE

ANNEXURE III TO THE DIRECTORS' REPORT**NOMINATION & REMUNERATION POLICY**

Pursuant to Section 178 of the Companies Act, 2013 and Rules made thereunder, AD Hydro Power Limited is required to constitute a Nomination and Remuneration Committee with at least three or more non-executive Directors, out of which not less than one half shall be independent directors. The Company already had a Remuneration Committee with three Non-Executive Directors. In order to align the same with the provisions of the Companies Act, 2013, and Rules made thereunder from time to time, the Board of Directors at their meeting held on the 16th March, 2015, renamed the "Remuneration Committee" as "Nomination and Remuneration Committee".

The Nomination and Remuneration Committee and its Policy being in compliance with the provisions of Section 178 of the Companies Act, 2013, read with the applicable Rules made thereunder, applies to the Board of Directors, Key Managerial Personnel and the Senior management Personnel of the Company.

1. OBJECTIVE

The Key Objectives of the Committee would be:

- a) to advise the Board in relation to appointment, appraisal and removal of Directors, Key Managerial Personnel and Senior Management of the Company.
- b) to evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation of the Board.
- c) to recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

2. DEFINITIONS

- (a) "Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.
- (b) "Board" means Board of Directors of the Company.
- (c) Key Managerial Personnel (KMP), means:
 - i. Chief Executive Officer or the managing director or the manager;
 - ii. Company Secretary,
 - iii. Whole-time Director;
 - iv. Chief Financial Officer; and
 - v. such other officer as may be prescribed.
- (d) Senior Management: Senior Management means personnel of the company who are members of its core management team excluding the Board of Directors. This would also include all members of management one level below the executive directors including all functional heads.

3. ROLE OF COMMITTEE

The role of the Committee inter alia will be the following:

- a) reviewing the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and making recommendations on any proposed changes to the Board to complement the Company's corporate strategy, with the objective to diversify the Board;
- b) to recommend to the Board the appointment and removal of Director or key management personnel or Senior Management Personnel.
- c) to carry out evaluation of Director's performance.
- d) assessing the independence of independent directors;
- e) to make recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract;
- f) making recommendations to the Board on the remuneration/fee payable to the Directors/ KMPs/Senior Officials so appointed/re-appointed;
- g) ensure that level and composition of remuneration of Directors, KMP's and Senior Management is reasonable and sufficient. The relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- h) to devise a policy on Board diversity;
- i) to develop a succession plan for the Board and Senior Management and to regularly review the plan;
- j) such other key issues/matters as may be referred by the Board or as may be necessary in view of the provision of the Companies Act, 2013 and Rules made thereunder.

4. MEMBERSHIP

- a) The Committee shall consist of a minimum 3 non-executive directors, majority of them being independent. However, the Chairperson of the Company (whether executive or non-executive) may be appointed as a member of the Nomination and Remuneration Committee, but shall not chair such Committee.
- b) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

5. CHAIRMAN

- a) Chairman of the Committee shall be a Non-executive Director.
- b) Chairperson of the Company may be appointed as a member of the Committee but shall not be a Chairman of the Committee.
- c) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- d) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

6. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

7. COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

8. SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

9. VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

10. POLICY ON BOARD DIVERSITY

The Nomination and Remuneration Committee shall ensure that Board of Directors have the combination of Directors from different areas /fields or as may be considered appropriate in the best interest of the Company. The Board shall have atleast one Board member who has accounting/ financial management expertise.

11. NOMINATION DUTIES

The duties of the Committee in relation to nomination matters include:

1. Ensuring that there is an appropriate induction & training program in place for new Directors and members of Senior Management and reviewing its effectiveness;
2. Ensuring that on appointment to the Board, Non-Executive Directors receive a formal letter of appointment in accordance with the Guidelines provided under the Companies Act, 2013;
3. Determining the appropriate size, diversity and composition of the Board;
4. Follow a formal and transparent procedure for selecting new Directors for appointment to the Board, Key Managerial Personnel's and Senior Management Personnel;
5. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
6. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
7. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
8. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
9. Considering any other matters as may be requested by the Board;

12. REMUNERATION DUTIES

The Committee will recommend the remuneration/fee to be paid to the Managing Director, Whole-time Director, other Directors, Key Managerial Personnel and Senior Management Personnel to the Board for their approval.

The level and composition of remuneration/fee so determined by the Committee shall be reasonable and sufficient to attract, retain and motivate directors, Key Managerial Personnel and Senior Management of the quality required to run the Company successfully. The relationship of remuneration/fee to performance should be clear and meet appropriate performance benchmarks. The remuneration should also involve a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

1. Director/ Managing Director

Besides the above Criteria, the Remuneration/ compensation/ commission/fee to be paid to Director/ Managing Director/ Whole Time Director shall be governed as per provisions of the Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

2. Non-executive Independent Directors

The Non-Executive Independent Director may receive remuneration by way of sitting fees for attending meetings of Board or Committee thereof. Provided that the amount of such fees shall be subject to ceiling/ limits as provided under Companies Act, 2013 and rules made thereunder or any other enactment for the time being in force.

3. Key Managerial Personnel's /Senior Management Personnel etc.

The Remuneration to be paid to Key Managerial Personnel's/ Senior Management Personnel shall be based on the experience, qualification, performance and expertise of the related personnel and governed by the limits, if any prescribed under the Companies Act, 2013 and Rules made thereunder or any other enactment for the time being in force.

4. Directors' and Officers' Insurance

Where any insurance is taken by the Company on behalf of its Directors, Key Managerial Personnel's/ Senior Management Personnel etc. for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

13. EVALUATION/ ASSESSMENT OF DIRECTORS OF THE COMPANY

The evaluation/assessment of the Directors of the Company is to be conducted on an annual basis.

The following criteria may assist in determining how effective the performances of the Directors have been:

- Contributing to clearly defined corporate objectives & plans
- Obtain adequate, relevant & timely information from external sources
- Review of strategic and operational plans, objectives and budgets
- Regular monitoring of corporate results against projections
- Identify, monitor & take steps for mitigation of significant corporate risks
- Assess policies, structures & procedures
- Review management's succession plan
- Effective meetings
- Assuring appropriate board size, composition, independence, structure
- Clearly defining roles & monitoring activities of committees.
- Additionally, for the evaluation/assessment of the performances of Managing Director(s)/Whole Time Director(s) of the Company, following criteria may also be considered:
- Leadership abilities
- Communication of expectations & concerns clearly with subordinates
- Direct, monitor & evaluate KMPs, senior officials

Evaluation on the aforesaid parameters will be conducted by the Independent Directors for each of the Executive/Non-Independent Directors in a separate meeting of the Independent Directors.

The Executive Director/Non-Independent Directors along with the Independent Directors will evaluate/assess each of the Independent Directors on the aforesaid parameters. Only the Independent Director being evaluated will not participate in the said evaluation discussion.

14. DISCLOSURE

The Remuneration policy and the evaluation criteria shall be disclosed in the Board's Report.

15. MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meeting.

16. DEVIATIONS FROM THIS POLICY

Deviations on elements of this policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case. However, this shall be subject to the approval of Board of Directors on the recommendation of Nomination and Remuneration Committee of the Company.

ANNEXURE IV TO THE DIRECTORS' REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members,

AD Hydro Power Limited

Village Prini, P. O. Jagat Sukh, Teh Manali,
Distt Kullu, Himachal Pradesh

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **AD Hydro Power Limited** (CIN: U40101HP2003PLC026108) (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder : **Not applicable to the Company during the period under review.**
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and External Commercial Borrowings.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): **All the following Regulations including amendments, statutory modification or re-enactment thereto if any, from time to time are not applicable to the Company during the period under review.**
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (vi) Other law applicable specifically to the Company, as identified and on the basis of representation given by the management:
 - The Indian Electricity Act, 2003 and Rules/ Regulations made thereunder; and
 - The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal Act, 2013).

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India. (Notified and effective from 1st July, 2015 and the revised version effective from October 1st, 2017).
- (ii) The SEBI (Listing Obligations and Disclosure Requirement) Regulation, 2015.
(Being an Unlisted Company, these regulations are not applicable)

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. -The changes in the composition of the Board of Directors during the period under review were carried out in compliance with the provisions of this Act.

Normally adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be. There was no dissenting vote for any matter.

I further report that I have relied on the representation made by the Company and its officers for system and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company. Therefore, I am of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the Company's affairs.

Note: This report is to be read with my letter of even date which is annexed as "**Annexure I**" and forms an integral part of this report.

To

The Members,

AD Hydro Power Limited

Village Prini, P. O. Jagat Sukh, Teh Manali,

Distt Kullu, Himachal Pradesh

My report of even date is to be read along with this letter as under:

1. Maintenance of secretarial record is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. I believe that the processes and practices I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial record and Books of Accounts of the company since the same have been subject to review by Statutory Auditor.
4. Wherever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The Compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

					CSR Registration Number, if applicable	Name	Registered address
				NA			

9. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per sub-section (5) of section 135: **Not Applicable**

For and on behalf of the Company
AD Hydro Power Limited

Ravi Jhunjunwala
(Chairman, CSR Committee & Director)

Om Prakash Ajmera
(Director, Chief Executive Officer & Chief Financial Officer)

Independent Auditors' Report

To The Members of AD Hydro Power Limited Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of AD Hydro Power Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Loss), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with

governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive loss, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures

that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Loss, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received

from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to the financial statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. (*Refer note 29.1 to the financial statements*)
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. (*Refer note 37 to the financial statements*)
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company. (*Refer note 38 to the financial statements*)
 - iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in the note 34(vi) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief as disclosed in the note 34(vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entity (ies) ("Funding Parties"), with the

understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries..

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
 - vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company w.e.f. April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of AD Hydro Power Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing

and maintaining internal financial controls with reference to financial statements based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance

regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with

reference to financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (B) The Company does not hold any intangible asset.
- (b) The property, plant and equipment were physically verified during the year by the management which, in our opinion, provides for physical verification at

reasonable intervals. According to the information and explanations given to us, no discrepancies were noticed on such verification.

- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the award letter and certificate of mutation provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date, except for the following:

Description of property	As at the Balance sheet date (Amount in ₹ crores)	Held in the name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of Company
Freehold land located at Village Prini, District Kullu, Himachal Pradesh measuring 2.21 hectares	5.66	Various villagers	No	The land was purchased between 2005 to 2014. Mutation is pending as on March 31, 2023	We are informed that the land was purchased directly from the landowners as per clause 4.3(a) of Implementation Agreement by signing an Agreement to sell with each landowner. Further, additional private land was mainly purchased as per requirement during construction phase. The entire land is in possession of the company. The process for obtaining permission from the State Govt. under section 118 of HP Tenancy & Land Reforms Act has been initiated. DC, Kullu and SDM, Manali has recommended the case for permission to the State Government and permission under said Act is awaited.
Freehold land located at Village Prini, District Kullu, Himachal Pradesh measuring 0.5142 hectares	1.39	Concerned Landowners	No	During Construction Period	Land was used during construction period by giving one time compensation on lease basis for Tail Race Tunnel ("TRT") works. The TRT work was underground, hence the rights and ownership remain with concern owners and no mutation will take place.

- (d) The Company has not revalued any of its property, plant and equipment during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified (except for inventories lying with third parties) during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For inventories held with the third parties at the year-end, written confirmation has been obtained. No discrepancies of ten percent or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) The Company has not been sanctioned any working capital facility from banks or financial institutions at any point of time of the year and hence reporting under clause (ii)(b) of the Order is not applicable.
- (iii) (a) The Company has granted unsecured loans to employees but has not made any investments in, provided any guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year-

(Amount in ₹ crores)

Particulars	Loans
A. Aggregate amount provided during the year	
- Others (employees)	0.41
B. Balance outstanding as at balance sheet date in respect of above cases	
- Others (employees)	0.38

- (b) The terms and conditions of the grant of all the above-mentioned loans, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is

Name of statute	Nature of dispute	Forum where dispute is pending	Period to which amount relates	Amount (₹ in crores)
The Building and Other Construction Workers Welfare Cess Act, 1996 (BOCW)	The Building & Other Construction Workers Welfare Cess	High Court, Himachal Pradesh	January 01, 2005 to July 31, 2012	0.20

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the

no overdue amount remaining outstanding as at the balance sheet date.

- (e) None of the loan granted by the Company have fallen due during the year.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.
- (iv) According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause (iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) Undisputed statutory dues including Income Tax, Goods and Services tax, Provident Fund, Employees' State Insurance, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Sales Tax, Services Tax, duty of Custom, duty of Excise, Value Added Tax are not applicable to the Company. There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Services Tax, duty of Custom, duty of Excise, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of disputes are given below:

repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) The Company has not raised any funds on short-term basis and hence reporting under clause 3(ix)(d) of the Order is not applicable.
- (e) The Company did not have any subsidiary or associate or joint venture during the year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year and covering the period up to March 31, 2023 for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- The Group does not have any Core investment Company (CIC) as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

Notes to the Financial Statements

for the Year Ended March 31, 2023

1 CORPORATE INFORMATION

AD Hydro Power Limited (hereinafter referred to as 'the Company') is engaged in the generation of hydroelectric power. The Company has set up 192 MW hydroelectric power generation project, out of which, part of the project (Allain side) has started commercial production in 2010-11 and balance portion of the project on Duhangan side has started commercial production in 2011-12.

The Company has the necessary permission from the Government of Himachal Pradesh to own, operate & maintain the project and sell power for a period of forty years from the date of commercial operation i.e. July 29, 2010 with the option to avail a further extension for a maximum period of twenty years after renegotiation of terms and conditions.

The Company is a company limited by shares incorporated in India. Its parent Company is Malana Power Company Limited.

2 SIGNIFICANT ACCOUNTING POLICIES

- a. The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter. The financial statements have been prepared on the historical cost basis, except where different basis is mentioned in accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

- b. **Functional currency:** These financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.
- c. **Operating Cycle:** All assets and liabilities have been classified as current or non-current according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future period if the revision affects both current and future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

Service Concession Arrangements

Management has assessed applicability of Appendix D "Service Concession Arrangements" to Ind AS 115: Service Concession Arrangements to power distribution arrangements entered into by the Company. In assessing the applicability, management has exercised significant judgment in relation to the underlying ownership of the asset, terms of the power distribution arrangements entered with the grantor, ability to determine prices, fair value of construction service, assessment of right to granted cash, significant residual interest in the infrastructure, etc. Based on detailed evaluation, management has determined that this arrangement does not meet the criterion for recognition as service concession arrangements.

Claims and Litigations

The Company is the subject of lawsuits and claims arising in the ordinary course of business from time to time. The Company reviews any such legal proceedings and claims on an ongoing basis and follow appropriate accounting guidance when making accrual and disclosure decisions. The Company establishes accruals for those contingencies where the incurrence of a loss is probable and can be reasonably estimated, and it discloses the amount accrued and the amount of a reasonably possible loss in excess of the amount accrued, if such disclosure is necessary for the Company's financial statements to not be misleading. To estimate whether a loss contingency should be accrued by a charge to income, the Company evaluates, among other factors, the degree of probability of an unfavorable outcome and the ability to make a reasonable estimate of the amount of the loss. The Company does not record liabilities when the likelihood that the liability has been incurred is probable, but the amount cannot be reasonably estimated. Based upon present information, the Company determined that there were no matters that required an accrual as of March 31, 2023 other than the accruals already recognized, nor were there any asserted or unasserted claims for which material losses are reasonably possible.

Deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period and recognized to the extent that it is probable that sufficient taxable profits will be available to utilize the deferred tax asset.

Revenue Recognition

The Company recognise revenue at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Company's sales revenue is divided into following categories:

Revenue from generation and supply of Power ("Revenue from Power Supply"):

Revenue from sale of power is recognised when persuasive evidence of an arrangement exists, the fee is fixed or determinable, energy is supplied (i.e. performance obligation is satisfied) and collectability is reasonably assured. The revenues from generation and supply of power is recognised at the amount of which the entity has a right to invoice which coincides with the electricity scheduled to be transmitted to the customers. The difference between scheduled and actual transmitted energy is recognized as Unscheduled Interchange (U/I) charges and are adjusted with the revenue recognized on accrual basis.

In an arrangements where the Company sells power on an exchange, the exchange is determined to be the customer. This is based on the fact that the Company has enforceable contracts with the exchanges.

Revenue from sharing of Transmission line ("Transmission Income"):

Revenue is recognized on the basis of periodic billing to consumers / state transmission utility and is measured based on the consideration to which the Company expects to be entitled from a customer and cash discounts excluding taxes or duties collected on behalf of the government.

Voluntary emission rights (VER), Carbon Credit Entitlement / Certified Emission Reductions ("CER")

The Company recognize carbon emission reduction "CER" income in the period when it is reasonably certain that the Company will be able to comply with the conditions necessary to obtain these carbon emission reduction. The Company recognise CER value at average price of open contract for sale of CER with customers.

Other Income

Interest

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Inventory Valuation

Inventories comprising of components and stores and spares are valued at cost. Scrap is valued at net realizable value.

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in Statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the Statement of profit and loss when incurred. An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation:

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The Company has used the following useful life to provide depreciation on its Property, Plant and Equipment.

Assets	Useful life (Years)
Buildings other than factory buildings	60
Plant and Machinery used in generation, transmission and distribution of power	40
Hydraulic Works (Pressure shaft, Head Race Tunnel, Upstream etc related to civil work)	40
Factory Buildings	30
Plant and Machinery	15
Electrical Installations	10
Furniture and Fixtures	10
Roads	10
Vehicles	8
Computers and Data processing equipment's	3-6
Office equipment's	5

Leases

The Company assesses that the contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (1) The contract involves the use of an identified asset,
- (2) The Company has substantially all of the economic benefits from use of the identified asset, and
- (3) The Company has the right to direct the use of the identified asset.

Company as a lessee

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated from the commencement date over the shorter of the lease term and useful life of the underlying asset. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments over the lease term. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company adopts the incremental borrowing rate for the entire portfolio of leases as a whole. The lease payments shall include fixed payments, variable lease payments, exercise price of a purchase option and payments of penalties for terminating the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be of low value. The lease payments on short-term leases and leases of low-value assets are recognized as an expense on a straight-line basis over the lease term.

Company as a lessor

Leases where the Company does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term.

Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations cover the useful life of the project.

Impairment losses are recognised in the Statement of profit and loss.

For impairment of assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount.

Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Subsequent measurement

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in the statement of profit and loss.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

Classification of financial assets

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. Investments in debt mutual funds are measured at fair value through profit or loss as per the business model and contractual cash flow test.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Equity Instruments through Other Comprehensive Income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

Financial assets at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments

which are not held for trading. Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income.

Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

De-recognition of financial assets

The Company derecognises financial assets in accordance with the principles of Ind AS 109 which usually coincides receipt of payment or write off of the financial asset.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities are subsequently measured at amortised cost using the effective interest method or FVTPL. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Retirement and other employee benefits

1 Defined Contribution Plan:

Retirement benefits in the form of provident fund and superannuation scheme are a defined contribution scheme and the contributions are charged to the statement of profit and loss of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the provident fund/trust.

2 Defined Benefit Plan:

The Employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with ICICI

Prudential Life Insurance company Limited and Bajaj Allianz. The liabilities with respect to Gratuity Plan are determined by actuarial valuation on projected unit credit method on the balance sheet date, based upon which the Company contributes to the Company Gratuity Scheme. The difference, if any, between the actuarial valuation of the gratuity of employees at the year end and the balance of funds with ICICI Prudential Life Insurance company Limited and Bajaj Allianz is provided for as assets/ (liability) in the books. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Future salary increases and pension increases are based on expected future inflation rates for the respective countries. Further details about the assumptions used, including a sensitivity analysis, are given in Note no 31.3

The Company recognises the following changes in the net defined benefit obligation under Employee benefit expense in the statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

3 Other Long Term Employee Benefits:

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method at the year-end.

Taxes

Current income tax

The Company's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions.

In arriving at taxable profit and tax bases of assets and liabilities, the Company recognised taxability of amounts in accordance with tax enactments, case law and opinions of tax counsel, as relevant. Where differences arise on tax assessment, these are booked in the period in which they are agreed or on final closure of assessment

Deferred Tax

Deferred tax is provided on temporary difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Contingent Liabilities

A Contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Earning per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

As on the reporting date, the Company does not have any financial instrument which has been measured either through FVTPL or FVTOCI.

Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

Recent Indian Accounting Standards (Ind AS)

Recent accounting pronouncements Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

Less: Current maturities (disclosed in short term borrowings)	-	(8.15)
Total	-	212.23

Notes:**(i) Term Loan from Bank :**

Interest on term loan from Indusind Bank Limited is 6.20% per annum (Previous year 8.00% per annum). This loan is fully repaid during the year.

The loan is secured by way of first mortgage and charge on all immovable properties wherever situated, both present and future, and hypothecation of all movable assets, intangibles, bank debts, operating cash flows, all bank accounts etc., present and future, of the company, on pari passu basis. Further, the Parent Company, Malana Power Company Limited, has provided corporate guarantee (up to annual cap of ₹ 80.00 crores) in case of default in repayment and has also pledge its investment in the Company.

A pledge over all the shares held by the Malana Power Company Limited (i.e. 88% of the total equity share capital and except 49,890 (0.01%)) shares held jointly with individual shareholders) in favour of the Security Trustee/ the Lender. IDBI Trusteeship Services Limited is acting as the Security Trustee on behalf of the senior lenders and the charge is jointly created in its favour.

***(ii) Loan and advances from related party - parent company (unsecured)**

Term loan from Parent Company is unsecured and was given between the year 2006 to 2009 under the erstwhile Companies Act, 1956 as per the terms of the subordinated loan agreement between the company and the parent company. The loan granted is repayable only once all obligation to the outside lenders have been paid and discharged in full and the interest thereon is payable as per the conditions stipulated in the financing agreements. During the year, such outstanding loan has been repaid in full.

Basic earning per share (in ₹) [(a) / (b)]	3.61	1.75
Diluted earning per share (in ₹)	3.61	1.75

28. SEGMENT REPORTING

The Company's activities involves generation and sale of hydro power. Also, the Company generates income from usage of its owned transmission line. Considering the nature of Company's business and operations, there are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Segment Reporting'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

29. CONTINGENT LIABILITIES AND COMMITMENTS (TO THE EXTENT NOT PROVIDED FOR)

29.1 Contingent Liabilities*

Particulars	As at March 31, 2023	As at March 31, 2022
Claims against the Company not acknowledged as debt:		
Demand under The Building & Other Construction Workers Welfare Cess Act, 1996 (BOCW) (Refer note (a) below)	14.60	14.60
Demand under Local Area Development Fund (LADF) from Directorate of Energy, Government of Himachal Pradesh (refer note (b) below)	14.27	14.27
Demand raised by Directorate of Fisheries, Himachal Pradesh (refer note (c) below)	0.65	0.65
Demand of lease rentals by Himachal Pradesh Govt. for diverted forest land **	-	26.12

* The Company believes that these claims/demands are not probable to be decided against the Company and therefore, no provision for the above is required.

** The Government has withdrawn the demand of lease rentals for diverted forest land in July 2022.

Notes:

- (a) During the financial year 2012-2013, the Cess Assessing Officer vide order dated January 23, 2013 had raised a demand of ₹ 14.60 crores on the Company under the Building & Other Construction Workers Welfare Cess Act, 1996 ("BOCW Act") for the period from January 01, 2005 to July 31, 2012. The Company is of the view, based upon legal expert opinion, the obligation to pay Cess under BOCW Act arise only for the period commencing from December 08, 2008 to July 01, 2010 (i.e from the date when the rules were notified and up to the date when factory license was granted to the Company). In view of this, there is no question of payment of Cess prior to

December 8, 2008 as demand has no justification or legal sanctity. The amount so determined based on the Company's view has been already paid and provided for in the books of accounts. The Company had filed a writ petition before the High Court of Himachal Pradesh for the above said demand. During the hearing held on February 28, 2013, an interim Stay has been granted against the demand. The matter is presently pending for adjudication with no fixed date.

Pending any further directions by the High Court and based upon the legal expert opinion, management is of the view that no provision is deemed necessary in the financial statements in this regard.

- (b) During the year ended March 31, 2006, Directorate of Energy (DOE) of Himachal Pradesh had raised a demand of ₹ 14.27 crores on the Company towards Local Area Development Fund (LADF) which was determined considering 1.5% of the final cost of the project of the Company of ₹ 1,607 crores. The determination was based upon the guidelines issued on LADF activities by Government of Himachal Pradesh in December 11, 2006 and as amended in October 05, 2011. However, the management is of the view that the amount should be computed @ 1.5% of the total capital cost as reflected in Detailed Project Report of the Company i.e. ₹ 922 crores in terms of agreement dated November 05, 2005 entered with the Government of Himachal Pradesh. Further, the DOE had not considered the total amount incurred and deposited by the Company aggregating to ₹ 14.23 crores. Had these been considered/computed appropriately, the above demand would not arise. Management is of the view that the Company has complied with the conditions agreed in terms of the agreement dated November 05, 2005 with Government of Himachal Pradesh which is prior to the date of guidelines issued in 2006 and thus no additional provision is required. Currently this matter is being contested before High Court of Himachal Pradesh on which stay has been granted on the said demand. Management is of the view that no provision is deemed necessary in the financial statements in this regard.
- (c) During the year ended March 31, 2013, the Department of Fisheries directed the Company to pay an amount of ₹ 1.00 crore for granting of No Objection Certificate (NOC) for setting up Hydro Power Project in the state of Himachal Pradesh as per the requirements of HP State Pollution Control Board. The Company had filed a Writ Petition in the Hon'ble High Court of Himachal Pradesh against the said demand and based on the directive of Hon'ble High Court of Himachal Pradesh has deposited ₹ 0.35 crores to Department of Fisheries.

Management is of the view that the Company is not covered under the negative list under the policy norms issued in 2008 by the Fisheries Department for issuance of NOC in setting up the Power Project in the state of Himachal Pradesh and thus the above said demand is not tenable hence no provision is required. However, the Company had written off the deposit amount as there is no movement in this case for more than 5 years and has disclosed the balance of ₹ 0.65 crores as contingent liabilities.

- (d) The Company is subject to certain legal proceedings and claims, which have arisen in the ordinary course of business, for the lands and right to use lands acquired by it and recovery suits filed by various parties. These cases are pending with various courts. After considering the circumstances and legal advice received, the management believes that the chances to decide the case against the Company is remote and thus these cases will not have any material impact on the financial statements and no provision is required.
- (e) On December 24, 2021, the Company had received a demand of ₹ 58.33 crores from Central Transmission Utility of India Limited ("CTUIL") in relation to relinquishment charges for surrender of Long Term Access rights with Power Grid Corporation of India Limited, which in the opinion of the Company, is not in accordance with the methodology specified by the CERC vide Order dated March 08, 2019 in petition no. 92/MP/2015.

Based on consideration of the information available till date, the Company had computed the relinquishment charges as per methodology specified by aforesaid order, along with interest, amounting to ₹ 16.32 crores and has provided for in the books of account during the previous year.

Based on the management's assessment, no additional provision is required.

29.2 Commitments

- (a) The Company had entered into Bulk Power Transmission Agreement with Power Grid Corporation of India Limited (Power grid) to avail long term open access to the transmission system of Power grid for transfer of power from Allain Duhangan HEP to Northern Region Constituents. The Company has agreed to share and pay all the transmission charges of Power grid for a period of 40 years from Commercial Operation Date i.e. July 29, 2010. This is being a firm commitment, recognized as an expense on receipt of monthly bills from Power grid, under the head 'Bulk power transmission charges' in the Statement of profit and loss. However, during the previous year, the Company had relinquished the Agreement.
Besides, in accordance with implementation agreement with Government of Himachal Pradesh (GOHP), the company shall provide 12% (18% w.e.f. July 29 2022) of its deliverable energy free of cost to GOHP. [refer Note 29.1 (e) above]
- (b) The Company has other commitments for the purchase order issued after considering the requirement per operating cycle for purchase of goods and services in the normal course of business. The Company does not have any long term commitments of material non-cancellable contractual commitments / contracts including derivative contract for which there were any material foreseeable losses.

29.3 Other matters**(i) Impairment of Property, Plant and Equipment's**

As on March 31, 2023, the Company has net worth of ₹ 1,262.88 crores (Previous Year- ₹ 1,060.87 crores) and accumulated profits of ₹ 203.32 crores as at March 31, 2023 (Previous Year- accumulated profits amounting ₹ 1.41 crores). Based on financial projections (including the projected tariff) arrived at after considering the past experience of running similar power project and renewable source of fuel, management believes that profits will continue to accrue on account of expected increase in tariff and there are no impairment indicators and hence no adjustments are required to the carrying value of property, plant and equipment on account of impairment and the Company will have sufficient cash flow to meet its future obligations.

(ii) Dispute related to parties using the transmission line

During the earlier years, the Company had raised invoices to the parties using the dedicated transmission system of the Company based on capital cost of ₹ 416.61 crores in terms of Interim Agreement entered into by the parties. However subsequently the capital cost had been challenged by one of the Parties and Central Electricity Regulatory Commission ('CERC') approved the capital cost of Transmission System at ₹ 238.92 crores as against the capital cost submitted by the Company of ₹ 416.61 crores [on the date of commercial operation date ("COD")]/₹ 452.84 crores (with additional capitalization). The management is of the view that the methods used to derive the capital cost by the CERC are not in accordance with the Tariff Regulations of CERC itself. Therefore, the Company had filed an appeal against the CERC Order before Appellate Tribunal (APTEL) in October 2019, which is yet to come for final hearing.

However during the current year, in another proceeding, APTEL, vide order dated October 31, 2022, declared the transmission system of Company as deemed Inter State Transmission System ('ISTS system') with retrospective effect and remanded the case to CERC for calculation of transmission tariff based on point of connection ("POC") mechanism. Under this mechanism, based on the management assessment supported by opinion of legal counsel, the management is of the view that the Company will not be subject to any further liability.

30 RELATED PARTY DISCLOSURES

Defined Contribution Plan	0.02	0.02
Total	0.39	0.35

does not include post-employment benefits and other long term employee benefits as these employee benefits are lump sum amounts provided on the basis of actuarial valuation.

31 EMPLOYEE BENEFIT PLAN

31.1 Defined contribution plan

i) Superannuation Fund

The Company makes Superannuation Fund contributions to defined contribution retirement benefit plans for eligible employees. Under the schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions as specified under the law are paid to the superannuation fund set up as a trust by the Company. The Company does not carry any further obligations, apart from the contributions made on a monthly basis. The Company recognized ₹ 0.09 crore (previous year ₹ 0.04 crore) in the statement of profit and loss account. (Refer note 22).

ii) Provident Fund

The Company makes Provident Fund contributions which are defined contribution plan, for qualifying employees. Under the scheme Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 0.78 crores (previous year ₹ 0.75 crores) in the statement of profit and loss account. (Refer note 22).

31.2 Details of defined benefit plan and long term employee benefit plan

i) Gratuity Fund

The Company has a defined benefit gratuity plan. The gratuity plan is primarily governed by the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of five years are eligible for gratuity. The level of benefits provided depends on the member's length of service and salary at the retirement date. The gratuity plan is funded plan. The fund has the form of a trust and is governed by Trustees appointed by the Company. The Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy in accordance with the regulations. The funds are deployed in recognised insurer managed funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimates of expected gratuity payments.

ii) Long term employee benefits plan

Compensated absence represents earned leaves. Long term compensated absence has been provided on accrual basis based on actuarial valuation.

31.3 Disclosure required for Gratuity and Compensated absence in accordance with Ind AS-19 "Employee Benefits" are set out in the table below:

i) Current and Non – Current classification in Balance Sheet

(₹ in Crores)

Particulars	As at March 31, 2023			As at March 31, 2022		
	Current	Non-current	Total	Current	Non-current	Total
Compensated absence obligation	0.09	1.89	1.98	0.09	1.68	1.77
Gratuity:-Present value of funded defined benefit obligation	0.11	3.50	3.61	0.13	2.97	3.10

Total	100%	100%

vii) Significant Actuarial Assumptions (₹ in Crores)

Particulars	Gratuity		Compensated absences	
	As at March 31, 2023	As at March 31, 2022	As at March 31, 2023	As at March 31, 2022
i) Discounting Rate	7.38	7.23	7.38	7.23
ii) Future salary Increase	5.50	5.50	5.50	5.50
i) Retirement Age (Years)	60	60	60	60
ii) Mortality rates inclusive of provision for disability	100 % of IALM (2012-14)		100 % of IALM (2012-14)	
iii) Ages	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)	Withdrawal Rate (%)
18 to 30 Years	3.00	3.00	3.00	3.00
30 to 45 years	2.00	2.00	2.00	2.00
Above 45 years	1.00	1.00	1.00	1.00

Note:

- (a) The discount rate is based on the prevailing market yields of Government of India Securities as at Balance Sheet date for the estimated term of the obligations.
- (b) The estimate of future salary increased considered, takes into account the inflation, seniority, promotion, increment and other relevant factors such as supply & demand in the employment market.

viii) Sensitivity Analysis of the defined benefit obligation

Sensitivity of gross defined benefit obligation as mentioned above, in case of change of significant assumptions would be as under:

Particulars	Gratuity	
	For period ending March 31, 2023	For period ending March 31, 2022
a) Impact of the change in discount rate		
Present Value of Obligation at the end of the period	3.62	3.10
Impact due to increase of 0.50%	(0.18)	(0.16)
Impact due to decrease of 0.50%	0.19	0.17
b) Impact of the change in salary increase		
Present Value of Obligation at the end of the period	3.62	3.10
Impact due to increase of 0.50%	0.19	0.18
Impact due to decrease of 0.50%	(0.18)	(0.16)

Note:

- (a) Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- (b) Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

viii) Maturity Profile of defined benefit obligation (₹ in Crores)

Expected cash flow for next 10 years	Gratuity
0 to 1 Year	0.11
1 to 2 Year	0.06
2 to 3 Year	0.23
3 to 4 Year	0.09
4 to 5 Year	0.10
5 to 6 Year	0.37
6 Year onwards	2.66

32 FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits. The Company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analyses in the following sections relate to the position of financial assets and financial liabilities as at March 31, 2023 and March 31, 2022.

I Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is not exposed to any foreign currency risk as there is no material transaction in foreign currency.

II Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

III Interest Risk Exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:

(₹ in Crores)		
Particulars	As at March 31, 2023	As at March 31, 2022
Variable rate borrowings	-	-
Fixed rate borrowings	-	220.37
Total	-	220.37

(a) Sensitivity

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarises the impact of increase and decrease of profit before tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant. The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on March 31, 2023 and March 31, 2022.

(₹ in Crores)		
Particulars	As at March 31, 2023	As at March 31, 2022
Impact on Profit due to:		
Effect on Profit if Interest Rate - decrease by 25 basis points	-	-
Effect on Profit if Interest Rate - increases by 25 basis points	-	-

(b) Price risk

The company is not exposed to any price risk as there is no investment in equities outside the Company and the company doesn't deal in commodities.

(c) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Financial assets are written off when there is no reasonable expectation of recovery.

(i) Financial assets to which loss allowance is measured using lifetime /12 months Expected Credit Loss (ECL) as on March 31, 2023.

(₹ in Crores)

Financial assets to which loss allowance is measured using lifetime / 12 months Expected credit loss(ECL)	As at March 31, 2023			As at March 31, 2022		
	Gross Carrying Amount	Expected credit loss/ Write off	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss/ Write off	Carrying amount net of impairment provision
Loans to employees	0.38	-	0.38	0.27	-	0.27
Security Deposits	0.12	-	0.12	0.12	-	0.12
Trade Receivables	39.78	3.17	36.61	48.52	3.17	45.36
Cash and Cash Equivalents	3.81	-	3.81	8.54	-	8.54
Bank Balances	92.29	-	92.29	18.06	-	18.06
Others	0.21	-	0.21	0.11	-	0.11
Total	136.60	3.17	133.43	75.63	3.17	72.46

The Company is in the power generation sector. The Company on the basis of its past experience and industry practice is confident on realizing all of its dues from its customers. Hence, the Company has not provided for any discounting on time value of money.

(ii) Movement in expected credit loss allowance on financial assets

The following table summarizes the change in the loss allowances measured using life-time expected credit loss model:

(₹ in Crores)

Particulars	As at March 31, 2023	As at March 31, 2022
Balance at the beginning of the year	3.17	3.17
Add : Provision for expected credit loss recognized during the year	-	-
Less : Provision reversed during the year	-	-
Balance at the end of the year	3.17	3.17

(d) Liquidity risk

Liquidity risk is defined as the risk that Company will not be able to settle or meet its obligation on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Crores)

As at March 31, 2023	Less than 12 months	12 months to 3 years	More than 3 years	Total
Borrowings	-	-	-	-
Trade payables	21.12	0.71	0.52	22.35
Capital Creditors	-	-	-	-
Sundry Deposits	0.12	-	-	0.12

(₹ in Crores)

As at March 31, 2022	Less than 12 months	12 months to 3 years	More than 3 years	Total
Borrowings	8.15	22.04	190.18	220.37
Trade payables	15.37	0.31	0.60	16.28
Capital Creditors	0.07	-	-	0.07
Interest accrued but not due on loan from financial institution	1.56	-	-	1.56
Sundry Deposits	0.10	-	-	0.10

(l) Capital management
(a) Risk management

The Company's objective when managing capital are to:

- (i) safeguard their ability to continue as a going concern , so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- (ii) maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Net Debt (total borrowings net of cash and cash equivalents)

Divided by

Total equity (as shown in balance sheet)

The gearing ratios were as follows:

(₹ in Crores)

Particulars	As at March 31, 2023	As at March 31, 2022
Net Debt	-	211.83
Total Equity	1,262.88	1,060.88
Net Debt to Equity Ratio	-	0.20

(ii) Financial instruments- accounting classification and fair value measurement

(₹ in Crores)

Particulars	As at March 31, 2023				As at March 31, 2022			
	Fair value through profit & loss account	Fair value through OCI	Amortised Cost (Carrying Amount)	Fair value	Fair value through profit & loss account	Fair value through OCI	Amortised Cost (Carrying Amount)	Fair value
Loan to Employees	-	-	0.38	0.38	-	-	0.27	0.27
Security deposit	-	-	0.12	0.12	-	-	0.12	0.12
Trade receivables	-	-	36.61	36.61	-	-	45.36	45.36
Cash and Cash Equivalents	-	-	3.81	3.81	-	-	8.54	8.54
Bank Balances	-	-	92.29	92.29	-	-	18.06	18.06
Others	-	-	0.21	0.21	-	-	0.11	0.11
Total Financial assets	-	-	133.43	133.43	-	-	72.46	72.46
Borrowings	-	-	-	-	-	-	220.37	220.37

Independent Auditors' Report

TO THE MEMBERS OF REPLUS ENGITECH PRIVATE LIMITED

Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of **REPLUS ENGITECH PRIVATE LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report including Annexures to Board's report, but does not include financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we

are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of other accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section

143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in the aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit & Loss including Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the director is disqualified as on March 31, 2023 from being

appointed as a director in terms of Section 164(2) of the Act.

- f) As per notification G.S.R (E) dated June 13, 2017, the provision under clause (i) of section 143(3) is not applicable to the company with respect to the reporting on adequacy of internal financial controls and operating effectiveness.
- g) With respect to the other matters to be included in the Auditor's report in accordance with the requirements of section 197(16) of the Act, as amended:
Being a private limited company, section 197, "Overall maximum managerial remuneration and managerial remuneration in case of absence or inadequacy of profits", of the Act is not applicable
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements (refer note 44 (A) to the financial statement)
- ii. The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. The company was not required to transfer any amount in Investor Education and Protection Fund during the reporting financial year.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have

been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The Company has not declared or paid any dividend during the year ended March 31, 2023.
 - vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.
2. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Replus Engitech Private Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- (i) In respect of the Company's Property, Plant and Equipment & Intangible assets:
 - a. (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- b. The Company has physically verified property, plant and equipment during the year. In our opinion, frequency of physical verification is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c. Based on our examination of the registered sale deed provided to us, we report that, the title in respect of

land (other than the properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.

- d. The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - e. Based on the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding and benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) Based on the information and explanation provided to us:
 - a. The Company has physically verified inventory during the year. In our opinion, frequency of physical verification is reasonable having regard to the size of the Company and the nature of its business. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - b. The Company has been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, at during the year from banks on the basis of security of current assets. However, as informed to us, no quarterly return or statement has been filed by the company as the same was not required. Hence, reporting under clause 3(ii)(b) of the order is not applicable.
 - (iii) Based on the information and explanation provided to us, the Company has not made any investment, granted loan or advances in the nature of loan or provided guarantee or security to companies, firms, Limited Liability Partnerships or any other parties, during the year. Hence reporting under clause 3(iii) of the order is not applicable.
 - (iv) Based on the information and explanation provided to us, the Company has not granted loan, made investments, given guarantee and security. Hence reporting under clause 3(iv) of the order is not applicable.
 - (v) Based on the information and explanation provided to us, the Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
 - (vi) The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of The Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause 3 (vi) of the Order is not applicable to the Company.
 - (vii) In respect of statutory dues:
 - a. In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Income Tax, duty of Custom, Cess and other material statutory dues applicable to it with the appropriate authorities.
There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income Tax, duty of Custom, Cess and other material statutory dues in arrears as at March 31, 2023 for a period of more than six months from the date they became payable.
 - b. There is no statutory dues referred to in sub clause

- (a) above which have not been deposited as on March 31, 2023 on account of disputes.
- (viii) Based on the information and explanation provided to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961)
- (ix) According to the information and explanation provided to us:
- The Company has not defaulted in repayment of loans or other borrowings or in the payment of Interest thereon to any lender and hence, reporting under clause 3(ix)(a) of the Order is not applicable.
 - The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - In our opinion and according to the information and explanation given to us, money raised by the way of the term loan have been applied by the company during the year for the purposes for which they were raised, other than temporary deployment pending application of proceeds.
 - On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long term purposes by the Company.
- (e)&(f) According to the information and explanations given to us, the Company does not have any subsidiary, joint venture or associates companies. Hence, the requirement to report on clause (ix)(e) & (ix)(f) of the Order is not applicable to the Company.
- (x) Based on the information and explanation provided to us:
- The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3 (x)(a) of the Order is not applicable.
 - The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) during the year and hence reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) Based on the information and explanation provided to us:
- No fraud by the Company and no material fraud on the company has been noticed or reported during the year.
 - No report under sub – section (12) of section 143 of The Companies Act has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
 - We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of The Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) Based on the information and explanation provided to us:
- In our opinion, the Company has adequate internal audit system commensurate with the size and the nature of its business.
 - We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) a. In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- b. In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has incurred cash losses of INR 452.06 Lakhs during the financial year covered by our audit and cash losses of INR 116.54 Lakhs in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) a. Section 135 of the Act is not applicable on the Company. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- b. Section 135 of the Act is not applicable on the Company. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

Notes to the Financial Statements

for the Year Ended March 31, 2023

1. COMPANY OVERVIEW

Replus Engitech Private Limited ('the Company') is a private limited company incorporated on December 20, 2018 under the provisions of the Companies Act, 2013. The Company is engaged in the business of providing Battery-based energy storage solutions for e-mobility and stationary applications.

On June 24, 2021, Bhilwara Infotechnology Limited and Bharat Investments Growth Limited together acquired 74 percent of Equity shares of the Company.

On March 03, 2023, Bhilwara Energy Limited acquired the 74 percent of Company's holding from Bhilwara Infotechnology Limited and Bharat Investments Growth Limited. The Company has now become subsidiary of Bhilwara Energy Limited by virtue of this transfer. Bhilwara Infotechnology Limited, Bharat Investments Growth Limited and Bhilwara Energy Limited are Group companies of LNJ Bhilwara Group.

2. SIGNIFICANT ACCOUNTING POLICIES

A. Statement of compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act 2013 ('Act'), read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Rules'), and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), to the extent applicable. The financial statements have been prepared on accrual basis and under historical cost convention, except for financial assets and financial liabilities that have been measured at fair value.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All the amounts included in the financial statements are reported in lacs of Indian rupees (₹), which is also the functional currency of the Company.

Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

B. Use of accounting estimates, assumptions and judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, assumptions and judgements that affect the application of the accounting policies and the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

During the year ended March 31, 2023, the Company has change the method of depreciation from Written down value Method ('WDV') to Straight line Method ('SLM'). However, estimation for remaining useful life of assets has not changed and company will depreciate the assets over remaining useful life of assets using SLM. As per Ind AS 8, such change is a change in accounting estimates and shall be recognised prospectively by including it in Statement of profit or loss in the period in which such change took place.

The Company estimates and provides for liability for product warranties in the year in which the products are sold. These estimates are based on customer contracts and the estimates are reviewed annually for any material changes in assumptions. The timing of outflows will vary based on the actual warranty claims. The Company provides extended warranties or maintenance contracts to its customers.

C. Property, plant and equipment

(i) Recognition and measurement:

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price net of any trade discounts and rebates, any import duties and other taxes (input tax credits), any directly attributable expenditure in making the asset ready for its intended use. Borrowing costs relating to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

(ii) Depreciation

Depreciation on Property, plant and equipment has been provided on straight line method (SLM) based on useful lives of assets as estimated by Management, which are in line with Schedule II to the Companies Act, 2013.

Depreciation for assets purchased / sold / disposed-off during a period is proportionately charged. Property, plant and equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate and accounted for on a prospective basis. Asset individually costing five thousand rupees and less are fully depreciated in the year of purchase.

During the year ended March 31, 2023, the Company has change the method of depreciation from Written down value Method ('WDV') to Straight line Method ('SLM'). However, estimation for remaining useful life of assets has not changed and company will depreciate the assets over remaining useful life of assets using SLM.

The below table includes the useful lives considered of assets.

Category	Method of depreciation	Useful life
Computers	Straight line method	3 years
Office equipment	Straight line method	5 years
Furniture and fixtures	Straight line method	10 years
Plant and equipment	Straight line method	15 years
Laboratory equipments	Straight line method	10 years

An item of Property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss. Property, plant and equipment which are found to be not usable or retired from active use or when no further benefits are expected from their use are removed from the books of account and the carrying value if any is charged to statement of profit and loss.

Amounts paid towards the acquisition of property, plant and equipments outstanding as of each reporting date are disclosed under capital advances.

D. Capital work-in-progress

Capital work-in-progress includes cost of property, plant and equipment under installation/under development as at the balance sheet date. Factory work in the course of construction are capitalised in the assets under Capital work-in-progress account. At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalised where the asset is available for use but incapable of operating at normal levels until a year of commissioning has been completed. Expenditure during construction period incurred on the projects under implementation are treated as Pre-operative expenses pending allocation to the assets, and are included under Capital work-in-progress.

E. Other Intangible assets

Intangible assets that the Company controls and from which it expects future economic benefits are capitalised upon acquisition and measured initially for separately acquired assets, at cost comprising of the purchase price (including import duties and non-refundable taxes) and directly attributable costs to prepare the assets for its intended use. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss.

Intangible assets that have a finite lives are amortised over their estimated useful lives as per the straight line method unless it is practical to reliably determine the pattern of benefits arising from the asset. Intangible assets comprising software are amortised over a period not exceeding five years.

F. Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Reversal of impairment losses recognised in prior years is recorded when there is an indication that the impairment losses recognised for the asset no longer exists or have decreased. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years.

G. Financials Instruments

I. Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognised at fair value plus transaction costs directly attributable to its acquisition. The transaction costs incurred for the purchase of financial assets held at fair value through profit and loss are expensed in the statement of profit and loss immediately.

II. Subsequent measurement

1) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

2) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the statement of profit and loss.

Equity instruments are subsequently measured at fair value. On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Fair value gains and losses recognised in OCI are not reclassified to the statement of profit and loss.

3) Financial assets at fair value through profit and loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit and loss.

4) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts is approximate to the fair value due to the short maturity of these instruments.

III. Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. Except trade receivables, expected credit losses are measured at an amount equal to the twelve month expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime ECL.

In case of trade receivables, the Company follows the simplified approach which requires expected lifetime losses to be recognised from the initial recognition of the trade receivables. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

IV. Derecognition

1) Financial Assets

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

2) Financial Liabilities

The company derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expired.

V. Reclassification of Financial Assets and Financial liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest

VI. Derivative financial instruments

The company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risk. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are recognised immediately in the statement of profit and loss.

VII. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

H. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the Company normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's operating cycle is less than twelve months.

I. Revenue recognition

The Company derives revenue primarily from Battery energy storage solutions and e-mobility battery pack solutions. Revenue is measured based on the consideration specified in a contract with customers.

Sale of goods:

Revenue from on sale of products are recognised, net of discounts, sales incentives, rebates granted, returns, GST and duties when the products are delivered to customer or when delivered to a carrier for export sale, which is when title and risk and rewards of ownership pass to the customer. Export incentives are recognised as income as per the terms of the scheme in respect of the exports made and included as part of export turnover.

Sale of services:

Revenue from installation, commissioning and testing services is recognised based on the contracts with customers and when the services are rendered by measuring progress towards satisfaction of performance obligation for such services.

Use of significant judgements in revenue recognition:

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. At contract inception, the Company assesses its promise to transfer products or services to a

customer to identify separate performance obligations. The Company applies judgement to determine whether each product or service promised to a customer is capable of being distinct, and are distinct in the context of the contract, if not, the promised products or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligations based on their relative stand-alone selling price. Stand-alone selling prices are determined based on sale prices for the components as per contract with customers, in cases where the Company is unable to determine the stand-alone selling price the Company uses third-party prices for similar deliverables or the Company uses expected cost-plus margin approach in estimating the stand-alone selling price. The Company recognizes revenue when it transfers control over a product or a service to a customer.

Other Income:

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Other Operating revenues:

Other operating income includes revenue from all other operating activities which are not related to the principal activities of the company. These includes bidding support provided to customers. The Company also provides extended warranties or maintenance contracts to its customers.

Sales related warranties associated with batteries cannot be purchased separately and they serve as an assurance that the products sold comply with agreed upon specifications. Accordingly, the Company accounts for warranties in accordance with Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

J. Employee benefits

(i) Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

(ii) Post-employment benefits

Defined benefit plan

The Company's gratuity benefit scheme is defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The calculation of the Company's obligation under the plan is performed annually by a qualified actuary using the projected unit credit method.

The Company recognizes all actuarial gains and losses arising from defined benefit plan immediately in the Statement of Profit and Loss. All expenses related to defined benefit plan are recognised in employee benefits expense in the Statement of Profit and Loss. When the benefits of a plan are improved, the portion of the increased benefit related to past service by employees is recognised in the Statement of Profit and Loss on a straight-line basis over the average period until the benefits become vested. The Company recognises gains and losses on the curtailment or settlement of a defined benefit plan when the curtailment or settlement occurs.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which are defined contribution plans. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

(iii) Long-term employee benefits

Long-term employee benefits comprise compensated absences. The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilised wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

K. Foreign currency transactions and translations

The functional currency of the Company is Indian Rupees (INR) which represents the currency of the primary economic environment in which it operates.

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rate of exchange prevailing at the dates of the transactions. The date of transaction for the purpose of determining the exchange rate on initial recognition of the related asset, expense or income (part of it) is the date on which the entity initially recognises the non-monetary asset or non monetary liability arising from payment or receipt of advance consideration.

Monetary assets and liabilities relating to foreign currency transactions remaining unsettled at the end of each reporting period are translated at the exchange rates prevailing at that date. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction.

L. Leases

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for a consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has obtained substantially all the economic benefits from use of the asset throughout the period of use (iii) the Company has the right to direct the use of the asset.

Recognition and initial measurement

The Company recognises a Right-of-use asset ("ROU") and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, less any lease incentives received, plus any initial direct costs incurred and an estimate of the costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

Subsequent measurement

The right-of-use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use asset is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the consolidated statement of profit and loss.

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments are fixed payments. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in statement of profit and loss.

Lease liability distinguished as Non-current and current and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

M. Inventories

Inventories are valued at the lower of cost and net realisable value. Net realisable value represents the estimated selling price for inventories in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale. Cost of inventories includes cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Cost of Raw Materials, Packing Materials, Stores and Spares, Stock in Trade and other products are determined on First in first out (FIFO) basis and are net of GST.

Cost of Work in progress and Finished Goods is determined on First in first out (FIFO) basis considering direct material cost and appropriate portion of manufacturing overheads based on normal operating capacity.

N. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

O. Statement of Cash Flows

Cash flow statements are prepared in accordance with "Indirect Method" as explained in the Ind AS on Statement of Cash Flows (Ind AS - 7). The cash flows from operating, financing and investing activity of the company are segregated.

P. Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount expected to be paid to or recovered from the taxation authorities based on the taxable profit for the year. Taxable profit differs from "Profit before tax" as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961. The tax rates and tax laws used to compute the current tax amount are those that are enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

Deferred income tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of such deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting date. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset the corresponding current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Q. Provisions, contingent liabilities and contingent assets

A provision is recognised in the Balance Sheet, when the Company has a present obligation as a result of a past event and it is probable that an outflow of economic resources will be required to settle the obligation. Provisions are recognised at the best estimate of the expenditure required to settle the obligation at the Balance Sheet date. The provisions are measured on an undiscounted basis. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Warranty provisions

The Company provides warranty provisions on its products / services, as applicable. The warranty provision are based on estimates are based on customer contracts and the estimates are reviewed annually for any material changes in assumptions. The timing of outflows will vary based on the actual warranty claims. The Company provides extended warranties or maintenance contracts to its customers.

Contingencies

Provision in respect of loss contingencies relating to claims, litigations assessment, fines, penalties, etc. are recognised when it is probable that a liability has been incurred, and the amount can be estimated reliably.

Contingent liabilities and contingent assets

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

R. Earnings per share (EPS)

Basic EPS is computed using the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year except where the results would be anti-dilutive.

S. Borrowing Costs

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Interest earned on idle funds are deducted while capitalisation of such borrowings costs.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period. All other borrowing costs are expensed in the period in which they occur.

T. Research and development expenses

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. Property, plant and equipment utilised for research and development are capitalised and depreciated in accordance with the policies stated for property, plant and equipment.

3. PROPERTY, PLANT AND EQUIPMENT, OTHER INTANGIBLE ASSETS AND RIGHT-OF-USE ASSETS

Particulars	Property, plant and equipment						Other Intangible assets		Right-of-use assets	
	Freehold land	Plant and equipments	Furniture and fixtures	Computers	Office equipments	Laboratory equipments	Total	Softwares	Total	Leasehold properties

As at March 31, 2023	335.23	5.06	5.19	19.36	2.43	14.18	381.45	14.77	14.77	55.82

Change in method of Depreciation

During the year ended March 31, 2023, the Company has change the method of depreciation from Written down value Method ('WDV') to Straight line Method ('SLM'). The change in depreciation method was done to achieve uniformity and consistency of depreciation charge on the results of the Company. As per Ind AS 8 - Change in depreciation method shall be accounted for as a change in accounting estimate and will have a prospective effect. The effect in future periods have not been disclosed as it was impracticable to estimate.

Notes:

- All the assets are owned by Company except as mentioned otherwise.
- Title deeds of Immovable property are held in name of the Company, all agreements are executed by directors on behalf of the Company.
- Software is capitalized at the amounts paid to acquire the respective license for use and is amortised over the expected useful life of the license, generally not exceeding five years

Related parties have been identified on the basis of requirement of Ind AS 24 'Related Party Disclosures'. The disclosures of transactions with the related parties as defined in the Indian accounting standard are given below :

a) Name of the related parties and relationship*

Key Managerial personnel (KMP's)	Hiren Pravin Shah, Director & CEO Ankur Khaitan, Non-Executive Director Ankit Kanchal, Non-Executive Director
Holding company (from 03rd March 2023)	Bhilwara Energy Limited
Entity jointly exercising significant influence (upto 03rd March 2023)	Bharat Investments Growth Limited Bhilwara Infotechnology Limited
Relatives of KMPs/Directors	Mayur Shah, Brother of Director

* With whom the Company had transactions during the current year or previous year

b) Transactions with the above related parties (₹ in lacs)

Particulars	As at March 31, 2023	As at March 31, 2022
Infusion of equity share capital		
Bharat Investments Growth Limited	-	1,000.00
Bhilwara Infotechnology Limited	-	999.99
Reimbursement of expenses incurred		
Hiren Pravin Shah	5.65	2.61
Ankur Khaitan	9.26	1.92
Mayur Shah	5.51	1.11
Salary paid		
Hiren Pravin Shah	51.33	40.77
Ankur Khaitan	34.17	32.59
Ankit Kanchal	22.44	27.10
Mayur Shah	8.46	4.17
Loan given		
Ankur Khaitan	-	5.00
Advances repayment received		
Hiren Pravin Shah	-	3.10
Loan repayment received		
Ankur Khaitan	4.25	0.75
Loan repaid		
Hiren Pravin Shah	-	11.67

c) Outstanding balances as at balance sheet date (₹ in lacs)

Particulars	As at March 31, 2023	As at March 31, 2022
Equity share capital		
Bhilwara Energy Limited	142.31	-
Bharat Investments Growth Limited	-	71.15
Bhilwara Infotechnology Limited	-	71.15
Loans		
Ankur Khaitan	-	4.25
Employee benefit expenses payable		
Hiren Pravin Shah	2.95	1.69
Ankur Khaitan	-	2.27
Ankit Kanchal	1.14	1.84
Mayur Shah	0.66	0.61

Terms and conditions of transactions with related parties

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the end of the period are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables.

38. DISCLOSURE RELATING TO EMPLOYEE BENEFITS PURSUANT TO IND AS 19 - EMPLOYEE BENEFITS

a) Defined contribution plans

The Company has recognised ₹ 16.61 lacs (March 31, 2022: ₹ 4.03 lacs) towards post employment defined contribution plans comprising provident fund in the Statement of Profit and Loss as they accrue. The Company has no obligations other than to make the specified contributions.

b) Defined benefit plans

1. Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

The Company's gratuity plan is a funded defined benefit plan for all employees. The Company makes periodical contributions to the approved trust formed under Life Insurance Corporation of India ('LIC') Group gratuity scheme.

2. Compensated absences

The Company allows privilege leave and sick leave to its employees. Privilege leave and sick leave are accumulated and can be availed during the period of employment or encashed during service or at the time of resignation, retirement or termination of employment.

The Company's Gratuity plan

a) Eligibility	All permanent employees of the company
b) Salary for gratuity	Last drawn Basic salary
c) Plan service	Completed year of service, Service of six months and above is rounded off as one year
d) Contribution	Employee – Nil Company – Full costs
e) Vesting period	5 years of service.
f) Benefit payable on retirement	15/26 x Salary x Number of completed years of service.
g) Benefit payable on withdrawal or resignation	15/26 x Salary x Number of completed years of service.
h) Benefit payable on death or disability	Same as normal retirement benefit except that no vesting conditions apply.
i) Maximum ceiling	₹ 20.00 lacs

The Company's Compensated absences plan

a) Eligibility	All permanent employees of the company
b) Salary for earned leave	Last drawn Basic salary
c) Benefit payable on retirement	Leave balance x per day salary
d) Benefit payable on withdrawal	Leave balance x per day salary
e) Benefit payable on death or disability	Leave balance x per day salary
f) Leaves entitlement	21 days per annum
g) Maximum accumulation	60 days
h) Encashment in service	Allowed
i) Per day salary	Last drawn monthly basic salary/30 days
j) Vesting period	Nil.

Year 2029 to Year 2033	13.33	5.57	-	-

Expected company contributions towards gratuity for next year is ₹ 14,27,823/-.

Asset liability matching strategy

For gratuity, the Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance company, as part of the policy terms, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

Note: The estimates for future salary increases take into account inflation, seniority, promotion and other relevant factors, such as supply and demand in employment market. The actuarial valuation of plan assets and the present valuation of defined benefit obligation were computed at year end. The present value of the defined benefit obligation and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

39. INFORMATION ON LEASE TRANSACTION PURSUANT TO IND AS 116 - LEASES

The Company has entered into lease agreements for use of office premises. Each lease is reflected on the balance sheet as a right-of-use asset and as a lease liability, with the exception of short-term leases and leases of low-value underlying assets. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company currently classifies its right-of-use assets in a consistent manner in leasehold office premises under right-of-use assets.

During the year ended March 31, 2022 the company had terminated the lease agreement for which company recognised right-of-use asset ₹ 8.60 lacs and lease liability ₹ 8.60 lacs in FY2019-20, using the full retrospective approach as per Ind AS 116 'Leases' adoption from April 01, 2021. Termination has led to derecognition of Right-of-use assets and Lease liabilities at carrying value of ₹ 4.85 lacs and ₹ 5.74 lacs, correspondingly difference between Right-of-use and lease liability was charged to Statement of profit and loss.

During the year ended March 31, 2023 the company had entered into two more lease agreement for which company recognised right-of-use asset of ₹ 17.46 lacs and lease liability of ₹ 16.56 lacs.

Company as lessee

Particulars	(₹ in lacs)	
	As at March 31, 2023	As at March 31, 2022

Total cash outflow for leases	18.40	6.90

40. RATIOS

The following are analytical ratios for the year ended March 31, 2023 and March 31, 2022

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	% Variance	Remarks for variation in ratios by more than 25%
Current ratio	Current assets	Current liabilities	4.87	8.95	-45.59%	Decrease due to outstanding trade receivable from last year realised and advances for ongoing projects have been received.
Debt-Equity ratio	Total debt	Shareholders equity	0.46	-	-	Not applicable
Debt service coverage ratio	Earnings available for debt service = Net profit after taxes + Depreciation and other amortizations + Interest + Loss on sale of Property, plant & equipment	Debt service = Average total debt	(0.45)	(1.75)	-74.39%	Decrease as company availed term loan facility this year.
Return on equity ratio	Net Profits after taxes	Average Shareholders equity	(0.23)	(0.16)	43.40%	Increase as company is incurring initial operating expenses.
Inventory turnover ratio	Revenue from operations	Average Inventory	41.00	-	-	Not applicable
Trade receivables turnover ratio	Revenue from operations	Average Trade receivables	5.02	2.41	108.35%	Increase as the Sales numbers increased significantly from last period. Also, trade receivable has been realised within credit period.
Trade payables turnover ratio	Cost of materials consumed + Changes in Inventories of finished goods and Stock-in-trade	Average Trade payables	13.60	6.17	120.53%	Increase as material purchases have increased for ongoing and completed projects. Also, the company has made the timely payments to its trade creditors.
Net capital turnover ratio	Revenue from operations	Working capital	1.42	0.35	309.98%	Increase as the Sales numbers have increase compare to last year and working capital management has been managed effectively.
Net profit ratio	Net Profits after taxes	Revenue from operations	(0.30)	(0.34)	-10.31%	Not applicable

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	% Variance	Remarks for variation in ratios by more than 25%
Return on capital employed	Earning before interest and taxes	Capital employed = Tangible net worth + Total debt + Deferred tax liability	(0.20)	(0.10)	95.10%	Increased as the company is incurring initial operating expense and having operating losses.
Return on investment (other than interest on fixed deposit)	Income generated from invested funds	Average Investment	-	-	-	Not applicable

41. FINANCIAL INSTRUMENTS

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The carrying amounts of cash and cash equivalents, bank balance other than cash and cash equivalents, trade receivables, Short term loans, trade payables, short term borrowings and other current financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature. Fair value for security deposits (other than perpetual security deposits) and employee loan has been presented in the below table. Fair value for all other non-current financial assets and liabilities is equivalent to the amortized cost, interest rate on them is equivalent to the market rate of interest.

I. Financial assets

(₹ in lacs)

Particulars	As at March 31, 2023		As at March 31, 2022	
	Fair value	Fair value hierarchy	Fair value	Fair value hierarchy
Financial assets				
1. Financial assets designated at fair value through profit and loss

b) Trade payables				
- MSME	0.37	-	7.19	-
- Others	41.88	-	111.17	-
- Disputed dues - MSME	-	-	-	-
- Disputed dues - Others	-	-	-	-
c) Other financial liabilities	52.58	-	31.57	-

III. Fair value hierarchy

Level 1 - This includes financial instruments measured using quoted prices (Unadjusted) in active markets for identical assets and liabilities.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

IV. Valuation techniques used to determine fair value

- Financial assets are fair valued based on market data as at reporting date.
- Listed equity instruments and mutual funds which are fair valued using quoted prices and closing NAV in the market.
- The company has made necessary adjustments to the observable and unobservable inputs used for the purpose of valuations.
- The fair valuation of investments categorized in Level 2 has been determined on the basis of independent valuation done by respective funds.

42. FINANCIAL RISK MANAGEMENT OBJECTIVES

The Company's operational activities are expose to various financial risks i.e. market risk, credit risk and risk of liquidity. The Company realizes that risks are inherent and integral aspect of any business. The company's board of directors has the overall responsibility for the management of these risks. The company has the risk management policies and systems in place and are reviewed regularly to reflect changes in market conditions and the company's activities. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company's principal financial liabilities, comprises of borrowings, trade and other payables. These primarily represents liabilities from operations and financial liabilities to finance the company's operations. The company's principal financial assets, include trade and other receivables, fixed deposits and cash and cash equivalents that derive directly from its operations.

a. Credit risk

Credit Risk refers to the risk that a counter party will default on its contractual obligation resulting in financial loss to the company. Credit risk arises from the operating activities primarily from trade receivables and from its financing activities including cash and cash equivalents, deposits with banks, Investments and other financial instruments. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including investment securities cash and short-term deposit) the Company minimise credit risk by dealing exclusively with high credit rating counterparties. The Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Company trades only with recognised and creditworthy third parties. It is the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. The carrying amount of financial assets represents the maximum credit exposure and there is no credit exposure.

In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant. There are no customers which account for more than 10% of the company's total revenue from operations for the year ended 31st March, 2023.

I. Exposure to credit risk:

At the end of the reporting period the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the Balance sheet, which are as follows:

Particulars	(₹ in lacs)	
	As at March 31, 2023	As at March 31, 2022
Security deposit	62.28	4.02
Advances to employees	0.17	0.20
Trade receivables	60.04	403.30
Cash and cash equivalents	752.01	26.04
Other bank balances	52.74	1,103.00

II. Credit risk concentration profile:

At the end of the reporting period there were no significant concentrations of credit risk. The maximum exposures to credit risk in relation to each class of recognised financial assets is represented by the carrying amount of each financial assets as indicated in the balance sheet.

III. Financial assets that are neither past due nor impaired:

Trade and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Company. Cash and short-term deposits investment securities that are neither past due nor impaired are placed with or entered with reputable banks financial institutions or companies with high credit ratings and no history of default.

b. Liquidity risk

Liquidity risks result from the possible inability of the company to meet current or future payment obligations due to lack of cash or cash equivalents. The liquidity risk is assessed and managed by the finance department as a part of day to day and medium term liquidity planning.

The company holds sufficient liquidity to ensure the fulfillment of all planned payment obligations at maturity. The company's liquidity risk policy is to maintain sufficient liquidity reserve at all times based on cash flow projections to meet payment obligation when it falls due. The primary source of liquidity is cash generated from operations.

The table below analyze the company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities essential for an understanding of timing of cash flows.

	Less than 1 year	1 to 5 years	More than 5 years	Total
March 31, 2023				
Borrowings	-	395.42	306.35	701.77

- MSME	0.37	-	-	0.37
- Others	41.88	-	-	41.88
- Disputed dues - MSME	-	-	-	-
- Disputed dues - Others	-	-	-	-
Lease liabilities	17.60	41.51	-	59.12
Other financial liabilities (excluding current maturity of lease liabilities)	52.58	-	-	52.58
March 31, 2022				
Borrowings	-	-	-	-
Trade Payables	-			
- MSME	7.19	-	-	7.19
- Others	111.17	-	-	111.17
- Disputed dues - MSME	-	-	-	-
- Disputed dues - Others	-	-	-	-
Lease liabilities	9.48	45.99	-	55.47
Other financial liabilities (excluding current maturity of lease liabilities)	31.57	-	-	31.57

c. Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates, interest rates and equity prices - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return.

i. Foreign currency risk

Foreign currency exposure not covered by derivative instruments:-

Particulars	Currency	As at March 31, 2023		As at March 31, 2022	
		Foreign currency*	INR (₹ in lacs)	Foreign currency*	INR (₹ in lacs)
Trade payable	USD	13,615.83	11.19	4,310.00	3.27
Advance to trade supplier	USD	-	-	7928.80	6.01

* Foreign currency amount is denominated at nearest amount of foreign currency and has not been rounded-off.

Foreign currency sensitivity

The below table demonstrates the sensitivity to a 1% increase or decrease in the foreign currencies against Indian rupees, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 1% represents management's assessment of reasonably possible change in foreign exchange rate. 1% increase or decrease in foreign exchange rates will have the following impact on profit/(loss) before tax:

Particulars	As at March 31, 2023		As at March 31, 2022	
	1% increase	1% decrease	1% increase	1% decrease
Currency - USD	(0.11)	0.11	0.09	(0.09)
Increase/ (decrease) in profit or loss	(0.11)	0.11	0.09	(0.09)

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates, loans and advances given by the company and cash and cash equivalents. The company's exposure to the risk of changes in market interest rates relates primarily to the company's term loans and short term borrowing with floating interest rate. The term loan carries interest at rate of three month treasury bill (T Bills 3M) as per Financial Benchmarks India Pvt. Ltd. + spread of 1.56%.

Particulars	(₹ in lacs)	
	As at March 31, 2023	As at March 31, 2022
Interest rate exposure		
i. Total borrowings	701.77	-
ii. Borrowings with floating interest rates	701.77	-

Interest rate sensitivity not covered by derivative instruments

Particulars	As at March 31, 2023		As at March 31, 2022	
	1% increase	1% decrease	1% increase	1% decrease
Secured term loan	(7.02)	7.02	-	-
Increase/ (decrease) in profit or loss	(7.02)	7.02	-	-

Interest rate sensitivity has been calculated assuming the borrowings are outstanding at the reporting date have been outstanding for the entire reporting period.

iii. Price risk

Commodity price risk for the Company is mainly related to fluctuations in material prices linked to various external factors, which can affect the cost of sales for the Company. To manage this risk, the Company monitors factors affecting prices, identifies new sources of supply of raw material, etc.

43. CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity share capital, security premium and all other equity reserves attributable to the equity holders of the Company. The company manages its capital to ensure that the company will be able to continue as going concern while maximizing the return to stakeholders through optimization of debt and equity balance. Further its objective is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development.

The company manages capital using gearing ratio, which is total debt divided by total equity. The Capital gearing ratio at the end of the reporting period was as follows:

Particulars	(₹ in lacs)	
	As at March 31, 2023	As at March 31, 2022
Borrowings (Non-current)	701.77	-
Borrowings (Current)	-	-
Less : Cash and cash equivalents (refer note 12)	752.01	26.04
Net debt (a)	(50.24)	(26.04)
Equity share capital (refer note 16)	192.31	192.31
Other equity (refer note 17)	1,332.24	1,682.00
Total capital (b)	1524.55	1,874.31
Capital gearing ratio (a/b)	(0.03)	-

Note - Gearing ratio is not disclosed for year ended March 31, 2022, as company is having no outstanding borrowings at the end of the reporting period.

44. CONTINGENT LIABILITIES AND COMMITMENTS

A) Contingent liabilities

There are no contingent liabilities as on March 31, 2023.

B) Commitments

Capital commitment

Capital expenditures contracted for at the balance sheet date but not recognised in the financial statements

Particulars	(₹ in lacs)	
	As at March 31, 2023	As at March 31, 2022
Property, plant and equipment	2,094.38	0.98
Intangible assets under development	3.78	17.35
	2,098.16	18.33

45. CAPITAL WORK IN PROGRESS INCLUDES FOLLOWING PRE-OPERATIVE EXPENSES PENDING ALLOCATIONS:

(₹ in lacs)		
Particulars	As at March 31, 2023	As at March 31, 2022
Balance at the beginning	48.52	-
Employee benefits expense	83.00	48.52
Less : Transfer to property, plant and equipment	-	-
Balance at the end	131.52	48.52

46. PROVISIONS FOR WARRANTIES

- Provision for warranty is made for estimated warranty claims in respect of sale of certain Li-ion storage batteries which are still under warranty at the end of the reporting period, the estimated cost of which is accrued at the time of sale. These claims are expected to be settled as and when warranty claims arise. The provision for warranty claims represents the present value of the Management's best estimate of the future outflow of economic benefits that will be required under the Company's obligation for warranties. Management estimates the provision based on industrial standards and Li-ion battery degradation cycle affecting product quality. The products warranties are generally covered under back-to-back warranty provided by OEM's to the Company.
- The disclosure note for movement in provision as required under Ind AS 37 has been given at note 20.

47. EVENTS OCCURRING AFTER THE BALANCE SHEET DATE

No adjusting or significant non-adjusting events have occurred between the reporting date and date of authorization of these financial statements.

- The Company has borrowings from banks against security of current assets (Inventory and Trade receivables). There was no requirement to submit quarterly statements by the company till the end of reporting period. Same has to be submitted after SCOD i.e. 30th September 2023 as per Bank sanction letter available with the Company.

49. DETAILS OF CRYPTO CURRENCY OR VIRTUAL CURRENCY

The company has not traded or invested in Crypto currency or virtual currency during the reporting period.

50. RELATIONSHIP WITH STRUCK OFF COMPANIES

The Company does not have any transaction with companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956 and hence no disclosure is required.

51. BENAMI PROPERTY TRANSACTIONS

The company does not hold any benami property and no proceedings have been initiated or pending against the company under Benami Transactions Prohibition Act 1988 (45 of 1988) and the rules made thereunder.

52. CORPORATE SOCIAL RESPONSIBILITY

The company is not covered under section 135 of Companies Act 2013, therefore disclosure regarding CSR activities is not disclosed.

53. COMPLIANCE WITH NUMBER OF LAYERS OF COMPANIES

The Company does not have any subsidiary company accordingly compliance with the number of layers prescribed under clause (87) of section 2 of the Act read with Companies (Restriction on number of Layers) Rules, 2017 does not arise.

54. WILFUL DEFAULTER

As on March 31, 2023 the Company has not been declared wilful defaulter by any bank/financial institution or other lender.

- The Payment of Bonus Act, 1965 is applicable to the Company, but since Company is a newly setup establishment as per provision of Section 16 (1A) of the act, so bonus is not paid.

- Previous year figures have been regrouped or reclassified, wherever to conform to the current year's presentation.

Directors' Report

for the Financial Year 2022-23

Dear Members,

Your Directors have pleasure in presenting their Twenty Eighth (28th) Annual Report along with the Audited Financial Statement along with the Auditors' Report for the Financial Year ended 31st March, 2023.

1. FINANCIAL SUMMARY OR HIGHLIGHTS/ PERFORMANCE OF THE COMPANY

The Financial data for the current year and previous year are stated as following:

(Amt. in ₹ Crores)

Particulars	For year ended 31st March, 2023	For year ended 31st March, 2022
Total Income	5.17	4.58
Total Expenditure	4.75	3.78
Profit/(Loss) Before Taxes	0.42	0.80
Taxes/Deferred Taxes	0.81	-
Profit/(Loss) After Tax	(0.38)	0.80
Other Comprehensive Income	-	-
Total Comprehensive Income	(0.38)	0.80
Basic EPS/Diluted EPS (in ₹ Per Share)	(5.39)	11.26

The Annual Financial Statement for the financial year 2022-23 is attached to this Annual Report.

2. OVERALL PERFORMANCE

Your Company has earned total income of ₹ 5.17 crores during the financial year 2022-23 as compared to the income of ₹ 4.58 crores in the previous financial year. The expenses of the Company during the financial year 2022-23 has increased to ₹ 4.75 crores as compared to ₹ 3.78 crores in the previous Financial Year. The Company has reported net loss of ₹ 0.38 crores during the financial year 2022-23 as compared to net profit of ₹ 0.80 crores in the previous Financial Year. The main reason for loss during the current year is recognition of Deferred Tax of ₹ 0.81 crore as against Nil in the previous year.

3. STATEMENT OF COMPANY AFFAIRS

During the financial year, the Company has provided consultancy services to a number of hydro power, pump storage and irrigation projects with a range of services like investigations, due diligence studies, preparation of pre-feasibility reports and detailed project reports, detailed design and drawings, technical specification, construction supervision, pre tender engineering, lender's engineer services etc. for ongoing projects and new projects acquired. The company is constantly expanding to new countries for its consultancy services and are looking for ventures in countries of Africa and Nepal.

The company has also successfully carried out the PFRs of the pump storage projects and actively carrying out the work for the preparation of Detailed Project Reports of Pump Storage Projects ranging the capacity from 800 MW to 1500 MW for its prestigious clients. The company has

also applied for detailed design & engineering of pump storage projects.

The Company secured 32 new contracts during the financial year 2022-23 and is actively pursuing new consultancy opportunities for hydropower, pump storage and irrigation projects in Indian subcontinent and overseas market. The company seeks to expand its operations and acquire new jobs in the core and related sectors of its expertise. The company also wish to collaborate with other prospective partners overseas for new businesses."

4. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

There are no such material changes or commitments occurred, affecting the financial position of the Company which has occurred between the end of the financial year i.e. 31st March, 2023 and the date of this report.

5. DIVIDEND

Your Director's do not propose any dividend for the financial year under review.

6. ADEQUACY OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS.

The Company has adequate internal financial controls in place with reference to the financial statements. During the year under review, these controls were evaluated and no significant weakness was identified in the operations of control.

7. PERSONNEL

(a) Industrial Relation

The Industrial Relations during the period under review generally remained cordial without any untoward incidents.

16. MEETING OF THE MEMBERS

The Annual General Meeting of the members of the Company was held on 26th September, 2022.

17. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the contracts/arrangements/transactions entered into by the Company during the financial year with the related parties were on arm's length basis and were in the ordinary course of the business. Your company has not entered into any transaction with the related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC-2 is not applicable.

18. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Company has not done any transactions in terms of Section 186 of the Companies Act, 2013.

19. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aid in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

20. STATUTORY AUDITORS

At the 22nd Annual General Meeting held on 24th September, 2018, M/s KRA & Associates, Chartered Accountants, (ICAI Firm Regn. No. 002352N), were appointed as the Statutory Auditors of the Company to hold office till the conclusion of the 28th Annual General Meeting to be held in the Calendar Year, 2023.

The first term of five consecutive year of appointment of M/s KRA & Associates, as the statutory auditors of the Company ends on the conclusion of the ensuing Annual General Meeting. They can be re-appointed for another five years term. Statutory Auditors have conveyed their eligibility and willingness to be re-appointed.

The Board have also recommended to the members of the Company, re-appointment of M/s KRA & Associates, Chartered Accountants, (ICAI Firm Regn. No. 002352N) as Statutory Auditor of the Company for the second term of five consecutive years to hold office till the conclusion of 33rd Annual General Meeting to be held in the calendar year 2028 with the authority to the Board to fix the remuneration for their tenure.

The observations of the Auditors, if any, are explained wherever necessary, in the appropriate notes to the accounts.

During the year under review, the Auditors had not reported any matter under Section 143 (12) of the Companies Act, 2013; therefore, no detail is required to be disclosed under Section 134 (3) (ca) of the Companies Act, 2013.

21. AUDITORS' REMARKS

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments. The Auditor's Report does not contain any qualification, reservation or adverse remarks.

22. ANNUAL RETURN

Pursuant to Section 92 of the Act and Rule 12 of the Companies (Management and Administration) Rules, 2014, Annual Return is available on the website of the Company.

23. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge states the following:

- that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;
- that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable and prudent to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that year;
- that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- That the annual accounts have been prepared on a going concern basis;
- that the Company had laid down internal financial controls to be followed by the company and that such internal financial controls were adequate and were operating effectively;
- That the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

24. GENERAL DISCLOSURES

- The Company has a group policy in place against Sexual Harassment in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. Internal Complaints Committee (ICC) has been set up to redress complaints received regarding sexual harassment.

The Company has complied with the provisions relating to constitution of Internal Complaints Committee under sexual harassment of women at workplace (Prevention, Prohibition & Redressal) Act, 2013.

No complaints were received during the financial year 2022-23.

- There was no change in the name of the Company and its nature of business.
- The financial year of the Company was same as of previous year.
- To the best of our knowledge and belief there has been no instance of fraud that has occurred or reported in the Company, during the financial year 2022-23.
- During the year, there was no change in the issued share capital of the company.
- The Company is in compliance of all applicable secretarial standards issued by The Institute of Company Secretaries of India from time to time.
- The Company is not required to maintain the cost records as specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013, and accordingly such

Accounts and records are not made and maintained by the Company.

- There is no information to be provided w.r.t. the details of application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2016 (31 of 2016) during the year or at the end of the financial year.
- Details of difference between amount of the valuation done at the time of one time settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof – Not Applicable.
- The Company has made the necessary disclosure as per rule 8(5) of Companies Accounts Rules 2014.

25. ACKNOWLEDGEMENTS

Your Directors would like to express sincere gratitude to all valuable stakeholders of the Company for their excellent

support and co-operation extended by them during the financial year under review.

The Board of Directors also places on record its appreciation for the significant contribution made by the employees of the Company through their dedication, hard work and unstinted commitment.

Independent Auditors' Report

To The Members of Indo Canadian Consultancy Services Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Indo Canadian Consultancy Services Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the **Profit** (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include the financial statements and our auditor's report thereon. The Board's Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance

conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other

information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read Board's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable under the applicable laws and regulations.

Responsibility of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Change in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The Management has represented, that, to the best of its knowledge and belief, no fund (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
3. With respect to the matter to be included in the Auditors' report under Section 197(16) :
- In our opinion and according to the information and explanation given to us, the Company has not paid or provided any managerial remuneration to any director during the year.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Indo Canadian Consultancy Services Ltd of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) During the FY 22-23 the fixed assets of the Company have been physically verified by the management and material discrepancies identified on such verification have been properly dealt with in the books

of account in same year. The Company has a program of physical verification of Property, Plant and Equipment so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets.

- (c) The Company does not have any Immovable property. Accordingly, paragraph 3(i) (c) of the Order is not applicable to the Company
 - (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.
 - (b) The Company has not been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- iii. The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year, and hence reporting under clause 3(iii)(a) of the Order is not applicable.
- iv. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has not been specified by the Central Government under sub- section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- vii. In respect of statutory dues:
 - (a) The Company is generally regular in depositing with appropriate authorities, undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, value added tax, customs duty, excise duty, cess, GST and any other material statutory dues applicable to it, According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income tax, sales tax, service tax, value added tax, customs duty, excise duty, cess, GST and any other material statutory dues applicable to it, were outstanding, at the year end, for a period of more than six months from the date they became payable, except for the EPFO liability mentioned in Para 40 of Notes to Financial statements.
 - (b) According to the information and explanation given to us, there are no dues with respect to income tax, sales tax, service tax, value added tax, customs duty,

- excise duty and GST which have not been deposited on account of any dispute
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) The Company has taken a loans during the year and there is no default in repayment of interest and principal amount during the reporting period as per clause 3(ix)(a) of the Order. detail as per mentioned below :

Name of lender	Amount in Beginning of the year(in lacs)	Taken during the year	Interest rate (%)	Outstanding on reporting date	Default if any
Purvi Vanijya Niyojan Limited	342.00	-	9%	224.01	No
Bhilwara Energy Limited	-	66.00	8.95%	46.00	No

- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken a term loan during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- x. The Company has raised a loans during the year as mentioned in clause (ix)(a)
- xi. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xii. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.
- xiii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiv. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xvi. In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvii. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xviii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xix. There has been no resignation of the statutory auditors of the Company during the year.
- xx. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xxi. Corporate social Responsibility (CSR) not applicable to the company and hence Reporting clause 3(xx)(a) of the Order is not applicable for the year.

ANNEXURE-B INDEPENDENT AUDITOR'S REPORT on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Indo Canadian Consultancy Services Ltd on the financial statements for the year ended 31st March, 2023

We have audited the internal financial controls over financial reporting of Indo Canadian Consultancy Services Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to the Financial Statements

for the Year Ended March 31, 2023

1. CORPORATE INFORMATION

Indo Canadian Consultancy Services Limited (hereinafter referred to as "The company") is engaged in consultancy services, including comprehensive engineering consultancy for hydro-electric, thermal and non-conventional energy power projects.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company, with effect from 1st April 2016, has adopted Indian Accounting Standards (Ind AS) notified under the Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) (Amended) Rules, 2016. For all periods up to and including the year ended 31st March 2016, the Company had prepared its financial statements in accordance with accounting standards as prescribed under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (referred to as 'Indian GAAP').

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments

The areas involving critical estimates and judgments are:

(i) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

(ii) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

c) Revenue Recognition

Revenue is recognized as per guiding principal specified under Ind AS-115. The company is a service company; revenue is recognized on billing basis which is billed with achievement of defined milestones i.e. 'Contract milestones'

Other Income

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

d) Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on fixed assets is calculated on a Straight Line Method (SLM) using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013.

Depreciation is provided on pro-rata basis from the date on which assets are ready to use in case of addition and provided up to the date of sale/disposal in case of sale/disposal.

e) Intangible Assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably. Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Software assets are amortized on a straight line basis over the estimated useful economic life of 5 years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Financial Instruments

Financial Assets

i. Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

ii. Subsequent Measurement**Non-derivative financial instruments**

- **Debt instrument at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

- **Equity instrument at fair value through other comprehensive income**

All equity investments in scope of Ind AS-109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

- **Equity instrument at fair value through profit or loss**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Impairment of Financial Assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 Months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- (i) The rights to receive cash flows from the asset have expired, or
- (ii) The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii. Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations.

Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations.

If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

iv. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

g) Foreign currency translation

Financial statements are presented in Rupees, which is company's functional currency.

Initial recognition

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

h) Taxation

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it

is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

i) Employees Benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard Ind AS-19 'Employee Benefits'.

Provident Fund

The company makes contribution to statutory contribution fund in accordance with Employees Provident Fund and Miscellaneous Provision Act, 1952 which is defined contribution plan and contribution paid or payable is recognized as an expense in the period in which services are rendered by the employee.

Gratuity

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of defined benefit/obligation at the balance sheet date less the fair value of plan assets, together with adjustment for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. Further, net defined benefit assets are treated as other financial assets in financial statements.

During FY 22-23, Company has not recognized actuarial gains and losses for defined benefit plans

Leave Encashment

Liability in respect of leave encashment becoming due or expected after the balance sheet is estimated on the basis of an actuarial valuation performed by an independent actuary using projected unit credit method.

Leave liability which is expected to be utilized within next 12 Months from Balance sheet (as per estimates made by actuary) is treated as Current liability and balance liability has been considered as long term liability.

Superannuation Benefit

The Company makes contribution to superannuation fund which is a post employment benefit in the nature of a defined contribution plan & contribution paid or payable is recognized as expenses in the period in which services are rendered by the employee.

Other short term benefits

Expenses in respect of other short term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

j) Provisions & Contingent Liabilities/ Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement

k) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

l) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

1. In the principal market for the asset or liability, or
2. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level1: Quoted (unadjusted) market prices in active markets for identical assets or Liabilities

Level2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

n) Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

o) Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

27. SEGMENT REPORTING

The Company is engaged in consultancy services, including comprehensive engineering consultancy for hydro-electric, thermal and non-conventional energy power projects. Considering the nature of Company's business and operations, there

are no separate reportable segments (business and/ or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Operating Segments'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

28. COMMITMENTS AND CONTINGENCIES

As per information available with the management there is no contingent liability as at March 31, 2023. However company has provided a bank guarantee in favour of Adani Green Energy Limited of ₹ 8.00 Lakhs on 03rd April 2023.

29. There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard-39 as it is not probable that an outflow of resources embodying economic benefit will be required.

32. Retention and Earnest money deposit amounting to ₹ 28.58 Lakhs (previous year ₹ 28.58 Lakhs) is outstanding for recovery from various parties since long. However, the management is hopeful to recover this amount and no provision has been considered at present.

33. Security Deposit amounting to ₹ 39.60 Lakhs (previous year ₹ 4.10 Lakhs), Out of the above ₹ 4.00 Lakhs is outstanding for recovery / adjustment since 2012. However, the management is hopeful to recover this amount and no provision has been considered at present.

34. In the opinion of the Management and to the best of their knowledge and believe, the value on realization of current assets, Loan & Advances in the ordinary course of business would not be less than the amount at which they are stated in the Balance Sheet.

35. Balance of Trade Receivable / Payable Loans / Advances are subject to confirmation.

36. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings deposits. The company is exposed to interest rate risk on variable rate long term borrowings.

The sensitivity analyses in the following sections relate to the position as at March 31, 2023 and March 31, 2022.

i. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there is no material transaction in foreign currency. Particulars of un-hedged foreign currency exposures as at the Balance Sheet date are NIL (previous year NIL). Hence, no further disclosure is required under this section.

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company is not exposed to any interest rate risk as there is no long term borrowing in the company. Hence, no disclosure is required under this section.

b) Price Risk

The company is not exposed to any price risk as there is no investment in equities outside the group and the company doesn't deal in commodities.

c) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2023		As at March 31, 2022	
	Gross Carrying Amount	Carrying amount net of impairment provision	Gross Carrying Amount	Carrying amount net of impairment provision
Retention Money	28.58	28.58	28.58	28.58
Security deposits	39.60	39.60	4.10	4.10
Advances recoverable in cash or kind	57.76	57.76	57.76	57.76

d) Liquidity Risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:-

(₹ in Lakhs)

As at March 31, 2023	Less than 3 Months	3 to 6 Months	6 to 12 Months	12 Months to 3 Years	Total

Other payable	1.54	-	-	-	1.54

37. CAPITAL MANAGEMENT**a. Risk Management**

The group's objectives when managing capital are:-

- i) Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- ii) Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares.

i. Fair value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level1: Quoted prices (unadjusted) in the active markets for identical assets or liabilities

Level2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly

Level3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

(₹ in Lakhs)

Particulars	Carrying amount As at March 31, 2023	Fair value		
		Level 1	Level 2	Level 3
Financial Assets at Amortised cost:				
Security Deposits	39.60	-	-	39.60
Others	521.41	-	-	521.41
Total	561.01	-	-	561.01
Financial Liabilities at Amortised cost:				
Borrowings	270.01	-	-	270.01
Others	36.32	-	-	36.32
Total	306.33	-	-	306.33

(₹ in Lakhs)

Particulars	Carrying amount	Fair value		
	As at March 31, 2022	Level 1	Level 2	Level 3
Financial Assets at Amortised cost:				
Security Deposits	4.10	-	-	4.10
Others	574.97	-	-	574.97
Total	579.07	-	-	579.07
Financial Liabilities at Amortised cost:				
Borrowings	342.00	-	-	342.00
Others	24.69	-	-	24.69
Total	366.69	-	-	366.69

ii. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

39. ADDITIONAL REGULATORY INFORMATION

Following Ratios to be disclosed:-

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Explanation
(a) Current ratio (in times)	Total current assets	Total current liabilities	0.97	1.02	Due to decrease in current liability resulting in significant impact
(b) Debt-Equity ratio (in times)	Debt consists of borrowings and lease liabilities.	Total equity	3.82	4.84	Due to increase in loan resulting in significant impact
(c) Debt Service Coverage Ratio, (in times)	Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses + Interest + Other non-cash adjustments	Adjustments Debt service = Interest and lease payments + Principal repayments	0.66	2.91	Due to increase in loan & service of interest thereon resulting in significant impact
(d) Return on Equity Ratio (in %)	Profit for the year less Preference dividend (if any)	Average total equity	60.10%	112.57%	reduction in expenditure and receipt of interest on income tax refund resulting into significant impact
(e) Inventory turnover ratio,	Cost of Goods Sold	Average Inventory	-	-	N.A
(f) Trade Receivables turnover ratio, (in times)	Revenue from operations	Average trade receivables	2.23	1.77	The change in ratio is less than 25%
(g) Trade payables turnover ratio, (in times)	Cost of equipment and software licences + Other Expenses	Average trade payable	64.07	0.74	Due to repayment of outstanding resulting into major impact
(h) Net capital turnover ratio, (in times)	Revenue from operations	Average working capital (i.e. Total current assets Less Total Current liabilities)	(465.68)	(3.28)	Due to decrease in current liability resulting in significant impact
(i) Net profit ratio, (in %)	Profit for the year	Revenue from operations	8.41%	18.76%	Due to lesser revenue resulting into major impact
(j) Return on Capital employed, (in %)	Profit before tax and finance costs	Capital employed = Net worth + Lease liabilities + Deferred tax liabilities	24.08%	32.38%	Due to lesser revenue resulting into major impact
(k) Return on investment. (In %)	Income generated from invested funds	Average invested funds in treasury investments	-	-	N A

40. In F.Y 2011-12, PF Deposit systems were shifted to online mode from Manual submission mode. During March'12 & April'12, Company has deposited the Employee's Contribution as well as its own contribution in EPFO but due to some technical issues those contributions were not reflected in the respective employees EPFO accounts. Company raised the matter continuously with the EPFO authorities, as a result during financial year 2018-19, PF authorities returned the amount pertaining to above said period to company with stipulation that the company will redeposit the amount in respective employee's EPFO A/c.

Further, the Company has created the liability in its books of account against the amount of EPF received from PF authority and redeposited the contribution to the extent it can trace the retrenched employees. In addition to above, there is Contribution amounting to ₹ 2.44 Lakhs which is still pending to deposit on account of non-traceability of past employees.

41. The Company Assessment for A.Y. 2011-12 to A.Y. 2016-17 u/s 153(A) and A.Y. 2017-18 u/s 143(3) has been completed during the previous year 2018-19. Directors' Report

for the Financial Year 2022-23

Dear Members,

Your Directors have pleasure in presenting their Ninth (9th) Annual Report together with the Audited Financial Statement for the Financial Year ended March 31, 2023.

1. FINANCIAL SUMMARY OR HIGHLIGHTS/ PERFORMANCE OF THE COMPANY

(Amount in ₹ Millions)

Particulars	2022-23	2021-22
Total Revenue	79.83	42.66
Less: Total Expenses	183.49	148.64
Profit/(Loss) Before Tax	(103.64)	(105.98)
Less: Tax Expenses	-	-
Profit/ (Loss) after Tax	(103.64)	(105.98)
Other Comprehensive Income	0.14	(0.03)
Total Comprehensive Income for the year	(103.50)	(106.00)
Earnings Per share Basic/ Diluted in ₹	(4.70)	(4.81)

2. STATEMENT OF COMPANY AFFAIRS

20 MW WIND POWER PROJECT IN DISTT. JAISALMER, RAJASTHAN

Your company is engaged in the generation of wind power from its 20 MW wind power project located at site Dangri, Distt Jaisalmer, Rajasthan.

During the current financial year 2022-23, the company reported revenue from operations of ₹ 79.83 Million as compared to ₹ 42.55 Million in the previous financial year.

During the year, effective 1st April' 2022, the Company has recognised revenue @2.44/- kwh based on the RRECL approval approving the change of mode of sale of power to captive use, which also referred the decision taken by the Co-ordination committee in its meeting held on 31st December 2021 for adjustment of power injected after expiry of PPA till change of mode.

Due to above, the differential amount of ₹ 437.52 lacs from ₹ 3.14/kwh to ₹ 2.44/kwh recognised from 01 April 2019 to 31 March 2022 and GBI recognised for the above period has also been reversed during the year and charged to the statement of Profit and loss.

The Company suffered loss of ₹ 103.64 million in the financial year 2022-23 as against loss of ₹ 105.98 million during the previous financial year.

The generation during the current financial year 2022-23 is 10.57 MUs as compared to 10.60 MUs in the previous year.

W.e.f. 6th April 2023, your company ceases to be the subsidiary of M/s Bhilwara Energy Limited and become wholly owned subsidiary of M/s RSWM Limited.

3. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

W.e.f. 1st June 2023, the company started supplying power

generated from its wind project to M/s RSWM Limited under long term power purchase agreement under captive mechanism.

4. DIVIDEND

In the view of the accumulated losses, your Director's could not propose any dividend for the financial year under review.

5. INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS

The Company has adequate internal financial controls in place with reference to the Financial Statements commensurate with the size and nature of its business. The Audit Committee reviews financial statements along with internal control systems. During the year under review, these controls were evaluated and no significant weakness was identified in the operations of control. The Company has a well-defined organizational structure, internal rules and guidelines for conducting business transactions.

6. PERSONNEL

(a) Industrial Relation

The Company has not employed any employee at project site since comprehensive operation and maintenance was given to third party on long term basis. However, the Industrial Relations during the period under review remained cordial without any untoward incidents.

(b) Particulars of Employees

The information as required under section 197 (12) read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is annexed herewith as **Annexure I**.

7. PUBLIC DEPOSITS

Your Company has not invited any deposits from public/ shareholders under the provisions of section 73 of the Companies Act, 2013, read with Companies (Acceptance of Deposits) Rules, 2014. There were no deposits which were outstanding as on 31st March, 2023.

8. CORPORATE SOCIAL RESPONSIBILITY

The company does not fit into the criteria as mention under section 135 of the Companies Act, 2013 for making investment in CSR Activities. So, the disclosures as per Rule 9 of Companies (Corporate Social Responsibility Policy) Rules, 2014 is not applicable.

9. SHARE CAPITAL

(a) Issue of equity shares with differential rights

During the financial year 2022-23, no equity shares have been issued with differential rights.

(b) Issue of sweat equity shares

During the financial year 2022-23, no sweat equity shares which have been issued.

(c) Issue of employee stock options

During the financial year 2022-23, no equity shares have been issued under employee stock option scheme/ employee stock purchase scheme.

d) Provision of money by company for purchase of its own shares by employees or by trustees for the benefit of employees

During the Financial Year 2022-23 no provision of money was made by the company for purchase of its own shares by employees or by trustees for the benefit of employees. So the provisions as provided in rule 16 (4) of Companies (Share Capital and Debentures) Rules, 2014 are not applicable.

10. RESERVES

No amount was required to be transferred to Reserve.

11. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE

There is no significant and material order passed by the regulators or courts or tribunals impacting the going concern status and company's operations in future.

12. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information required to be disclosed pursuant to the provisions of section 134 (3) (m) of the Companies Act, 2013 read with the Rules, 8(3) of the Companies (Accounts) Rule, 2014 is given as **Annexure II** forming part of this report.

13. DIRECTORS AND KEY MANAGERIAL PERSONNEL

• DIRECTORS RETIRE BY ROTATION IN THE ENSUING AGM

Pursuant to the provisions of Companies Act, 2013 Mr. Om Prakash Ajmera (DIN: 00322834) and Mr. Puneet Anand (DIN: 09595084) Directors shall retire by rotation in the forthcoming Annual General Meeting and being eligible offer themselves for re-appointment.

The Board recommends their reappointment.

(D) INDEPENDENT DIRECTORS MEETING

During the year under review, One Independent Director Meeting was held on 31st January, 2023. Independent Directors met without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Executive Directors and Non-Executive Directors and assessed the quality, quantity and

timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

(E) MEETING OF MEMBERS

The 8th Annual General Meeting of the company was held on 30th September, 2022.

15. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTY

All the related party transactions entered into during the financial year were on arm's length basis and were in the ordinary course of business. Your Company has not entered into any transaction with related parties which could be considered material in terms of section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under section 134(3)(h) of the Companies Act, 2013 in form AOC-2 is not applicable.

16. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Company has not given any loan and guarantee and made any investment under section 186 of the Companies Act, 2013.

17. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

18. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

19. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the Companies Act, 2013 the Board of Directors on the recommendation of the Nomination and Remuneration Committee has framed a policy for the appointment of directors and Senior Management of the Company and their remuneration. The Policy forms part of this Board Report as **Annexure III**.

20. STATUTORY AUDITORS

- iii. Identifying and recommending Directors who are to be put forward for retirement by rotation.
- iv. Determining the appropriate size, diversity and composition of the Board;
- v. Setting a formal and transparent procedure for selecting new Directors for appointment to the Board;
- vi. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
- vii. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
- viii. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
- ix. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
- x. Recommend any necessary changes to the Board.
- xi. Considering any other matters as may be requested by the Board; and

11) REMUNERATION DUTIES OF COMMITTEE

The duties of the Committee in relation to remuneration matters include:

- i. to consider and determine the Remuneration Policy, based on the performance and also bearing in mind that the remuneration is reasonable and sufficient to attract retain and motivate members of the Board and such other factors as the Committee shall deem appropriate all elements of the remuneration of the members of the Board.
- ii. to approve the remuneration of the Senior Management including key managerial personnel of the Company maintaining a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company.
- iii. to delegate any of its powers to one or more of its members or the Secretary of the Committee.
- iv. to consider any other matters as may be requested by the Board.
- v. Professional indemnity and liability insurance for Directors and senior management.

12) MINUTES OF COMMITTEE MEETING

Proceedings of all meetings shall be minuted and signed by the Chairman of the Committee at the subsequent meeting. Minutes of the Committee meetings will be tabled at the subsequent Board and Committee meetings.

Independent Auditors' Report

To the Members of BG Wind Power Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **BG Wind Power Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to 'Note-36' to the accompanying statement, Pending execution of the renewal of PPA expired on March 31, 2019, till previous year, the Company has recognised revenue @3.14/kwh (previous PPA@3.69/kwh) based on the order issued by RERC vide its third amendment regulation dated 5th March 2019 for execution of the PPA to DISCOM for entire balance project life. The Company also recognized GBI at applicable rate @50 Paise/kwh. The Company has filed writ petition with Rajasthan High Court at Jaipur in this regard, which is still sub-judice.

During the year, effective 1st April'2022, the Company has recognised revenue @2.44/- kwh based on the RRECL letter approving the change of mode of sale of power of the project from REC Mechanism to captive use, which also referred the decision taken by the Co-ordination committee in its meeting held on 31 December 2021 for adjustment of power injected after expiry of PPA till change of mode.

Due to above, the differential amount of ₹ 437.52 Lakhs From 3.14/kwh to 2.44/kwh recognised from 01 April 2019 to 31 March

2022 and GBI recognised for the above period has also been reversed during the year and charged to the statement of Profit and loss.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibility

Our objectives are to obtain reasonable assurance about

whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended,

In our opinion and according to the information and explanation given to us the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations as confirmed by the Management; therefore, there is no impact on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief as disclosed in the note 35(vii) to the Standalone Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief as disclosed in the note 35(viii) to the Standalone Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entity(ies).

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

ANNEXURE 'A' TO AUDITORS' REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- i. (a) The Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is

reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no major discrepancy has been noticed on such verification as compared to book records.

(c) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no immovable properties as on 31st March, 2023.

(d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.

(e) As per the details and information shared with us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

iii. (a) According to the information and explanation given to us and the records examined by us, the company is not having any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.

(b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.

iv. The Company has not granted any loans, secured or unsecured to companies, firms or other parties covered by section 189 of the Companies Act, 2013. Accordingly, clauses 3(iii) (a) to (f) are not applicable.

v. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of sections 185 and 186 of companies Act, 2013 are applicable and hence not commented upon.

vi. The Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.

vii. The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.

vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the year end for a period of more than six months from the date they became payable as at 31st March, 2023.

(b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.

- viii. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- ix. (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year. However the payment of principle and interest amount for FY 2021-22 has been deferred with the approval of lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company do not have any subsidiary, associate or joint venture. Hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company do not have any subsidiary, associate or joint venture. Hence, reporting under clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) To the best of our knowledge, no fraud by the Company and on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- xiv. As per explanation given to us the requirement of internal audit is not applicable to the company. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order are not applicable.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order are not applicable.
- The Group does not have any Core investment Company (CIC) as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has incurred cash losses of Rs 293 Lakhs during the financial year covered by our audit and Rs 316.42 Lakhs in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The company is not having any obligation under section 135 of the Companies Act'2013 Accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order are not applicable for the year.

Annexure B to the Independent Auditor's Report to the Members of BG Wind Power Limited on financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial

reporting of **BG Wind Power Limited** ("the Company") as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

for the Year Ended March 31, 2023

1. CORPORATE INFORMATION

BG Wind Power Limited (the 'company'), is a closely held public limited company incorporated on 27th October, 2014 under the Companies Act, 2013 having its Corporate office at Noida (UP). The company is in generation of wind power through 20 MW wind power project in Distt. Jaisalmer, Rajasthan. The Company has started commercial operation during the financial year 2016-17 w.e.f 24th January, 2017.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind-AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. These financial statements have been prepared in accordance with Ind AS.

These financial statements have been prepared under the historical cost convention on the accrual basis, the financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

a) Current versus non-current

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of Estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. Since the company is registered with Indian Renewable Energy Development Agency Ltd. (IREDA) under Generation Based Incentive (GBI) Scheme depreciation has been provided on SLM basis @7.69% as prescribed under Operational Guidelines issued by IREDA, the Nodal Agency of Ministry of New & Renewable Energy (MNRE).

The useful lives and residual values of property, plant and equipment are determined by the management accordingly. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

c) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, net of returns or allowance, trade discount and volume rebate taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The following specific recognition criteria must also be met before revenue recognized:

Sale of Electricity

Revenue from sale of electricity is recognized on the basis of billable electricity actually transmitted to customers in terms of the Power Purchase Agreements (PPA). Such Revenue is measured at the value of the consideration received or receivable.

Revenue is taken on the basis of tariff determined by RERC based on actual energy transmitted. However PPA is not being renewed by Discom and matter is presently in High Court).

Generation Based Incentives (GBI)

Revenue from GBI is recognized on the basis of billable electricity actually transmitted to customers.

Renewable Energy Certificate (REC)

Gross proceeds from sale of Renewable Energy Certificates (RECs) are recognized when all the significant risks and rewards of ownership of RECs have been passed to the buyer, usually on delivery of the RECs at actual rate of realization.

Interest on delayed payment

Interest on overdue receivables of energy bills, and other claims, casual income etc. are accounted on grounds of prudence, as and when recovered.

Other Interest

Interest is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

Dividend are recognised in profit and loss only when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the company and the amount of dividend can be measured reliably.

d) Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Depreciation

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013.

On Plant and Machineries (Wind Turbine Generator)

Since the company is registered with Indian Renewable Energy Development Agency Ltd. (IREDA) under Generation Based Incentive (GBI) Scheme depreciation has been provided on SLM basis @7.69% as prescribed under Operational Guidelines issued by IREDA, the Nodal Agency of Ministry of New & Renewable Energy (MNRE).

e) Intangible Assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight line basis over the estimated useful economic life of 3 to 5 years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

f) Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

The company has the policy to assess at each reporting date for impairment required for each of its non-financial assets.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2015, the company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

Where the company is lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

Where the company is lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

h) Financial Instruments

Financial Assets

i. Initial Recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

ii. Subsequent Measurement

Non-derivative financial instruments

• Debt instrument at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

• Debt instrument at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and

selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

- **Equity instrument at fair value through other comprehensive income**

All equity investments in scope of Ind-AS 109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

- **Equity instrument at fair value through profit or loss**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L

Impairment of Financial Assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii. Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations.

If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

iv. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Preoperative Expenses:

Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/ implementation, interest on term loans/ debentures to finance fixed assets and expenditure on start-up/ commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

j) Borrowing Cost

Borrowing costs specifically relating to the acquisition or construction of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

k) Valuation of Inventories

Inventories are valued at lower of cost and net realizable value. Cost is determined on weighted average basis. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

l) Taxes On Income

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible

temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

m) Retirement and other employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS-19) 'Employee Benefits'.

Provident fund

The Company is not covered under Employees Provident Fund and Miscellaneous Provisions Act, 1952 as the number of employees is less than minimum number of employees on which provident fund is mandatory.

Gratuity

The Company's liabilities on account of gratuity are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS-19) 'Employee Benefits'. Gratuity liability is non-funded. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Leave Encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

Other short term benefits

Expenses in respect of other short term benefits are recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

n) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

o) Cash and cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

p) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Fair Value measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting year.

For the purpose of fair value disclosures, the Company has determined classes of assets & liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

s) Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements.

t) Subsequent events

Based on the nature of the event, the Company identifies the events occurring between the balance sheet date and the date on which the financial statements are approved as 'Adjusting Event' and 'Non-adjusting event'. Adjustments to assets and liabilities are made for events occurring after the balance sheet date that provide additional information materially affecting the determination of the amounts relating to conditions existing at the balance sheet date or because of statutory requirements or because of their special nature. For non-adjusting events, the Company may provide a disclosure in the financial statements considering the nature of the transaction.

24. SEGMENT REPORTING

The Company's activities during the year involved power generation (Refer Note 1). Considering the nature of Company's business and operations, there are no separate reportable segments (business and/or geographical) in accordance with the requirements of Indian Accounting Standard 108 'Operating Segments'. The Chief Operational Decision Maker monitors the operating results as one single segment for the purpose of making decisions about resource allocation and performance assessment and hence, there are no additional disclosures to be provided other than those already provided in the financial statements.

Revenue of the company is majorly from sale of power to only one customer.

25. CONTINGENT LIABILITIES AND COMMITMENTS

The company has provided a bank guarantee for ₹ 8.00 Lakhs through Manikaran Analytics Ltd. - QCA to SLDC for Deviation Settlement Mechanism (DSM) as per RERC regulation for Forecasting and scheduling.

There are no present obligations requiring provision in accordance with the guiding principles as enunciated in Indian Accounting Standard - 37 as it is not probable that an outflow of resources embodying economic benefit will be required.

28. CAPITAL MANAGEMENT

a. Risk Management

The group's objectives when managing capital are:

- i) Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

- ii) Maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:-

Net Debt (total borrowings net of cash and cash equivalents)

Divided by Total equity (as shown in balance sheet, including non- controlling interest)

The gearing ratios were as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022
Net Debt	5,706.91	6,432.08
Total equity	(3,988.82)	(2,953.74)
Net Debt to Equity Ratio	*	*

*As on 31st March, 2023 and in previous year total equity is negative therefore net debt to equity ratio cannot be derived.

Loan Covenants

Under the terms of the major borrowing facilities, there are no financial covenants which the company is required to comply.

29. FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The company is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:-

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings; deposits. The company is exposed to interest rate risk at variable rate on long term borrowings.

The sensitivity analyses in the following sections relate to the position as at 31 March 2023 and 31 March 2022.

i. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company is not exposed to any foreign currency risk as there is no transaction in foreign currency. Particulars of un-hedged foreign currency exposures as at the Balance Sheet date are NIL (previous year NIL). Hence, no further disclosure is required under this section.

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows:-

(₹ in Lakhs)

Particulars	As at March 31, 2023	As at March 31, 2022
Variable Rate Borrowings	5,720.00	6,435.00
Fixed Rate Borrowings	-	-
Total	5,720.00	6,435.00

iii. Sensitivity*

Profit/loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates. The table below summarizes the impact of increase and decrease of profit after tax on change in interest rate on floating rate debt. The analysis is based on the assumption that interest rate changes by 25 basis points with all other variable held constant.

The fluctuation in interest rate has been arrived at on the basis of average interest rate volatility observed in the outstanding loans as on 31 March 2023 and 31 March 2022.

Particulars	(₹ in lakhs)	
	Impact on profit after tax	
	As at March 31, 2023	As at March 31, 2022
Interest Rate - increase by 25 basis points	10.32	11.61
Interest Rate - decrease by 25 basis points	(10.32)	(11.61)

*Not considered fixed rate borrowings for sensitivity and the sensitivity is net of tax.

b) Price risk

The company is not exposed to any price risk as there is no investment in equities.

c) Credit risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. Financial assets are written off when there is no reasonable expectation of recovery.

Financial assets to which loss allowance is measured using 12 months Expected credit loss (ECL)

(₹ in Lakhs)

Particulars	As at March 31, 2023			As at March 31, 2022		
	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision	Gross Carrying Amount	Expected credit loss	Carrying amount net of impairment provision
Security deposits - (GOVT)	0.20	-	0.20	0.20	-	0.20
Security deposits - (SLDC)	8.00	-	8.00	8.00	-	8.00

Cash & Cash Equivalents	13.09	-	13.09	2.92	-	2.92

d) Liquidity risk

Liquidity risk is defined as the risk that company will not be able to settle or meet its obligation on time or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling, forecast on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

(₹ in Lakhs)

As at March 31, 2023	0-3 months	3-6 months	6-12 months	12 months to 3 years	More than 3 years	Total

I. Fair Value hierarchy

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation techniques:-

Level 1: Quoted prices (unadjusted) in the active markets for identical assets or liabilities.

Level 2: Other techniques for which all the inputs which have a significant effect on the recorded fair values are observable, either directly or indirectly.

Level 3 : Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

(₹ in Lakhs)

Particulars	Carrying amount As at March 31, 2023	Fair value As at March 31, 2023		
		Level 1	Level 2	Level 3
Financial assets				
Total	-	-	-	-
Financial liabilities				
Borrowings-from financial institutions	5,720.00	-	-	5,720.00
Borrowings-from other party	-	-	-	-
Loan to related party (from holding company)	4,101.66	-	-	4,101.66
Total	9,821.66	-	-	9,821.66

(₹ in Lakhs)

Particulars	Carrying amount	Fair value As at March 31, 2022		
	As at March 31, 2022	Level 1	Level 2	Level 3
Financial assets				
Total	-	-	-	-
Financial liabilities				
Borrowings-from financial institutions	6,435.00	-	-	6,435.00
Borrowings-from other party	1,640.00	-	-	1,640.00
Loan to related party (from holding company)	2,168.94	-	-	2,168.94
Total	10,243.94	-	-	10,243.94

II. Assumptions and valuation technique used to determine fair value

The following methods and assumptions were used to estimate the fair values:-

- Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Long-term variable-rate borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings approximates their carrying values.

31. ADDITIONAL REGULATORY INFORMATION

Following Ratios to be disclosed:-

Ratio	Numerator	Denominator	As at March 31, 2023	As at March 31, 2022	Explanation

Directors' Report

for the Financial Year 2022-23

Dear Members,

Your Directors have pleasure in presenting their Fourteenth (14th) Annual Report along with the Audited Financial Statement for the Financial Year ended 31st March, 2023 along with the Auditors' Report.

1. FINANCIAL SUMMARY OR HIGHLIGHTS/ PERFORMANCE OF THE COMPANY

The Financial data for the current year and previous year are stated as following:

(Amt. in ₹ Lacs)

Particulars	For the year ended 31st March, 2023	For the year ended 31st March, 2022
Total Income	1.62	1.43
Total Expenditure	5.45	46.93
Profit/(Loss) Before Tax	(3.83)	(45.50)
Exceptional Item	9865.54	-
Taxes	-	-
Profit/(Loss) after Tax	(9869.37)	(45.50)
Other Comprehensive Income	-	-
Total Comprehensive Income for the year	(9869.37)	(45.50)
Basic EPS/Diluted EPS in ₹	(9.87)	(0.046)

The Company has not yet started its commercial activities

The Audited Financial Statements together with the Annual Reports forms part of the Annual Report. The Financial Statement of the Company has been placed on the website of the holding company, the link of which is www.bhilwaraenergy.com.

2. OVERALL PERFORMANCE

The company has not yet started its activities due to which no operational income was generated during the year. During the financial year 2022-23 the Company incurred a loss of ₹ 9869.37 lacs as against loss of ₹ 45.50 Lacs during the previous financial year.

The reason for increase in loss during the year is due to write-off of Capital Work-in-Progress (CWIP) including pre-operative expenses net of waiver of loan from Holding Company (Bhilwara Energy Limited and charged ₹ 9865.54 Lacs to the statement of profit & loss (shown under exceptional items) during the year except the upfront premium paid.

3. STATEMENT OF COMPANY AFFAIRS/ PROJECT STATUS AND INFORMATION

Your Company, a wholly owned subsidiary of Bhilwara Energy Limited, was having license to develop 780 MW Nyamjang Chhu Hydro Electric Project in the state of Arunachal Pradesh. However, the Project has been rendered not doable by the Wildlife Institute of India (WII) in order to protect the habitat of Black Neck Cranes. The Memorandum of Agreement by which the project was awarded was terminated by Government of Arunachal Pradesh (GoAP).

As per directions of Hon'ble Supreme Court, the company invoked arbitration proceedings.

During the year, on account of erosion of Net Worth, the Company has filed an application with Hon'ble National Company Law Tribunal (NCLT), Delhi for reduction of capital from ₹ 100 crore to ₹ 5 lac. The matter is presently pending with NCLT.

4. MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

No material changes and commitments, if any, affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report.

5. SUBSIDIARIES/ ASSOCIATES/ JOINT VENTURES

The Company does not have any Subsidiary/ Associate or Joint Venture. Hence, this clause is not applicable. Accordingly, Company is not required to prepare consolidated Financial Statements and Form AOC-1 as prescribed in section 129(3) of the Companies Act, 2013.

6. DIVIDEND

In the view of the accumulated losses, your Director's could not propose any dividend for the financial year under review.

7. INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE FINANCIAL STATEMENTS.

The Company has internal financial controls in place with reference to the Financial Statements commensurate with the size and nature of its business. An internal audit program covers various activities and periodical reports are submitted to the management. The Audit Committee reviews financial statements, internal audit reports along with internal control systems. During the year under review, these controls were evaluated and no significant weakness was identified in the operations of control. The Company has a well-defined organizational structure, internal rules and guidelines for conducting business transactions.

8. PERSONNEL

(a) Industrial Relation

The Industrial Relations during the period under review generally remained cordial without any untoward incidents.

(b) Particulars of Employees

The information required pursuant to Section 197 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is annexed herewith as **Annexure - I**.

9. PUBLIC DEPOSITS

Your Company has not invited any deposits from public/ shareholders under the provisions of section 73 of the Companies Act, 2013, read with Companies (Acceptance

of Deposits) Rules, 2014. There were no deposits which were outstanding as on 31st March, 2023.

10. RESERVES

No amount was required to be transferred to Reserve.

11. CORPORATE SOCIAL RESPONSIBILITY

The company does not fit into the criteria as specified under section 135 for making investment in CSR Activities so the disclosures as per Rule 9 of Companies (Corporate Social Responsibility Policy) Rules, 2014 is not applicable.

12. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURTS OR TRIBUNALS IMPACTING THE GOING CONCERN STATUS AND COMPANY'S OPERATIONS IN FUTURE

The Government of Arunachal Pradesh (GoAP) has issued the instant notice for termination of Memorandum of Agreement (MoA) with respect to 780 MW Nyamjang Chhu Hydro Electric Project. As per directions of Hon'ble Supreme Court, the company invoked the arbitration proceeding. The outcome of Arbitration will have impact on the subsidiary company's future.

Further, during the year, on account of erosion of Net Worth, the Company has filed an application with Hon'ble National Company Law Tribunal (NCLT), Delhi for reduction of capital from Rs. 100 crore to Rs. 5 lac. The matter is presently pending with NCLT.

13. SHARE CAPITAL

A) Issue of equity shares with differential rights

During the financial year 2022-23, no equity shares have been issued with differential rights.

B) Issue of sweat equity shares

During the financial year 2022-23, no sweat equity have been issued.

C) Issue of employee stock options

During the financial year 2022-23, no equity shares have been issued under employee stock option scheme/employee stock purchase scheme.

D) Provision of money by company for purchase of its own shares by employees or by trustees for the benefit of employees

During the Financial Year 2022-23 no provision of money was made by the company for purchase of its own shares by employees or by trustees for the benefit of employees. So the provisions as provided in rule 16 (4) of Companies (Share Capital and Debentures) Rules, 2014 are not applicable.

14. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The information with regard to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo in accordance with the provisions of Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is given as **Annexure II** forming part of this Report.

15. DIRECTORS AND KEY MANAGERIAL PERSONNEL

• DIRECTORS RETIRE BY ROTATION DURING ENSUING AGM

Pursuant to the provisions of Companies Act, 2013, Mr. Riju Jhunjhunwala (DIN: 00061060) and Mr.

Rishabh Jhunjhunwala (DIN: 03104458) shall retire by rotation in the forthcoming Annual General Meeting and being eligible offer themselves for re-appointment.

The Board recommends their reappointment.

DURING THE FINANCIAL YEAR 2022-23, THE FOLLOWING CHANGES OCCURRED IN THE DIRECTORS & KMP's

• RETIRE BY ROTATION

During the year, Mr. Riju Jhunjhunwala (DIN: 00061060), Director and Mr. Om Prakash Ajmera (DIN: 00322834) retired by rotation at the 13th Annual General Meeting of the Company and being eligible, offered themselves for re-appointment. Their appointment was approved by the shareholders at the 13th Annual General Meeting of the Company held on 27th September, 2022.

DECLARATION OF INDEPENDENCE

Your Directors further inform the members that the Company has received necessary declaration from each Independent Director/s under section 149(7) at the beginning of the financial year stating that they meet the criteria of Independence as specified under sub-section (6) of Section 149 of Companies Act, 2013 and there has been no change in the circumstances which may affect their status as Independent Director during the year.

KEY MANAGERIAL PERSONNEL (KMPs)

In accordance with the provisions of Section 2(51), 203 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 the following acted as the Key Managerial Personnel of the Company):

- a) Mr. Ravi Gupta, Company Secretary – Resigned w.e.f. 01st May 2023
- b) Mr. Krishna Prasad, Chief Financial Officer (CFO)

16. MEETINGS OF THE BOARD

The Board of Directors met five (5) times during the financial year 2022-23. The meetings were held on 05th May, 2022, 27th July, 2022, 28th October, 2022, 31st January, 2023 and 07th February 2023 respectively.

The intervening gap between the meetings was within the period prescribed under the Companies Act, 2013.

The composition and the attendance for the above mentioned meetings are as follows:

S. No.	Name of the Director	Designation	Category	No. of Meetings entitled to attend	No. of Meetings Attended
1	Mr. Riju Jhunjhunwala	Director	Non-Executive Director	5	5
2	Mr. Rishabh Jhunjhunwala	Director	Non-Executive Director	5	5
3	Mr. Om Prakash Ajmera	Director	Non-Executive Director	5	5
4	Ms. Niharika Bindra	Director	Non-Executive Independent Director	5	5
5	Mr. Pradeep Agarwal	Director	Non-Executive Independent Director	5	5

17. AUDIT COMMITTEE

During the financial year 2022-23, the Audit Committee reviewed the Company's financial results, Internal Control Systems, Risk and Internal Audit Reports. The proceedings of the Committee have been in accordance with the provisions of the Companies Act, 2013 and Rules made thereunder.

All the recommendations of the Audit Committee were accepted by the Board during the financial year 2022-23. Majority of the members of the Committee possess knowledge of corporate finance, accounts and corporate laws.

During the year Four Audit Committee Meetings were held on 05th May, 2022, 27th July, 2022, 28th October, 2022, and 31st January, 2023 respectively.

The Company Secretary acts as the secretary to the Committee.

The composition and attendance of Audit Committee held during the year is mentioned as below:

S. No.	Name of the member	Designation	Category	No. of Meetings entitled to attend	No. of Meetings Attended
1.	Mr. Om Prakash Ajmera	Chairperson, Member	Non-Executive Director	4	4
2.	Ms. Niharika Bindra	Member	Non-Executive Independent Director	4	4
3.	Mr. Pradeep Agarwal	Member	Non-Executive Independent Director	4	4

18. NOMINATION AND REMUNERATION COMMITTEE MEETING

During the year one (1) Nomination and Remuneration Committee Meeting was held on 05th May, 2022.

The Company Secretary acts as the Secretary to the Committee.

The composition of Nomination and Remuneration Committee meetings held during the year is mentioned as below:

S. No.	Name of the Member	Designation	Category	No. of Meetings entitled to attend	No. of Meetings Attended
1.	Mr. Om Prakash Ajmera	Chairperson, Member	Non-Executive Director	1	1
2.	Mr. Riju Jhunjunwala	Member	Non-Executive Director	1	1
3.	Ms. Niharika Bindra	Member	Non-Executive Independent Director	1	1
4.	Mr. Pradeep Agarwal	Member	Non-Executive Independent Director	1	1

19. MEETING OF THE MEMBERS

The Thirteenth (13th) Annual General meeting of the members was held on 27th September, 2022.

One Extra Ordinary General Meeting was held on 24th February 2023.

20. MEETING OF THE INDEPENDENT DIRECTORS

During the year under review, One Independent Director Meeting was held on 31st January, 2023. Independent Directors met without the attendance of Non Independent Directors and members of the Management. The Independent Directors reviewed the performance of Non-Independent Directors and the Board as a whole; the performance of the Chairman of the Company, taking into account the views of Executive Directors and Non-Executive Directors and assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

21. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All the contracts/arrangements/transactions entered into by the Company during the financial year with the related parties were on arm's length basis and were in the ordinary course of the business. Your company has not entered into any transaction with the related parties which could be considered material in terms of Section 188 of the Companies Act, 2013. Accordingly, the disclosure of related party transactions as required under Section 134(3)(h) of the Companies Act, 2013 in Form AOC-2 is not applicable.

22. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186

The Provision of section 186 of the Companies Act, 2013 with respect to loans, guarantees and security is not applicable since the Company is engaged in providing Infrastructural Facilities and is exempt under section 186 of the Companies Act, 2013. The Company has not made any investments in terms of Section 186 of the Companies Act, 2013.

23. BOARD EVALUATION

Pursuant to the provisions of section 134 (3) (p) of the Companies Act, 2013, the annual evaluation has been made of the Board, its committees and individual directors. The manner of evaluation is mentioned in the Nomination & Remuneration Policy which forms part of the Board Report.

Your Directors express their satisfaction with the evaluation process and inform that the performance of the Board as a whole, its Committees and its member individually was adjudged satisfactory.

24. BUSINESS RISK MANAGEMENT

The objective of risk management at the Company is to protect shareholder value by minimizing threats or losses and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risk is an integral part of every employee's job.

The Audit Committee of the Company oversees the Risk functions. The Company's risk management strategy is integrated with the overall business strategies of the organization and is communicated throughout the organization. Risk management capabilities aide in establishing competitive advantage and allow management to develop reasonable assurance regarding the achievement of the Company's objectives.

The effectiveness of risk management strategies is monitored both formally and informally by Management. There is no major risk which may threaten the existence of the Company.

25. NOMINATION & REMUNERATION POLICY

Pursuant to the provisions of section 178 of the companies act, 2013 the board of directors on the recommendation of the nomination and remuneration committee has framed a policy for the appointment of directors and senior management of the company and their remuneration. The policy forms part of this Board report as **Annexure-III**.

26. STATUTORY AUDITORS

At the Annual General Meeting held on 5th August, 2019, M/s Doogar & Associates, Chartered Accountants, (ICAI Firm Registration No. 000561N), were appointed as the Statutory Auditors of the Company to hold office till the conclusion of the 15th Annual General Meeting to be held in the Calendar Year, 2024.

Further the Auditors have confirmed their eligibility u/s 141 of Companies Act, 2013 and the rules made there under.

The observations of the Auditors, if any, are explained wherever necessary, in the appropriate notes to the accounts.

27. REPORTING OF FRAUDS BY AUDITORS

During the year under review, neither the Statutory Auditors nor the Secretarial Auditor and the Internal Auditor had reported any matter under Section 143 (12) of the Companies Act, 2013, therefore, no detail is required to be disclosed under 134(3) (ca) of the Companies Act, 2013.

28. AUDITORS' REMARKS

The Auditors' Report read along with notes to accounts is self-explanatory and therefore does not call for any further comments.

The Auditors' Report does not contain any qualification, reservation or adverse remarks. However, there is one emphasis of matter in the Auditors' Report and the Auditors' opinion is not modified in that regard.

29. SECRETARIAL AUDITOR

The Company had appointed M/s M.L. Sharma & Co., Company Secretaries, to undertake the Secretarial Audit of the Company for the financial year 2022-23, pursuant to Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules,

The report of the Secretarial Auditors is annexed to this report as **Annexure IV**.

The Secretarial Audit Report does not contain any qualification, reservation or adverse remarks.

30. INTERNAL AUDITOR

The Board, based on the recommendation of the Audit Committee appointed **Mr. Krishna Prasad, Chief Financial Officer (PAN: AKGPP2698M)** as its Internal Auditor in terms of section 138 of the Companies Act, 2013 read with Rule 13 of Companies Accounts (Rules) 2014 in the meeting held on 26th March, 2019.

31. ANNUAL RETURN

The Company doesn't having any website. Therefore, no need of publication of Annual Return.

32. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Act, the Board of Directors, to the best of their knowledge states the following:

- i. that in the preparation of the annual accounts, the applicable accounting standards had been followed

along with proper explanation relating to material departures, if any;

- ii. that such accounting policies had been selected and applied consistently and judgment and estimates have been made that are reasonable & prudent to give a true and fair view of the state of affairs of the company as at the end of the financial year and of the Profit & Loss of the company of that period;
- iii. that the proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;
- iv. that the annual financial statement has been prepared on a going concern basis;
- v. That proper internal financial controls were in place and that the financial controls were adequate and were operating effectively;
- vi. that the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

33. GENERAL DISCLOSURES

- The Company has a group policy in the name and in place against Sexual Harassment in line with the requirements of the Sexual Harassment if women at workplace (Prevention, Prohibition and redressal) Act, 2013. - iii. to carry out evaluation of Director's performance and recommend to the Board appointment / removal based on his / her performance.
- iv. to recommend to the Board on:
 - policy relating to remuneration for Directors, Key Managerial Personnel and Senior Management, and
 - Executive Directors remuneration and incentive.
- v. to make recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract;
- vi. ensure that level and composition of remuneration is reasonable and sufficient, relationship of remuneration to performance is clear and meets appropriate performance benchmarks,
- vii. to devise a policy on Board diversity;
- viii. to develop a succession plan for the Board and to regularly review the plan;

4. MEMBERSHIP

- a) The Committee shall at any point of time consist of a minimum 3 or more non-executive directors out of which not less than one half shall be independent directors. (This clause shall be applicable as and when required no. of Independent Director shall be appointed).
- b) Minimum two (2) members shall constitute a quorum for the Committee meeting.
- c) Membership of the Committee shall be disclosed in the Annual Report.
- d) Term of the Committee shall be continued unless terminated by the Board of Directors.

5. CHAIRMAN

- a) Chairperson of the Company may be appointed as a member of the Committee but shall not be a Chairman of the Committee.
- b) In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- c) Chairman of the Nomination and Remuneration Committee meeting could be present at the Annual General Meeting or may nominate some other member to answer the shareholders' queries.

6. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

7. COMMITTEE MEMBERS' INTERESTS

- a) A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- b) The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

8. SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

9. VOTING

- a) Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

10. NOMINATION DUTIES OF COMMITTEE

The duties of the Committee in relation to nomination matters include:

- i. Ensuring that there is an appropriate induction & training programme in place for new Directors and members of Senior Management and reviewing its effectiveness;
- ii. Ensuring that on appointment to the Board, Non-Executive Directors receive a formal letter of appointment in accordance with the Guidelines provided under the Companies Act, 2013;
- iii. Identifying and recommending Directors who are to be put forward for retirement by rotation.
- iv. Determining the appropriate size, diversity and composition of the Board;
- v. Setting a formal and transparent procedure for selecting new Directors for appointment to the Board;
- vi. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
- vii. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
- viii. Making recommendations to the Board concerning any matters relating to the continuation in office of any Director at any time including the suspension or termination of service of an Executive Director as an employee of the Company subject to the provision of the law and their service contract.
- ix. Delegating any of its powers to one or more of its members or the Secretary of the Committee;
- x. Recommend any necessary changes to the Board.
- xi. Considering any other matters as may be requested by the Board; and

11. REMUNERATION DUTIES OF COMMITTEE

The duties of the Committee in relation to remuneration matters include:

- i. to consider and determine the Remuneration Policy, based on the performance and also bearing in mind that the remuneration is reasonable and sufficient to attract retain and motivate members of the Board and such other factors as the Committee shall deem appropriate all elements of the remuneration of the members of the Board.
- ii. to approve the remuneration of the Senior Management including key managerial personnel of the Company maintaining a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company.
- iii. to delegate any of its powers to one or more of its members or the Secretary of the Committee.
- iv. to consider any other matters as may be requested by the Board.
- v. Professional indemnity and liability insurance for Directors and senior management.

12. MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the Committee. Minutes of the Committee meetings will be tabled at the subsequent Board Meeting.

ANNEXURE-IV TO THE BOARD'S REPORT

Form No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31st MARCH, 2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel Rules), 2014]

To

**The Members,
NJC HYDRO POWER LIMITED,
(CIN: U40101DL2009PLC196998)
New Delhi-110025**

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **NJC HYDRO POWER LIMITED** (hereinafter called the company). Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the company's books, papers, documents, minutes books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period, covering **the financial year ended on March 31, 2023** complied with the statutory provisions listed hereunder and also that the company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on March 31, 2023 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder **(Not applicable to the company during the financial year under review)**;
- (iii) The Depositories Act, 1996 and the Regulations and bye laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment **(Not applicable to the company as there are no reportable transactions during the financial year under review)**;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) **(All the following Regulations including amendments, if any, from time to time are not applicable to the company during the Audit period)**:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 **(the company is not registered as Registrar to an Issue and Share Transfer Agent during the financial year under review)**;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (vi) Other laws applicable specifically to the company, as identified and on the basis of representation given by the management:
 - (a) The Electricity Act, 2003 and rules and regulations made thereunder;
 - (b) The Sexual Harassment of Women at workplace (Prevention, Prohibition & Redressal) Act, 2013;
- (vii) We have also examined compliance with the applicable clauses of the following:
 - (a) Secretarial Standards issued by *The Institutes of Company Secretaries of India* **(Notified and effective from 1st July, 2015)**;
 - (b) The SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 **(Not Applicable to the company during the financial year under review)**.

During the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

- (i) The Board of Directors of the company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

- (ii) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent within stipulated time and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- (iii) All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of the Directors or committee of the Board, as the case may be. There was no dissenting vote for any matter.

We further report, during the audit period, the company has filed an Application with the Hon'ble National Company Law Tribunal, New Delhi for reduction of issued, subscribed and paid-up equity share capital from the present level of ₹ 100,00,00,000/- (Rupees One Hundred Crore only) to ₹ 5,00,000/- (Rupees Five Lacs only) vide Application No. CP/69/ND/2023.

We further report that during the audit period, the company has adopted a new set of Articles of Association in pursuance to the Section 14 of the Companies Act, 2013. The company has complied with all the applicable laws, rules, regulations and guidelines with respect to the adoption of new set of Articles of Association.

We further report that we have relied on the representation made by the company and its officers for systems and mechanism formed by the company for compliances under other applicable Acts and regulations to the company. Therefore, we are of the opinion that the management has adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report, during the audit period, there were no other specific events/actions in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. having a major bearing on the company affairs.

This report is to be read with our letter of even date which is **Annexure I** and forms an integral part of this report.

ANNEXURE I

To
The Members,
NJC HYDRO POWER LIMITED,
(CIN: U40101DL2009PLC196998)
New Delhi-110025

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial record and Books of Accounts of the company since the same have been subject to review by statutory Auditor.
4. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of corporate and other applicable laws, Rules regulations, and standards is the responsibility of management. Our examination was limited to the verification of practices on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficiency or effectiveness with which the management has conducted the affairs of the company.

Independent Auditors' Report

To the Members of NJC Hydro Power Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **NJC Hydro Power Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw attention to Note-20 to the Ind AS financial statement, the project of NHPL is on hold for quite some time due to suspension of environment clearance by Hon'ble National Green Tribunal and thereafter Wildlife Institute of India (WII) in its report has mentioned that project could not be undertaken at the project site.

As per directions of Hon'ble Supreme Court, arbitration notice was sent to GoAP and have also indicated the name of arbitrator. Simultaneously, efforts were initiated to settle the issue by mutual negotiations.

As the project is not doable any more, NHPL has decided not to implement the project and sought the refund of upfront premium of ₹ 2,546.80 Lakhs from GoAP invoking the clauses of MoA and presently the matter is under litigation with GoAP.

Accordingly, the Board of Directors of NHPL on dated 15th June 2022 decided to write-off Capital Work-in-Progress (CWIP) including pre-operative expenses net of waiver of loan from Holding Company (Bhilwara Energy Limited (BEL)) and charged to the statement of profit & loss (shown under exceptional items) during the year except the upfront premium paid.

We are unable to comment on the financial implications and future operations of the company till the final outcome.

Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, but does not include the financial statements and our auditor's report thereon. The Director's report is expected to be made available to us after the date of this Auditor's report.
- Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Director's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's responsibility for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the IND AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from

material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate

with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. *In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;*
 - c. *The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.*
 - d. *In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.*
 - e. *On the basis of written representations received from the directors as on March, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023, from being appointed as a director in terms of section 164(2) of the Act.*
 - f. *With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.*
 - g. *With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.*
 - h. *With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:*
 - i. *The Company has no pending litigations as confirmed by the Management; therefore there is no impact on its financial position in its financial statements.*
 - ii. *The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.*
 - iii. *There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.*
 - iv. (a) *The Management has represented that, to the best of it's knowledge and belief as*

disclosed in the note 27(vii) to the Standalone Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of its knowledge and belief as disclosed in the note 27(viii) to the Standalone Financial Statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entity (ies).

Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

ANNEXURE 'A' TO AUDITORS' REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- i. (a) The Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a programme of physical verification to ensure that all the assets are verified at reasonable intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Management has physically verified major fixed assets during the year and no major discrepancy has been noticed on such verification as compared to book records.

- (c) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no immovable properties as on 31st March, 2023.
- (d) The Company has not revalued any of its property, plant and equipment and intangible assets during the year.
- (e) As per the details and information shared with us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) According to the information and explanation given to us and the records examined by us, the company is not having any inventory and hence reporting under clause (ii)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms or other parties covered by section 189 of the Companies Act, 2013. Accordingly, clauses 3(iii) (a) to (f) are not applicable.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of sections 185 and 186 of companies Act, 2013 are applicable and hence not commented upon.
- v. The Company has not accepted any deposits from the public within the meaning of directives issued by the Reserve Bank of India and provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder.
- vi. The Central Government of India, has specified maintenance of cost records under section 148(1) of the Companies Act, 2013 in respect of the company's product and are of the opinion that, company has not crossed the threshold limit of the turnover and accordingly these are not being maintained.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing undisputed statutory dues in respect of income tax, service tax, and other material statutory dues as applicable with the appropriate authorities. Further, there were no undisputed amounts outstanding at the year end for a period of more than six months from the date they became payable as at 31st March, 2023.
- (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues of income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax which have not been deposited on account of a dispute.
- viii. There were no transactions relating to previously unrecorded income that were surrendered or disclosed

as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

- ix. (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) The company has not raised any funds on short term basis and hence, reporting under clause 3(ix)(d) of the Order is not applicable.
- (e) The Company has not taken any term loan during the year and hence, reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) To the best of our knowledge, no fraud by the Company and on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and upto the date of this report.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with any of its directors or persons connected with such directors and

hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order are not applicable.
The Group does not have any Core investment Company (CIC) as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has incurred cash losses of ₹ 3.83 Lacs during the financial year covered by our audit and ₹ 45.50 Lacs in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The company is not having any obligation under section 135 of the Companies Act 2013 Accordingly, reporting under clause 3(xx)(a) and 3(xx)(b) of the Order are not applicable for the year.

Annexure B to the Independent Auditor's Report to the Members of NJC Hydro Power Limited on financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 1(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **NJC Hydro Power Limited** ("the Company") as of 31st March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance

regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

for the Year Ended March 31, 2023

1. CORPORATE INFORMATION

NJC Hydro Power Limited (the "Company") is a closely held public limited company incorporated on 16th December, 2009 under the Companies Act 1956 (superseded by Companies Act, 2013). The Company is engaged in the business of establishing, commissioning, setting up, operating and maintaining hydro power generating stations, tie-lines, sub-stations and transmission lines on build, own, operate (BOO), and /or built, own and transfer (BOT), and /or build, own, lease and transfer (BOLT) and/or build, own, operate and transfer (BOOT) basis and/or any other formats/methods used in the power business. Currently the Company has license for the development of 780 MW hydro power project in the state of Arunachal Pradesh, India, the development of which is on hold.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company, with effect from 1st April 2016, has adopted Indian Accounting Standards (Ind AS) notified under the Rule 3 of the Companies (Ind AS) Rules, 2015 as amended thereof.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These financial statements have been prepared under the historical cost convention on the accrual basis. The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except otherwise stated.

2.2 Summary of significant accounting policies

a) Current versus non-current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within twelve months after the reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

1. It is expected to be settled in normal operating cycle
2. It is held primarily for the purpose of trading
3. It is due to be settled within twelve months after the reporting period, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Critical accounting estimates and judgments:

The areas involving critical estimates and judgments are:

Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

Contingent liabilities

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Revenue recognition

Revenue is recognised upon transfer of control of promised goods or services to customers at transaction price (net of taxes and duties), arrived at by determining the fair value of the consideration received or receivable after adjusting returns, allowances, trade discounts, volume discounts etc. in exchange of goods or services.

For applying above principle the Company adopts five step model, which are: a) Identify the contract(s) with customer(s); b) Identify the performance obligations under the contract(s) c) Determine the transaction price d) Allocate the transaction price to the performance obligations in the contract(s) e) recognise revenue, when or as the entity satisfies a performance obligation.

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Interest Income is included under the head 'Other Income' in the Statement of Profit and Loss.

Dividend

Dividend on investment with mutual funds and others is recognized on declaration basis .When the right to receive payment is established

d) Inventory valuation

Inventories comprising of explosive stocks are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

e) Property, plant and equipment

Property, plant and equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates. It includes other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Preliminary project expenditure, capital expenditure, indirect expenditure incidental and related to construction/implementation, interest on term loans/debentures to finance PPE and expenditure on start-up/commissioning of assets forming part of a composite project are capitalized up to the date of commissioning of the project as the cost of respective assets. Income earned during construction period is deducted from the total of the indirect expenditure.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs of the item can be measured reliably. Repairs and maintenance costs are charged to the statement of profit and loss when incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

Depreciation

Depreciation on fixed assets is calculated on straight line method (SLM) is using the rates arrived at based on the useful lives prescribed under Schedule II of the Companies Act 2013. The Company has used the following useful lives to provide depreciation on its PPE.

Asset description	Useful Life (Years)
Plant & machinery	22
Other equipment	5-10
Computers and equipment	3-6
Vehicle	8
Furniture & fixtures	10

f) Intangible assets

An Intangible Assets is recognised when it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity; and the cost of the asset can be measured reliably.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets other than software are amortized over their expected useful life, not exceeding ten years.

The intangible assets are assessed for impairment whenever there is indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end.

Gains or losses arising from recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Where the Company is the lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss account on a straight-line basis over the lease term.

Where the company is lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the Statement of Profit and Loss.

h) Impairment of non-financial assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

The company has the policy to assess at each reporting date for impairment required for each of its non-financial assets.

i) Financial instruments

Financial assets

a) Initial recognition

The company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition.

b) Subsequent measurement

Non-derivative financial instruments

• **Debt instrument at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the

financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Debt instrument at fair value through profit or loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

- **Equity instrument at fair value through other comprehensive income**

All equity investments in scope of Ind AS-109 are measured at fair value. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

- **Equity instrument at fair value through profit or loss**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Impairment of financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 Months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost or at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

These are subsequently carried at amortized cost using the effective interest method, for trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

a) Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent.

The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

b) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Foreign currency translation

Financial statements are presented in Rupees, which is company's functional currency.

• **Initial recognition**

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction.

• **Conversion**

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

• **Exchange differences**

The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

k) Retirement and other employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard (Ind AS)-19 'Employee Benefits'.

Gratuity

The Company's liabilities on account of gratuity are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from registered actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS)-19 'Employee Benefits'. The costs of providing benefits under these plans are also determined on the basis of actuarial valuation at each year end.

Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Leave encashment

Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method.

Provident fund
